Dr. K. K. Mathew

Dr. K. K. Mathew is a renowned physician, a medical scientist and a poet in English of international repute. He is a reputed philosopher, and noted novelist in Malayalam. He has published many original clinical observations in national medical journals and been quoted in reputed international medical journals. Some of them are the first of their kind in medical science. He has written and published 57 books, of which 37 are poetry books in English. The International Higher Academic Council of English Literature conferred Dr. Mathew with the global genius award "Living Legend of the 21st Century" in May 2019. The international poetry group in the U.S., 'The River of Poetry' awarded Dr. Mathew with the title "The Champion of the World." Dr. Mathew is one of the prize winners of the prestigious Naji Naaman Literary Prizes for 2021.

PREFACE

Eternal Vibrations is my 37th poetry book, containing 100 poems. These poems echo the eternal vibrations of the universe, which my soul could pick up and write. These poems are highly mystical and spiritual revelations of eternal truths. The poems deal with revelations that stimulated my soul to extract the deep and subtle truths that adhere to the mysteries of God, who created the universe. Each poem exposes the newness in the creativity of my mind, and it reveals the divine wisdom to handle the minute truth in each and every part of the unexposed truths. Each and every part of the universe is a poem, and I could touch on the trueness of it. These poems delineate the identity of the human soul and the mystery of the sphere beyond that. Each line of these poems is a vibration of divine truths that create and mould the existence of the world. I could sense divinity and godliness in everything I came across, and poetry is deeply seated in everything. Poetry makes newness in human life, and poetry is the answer to many of the problems the world is facing now. Poetry is nothing but the divine truths that bless the whole of the universe as well as humans.

Many aspects of the mysticism of the poetry are to be exposed and revealed, and I fully believe that I have succeeded in my attempt. The poems can influence the curiosity of the human mind about the greatness of spiritual truths. An attempt is made here to reveal a bit of the divine mysteries, which itself is a fascination for my heart to write and sing about the beauties of the mysteries. The human mind should have the inquisitiveness to search for newness in life. These poems are the result of my

continuous search for truth and finding it. Each poem is an exposition of my new findings. The ideas I perceive here are superior to my thoughts because they are told to me by the superpower that is always blessing my soul. I believe that the truths I delineated in this poetry book are useful to many because the divine truths bless everybody.

It is a great truth that my soul could exclusively write the poems in the book, as each word is a divine gift.

A HEART TELLS

When I'm in deep agony, you come to me
Even in sleep, the beautiful dreams take me
Behind the clouds where you dwell in, I am
So faithful, my beats sing the magnificence
Of your big heart that is still beating for me,
Unseen now with naked eyes anywhere in
The world; I see you with my beats, hidden
Behind the clouds, you kissed the clouds and
They are thickened with heaviness and they
Rain honey deep in me, only that is enough,
The memories about you are now much more
Sweetened, it is more than enough for me to
Live in the difficult world, I have gained a lot
From you, I have nothing to lose, the golden
Chain of love gifted me is adorning me forever.

ACHIEVE

The great word of all time with a miraculous
Depth of ascending from the baseline of life
To be happy or not happy is not a matter of
Judgment but possessing something more from
Normal life is a deed considered superior to the
Normal doing, a matter of using intelligence or
The result of doing hard work or dedication to
Earnest efforts; the human life should be like it
Always moving fast with carefulness to scrutinize
The path, and this volatility and alertness in the
Ordinary life makes something extra- ordinary to
do something much superior in the ordinary life,
Having the momentum to do something great, a
Matter of appreciation and admiration from others
And boost morale, to do it again and again on the
Path of human life, never satisfied with the ordinary.

ADMIRATION

Words from heart to praise the creator always
Makes one's own heart to beat with symphony
Of love for others, always try to lift others with
The magnitude of love and respect, never downs
Anyone with words of disrespect and egoism and
Never malign tranquility of others, nullify not the
Balance of love; words of praise are always a matter
Of filling every heart with flowers of fragrance that
Spreads everywhere and it signifies words of praise
For God only, and detoxify the unfriendliness to set
Right the estranged vulnerability on the ways of life;
And to realize that every human being is God's own
Creation, pleasing friends is equal to glorifying God,
It's the realization of love only; never hurt any human.

