PREFACE

The book "Euphony" is my 38th poetry book. It contains mystical and spiritual poems. The 100 poems in the book are well crafted and are based on deep truths. Every effort is made to explore the deep truths that are found to be hidden in the most basic matters, and I was successful in doing that. Most of the poems are revelations from my inner mind. The basics of human lives are explored and revealed, and the symphony of love is beautifully presented here. These poems are sweeter to the heart, as many of them dictate the theme of musical love. These poems are the end result of repeated searches to find inner truths. The book magnifies the inner beauty and wisdom in every word written. So much effort was put into expressing the values of human life. The name of the book, "Euphony", signifies the melodious sweetness of the poetry lines. The value of human lives are expressed here. Simple things contain so many treasures inside, and I could pick some of them. Most of the poems in the book are soulful. They delineate the inner aspects of basic human morals like love, kindness, sincerity, honesty, etc. The poems in the book help the readers live a good human life. Some of the poems are connected with the mysteries of God and the universe, and every attempt is made to explore them and reveal the truth.

The poems state the trueness of love and assert that developing absolute faith in God is the remedy for all the difficult problems that man is facing. The lines in the book are God-centered and exhort man to come closer to God. The poems readjust the human mind to grasp the nobilities of human life. Extreme caution was given to project high morals.

The dissection of the human mind is done by faith, and the sequence of events that happen is well explained. The unworthiness of developing excessive worldly passion and the need for divine perception are beautifully stated. Occasionally, the words used here are the symbolic expression of great imagery. Simplicity is visualized everywhere, and the beauty of themes is attractive. Reading the book gives insight into developing the perfection of human life. I invite the readers to make an evaluation of the book.

AN EXCLAMATION OF LOVE

Two dogs, both are white, come together
One big, other one small, on the grassy field,
A sudden jerk of love lifted them up and they
Jump on each other with thumping hearts and
Hugging, kissing, crying aloud with eruption
Of joy, thunderous explosive love as if alcoholic
They are, singing together the melody of hearts
With bubbling of sweetness, so much of love
Exposed, yet to be seen in humans, the raining
Of love causing the pandemic of joy and they
Are subdued by the influx of heavenliness, to
Form the oneness in love, both intoxicated with
Alcoholic joy, they become drowsy, and sleep
Together on the field, never to be separated
The whole field and surroundings are in sleep.

AN IDEAL DOCTOR

Simplicity in heart, tender it is, beating with kindness,
Pouring the love of soul, alternate with sincerity and
Honesty, sacrifice the core, modalities of life twiggled
With the nobility of mind, courage equates with purity
Of heart, softened the ways of life, love maximum in
Heart and in actions, so much of humbleness filled in
To accommodate the poorest and the downtrodden,
Always looking up and touching the sick with softest
Hands, eyes bright with light of godliness, so sharp the
Brain to uncover the mysteries of the diseases, and
Becoming the savior of the sick, wiping their tears and
Consoling their hearts in agony, honey- based words
Of the the real doctor soothe and sweeten the torn,
Painful hearts, even a look at the doctor is enough for
The sick to be cured, many say; an ideal doctor is the
Healer of divinity, the real angel of healing in deep pain.

BIRDS

Specimens of love here and there on the trees,
In the air flying, humming, and singing; sweeten
heart The and even soul, the flight of love lands
Anywhere, heavenly colors of birds, a paradise
Of love that take away all the worries of hearts,
Wonder of these creatures the finest artistry of
The Almighty to beautify nature, magnificence
Of their looks, colors, attitudes, fill the emptiness
Of the air with magnitude of beauty, sweetness,
And love, and mesmerize human brain, it teaches
Everyone the purpose of human life, to be like
Birds, always agile, wise, making life merry only,
They never go lazy, loving each other, never have
Any room for grieves; the little angels flying up
And flying down, make hearts a paradise of joy.

COMMITMENT TO MAN

The commitment of love to anyone is the love of
God only, if love is showed anywhere it is the love
Of God given, as love is God, and for all transactions
Between man and man, for the basis of all friendships
And companionships, God is there as love is involved
In it; friendship and companionship reflect association
With God, trueness of love is God's love only that man
Shares with man, transcendence of love, blossoming
Of love, not the decline of love, not love that is spoiled,
The commitment to man is sacred as the presence of God
Is in between, the great truth that everybody must know.

CONTEMPLATING LIFE

The richness of life is not what man thinks
The concept of human mind to be changed
Life is not for accumulating worldly assets
What next to God is the humans and nature
They are God's direct creations, equal to God,
Contemplation is, live in the mind of humans
Fill their hearts with love and kindness, help
Them when they are in need, never hurt the
Heart of anyone, hurting man is hurting God
Hurting nature is wounding God, humans to
Realize the great truth; it's the wealth on earth.

CULTURE

Exposition of inner beauty with additional
Painting on it, the beauty triggers the nature
Of life with its adaptability to the circumstances
Where the person, or people living, the activity
Of heart manifested outside with discharge of
Ideas, customs, and social behavior, and flow of
Arts, and other intellectual achievements are
The key to the development of the society, the
External manifestations of man in the arena of
Total behavior; man and his nature are exposed to
Mark the highness of humans, a matter of pride
For their activities of high grade to be filled with
Substance and beauty with the inroad to success.

DELICATE

The texture of love sliced into the finest form
Flying in air and even goes up to the space and
Floats above the gravity of earth, spontaneous
Allusion of love in human hearts so sudden and
To infuse volatility and evaporates to the minutest
Particles and disappear but deposited in hearts as
Unseen, inert, and lives forever; the intricacies of
Love modified to the finest possible and assemble
To the divinity of purity that brings down heaviness
To the lightest, the feelings are so deep and fine to
Have the touch of godliness to form angelic humans
To touch up on the troubled world and forms heaven.

DELIVERY

The great grace of God that exists on earth to
Send or hand over the greatness of Him to each
And everyone living on earth especially humans,
The great act of delivering, the great act of love,
The magnificence of kindness, but being rejected
Or do not receive it by the majority of humans, an
Act of the biggest thanklessness or disloyalty from
Humans, the acts of big concern for the Almighty for
Not accepting Him in hearts by the majority, making
Him tearful, the biggest tragedy of the world history,
The great delivery is countered by man, dishonored
God in the cheapest way; let good sense prevail in him
Or perish forever; it's the microscopic analysis of the
Present condition of man; "God calls you, but you don't
Hear it, you pretend as if hearing it, you reject delivery"

DELO ISUFI

A very rare specimen of love, I see with my heart
An epitome of purity, honesty, humbleness, and
Simplicity; an Albanian great poet who has kissed
The sky for thirty years as an eminent pilot, also a
Lawyer at Legal Advising, is a stream flowing slowly,
Gently, freely, and incessantly to every heart with a
Music of verses, and fragrance of love, so much he
Fascinates others and inspires; the divinity of love in
Him mesmerizes human hearts with vapors of poetry
That was dipped in simplicity, love, and life; one has to
Learn many qualities from him, especially a true poet
Lives for others, showering vision and wisdom from
Soul with a great insight to uncover mysteries of God.

DEW

Purity at its best seen on earth with glory of
Transparency inside, and translucency never
Touches it as it's the condensed atmospheric
Vapor, purification processes take place in the
Atmosphere, angelic depth of love seen with
Scattered drops of effervescence to nullify the
Hardness of mind, excellence of condensation
Takes place in the atmosphere like tears of joy
Dripping from heaven, to wash off the dirt of
Human souls, it is for that only, and to add the
Loveliness in human life, dew is to be sprayed
Everywhere on earth, a panacea for all problems
Humans facing, the making of dew filled soul
In every human, the dew drops tell the untold
Story of humans recovering from the ailments
Of soul, pertaining to ascension from deep pit.

DISLOYALTY

Loyalty not to the person as a whole, but to the Things he has possessed, but once he loses his Possession, the loyalty is cut off, the attachment To a distant level, may be termed it as a universal Friendship, mostly the world is looked like it, it is Possessive only, without possession everything Is nullified, from hundred it comes down to zero Only, disheartened one becomes; the world to Know, there is an unseen element of God in every Matter you come across, even in the opposite Extreme like poverty, harassment, and hardship, Never to get distressed but to find the godliness; Catch it and proceed, the win over the bad is to Take place, everyone should know this truth, and Never lose the goodwill and confidence as God Is in everything, either good or bad, catch it always.