ALLUSION

Swiftly I come above my thought to mitigate
The severity of it and to rule out the possibility
Of having direct contact with the incident and
Move away from the incident, proclaiming the
Depth of the incident, and flying in the horizon
Of the cream of the actual and diversified the
Filaments of it, to disperse it to passing array of
It to magnify its values and spread above, and
To fetch the clarity of it, to be delivered to the
Public or to the books, not exposed but clearer
To everyone, exposed but not revealed, and the
Vagueness continues with the expression very
Beautiful so as to be deep in heart, even deep
In soul, to fix the loveliness of the theme and it
Echoes the music sweetly to tell the clarity of it.

ATTITUDE OF MIND

Complex mental state involving feelings
And depositions in certain ways, marred
The existing feelings, and stabilize to own
New thinking and is manifested as a matter
That is against the common feeling or own
Thinking in the past, molding own mind to
Act differently, the attitude may be by the
New thinking, may be the result of gaining
More knowledge or wisdom to recapitulate
In a way to digest the previous, and reproduce
A new thinking, to change the person in total
To have newness engulfing the mind, and be
Put in a new direction, finding a new path to
The flow of the mind for the willpower to act.

BEAUTY

What seen with outer eyes, not that true,
What seen with one's heart is the truest
All that glitters outside is not true at all;
That obese lady is the most beautiful in
The world, as her heart is so pure and so
Loving, no dirt has touched it, one heart
Believes; she is incomparable in the world.
What heart says is the truest, Cos it is the
Computer to analyze everything, and its
Analysis the more correct than what the
outer eyes see; the beauty of heart, the
Beauty of mind and the beauty of soul,
Mixed together to form the real beauty.
The real beauty is not the outward figure;
Sharpen heart, perceive the wealth inside.

Copyright © Eternal Vibrations, Dr. K. K. Mathew

CAPACIOUS HEART

The whole love inside, no beginning and no end
Its beats endless and continuous throughout life
It stretches to the maximum to accommodate the
Love of human life with twinkling of kindness and
It oozes out the sweetness of everything, to crown
The glory of love, the array of pulsation of rhythm
Of life, tells the music of love, played in the depth of
Heart to show the magnificence of human love with
Each other, with the hearts beating simultaneously;
Heart, the strength, heart, the sweetness, and heart,
The echo, signify the empire of human love, and it
Addresses the heavenliness in everything man does,
Wonderful to become the path of life with the heart
Signaling the music with its beats and tells the rhythm
Of the human relationship, so warmly and romantically.

CROSS

Have you ever heard of such a supreme sacrifice?
King of kings died for the salvation of the sinner,
The biggest sinner; the worst death ever heard,
Dying by inches on the cross, the worst gallows
For the worst criminal, Jesus faced the most severe
Persecution both physically and mentally there
And what a wonder, He prayed for all His slayers.
The cross has become the epitome of agape and
The monumental center of salvation for everyone;
One sees with heart on the cross the whole of blood
Jesus shed on the cross and the extreme deep pain
He bore both physically and mentally, the extremity
Of human tolerance and endurance; it lifts everyone
To the sphere of salvation, for it the cross blooms, and
Comforts every human heart that is dipped in miseries.

DELICATE LOVE

Love is so fine as to be kept in heart or
Soul, nothing comes out, kept so sacred,
The holiness of it tells the glory of it with
Its attitude of relishing and energizing to
Sweeten the thoughts and the feelings, so
Delicate as to nullify the outward gimmicks
What we see quite often today; the most
Delicate feeling ever is love only, only the
Feeling tells the magnificence of it, to say
The glory of it, tasted inside; silence is its
Greatness, loneliness its great companion,
To be tasted or to be relished so sweetly,
A sort of heavenly bliss to bless soul and it's
Transferred to brain, to be subdued with the
Brightness of it; the true love is the empire
Of heavenly wealth, not to be bought or to
Be sold, always there is a God's touch in it.