DISPOSITION

The inherent qualities of mind have the say
To look around to watch the character of
Life with its genetic preference, run in the
Art of life, the master artist creates all the
Specifications of life with all the attitudes to
Behave smartly or violently, loving or hating,
The smartness, or the laxity, to be offended
Or to be attracted, to go to the light of love or
Going astray, all to the mercy of the Almighty
With so many additions or subtractions with
The calculation of perfections, count on the
Wisdom of the creator, with passions to live
With all the anomalies of life, to accept that,
Count on the attitude of life to bring all the
Contentment and happiness, bless the mind.

DON'T KNOW ANYTHING

I don't know anything about eternal truths
I am an idiotic idiot before the truths of God
May be I know all about the outer world, an
Expert in that, but I don't know, human life
Rests on eternal truths only, and what all the
Scholarly discussions we do are without the
Eternal base unless we possess it, the palace
Built on sand; sand to be replaced by rocks
The basement must be strong, then only the
Palace flourishes; it's applicable to me and you,
A matter of great concern, God feels for man,
Always to have a strong foundation for every
Building; Man is quite ignorant of eternal truths.

EATING

Dislike eating, the best practice in human life
Let the billions starving without any food eat
Donate to that is the best way to help the poor
Limit eating for living only, good health ensues
Body welcomes the person with magnificence
Of its potentialities, and its ability to conserve;
The eating should be searching and finding out
The mysteries of the Almighty, particularly that
Connected with human life, finding the truth of
Life, it's the real eating for the person who is to
Find the truth of human life where we live often
Aimlessly; always search and find out the truths.

ECHO

Loveliness of sound displays a magical voice
With a delay to be heard with ears and mind
A reflection of much needed enthusiasm in it
The transparence of gentleness and sweetness
Embedded in it with an attainment of calmness
Around it, stillness is caressed with the musical
Sound of love that is little prolonged, physical
Law is masked by the display of love in voice
From heaven to awaken the sleepy hearts and
To sweeten the interior, the fantasy of love is
Created that pierces the inner heart to hear the
Sweetness of heavenliness reflected with music.

ELUCIDATION

Making it clear what has been said
Make heart to know it, mind to know
The mystery of the human being and
The mystery of the universe, the one
Who is born, to search and find all the
Clarity of life, somebody shouldn't say
It but each and everyone bestowed on
The urge to develop mind, sharpen it
With specification of faith and love to
The almighty, get assistance from Him
To make everything for clearness of the
Mind, to perceive and propel the ideas
That formed, execute it for the goodness
And welfare of the society; clarity of mind
One gets from God only; by oneself and
From above, the dictum of life and to be
Merged with inquisitiveness that arises
From the depth, leading to the clearness.

EMBER

The dying fire kisses the burning piece of
Yellow metal, and the last embrace make
It shining forever, a matter of intensity to
Bid goodbye with the tears inside put out
The fire, the metal on its way to the neck of
A beauty, the series of tribulation glorified
At last, making a laugh of love; roses grow
With thorns only, all beauties come up with
Tears only, purification is painful, fire does it
And fire seeing the agony of the metal, weeps
And extinguishes itself, the dying fire of tears
And kisses, pain and love together make glory.

ENVIRONMENT

Nature, the creation of God as the companion of
Humans, to be with man right from his beginning
Till his end, the real life partner of him, a matter
Of great significance to him, but he has forgotten
This great truth, the real problem the world facing
Now, the great value of love of human to his partner
Or companion is getting eroded, and the genuine
Love is replaced by plastics, the major pollutant is
Cutting the heart of nature; the divine, holy, Echo-
System is spoiled, earth is facing imminent danger
By what man does, he is divorcing his partner as a
Result of his little thinking about how to keep it so
Safe, how to thrash its enemies, how to replenish
It, that matter of big concern is to be solved by great
Awareness of refreshing the new thoughts on it and
Every year it is being done, World Environment Day.

EUPHONY

Sweetness of delicacy delivered to the ear
And to the heart with music of love, caresses
The bottom of the mind with the output even
To the soul, transformation of love withholds
Soul of music, making the mind fertile and to be
Receptive accepting the crux of the sweetness
And blesses the modality of life, perpetuated
With the blissful feelings that the life becomes
The perceptive elements of sweetish aptitude
To mask the agonies of human life and make the
Prudence of love and sweetness, make life only
To perceive the cream of sweetness and not the
Pain and grief and go to avenues of sweetness.

EXEMPLARY CLEVERNESS

Strawberries full on the two trees, the red small
Hanging fruits were wonder, leaves hiding beneath,
Hearts eat the fruits at the bottom, seeing better
Than eating, but the heavy birds deceived hearts
By eating them, never allowed hearts to taste and
Enjoy; the depressed hearts become so revengeful
A tricky plan arises from a poet's brain; brought in
Two owls with shining eyes, too explosive, having
No hearts, always aggressive; a mere look at them
Is enough for the unkind birds to fall down, the owls
Stood, placed on two big poles in front of the two
Strawberry trees, one look was enough, birds fled.

FACTORY OF NATURAL INTELLIGENCE

Never dull, active throughout and specific
In the form of thoughts with inquisitiveness
The core, run as fast as one can, catching,
Grasping from the air, from nothing and try
To fill the vacuum, nothing in the beginning
Never to get frustrated, keep on trying, and
Find at last, after a long search; what is found?
Not at all definite, it's the product of search,
Crude it is, start building on it, something new
To come, old is gone, working on mind only
So much fascinated by thinking and searching
Wonderful if something new comes in mind,
Polish it and shape it, work on it and steadied,
To be continued; thinking, searching and finding,
Are processes done in the factory of intelligence.

FEELINGS OF LOVE

Heart, the garden of plants has its sticking
Power to cultivate, one of the pollens falls
On soil, arises with enthusiasm, unnoticed,
But still grows merrily even in the dry land
No watering or maneuvering, but still comes
Up with lot of thickening, can't be plucked
As it has its deep mark in the dry soil, plant
Grows of its own, never falls in the extreme
Sun-heat, but at last it bends and falls on the
Ground, dried completely under the hot sun
Merged with the soil, but a part of the root is
Intact, it's still alive, but can't come up, mixed
With the soil and living in the soil as dormant.

FINDING GOODNESS

The ability of man to achieve is not in gaining
The higher, but to find a fraction of goodness
In the worst condition when the extreme love
Turns fake, when the disloyalty hurts you, when
Insincerity spoils your heart, when dishonesty
Works, the unbelievable happens, and all your
Readings turn wrong abruptly; never get weak,
Never get disheartened, and never get depressed,
But look forward with all your might even if stony,
Hardened hearts are around you; there is goodness
In the worst things happening, definitely it is there,
Search and search, you will find it, hold it so tightly,
Never loosen your grip on it, definitely you rise from
The deepest peril, surely you come out as champion.

Copyright © EuPhony, Dr. K. K. Mathew

FINEST

Life to become more polished, more refined
The need of the hour, heaviness of life to be
Abandoned and weightful heart to be dispelled
"Let anything happen, I won't care" the attitude
But nothing adverse will happen, search for the
Finest and live with it, mind is soft, not thinking
So deeply, easy going the whole life becomes, and
Mind, touching on the simplest and more polished
Matters, not on the complicated and heavy one, life
Becomes more calm and pleasant, the value of life
Is cherished with accomplishment of liveliness, too
Simple life becomes, the finest, thinking of simple
Matters only, focused on the finest thoughts only,
Undue perception averted, life becomes fascinating.

Copyright © EuPhony, Dr. K. K. Mathew

FLUIDITY

Hard thoughts become fluid- like when His
Grace falls, the unmoved thoughts flowing
Into the depth of mind to form the flowers
Of love so much attached to the above, and
Fluidity of thoughts opens the era of seeing
Everything where thoughts flow, panorama
Of liquidity of thoughts make mind delicate
And soft, to be attached to trueness of love
And kindness of love, easily linked to heaven,
Fluidity liquefies the mind, it becomes so soft
Hardness disappears, too delicate thoughts
Crown the mind, always the angelic thoughts
Come, everything happens when God's grace
Fall on the hard thoughts and the hard mind.

Copyright © EuPhony, Dr. K. K. Mathew

FOCUSING

Utter concentration is needed to focus human Mind with vision of God, notwithstanding the Big vulnerability of mind to squeeze through the Permeability of mind, to act on the flexibility of Mind to stay with the center of mind, to have the Adaptation sense to act, to move with the utmost Feasibility of the adjustment to the centre of the Extreme concentration, to monopolize the act of Surrendering totally to God with the specification Of moving the mind and body to the will of God And the ability achieved to put everything to the Vicinity of God, moving with the fixation of total Love to Him, an extraordinary feeling of presence O God achieved, ability to focus mind to vicinity Of God gained with light flashing inside of mind.

Copyright © EuPhony, Dr. K. K. Mathew

FOOTING

Having the ground on which the feet press
Never slipping away, never wavered the legs,
Into the feet all energies pushed to have a
Firm footing, stand erect on ideas and ideals
Never move away, the attitude is firm and
The basement is strong, never give way and
Never yield, altogether feet firm on ground
Never fall down, sustain and prolong; on firm
Footing all the convictions, determinations,
To make hearts to be with high morals, to be
A lone person to fight against injustice in the
Society, the strong hands pick goodness from
The confused state of affairs, and a matter of
Urgency is that don't put feet on a slope or a
Dangerous surface so as to fall in the deep pit.

FRUITFUL LIFE

Vacuum in mind is filled with feeling of
Treasure, that is to get when having the
Idea that a purpose in life, to overcome
All the worldly feelings with more specific
Attenuation of the pleasant feelings of
Heartiness to infuse contentment of love
That is the presence of God in heart, it's
Realization of having everything in mind,
Mind is full with treasure of contentment
That one can't buy with trillions, it's the
Rich mind with fruitful life, only to be got
By close association with the Almighty, it
Is the result of developing absolute faith
In God, the long process of achieving it, is
To be acquired, if mind was directed in the
Proper direction with inquisitiveness to find.

Copyright © EuPhony, Dr. K. K. Mathew

GALLOPING

The sound of love echoes in my heart with
So much intensity, never to lose anything
But the love galloping in the insight of mind
Stooping and catching the wishful thinking of
Wonderful gain of heart, and so much to say
The hearing of gallops intrudes every border
Of heart to withstand the deluge of love that
Swept away in the water current and reaches
The bank of thrill and pervades the loftiness
Of mind to infuse the sweetness of love, the
Magic of love steadies the trembling of heart,
The galloping sound echoes with inspiration
To draw forward and jump over every block
That stands on the path to the destiny of life.

Copyright © EuPhony, Dr. K. K. Mathew

GLAMOROUS

In and out so royal, majestic the lifestyle,
Nothing to hide but everything exposed
So sincere in heart, faithful the attachment
Innocence craves in, output is so loving, a
Matter of great excitement, exotic and most
Exciting, the attractive and appealing way of
Living, in heart and outside heart, sweetish
The attitude to life, musical the heartbeats
So swift the ways of actions, voluntary gain
Of styles and rhythms, sensitive the mode of
Actions, sensible personality with soberness
Inspires and attracts the wholeness of living.

HER BEAUTY

The trueness of love is deposited on heart
Her heart shines with the addition of purity
Transparent her heart in and out, seen with
Others' heart only, not with outer eyes, eyes
See only darkness, not pleasing to the eyes,
Wonderful the rainbow inside with different
Colors, heart can read it as sincerity, love, and
Honesty; sincerity emerged as fidelity; molded
To another womanly image, an angel inside, the
Beauty of love, the outer darkness is lighted with
Magnificence purity, a stream flowing with soft
Murmur of music, flowers of the trees on bank
Spreads fragrance, musical love echoes in hearts.

Copyright © EuPhony, Dr. K. K. Mathew

HONESTY

The truth of love, the fake of love, all together
In the world, trueness of heart glows at times
But it is put out frequently, shadow falls most
Of the time, sun rays brighten it occasionally
World and worldly fill heart with dark color, but
The color turns white when the worldly subdued
With intense faith in the Almighty, the heart turns
Pure, truths fill it, shadows disappear, everything
Clean and tidy, speaks the truth only, transparent
The mind becomes, glow at heart burns untruths
Honesty becomes the core, it delivers truths, thinks
All in the right way, everything is straight, no twists
Or bends, honesty is the king of heavenliness as God
Is so transparent and honest, everything He created
Should be so clean, no dirt should be deposited in
Heart or anywhere near to it, the great wish of God.

HOW TO GET RID OF WORRIES OR FEAR AN EASY METHOD

Develop absolute faith in God, and have a close Contact with Him; you develop an image in your Mind for everything in the world you have come Across, either good or bad; friend or enemy; now You concentrate on the image only, never focus On the person or the thing directly; now the pain, Or fear, or worry lessened drastically because the Essence of the person or event is totally in your Mind as an image in presence of God; image in Your mind gradually fades and at last completely; I repeat, never focus mind on the person or thing Directly, concentrate on the image only which is The essence of that; what I write is a great truth, It is out of my experiences; the world to know it.

HUMAN HARMONY

Musical identity of human lives with synchrony
Among human attitudes, hearts joining at one
Point or on one line, love is the common factor,
The adhesive that binds, fixing among one another,
Wonderful the feel of attachments, musical the
Links connecting, society grows, nation blooms
Fragrance of love spreads everywhere, human
Life serves the purpose, contentment in everyone.
But very sad, just the opposite happens somewhere,
What to say, people are quite ignorant the simple
Truth, soul of every human on earth is a tiny part
Of God, every human is next to God; total inability
To understand the basic truths is the root cause.

I AM A MAN

Manliness in me is not the name and fame
I got as a physician, a scientist, a poet, and
A novelist, or a philosopher; here I'm a little
Instrument in the hands of Jesus Christ, who
Dictated everything, I copied that, the whole
Credit goes to Him, not to me, a great truth
And I proclaimed it everywhere; but what I
Value in me is my convictions, determinations,
And my words to others, from where, I will not
Change even if I die; I am friendly or close to
Those who are just ordinary or at the bottom of
The society; the bond I have with them are so
Strong that will never break; my words to them
Are golden that will never fade even if I perish;
It's the manliness in me which I value most and
To be honest and sincere to others, and I have
Written my wish that my mortal remains to be
Treated as that of a poor man, and then only the
Purpose of my life is served, I become contented.

IDEOLOGY OF LOVE

The superpower that has fallen from heaven
On earth, power delivered and man was formed,
Love multiplied in the form humans and all the
Creatures, love dissolved in nature, love is before
Man everywhere, but he doesn't see it as his inner
Senses are closed with loveless attachment to the
World and the worldly; the world and the worldly
Rule him, and love is fast disappearing, it's almost
Vanished, what we see now is not the pure and the
Original love but only the duplicate one, having no
Sincerity, or faithfulness, or honesty, but a lot of the
World and the worldly are filled in it, and it's the one
That is freely available here and very rarely the love
From above sparkles; it is the real story of the love.

IN ABEYANCE

Keep away something for some time, not giving
The answer, keep in suspense, a matter of total
Uncertainty, to be disposed indefinitely, waiting
And waiting for fruitfulness, in waiting, stillness
Continuing, waxing and waning in between and
Maximum patience is needed for the prolonged
Waiting, and maximum excellence expected, and
The endurance to the maximum till the outcome.
Always God's action in abeyance, testing patience
Of humans, to be prayerful to God and plea to God,
Man to come close to God in the waiting period and
God hears the plea, leading to the wonderful outcome.

INDISPENSABLE

Life becomes so stable if the wavering of the
Mind ceases, anchored on a rock to be steady
To work on with nobility of thoughts to make
Life also noble with valuable thoughts that are
Arising from the anchor of faith in the Almighty;
So steady the boat in the roaring sea, storm can't
Capsize the boat as it is so steady to sail forward
The sail becomes so smooth to reach the shore.
Pleasantness of mind on the route to destiny if
The faith is strong, the indispensable way of life
Never to slip away from the route, so as to be so
Calm and peaceful the life becomes, to gather all
The strength to move fast to the Almighty through
The strong bridge of faith, the so indispensable link.