DIVINITY IN MAN

All human beings are made godly by God
But man distanced from God, miles away,
Godliness is lost, and manly with excessive
Worldly passions that are possessed from
The world, passion for God was replaced by
The worldliness; the soul of every human is
A tiny part of God, it's masked by the world
And the worldly making soul inactive, it can't
Control the human, and the body is taking
The control, it's the horrible state of humans.
The excessive world and worldly removed
From man, the human body is spiritually
Dissected out, and the soul is exposed, the
Internal senses open, and man visualizes
Everything with them only, external senses
Become valueless; the free soul now takes
Total control of human as excessive passion
For the worldly diminished, man becomes
Divine; absolute faith in God only dissects
Out the world and worldly in man, making
The soul taking the helm, controls humans.

DON'T PANIC

It is nothingness that comes into being to kill,
The attitude of nothing to sway into calamity
The trueness of it is nil to be accomplished and
The attitude of love is gone forever, but to hold
It and withstand, the creeping joy to be regained,
Calmness and tranquility instilled, what not, the
Actual shape of the human reshaped with addition
Of love; to be reinstated, the honey of love painted
On the sourness of the fear, love to heal the human
Mind, love to dispel the bitterness of fear, and love
Exposes and reveals the nothingness of fear; it is
The love to oneself, love to others, and love to God,
The matter of great excitement that throbs heart
To beat with the sweetness of love, to bring the
Melody of life and acts in its tune, to bring about
The boldness that has been lost, to regain strength;
All these, love gives, refreshing and healing the lost
Mind, to power oneself to move forward again and
Again; love leads the fearful mind to powerfulness.

DREAMS OF THE FALLEN

Beyond the horizon of unsettled dreams
A piece of broken hope, looking forward
For an unbroken future, soul beats with
Every breath in the longing for decorating
The toy of happiness, the life of a doll with
Keys just for a moment; the stars buried in
In the darkness around moon; life combined
With the two legs, wishes for legs with triple
Digits, human mind is getting divided and
Divided and hidden in the lost aspirations;
One is getting lost in the grave of lost wars
But the bells of new dreams ringing in ears,
The golden letters are written on the back
Walls of the pyramid, the freshness of love
Bubbling in heart, a new call echoes in soul,
“To be with you I am forever, never get lost”.

EASTER

The win over death, the success over failure
The sins are thrashed by absolute faith, and
The glory for the mankind to be celebrated
Forever, the dead savior resurrected on the
Third day of burial, the magnificence of love
Illuminates the darkness all around and the
Melody of salvation echoes everywhere with
The manifestations of the yielding to power
Of love; love conquers everything how hard
It is, the great revelation of love for each and
Everyone, every soul to dance with the glory
Of salvation, love fills it with extreme happiness
Ensuing, to put an end to the darkness intruding.

EGOISM

Thinking of oneself as so great, incomparable,
One lives in one's own empire where one thinks
Too much of oneself, where one rules; head is
Up always, never puts it down; sheer ignorance
Of the depth in man, the cause; total absence of
Inner journey and the inner life, the villain, always
Knows the outer life only, nothing is known the
Inside of the person, and the befitting reply to the
Question why is it so; man knows God only if he
Knows what he is, man should know at least a little
Bit of inner journey; endpoint of inner journey is zero
Only, and that man is nothing, everything in him is
God only, it is the great truth; one should think of it
Why does tiny ignorant man become very egoistic?

Copyright © Eternal Vibrations, Dr. K. K. Mathew

ELEVATED

The heart elevated to the peak of the spirit
From the valley of negativity to uphold the
Morals of high value, scaling to the top of
The mountain with all the aberrations of the
Heart and to move away from the slippery
Path of imprudence, and mind is to be lifted
With specification of strictness in looseness
Of heart, the way to adapt oneself in the path
Of climbing up to the majesty of lifting oneself
To the height of living with much confidence, to
Tackle anything bad that comes up with erosion
Of the means for picking up the stability; it is the
Assertion of thinking high with the manifestations
Of love and kindness, with specification of moving
Up and above, hanging on planets of high morals.

EMOTION

Reflection of inner reactions that takes one
To the top of volatility and it may go to the
Creativity, like that of poetry or to goodness
Or in the negative way like explosive reaction
Of anger or that of temptations, many more
Like it in human life; success is in controlling it
And to route it to constructive or in the positive
Ways to bless the human life; the strong feeling
Derived from the circumstances, or the mood, or
The relationships, to bestow the volatility of the
The mind, to deter the negative feelings of the
Past and hug the happiness very sweetly, in the
Way to make others also happy, or to be mixed
With the inner, delicate feelings and to go in the
Most creative ways so as to the birth of poetry to
Be written in the most fascinating way; also in the
Disturbing way to be overpowered by grief or by
By the depressive elements; never be carried away
By the negativity of it, possible by realization of it.