INFINITY

The word used to dip in my inner soul,
The far- reaching horizon of myself in the
Deepest way of my life, never reaching
But it continues indefinitely where I can't
Even dream the things of my inner self
And where I could hang on my perceptions
And move to the centre of the vastness
Where I could see nothing but my heart
And soul, dancing in the tune of infinity
Whereby I am to live with my soul intact
And my body gone forever, with dews of
Love instilled in me to do with the mystery
Of the Universe, to know, to realize all the
Wonders of creator, and I am to move with
The momentum of the vast horizon that is
In front of me and behind me, to float and
Move slowly and gently to digest all the joy
To have the inner bliss that continues forever.

INTIMACY

Intimate the heart and soul, too close they are
Only to dispatch each other, perceive each other
With loads of attachment and tons of closeness
Never to be detached and nobody could separate,
The love of hearts so intimate, love of soul so fresh
Heaven dwells in between as loveliness so extreme
Never to lose anything and always to gain something
Spectacular, closeness between hearts and souls does
Wonders, it creates the godliness in between as God
Is Love; relishing the sweetness of love is something
Fantastic, the solidity of love is expressed here, the
Truth that heaven is brought on earth, to nullify the
Hostility and enmity among humans on earth, it's the
Beginning of a new dawn to shower love everywhere.

LET ME SLEEP

The feelings that I have, are to satisfy my mind,
Bottom of mind bubbles with elements of happiness
Contentment of mind spreads a little to soul above,
The validity of love mingles with everything in heart,
What to be done in life, was done and many times of it,
Wonderful the remembrance of the past, it's so thrilling,
Adventurous the climbing of steep slope of mountain,
Fell many times but succeeded in scaling all the heights
Never abandoned troubles, but faced all the adversities
The journey through fire and storm was so challenging,
Contentment arose from confidence gained out of trials,
Love heaped at bottom of mind, brightens interior to see
Actions complied with my own conscience; let me sleep.

LIVE WITH EYES CLOSED

For living in the world, you need your eyes opened
But one thing for sure, you try living with your eyes
Closed for some time, you keep on practicing daily
Especially at night, it is to become a daily routine
What is happening now, you are cut away from the
Outer world, get entry to the pathways to the inner
World, the only companion you have there is the
Unseen Almighty, and nobody else, the more you
Practice it, the more you become a changed person
Very much brighter inside, you develop the instinct to
Communicate with the Almighty; in the course of time
You develop your own methodology to converse with
Him, all your interest for the outer world is lessened
You develop new insight and you live with Him always.

LOOK AT YOURSELF

The trend of human life today is look at others
And teach them without looking at one's own
Faults and correct them; the idea that should
Come to one's mind "loveless most of the world,
Insincerity, dishonesty, injustice, and corruption
Everywhere, why should I target one person or
Few persons, what about the rest of the world?
Can I wipe off the total injustice, if I try that I will
Become a fool, better to confine to myself only,
My primary duty is concentrate on me only and to
Correct myself and then look at the whole world".
It should be truth of today, if everyone does like it,
Without accusing and abusing others, the earth will
Become a heaven; correcting oneself means, going
Close to God by developing absolute faith in Him and
The self-study in presence of God starts, the greatest
Learning ever, the teacher here is God only; you could
Correct yourself in the course of time, you are ready to
Look at others and at the whole world to point out the
Faults with the help of God; it's Godly suggestion only.

LOVE FAR AWAY

Never it's near, the smoothness of love flies
In air, flies over the mountains and seas, never
It lands on the heaviness of earth, it flies and
Floats in the vacuum of love, in the horizon of
Transparency, never it comes to earth as it gets
Polluted there, at night it visits the stars and
Moon, hopping from one star to another, stays
At moon for long, and the love of their hearts
Picked, the love of sun is intense, sun rays make
It so sturdy, never it bends or it breaks, and it's
So strong connecting the stars, moon, and sun
Their sweetness is absorbed, heartbeats of love
Felt, sweet sighs of love are heard; it's always up
Never down, it keeps its momentum to infinity.

LOVELESS HEART

Today I was saddened by the news that
Annie Johnson, the poet, was ill treated
By her grandson after his wedding, whom
She had given so much love and care, not
Inviting her to have the photographs with
The couple, and excluding her while inviting
Others for it; Annie was terribly hurt, heart
Broken into pieces, never had such a painful
Experience before; in the present generation
There is no such element as genuine love, so
Hard to get, if one gets, it's an exception only;
Give love but never expect it back, you are a
Loser then; trust in God, not in anyone in the
World, world changes but not God; develop
The mental capability to place God on top of
Everything in the world, you are the happiest.

MEMORY

Te faculty of mind that stores the past
Mind is at ease to dwell upon the past
To see through the vision swinging back
Mindful picture of beauty hanging above
Heartbeats singing the color of the past
Backward drive through the thick and thin
Always to relish but to dispel awkwardness
Fuming from behind the scent of energy
Love blossoms in heart to read the lesson
Never hides completely but rises at times
The push of love lost, to go forward sweetly
Never to forget but to taste honey always
Something treasured and mostly to cherish
Life flows slowly with the ripples of the past.

METICULOUS

Perfection in thoughts and deeds, the extra
Care brain gives, anywhere not near to what
God does, God created; the planets revolve
Around the axis, such a very heavy earth also
Revolves round the clock, so perfectly, they
Do not fall down, the function of the human
Internal organs, function so perfectly, artistry
Of the Almighty with great attention and with
Great care, man can't think of such perfection
Even in his imagination, God also wants man to
Be such perfect in heart and brain, but man is
Totally careless, moved away from perfection,
Slipped down from the guidelines of God and
He spoils the plan of God, the big disobedience
To God, the matter of great gravity upsets God.

MIST

Haziness of air, everything vague, the hidden
Beauty, too shy to be covered by the vagueness
The angelic beauty at far, with dilution of image
With the reflection of it in outer eyes as a result
Of tiny droplets hanging in the air; human can't
See trueness of love with outer eyes, perceives
With heart only, the depth of inner feelings, and
Not the outer ones, so divine and holy, purity at
Its best, angelic white; the great message by the
Almighty to the humans to go beyond their outer
Senses, holiness and godliness inside, every heart
To catch it with perseverance as mist disappears
When the weather changes, the opportunity is lost.

MODALITIES

The mode of actions in different ways of life
Immersed in different ways of thoughts that
Propel humans to go forward with a genetic
Predisposition to acquire the most feasible
Way to lead the life successfully, a great gift
Of God that transcends the most favorable
Attitude to one's own life, with justification
Of everything on the basis of life and what is
Being done, developing self-belief in the most
Difficult situations, where everything is lost but
The mode of actions is so clear in the translucent
Mind; hold tightly on modes of one's own plan
To the last, not depending on any other deviation
And the great belief in one's own self is developed
One strides on the steps to the top of the pinnacle
Of the effortful culmination of mode of actions and
The victorious, sweetest melody, sung by own heart.

MOMENTUM OF COLLISIONS

Waiting of human hearts thwarted, melody of
Love spoiled, hopes and expectations dipped in
The boiled water, the three trains collided in a
Fraction of the seconds, sky above falls on earth
A part broken into pieces, filled in blood, corpses
Accumulated, tearing of hearts and mutilation of
Fleashes happened with the lives above the earth
The permanent jeopardy of the uncertainties of
Momentary fall of lives and it's supported with all
Thoughts of lives arising from the corpses, unseen
But the great truths, to stay up and above, lifting
Up the broken parts of sky, to move up and rising
To the vast realm of loveliness and performing to
Bless the wounded to salvage the percussion of
Life, scrutinized with the consistency to gain safety.

MOUNTAIN

The peak of heights on earth touching the sky
The singing beauty of the top with the music of
Sublimity, divinity at the peak and with godliness
Above, the real tranquility of heavenliness, and
The sweetness of stillness, words of the Almighty
Clearly heard, it's the heaven of love; atmospheric
Vapor frozen to ice crystals as flakes of snow over
The rocks, very thickly deposited, very hard to be
Separated but melts under the hot sun, flows, the
Streams of love, any dirt on the mountain washed
The glory of heavenly love epitomized here, silence
Of love felt everywhere with all the whispers echo
The space of ecstasy where exposition of sublimity
Occur and all the inroads to inner spirits vividly felt.

MUSIC

An art exquisitely sweet to hear from wonderful
Combination of vocal or instrumental sounds to
Form the beauty of heart, even the soul with all
The accomplishments of digesting the filament of
Joy that adheres to the honey- based impression
In mind or the sense of sadness or the anguish, it
Expresses the blissful moments bestowed on the
Interior of the humans to mark the celebrations
Of sweetening of emotion to have attenuation of
Marked symphony, based on the willful acceptance
Of heavenliness in every sound heard to meet with
The receptive sweetness that is imprinted in every
Heart with melodious beauty to pick energizing vigor.

MY FATHER

The bravery in me, the conviction, the integrity,
The honesty, the sincerity, and the loyalty in me
All belong to you, touching my heart I say to all
On the 'Father's day', you were a mighty tree but
Were gone so early, your spirit lives deep in me and
Lifting me from the deep peril I faced, giving me the
Deep insight always, I shouldn't lose my courage at
Any time in life, always tighten all my nerves to face
Any challenge in life, better to die than running away
Like a coward; your words and deeds live deep in me
To see everybody alike whether rich or poor, whether
White or black, and loving the less beautiful, the under-
Privileged, and the downtrodden as mine; my life, past
Several decades just like this picture, a wounded warrior
Fighting for justice, never bothered about me till now;
You departed at 53 when I was 25, but your ideals lead
Me every day, I follow your footsteps always to stride in
The most troubled world, with honesty and dedication.

MY GIRLFRIEND

The one so close to me was the sick,
Looked at me as a savior for decades
So thrilling and adventurous life then,
I lived with the medicines and with my
Inquisitiveness to solve the mysteries in
Medical science, worked, life sweetened
For nearly fifty years, unbroken the chain
Of love and I was dissolved in the tonic of
Love, I parted with my sweet companion.
A soulmate flew to my soul as well as to
My heart, the most beautiful girl of my life,
She is the poetry in English, I dine with her,
I sleep with her, she lives permanently in my
Soul and in heart, sweetens me; I'm definite
I won't part with her and I will die with her.

MYSTIC LOVELINESS

The unity of love with the deep emotions
Beyond the human intellects to read the
Inner feeling of deep truths that are to be
Attained with the total surrender of one to
Luminous light of wisdom with unflinching
Faith, transmitted to the indescribable joy of
Realization, the understanding of greatness,
The perception of deeper emotion with the
Specification of dissection and analysis of it
With passing to the peak of interpretations
The feeling of deep love with emotions of the
Extreme happiness which the Almighty gives
To those coming close to His vicinity with the
Disposition of immaculate urge to meet Him.

NATURE

The direct creation of God with all positivity
Manifested with the eloquence of love with
Sincerity of hearts, grows in originality and
With living creatures, divergent in nature to
Specify the imprints of love, and the greenish
Arena of love, the beauty of different colors
Concentrated to flowers, leaves, plants and
Trees, the grazing wild animals, the sweet and
Imagery birds of difference, the poetic humming
Sounds of love in the air, the streaming love and
The elevated bald rocks, the stillness of divinity
Everywhere, the true nature of inner heart of God,
The connectivity of love from above to earth, far
Away from the busy world, the air condensed to
Form the rain of love, on the whole love at its peak.
The nativity of care and blessings; all forms, the grace,
Beauty, and care, the magnificence of innocence,
All attract the naturalness without an iota of dirt,
The artificiality; the true creativity of love, it is God.

NEVER HURT ANYONE

The best words of heaven that tell the truth
Of the world, even better than love, the dew
That cools the heart; need not do any help but
Do not hurt the heart of anyone, how small he
Is or she is, one's own dignity is higher for any
Person than anything; to be with is the feeling
Of comforts, that has the element of godliness
In it, to be against has the feeling of hostility, it
Tells upon the displeasure of love, that doesn't
Catch the insight of love; it can't redeem all the
Goodness given, a bad taste in a loveless heart,
All that must be confined in heart, and never to
Come out so as to wound the heart of anyone but
The one who does it, pulls one's own heart to the
Bottom of deep pit in the due course of time as the
Godliness in the victim sheds tears of extreme pain.

OPPORTUNITY

The favorable time that comes in my heart
To do with the necessary adaptation of life
With the adjustment of the suitable time and
The ways of life, it gets adjusted to modalities
Of life, a gift to catch the good time and things,
Of life, to perpetuate the goodness for future
And the picking of love of heart, and with the
Assimilation of the appropriate to excel in the
Future and moves away from the bad timing, to
Make the creativity of mind to adjust live with
And to have the circumstances that makes the
The possibility to do something and to harvest
The fruitfulness, with the magnitude of gaining
Something, a matter of good luck that blesses.

POETIC THRILL

Simultaneous fulfillment of delivery from above,
Sweetest perception, and delightful execution, and
The great contentment of having created something
Great, form the thrill of writing poetry; magnificence
Of striking at honeycomb, the feel from the striking
Inspiration, honey is dripping from soul, heart accepts
The sweetness, it accumulates and overflows, and the
Thrill that produces a bliss, it lasts for a long, superior
To any enjoyment in the world for the poet; perception
And execution, the great acts that culminate to the total
Enjoyment, and bring about great contentment; writing
Is divine to do with the mixing of the heavenliness with
Human elements, a matter of great thrill to poet's heart.

PRAYER

It's human- divine communication, so sacred
Inviting maximum concentration from humans
To the concept of God that is in mind, mainly at
Center of the mind preferably in utter silence to
Have a personal talk with God, the great reality,
The making of daughter or son talking to father,
The loving father to his children, exchange of the
Ideas, the day- to- day discussions between the
Dear ones, the hearts talking to father, He is so
Loving to accept the requests or plea, the vigor
Of hearts become triumphant to climb to the top
Of the world having the extreme delight that one
Could talk to the unseen father, the exchange of
Love culminated to epoch- making joy of shedding
Tears of joy, with the deep feeling of convincing
Father all the human grievances and getting the
Inner assurances of rewarding with consolations
And subsequent godly touch with assertion of the
Maximum confidence to face any challenges in the
Troubled world; it's what happening in human mind
At the end of the prayer; why don't people realize
The real meaning of prayer, I wonder, it is not merely
Uttering words without any concentration, but it is
Heart talking to the unseen father, the love talking
Between father and children resulting in approximation
With the chest of the loving father; let everyone realize
The great truth that they have an unseen father, they
Must communicate with Him with hearts at the earliest.

PRUDENCE

What one needs most is the extreme care
And attention in everything one does, never
Be lazy at any time in life, always agile to watch
And do, to scrutinize every problem one faces
And have thoughts for the future, the manner
In which does this way is making human life so
Safe, meticulous actions make man and life so
Disciplined and the sweetness of human life is
Felt, adequate time man gets to make life so
Attractive; to err is human and mistakes might
Come, but man is supported by God to develop
The ability to avert the mistakes and making the
Mental faculty very sharp to pick only the correct
One, and to lose the unworthy one, life becomes
Near to perfection, a matter of glory for humans.

PURITY

Innocent mind with no dirt anywhere
It shines like the diamonds, never fades
The core of it is purity, it reflects godliness
That has come down from above, so much
Tranquility in it, transparency associated
With it, straightforwardness, open heart,
The qualities, nothing to conceal, nothing
To keep away, God lives in pure mind only,
Man becomes a miniature of God; with the
Absolute faith in God only one can remove
Dirt in mind, world and worldly gone and
Passion for God developed; with God, or in
God, developed, guided by God, nursed by
God, a new sphere of godliness developed.