ETERNAL VIBRATION

It echoes the holiness of the sweetest feelings
Ever, my heart vibrates with the vision of eternity
That I have the real rebirth and there I live with
You forever; eternity rings in my soul that I don't
Need anything in the world, but to dream, to smile,
With heartiness to listen to eternal reverberation
To search, to walk, on the divine path and to merge
With tranquility in the shape of divinity and beacon
With the truth of the unseen power and always that
Thought is instilled in me to visualize the other end
Of the life on earth and the passage to the eternity
With the total feeling that I'm nothing and I foresee
The truth of holding your strongest hands so tightly.

ETERNITY

On the earth, eternity exists, it's the feeling
Of infinity, and floating on that amid all the
Troubles and sufferings in the world, it is the
Firm feeling of one that being above everything
The wonderful feeling of liveliness that excels
Everything that is achieved on earth whether good
Or not good, unbothered about what the worse
Happening outside, the inner beauty and sweetness
Come up to hold on, and float on above everything
On earth, these are the most delicate feelings that
Overwhelm the humans with the anticipation of
Moving slowly and steadily in the vast horizon with
No end, enjoying the stillness of love and digesting
It forever irrespective of the physical separation of
The human body from soul, truth is that soul lives
Forever, even on earth, the net- result of one having
Developed absolute faith in God, and dissected out
Body by scalpel of absolute faith, soul lives forever.

EXTRA SENSORY PERCEPTION

The mode of action of life diverted from outside
To inside, for the person who has developed the
Strongest faith in God which is unbreakable, the
Glory of life at hand, which how many do know?
The faith so powerful subdues and suppresses the
Worldly passions and the internal senses closed
By the world and the worldly, open, the person
Can see, hear, and communicate with them and
A new sphere of life attained, where one lives in
Divinity, so much attached to God, gaining divine
Wisdom from the closest association with God,
Perceives the divinity and godliness with the open
Deep senses; what perceived with the deep senses
Are many times more that what the outer senses
Provide, it's the truest life which is God centered.

FLASHES OF LIFE

The shortest span of life that is ahead
Knowing it fully well, with all the lasting
Enthusiasm, one refreshes heart with all
Comforts of love to be mixed with and
With the brightened smile, the heart and
Soul dipped in the lightened love and the
Shower of activities and the duties done
With immaculate thinking and accepting
The great truth, it may not live tomorrow
And dying within few days, the butterflies
Flying in the horizon of sunlight to fetch the
Collective togetherness with the deeds of
Courage, with heart and love to smash all its
Depression for dying so soon, as it shows the
The greatest transformation from the egg to
Caterpillar chrysalis and the slow unfolding of
The wings to the adult, the transitional state
Of emerging from chrysalis, the adolescence
A matter of the great wonder of the Almighty
A flashback one, ensconced in the coziness of
Its comfort zone the caterpillar sheds the last
Vestige of skin to build up enough courage and
To embark on its voyage to imago, and the great
Incarnation from darkness to light, from inactivity
To flight, freedom to fly in the horizon of activity.

FLOWERS OF LOVE

It is heart drawing, heart painting, heart creating
The beauty of soul, reflected on it, with wonder of
Love, so much depth in it, the transcendence of the
Cool breeze that is spreading to every filament of the
Body relaxed from the grip of tension to twinkle with
The glory of love, transmitted to ascendance of love
Up to the soul, and it's labeled as the stamped love by
The Almighty, to look at the bottom of love, so solid,
Very strong foundation and God has built on it all the
Luminance of the flash of light that brighten all parts
Of the human being, with the deep marks of love, to
Prove the correctness of the imprinted flowers and it
Signifies the trueness of love that is bestowed on every
Human to do with greatness of love showered in hearts.

FREEDOM OF HEART

The notion that flies with wings of joy like the
Free flaunting flocks flying in the cerulean sky,
Freedom is heart's ecstatic desire to enjoy with
The loneliness of free love that flows in and out
With soul that is directed to heaven with feeling
Of honey dripping down, a thrilling feeling that
Indulges in the enjoyment of bliss to oneself, and
The feeling of freedom from all the bondages of
The world, to be with the Almighty all the time
Never to be hurt with anything in the world and
To sparkle with divine light falling on every part of
Heart, to be free from the bondage that appears
As priceless enthusiasm focusing on the freedom
Of heart, that is filled with the music of loveliness.

Copyright © Eternal Vibrations, Dr. K. K. Mathew

GENTLENESS

The calmness of heart is coupled with softness
Of mind, to flow meekly, to the sea of kindness,
To show the magnificence of love and always the
Mild-manner in everything and softness of action,
Lightness the effect, highly dignified the thoughts,
Wonderful the slowness of action, never emotional,
Never hot-tempered, never excited, cool, composed,
No hurry for anything and everything delivered in
Soft ways, heart very tender, never bothered about
Anything, never worried even in serious issues, and
Forgive others' mistakes, patience the core, tolerance
The strength, ice- cold the mind, with dignity at the top,
Gentleness always leads to success even in utter crisis.

GLORY OF LOVE

Glory to one only, the almighty, the love,
To be adorned every heart with it and to
Magnify the divinity of love, to give away
One's own life for others, as the love links
Everybody together; how many do know
It is God only connects trueness of hearts
Together, the magnanimity of love to be
Found out, the image of God in everybody
To be seen more clearly with heart only and
It only glorifies the greatness of love, to be
Bestowed on everyone, God to live as love
In everyday life, the unseen God is with one
As the love to be realized, not to search for
God outside, He is in everyone just as love,
Knowing it fully one treats others as own to
Glorify love as praising God, it should be the
Dictum of human life, to love and to beloved.

GOLD BELT

Sweetness of love embedded in the jewels
Glittering in the array of the gold in the form
Of belt with the love of insight, made with the
Gold in purity, transfixed with jewels to open
Up a new sphere of love, to dance with thumping
Heart beating with the music of love, reflected
On the pulsating soul, infused with amalgamation
Of love; sweetness of heart that fetches glory of
The Almighty, He gives the mark of the newness in
Everything to come up with enhancement of the
Trueness of love, and it has stimulated the confining
Heart with music of love and exposes the sincerity
Of heart, moved to the gold belt worn on abdomen
And studded with the Jewels to beautify the spirit of
Love, and the yard of the glorification of love at heart.

GOOD FRIDAY

The pinnacle of love ever seen at the gallows
One gives way his life for the salvation of all
Others very much inferior to him, the matter of
The greatest kindness to give way himself in the
Fire of extreme pain, by the way of the supreme
Sacrifice; king of kings died by inch for salvation
Of the worst sinner, quite unheard in the history,
Love at its peak, the agape, delivers wonderful
Honey to be tasted by everyone as the drink of
Excellence containing body of the greatest human
Lived on earth and living in heaven, everywhere;
The great revolutionized recovery, the humans get
With singing of heart and music of soul, symphony
Of love amalgamated to the extreme kindness, and
Brought the much needed salvation on this Friday.

HEAVEN ON MIND

Deep in heart, never above, the heavenly
Feelings come to do with the master- mind
Of serenity, where everything is transparent
Calmness and tranquility flow in, the matter
Of divinity there with the super finding of the
Purity of love and with marked habituation
Of heaven and the worry- free belt with all
The stress disappearing, no worry or danger
Intrude, bravery and kindness gradually fill it
I see you there in my dream, the sunshine and
The moonlight make my path clearer where
I chose to move slowly with my body thrown
Down, the lightest image of me floating in the
Horizon of hope, coming nearer and join you in
Supreme ecstasy of heartiness and loveliness.

HEAVENLINESS

At times heaven touches on something done
With all the sincerity, then it becomes sublime
It becomes enchanting, the reward from heaven
For doing with utmost sincerity, dedication and
Commitment; the heaven watches everything
Done in earth but it rewards only very rarely as
It is done here only rarely; the thumbs up for that
Being done exclusively with the passion and with
Dedication; the laziness and the loose life have no
Role here, the longing for heaven is reflected in the
Total dedication and commitment, one becomes
Integral part of heaven; how many know the truth?
The answerable question to everybody, how one
Can become an integral part of heaven, hurry up
To tighten up the looseness; dedication overflows
So much of enthusiasm in everything done, and the
Overtone of love falls to be called the sublime and
The enchanting, to see magnificence of assistance of
Heaven to fill the vacancy of strictness and discipline.