READING

Words so high on paper, highlighted before the
Naked eyes, the receptors, perception by the brain
The ideas accumulated and dispersed in the storage
Center, to be infused with information, converted
To knowledge, the saga of vocabulary multiplied to
The earnestness of sitting in front of the books, to
Magnify the aptitude for visualizing the words in
Continuation, grasping the meanings, to signal and
To stimulate the brain cells to contain the ideas in
Order, to recapitulate the nobility of knowledge, to
Accommodate the magnificence of understanding
The wide range of knowing of the whole of universe
And realizing the cream of it, the understanding of the
Words to be continuous, the books to be the food of
The reader in the internet era and acquiring the skill
To communicate with others so efficiently and bloom
Like beautiful flowers, sending fragrance of knowledge
In the hearts of many and inspire them to read books
Continuously, and cultivate the garden of knowledge.

Copyright © EuPhony, Dr. K. K. Mathew

REALIZATION

To be aware fully, the idea is fully immersed in
The depth of mind which cannot be separated
From mind at any rate even if one has to die, it's
The realization that is fully needed in the spiritual
Life, or the inner life, moreover it's the basis of the
Everything connected with soul, the most delicate
Spiritual life on earth, partial knowledge becomes full
In the course of time, after having many experiences,
Mainly painful, it is purification processes that draw
Human to the vicinity of God, the full understanding
Of the situations, it is the realization; one can get it
From the experiences only, not by reading books and
The fact is that realization makes the divine wisdom,
The spiritual ignorance is thwarted, and installs glory
Of realization; for example one can overcome all the
Temptations of worldly life including the sex drive, one
Realizes sex is nothing but the joy produced by the sex
Nerves; greed is only excessive desire for the perishable
World and worldly, like that so many; the realization of
The existence of an eternal treasure much above the reach
Of the world and worldly makes humans live above the world.

REDEEM

To err is human but to compensate it by what is
Learnt from the mistake, it is something great, fault
Is the forerunner of perfection, fault teaches a lot of
Lessons to comprehend, the uniqueness of human
Life is realized, the champion of life to become, all the
Practicalities of life are dealt with, in the mistakes, great
Teachers they are, one is sustained to know hollowness
Of oneself, the rare opportunity to know oneself, to
Ride on the perilous path to the peak of the mountain
Of human life, and learn to execute willfully to amend
For the error and the mistake is to redeem in human life.

REFRESHING

The nexus of human hearts is on the stimulation
And relaxation of the attitude in the composure
Of the human mind to do with the existence of
Tranquility to move away from the tensions what
The world gives, to stretching and cooling of the
Interior of the humans, to be attached with nobility
Of mind, that one gets with the assistance of God
To move to the stream of relaxation of the whole of
Body and mind and even the soul; an extreme peace
Of mind results, body is relieved from undue tensions
To keep away from the troubles of the world, leading
One with smooth running of heartbeats, realizing the
Truth, God is the basis of life and He refreshes humans.

Copyright © EuPhony, Dr. K. K. Mathew

REJUVENATION

Infused with new, and fresh with the real beauty
Updating the existing trends of life and addition
To what is having already that is not sustaining,
The air of love is inflated to the damaged one,
Of course the love from above, that strengthens,
Human life is to be refreshed at every moment
Always to add the Almighty to the inner hearts
And feel the coolness of heart to beat rhythmically
Better to share with the Almighty than bearing it
Singly, the wonder of love makes every part of
Human body thrilled with new energy, beautiful
Pictures of love are painted on the human soul.

SACRIFICIAL LOVE

A monument of love to be adored forever
The peak of love glittering in the darkness
Love going to the extent of sacrificing one's
Own life for the betterment of the lover or
Partner, called it the Agape, with all sincerity
And holiness in it, like a candle lightens others
And melted to nothingness, selfless it is, never
Selfish; even prepared to die, let anything be
The consequences, one stands on firm footings.
The boldness of love putting needs of others
Before one's own and supporting the partner in
Difficult time, making well-being of relationship,
Making personal sacrifices to ensure happiness
Of a loved one; such love can very rarely be seen
Like fireflies flying here and there in the darkness.

SATIATION

Fully to be satisfied in mind if not in excess;
The life becomes so weary of the daily routine
The wavering mind always dispels the peace
It's shaking all the time, to move away from the
Its axis, rotating or swinging and not fixed at any
Site, running with the awkwardness of getting
Tight every day, no relaxation of the nerves
It's impudent to the nobility of mind, cessation
Of tranquility amounts to the staggering of life,
The exit to go out of it, is out of question but to
Think positively, to be satisfied with whatever
Mind having, in all deficiencies, in poverty, and
Mind willing to comply with even all adversities,
The regulatory components of mind work right
With the assistance of the Almighty only; if done,
Satisfaction full, in everything, whatever it may be.

SINCERITY

The attachment of one heart to another heart
Through thick and thin, will never run away like
A coward for detachment, never makes cooked
Stories to escape from the attachment, the real
Sincerity means never breaks away even one has
To die, shows the open chest to be shot at just to
Save the other, owns the whole blame oneself to
Protect the other, never act like a character playing
As a sick person to avoid the other, and the binding
Power of attachment is so strong, never to bend or
Break, even ready to sacrifice for the other, such an
Illuminating glory of heart so much binding with the
Other; honesty is the core of sincerity, both become
Strong, never make false stories to displace sincerity.

SKY

Through the air lifted up to the vast space
Of vacuum where one floats to the level of
Extreme joy, seeing sun, moon, and stars up,
Sailing clouds below, they do not fall down
Hanging with big wonder, perfect astronomy,
Meticulous calculations of the Almighty and
Miracle of love stretching above the human
Comprehension, and swaying in the breeze of
Calmness and holiness, thumping heart to see
Godly love much above, and soul floats in the
Vast arena of divine love, wonderful is the feast
To eyes and heart, to accommodate immensely
Rich heavenliness, seeing God directly on earth.

SNOW

The atmospheric water vapor frozen into ice crystals
And falling as white flakes and gradually converted to
Water when sun opens its face; the allusion of love
Manifested as transcendence of love, illuminated as
Whitish love with purity when heaven overflows, the
Angelic love condensed to flakes of love, scattered
Everywhere on earth to whiten the darkness with the
Cooling of hearts, with magnificence of trueness, an
Example of the definition of righteousness, to do with
Accuracy of love, to be held with perfection of actions
So white everywhere as a result of white overwhelming
Every heart, to fill the whole world with white flakes.

SOLACE

Consolation at the time of distress, the line
Of comforts in grief and misery, the wonder
Of putting mind above sufferings, the big
Ability to withstand and sustain, the might
In weakness, wonder of overcoming miseries,
The balm of love applied on the big sore, find
Healing in the midst of fire, the big capability
Of man to put himself above the gravity of
The earth, a sort of comfort and cooling of
Mind which he himself can't do but to share
All the pain with the Almighty who nullifies the
Agony and pass it on to the victim, and it's the
Mechanism of it; always share the miseries with
God, communicate with Him and man becomes
Free from pain or miseries, God takes care of him.

SOLEMN

Taking everything in the serious way, never
Lagging behind, like the horses pulling the cart
Forward in old days; not like the bull cart going
Back as the oxen are weak to carry the heavy
Load in the cart; serious to move forward in a
Dignified manner like the horses pull the cart
Forward; a section of the society is not solemn,
They aren't serious about anything in the world
Their faculty of thinking power are in cold storage
Not bothered about anything, simply living, don't
Understand the importance of anything, value of
Anything, they always present a lazy smile; but the
Solemn people are ever alert, most loving, diligent,
Conscientious, serious about anything they come
Across, they act in a dignified way; solemnity to be
Swallowed by the people who are far away from
Seriousness and the specification of actions in life.

STREAM

Magnificence of love flowing down and down
To the depth of heart, flowing slowly and gently
With the murmur of sweetness echoing in every
Soul, continuous the murmurous music, rhythmic
Tuned with melodious voice heard softly in sweet
Silence, the flow of water is non- ending, water of
The stream is crystal clear, one can see own image
In it, love ripples in water and loveliness in bank,
The plants and trees sway in gentle breeze, move
Rhythmically backwards and forwards, and nature
Dances in the murmur of the water flow, loftiness
Of water, flowing musically and purity of love makes
Wonder of heaven with a singing and dancing nature.

SUFFOCATION

Quite unexpected event happens so abruptly,
The shock, mind has no time to hold the shape
Of mind, so quick beyond the digestion of mind
The long wait to recapture the ability to look at
The essence of love, the fear of reconstituting
Mind, the adaptability to hold on is getting lost,
Uneven fixation of mind to the complexities of
Life, the uncertainties in front, the long wait to
Regain the momentum of life, whatever thinking
Gets gradually disrupted, being deprived of air
In the long wait to achieve the calmness and the
Pleasantness of life, smoothness of life is getting
Lost with the indefinite period of uncertainties,
All the nerves of providing enjoyment deranged,
Man becoming a vacuum of nothingness, never
To get started again, all is lost when the sensitivity
And delicacy of sincerity is getting dislocated and
The depressive elements rule and it happens after
An abrupt and an unbecoming occurrence of shock.

SWIFTLY

So quickly, at high speed, one does things
Of need, or essential, without delay, is a matter
Of enhancement of attention, not giving room
For brain to think, it's the extraneous pathway
Of inner mind acting, without the involvement
Of the humanly nature; not all the quick actions
Are connected with inner mind but spontaneity
In actions, reflect extraneous non-human actions
Better to be derived from the godliness present
In every human, the advancement of actions that
Are beyond the reach of human capabilities, a way
To specify godliness acting wonderfully in humans,
A truth that works swiftly beyond physical science,
It's more feasible to those who are attached more
To God than to worldly, they work on their affinity
To God, finding new methods of supernatural deeds.

SYNCHRONY

The love in action with its heartbeats singing
The melody; the music of love acts with the
Dancing of its notes, the great synchrony occurs
When music of love brings forth raining of dark
Clouds, perpetuation of sweetness synchronizes
With the formation of fragrance, what we all see
Today is the opposites synchronize, love outside
And loveless inside, kindness outside seen but
Loveless the heart, the opposites inside and outside.
Weep outside and smile inside, never see the real
Synchrony, the actual declines and the duplicate
Increases, synchrony to occur if heart is pure and
Tidy, never to lose temper to withstand adversity.

THE CRUX

The most important point at the bottom
The central point of the issue, the cream
Of everything discussed, the abstract, the
Center from which the periphery is made
The crux is masked with all its voluminous
Periphery; from the crux it is very easy to
Build the periphery, but it is so difficult to
Get the crux from the periphery and all its
Voluminous, subordinate materials; a true
Fact is what happening today, the so vast
Substances we read, we think, we hear but
No crux, nothing at bottom, the world and
The worldly are nothing, the crux of them
Are very great and genuine; the Almighty
Who only created the world, it's the duty
Of everyone to find the root; not only to
Live in the world, but go and find the crux,
For example, sex, the momentary joy, and
It is produced by the stimulation of the sex
Nerves, nothing else, it's for multiplication
Only, but if you search, the core of it is God
Only who only created it, if one goes beyond
The world and worldly, one gets immense joy
From God, that is eternal; does man know it?

THE GREATEST LOVE, WORLD TO CALM

World to know, the body love is only subordinate
In the greatest love of achieving bliss of the sweetest
Feelings and thoughts that are heavenly to dwell with
The pleasantness of love that is breezing quite often,
The real shining love is the sweetest and magnificent
Feeling that keeps on caressing every corner of heart,
Every part of mind, intensifying the heavenly joy that is
Bestowed on the individuals, it's more powerful than the
External love of seeing, messaging or the body contacts,
The sweetness of the love message, is embedded in heart
And soul, exclusively staying there intensified with the peak
Of love, living together inside for decades to be relished
And sweetened, every moment of life, never it comes out
But the love becomes sturdy day by and lasting forever.

THE MAGIC OF LOVE

It downs everyone, down to top and
Top to down, shakes every heart, soul
Soothed, sweetened, the disposition
Of love makes a magical wonder, to do
With the unwanted things happening,
Expected matters don't take place, love
Thrills everyone, it shakes every heart,
Heart is moved, what is on the line slipped
Away, the creation of wonders takes place;
Love hurts, it inflicts pain, but it is sweet,
Sometimes the sweetest, love binds and
Love couples, love streams slowly, gently
And it murmurs, it plays music, sweetness
of it enters the depth of heart, true love isn't
Selfish, selfless always, love loves soul and
Heart, never it's attached to any possession,
Rewardless the genuine love, it won't break
Promises, love is a magic, magician the heart.

THE SUPREME INNER WORLD

May you be in the most delicate, Supreme
Sphere of life, the endpoint of human search
Which is a great truth where one can live in the
Latter part of life; installing mind in the sphere
Beyond the human thoughts, where the deep
Senses open, that guide you so sweetly in this
Sphere of divinity, where you possess the full
Contentment of having achieved everything in
The human life, where you relish the sweetness
And the beauty together in the topmost way
Where you contemplate all the glories of inner
Life, having the feeling that nothing more to be
Achieved, a rare phenomenon of enthusiasm
Where one can help others by directly pleading
To the Almighty, in my case it is to Jesus Christ
Probably my friend poet Annie Johnson can tell
How my direct and constant plea to Jesus Christ
Helped her to win over all the crises she faced
During the past few years; anyone can go to the
Supreme world in inner journey by developing
Unbreakable faith in God and continuous search.

THE SWEETEST LIFE

The best life on earth, the most sweetened life
Incomparable, no life can even touch it or reach,
That delicate life is in every human, man is quite
Ignorant of it; it's a sphere of life at the bottom
Of human mind, most beautiful, sweetest, and
So fragrant too, the real heaven in man, below
The human worldly emotions and temptations
Anybody can get into it, provided worldliness is
Suppressed by a long search with absolute faith
In God; not even an iota of exaggeration in this
Statement; the delicate magical world is inside
The sufferings and miseries man face, it's stated
Out of truest experience only; quite ignorance
Man has what is inside him, instead spends his
Whole energy and time to conquer a perishable
World, science can't detect it, only faith can do.

THE UNIQUENESS OF LOVE

The greatness of love filled the hearts to beat
Melodiously forever, the heartbeats don't stop
But they bloom in the skies and send fragrance
In and around, to the whole world all the time till
It ends, the jewels of love glittering in the loveless
World, the power of love overpowers the earth
With the flow of transparent streams, washing the
Darkness, the mighty shine of love approximates
Heaven with the earth, and on a transparent ladder
Love travels up and down always till the world lasts.
Mohan Parameswaran and Trinidad B. Sullivan are
The two giant characters relishing the most powerful
Love of their life partners who are now in heaven and
Talking to them and exchanging their hearts every time
On earth, anxiously waiting to join them, by relishing
The sweetness of love, making love the glorious power
In earth, making the soil and sky so fruitful that honey
Rains in hearts, the image of Keerthi and Steve lives in
Many hearts with the glittering light of everlasting love.

THE VERY TRUE IMAGERY WORLD

A very true world built in mind derived from
The images seen with naked eyes, heard with
Naked ears, based on absolute faith in God, is
A great reality which many of the humans do
Not know; here human is above the sufferings
And miseries of the world; here the internal
Senses of man open and man sees and hears
With them; it is the spirit of God working, new
Images come in mind and the believer builds
New phases of life in the real imagery world,
Wonderful the human life becomes, truly an
Angelic life, one feels the Godly love and the
Eternal peace and happiness; there is not an
lota of exaggeration in it as it's my experience.

THE WAIT

Never I touched you, never I write to you
But gradually and slowly you flow into heart
Never I let you go wholly, you left something
Behind to keep you alive in me, your eyes have
Stuck in loving solitude of me, the bliss of the
Long loneliness, breezing the coolness of love
But your smile draws the heavenliness mixed
With the pure honey to be digested, gives me
Energy, boosted, as if you are lying in my lap to
Be caressed, your long hair touched so sweet
And soft, the shade of you cover my face from
The extreme sun heat, what I love is the image
Of you imprinted in my heart, much sweeter
Than seeing you, kissing you directly, I wait and
I wait, the long days, the vast years, I am so sure,
One day, your image in me comes out to see me
Directly, cuts short my long wait to absolute reality.

TIME

Wonder of definite progress of events from
The past to present and the future as a whole
Well defined with simple mathematics to be
Called as the beauty of the space in between
The sequence of events happening, and what
Happens and when, answer to all the events
At a definite period, it comes and goes with all
Specifications, graded with accuracy, perfection
Of measurement, never comes in front or back
The materialistic proofs of the events of world
Noted or graded to be remembered with fixation
And it goes smoothly as the stream flowing with
A beauty of love that touches every heart with
The familiarity for addition or subtraction and
Running at a slow pace to induce contentment.

TOIL

Very few in the world toiling so often
Under the hot sun, pulling the heavily
Loaded cart to make a living for families,
Wear and tear on the body, foot- wears
Extremely thinned, they run with the heavy
Cart in the busy streets of electronic age
Very rarely seen them in different parts
Of the world, the real heroes of hard life
The outcome- children are well brought up,
Educated, reached the heights, and the
Great fulfillment of life the father attained
The sunken eyes become the brightest
Tears of joy drip down continuously, and
Great contentment in heart, heaven smiles.

TRUST

The big iron pillar that will never bend or break
The pillar is cemented on a hard rock, not on sand
The greatest foundation on which the skyscrapers
Stand tallest touching the sky, where God from sky
Comes down and blesses the foundation; lightning
Won't harm it, such is the strength of trust, so solid
And sturdy, trust is quite unseen, but felt rapidly and
To be cherished throughout life till its end and know
The greatness of the trust; the unseen trust erected
On the unseen God is the strongest bridge built over
The roaring sea, the tsunami waves can only touch it
But can't damage it, bridge will be as strong as ever
Even if the sea dries up, God wants everyone trustful
Like Him, never do it means moving away from God.

ULTIMATE

Final one that happened at the end of the processes
A matter of great importance that signifies curiosity
To find out the fruitfulness of the growth or the living,
It fetches the end- product of everything with relation
To the sequence of events that has taken place before
Final realization, significant it is as being able to accept
The magnificence of great mystery that would happen
Gradually, and the final assessment is valuable that may
Be counted to the maximum after working so diligently
For decades of human life, the final one lives, the previous
Happenings die, to elevate the end with the assimilation of
Everything from the beginning, and the glory of the events
That culminates to form the last lag of Marathon running.

VICARIOUS

On observing others, the world with inquisitiveness
For love, cream of the hearts gained with all goodness
Fall on own heart, and added with imaginative sprout
Forming the glory of wisdom and knowledge, it is the
Inspiration that stimulates the heart and mind and it is
To be mingled with own imaginative feelings, making the
Crown of wisdom, a matter of fulfillment that is gained
From others, an imaginative atonement, and benefitted
From the world; God the centre of observations on Him,
Voluminous thinking take place and placid contents of
Him absorbed to the imaginative world, make attempts
To create the Almighty in heart, even in soul, and make
The world a better place for living, the vicarious thinking;
The experience gained in imagination from the feelings or
Actions of others can be the opposite, the hurting feelings
And, one should keep face away from them, stop thinking.

VIOLIN

Strings of love kissed by the bow of heart
By drawing across, mesmerizing beauty of
Love erupts as music of heaven, and honey
Based sound heard as a magic of love and
Tweeted with the humming of the tiny birds
Wonder of melodious voice tuned with soft
Murmur of heart, sounds of ripples move
To the singing heartbeats, honey rains, it
Sweetens soul and it pulsates, subtle, faint,
Sweetened sound produced by dripping of
Honey into heart and heart filling smooth
Sound strikes on the pitch of the music to
Be blessed with divinity of love, rhythm of
Music brings about revelation of emotions
Violin is the expression of love only; till the
Last, bow of love drawn on strings of love.

WHY MOSQUITOES

Why mosquitoes on earth, many ask the question,
What God has gained by sending them, questions
Continue, the nuisance, and the irritating sequence
Of events continue with the bites and little pain,
And itching for some time, the comfortable sleep is
Disturbed with so much of insomnia, the dirty and
Filthy characters of life, good for nothing, only to
Bite humans, why are these dirty creatures created?
To balance every comfort there should be an equal
Amount of discomfort also; for sweetening, there is
Little pain; for pleasure, there is displeasure; for joy,
The grief exists; it is a phenomenon for balancing and
It is one of the factors to counter the upward trends of
Humans and to maintain the balance of the human life.

WHY SUFFERINGS

God created the whole universe divine
Exactly like Him, He can't think of other
Than it; the statement is so honest or true,
The world is for the humans to live only
Not to be possessed in the heart and mind,
Only to be used by man, not to be acquired;
Look at nature, it is so divine as the Almighty,
No sufferings for nature though man hurts it,
Still it grows merrily and divinely, no hostility
As it is so pure; godliness in it and it resurrects
But humans, so possessive and acquire worldly,
Divinity and godliness are lost in the majority,
Man suffers cos worldliness replaces godliness.

Copyright © EuPhony, Dr. K. K. Mathew

WILLFULLY

The manliness or womanliness, doing everything
With a strong, determined mind, the firm decision,
Highly intentional, deep in its evolution, some of
The basic rules are ignored, one is bold to face the
Consequences whatever they will be, never changes
The decision, lives by it; it is the strong mind that is
Needed in the society to lead and guide, actions done
With power, especially fight against the evils, stand
For righteousness usually, the real leadership quality
Awaking the sleeping lot, it gives strength to the weak,
Acts per convictions the decision making for the good,
But so sad, rarely the willful decisions are for the worse.

Copyright © EuPhony, Dr. K. K. Mathew

WILLPOWER

Ability to control one's own thoughts and behavior
Especially in the most difficult situations, a blessing
To move around the world, to capitalize on self-trust
And hope, that can be achieved by everyone, when
He or she has developed absolute faith in the Almighty
Where the self-trust is the trust in God who is deep in
The human, mind becomes so strong that will never
Break when facing the most challenging situations, a
Matter of certainty that one successfully scales through
Adversity; willpower can conquer anything in the world
It is a divine immunity that can withstand, resist, or fight
Against any dreadful disease where two elements take
Part, the strength of mind, the self- trust developed from
Trust in God; the strongest fort is built around humans.

WIND

Air moving at high speed, spreading in a direction
To wipe off the velocity of imprudence and clean the
Action of collusion or conflicts, to drive away actions
Of hatred or hostility, to mitigate hardness of hearts,
Softness to come, as God is blowing a little, to instill
Calmness of love as perceptible movement of air, the
Inquisitiveness of love wanders, so quick to be known
The mode of action from heaven to blow the intensity
Of hardness of human hearts, to adorn high quality of
Love and kindness on the route where the wind passed
Or where the wind hits, humans to realize it and redeem
The heaviness of their hearts with magnificence of love
That the wind sprays, and learn from the total ignorance.

WORDS SWALLOWED

The havoc of the world, is words spoken and
Pledges taken swallowed completely, and no
Bearing on the seriousness of the words told,
And even swearing has gone down to stomach
And disappears, even the opposite comes as
The words of solace, to move around the field
Of grazing, acting as a different person or the
Persons, turn upside down all of a sudden and
Even without an iota of remembrance, a u- turn
And a new pattern of words to look forward a
New grazing field; it's what happens today, no
Value for words, swearing, and even for pledges,
Dishonesty and loveless hearts pull the world
Down to hell and confusion prevails everywhere.

X FACTOR

All problems solved with logics and little intelligence
Humans are constituted by In- factors and little X factor,
X factor is hidden deeply in the In-factors that are body,
Its organs, and mind; the hidden X factor gives life to the
Human body; the aim of human life is to find the hidden
X factor and live totally guided by it, the majority is not
Bothered to find it; only very few find it and live by it; it
Is the root cause of all the maladies man facing; almost
All live by In-factors and enjoy with them; it is what seen
Today, the hidden X factor is inert and inactive, and those
Who find X factor and live by it, get divinity and godliness;
Think, how silly and ignorant man is, he digs his own grave.

DR. K. K. MATHEW

Most of the poems in the book are revelations from inner mind. The basics of human lives are explored and revealed, and the symphony of love is beautifully presented here.

These poems are sweeter to the heart, as many of them dictate the theme of musical love. These poems are the end result of repeated searches to find inner truths. The book magnifies the inner beauty and wisdom in every word written.