HERITAGE

The incoming glory that is from above, from
The ancestors, bestowed on, the crown of the
Inheritance, it falls like a thunderous applause
Moving from the past to the present with glory
Of inheritance, the sweetness of blood fills with
Immaculate deposition from the decades long
And be very proud of the fragrance of ancestors
Sent only through the blood, to lift the heart and
Mind up with the fountain of culture, sprayed to
Every offspring to get attached to the greatness of
A century above, to move with the association of
Heritage, propelled with the smartness of the past
And the monuments, and the antiques of yesterdays
Is brought back to present with all the holiness from
The above, making the pride elevated to sky - high.

HONEYMOON

The new comes, and fantastic on the first few
Days of the beginning, thrilling is the heavenly
Love, falling upon the new growth, the nature
Provides with the colors of the spring, flowers
Of heart blossom with all the thickened leaves
To spread the fragrance of love, honey is dripping
On the newness of love, the closeness of hearts,
The fragrance of love lifts the mind of freshness,
The dreams of love wings to the bliss of soul, to
Be carried on swing of hopes and amusements
With the transfer of emotions, played with the
Fantastic exhibition of greatness of love, hearts
Become one, the oneness of love transforms the
Two to one, the unity of love puts mind and soul
Together, the flute of love plays the magnificence
Of unification of two separate identity to refresh,
To sweeten anything that comes across in newness.

HUMBLENESS

The more one goes up, the more to come down
Mango tree with plenty of mangoes, stoops down
The endpoint of one's inner journey is nothingness,
Reflection of one's greatness is humbleness added
With simplicity; the stream flows down, not upward,
God is always so simple and He blesses the humble,
Man must know, the soul of every human is godly
Even in the poor and downtrodden, loving them is
Loving God only; loving others is loving God, and
Heavenliness in that love; even to love the enemy is
The sign of godliness; living for the poor and the
Downtrodden gives immense contentment and joy
To heart, that is worth more than millions, always
Look down, not up, as earth is ever ready to receive
One with a hug and kiss, as the nature is God only.

IDEOLOGY

The system of ideas and ideals forming the
Basis in mind to make the dictum of life and
It matters the base of human convictions to
Adapt oneself to the wide arena of human
Life, the matter of embodiment of principles
That values beautifully the belief of practical
Life, to do everything economically, politically,
Or socially, the guiding force, never touch upon
The human being but on what they hold, what
They believe, to create in their mind, in future
Having the opportunity to put thoughts in an
Area of creativity for newness of life, to hold
The ages so far together, to create a wonder of
Life and hold it tightly in mind for a total change.

INDEFINITELY

Human life continues with all ups and downs
Running without an end, for the unspecified
Period of time and with agility or carelessness
With no time to think of one's own future or
With the earnestness to work more, or with the
Lassitude of becoming loose in life or with matter
Of courage or becoming fragile to tackle anything
That stands against on the road to the indefinite,
Uncertain progress of life with the uneven levels
Of life, uncertain to become the champion of race
The sword of fate hangs over the head of every
Human, to be dispersed with the note of uncertainty
And going with the stamina of bearing with sweetness
Or bitterness of the cream of life, never to be tired
With what all happened in life, to be silent always,
Heart picking the struggles, and heart puts forth, and
Heart consumes the unspecified period of time left.

INNER JOURNEY

Have you ever thought of such a journey?
Man is totally confined to his outer journey,
No time to think of it, but it's only God wants,
Now it's time to make an assessment, how far
One reached, it's the only path to reach God,
Outward path or life won't help one to reach.
The inner path is full of thorns, ups and downs,
So many obstacles, blocks, hurdles, on the path
One has to jump over them to reach destination,
Only faith in God helps one jump over them,
Nothing else; initially faith is a fiber, breakable
The more one overcomes the adversities, faith
Becomes stronger and unbreakable; a wonder
Happens; excessive passions for worldly vanish
And passion for God only develops, inner senses
Open, one sees with them, God is felt very vividly,
Not with outward senses, one tastes and relishes
God, the greatest event in human life, one glance
At God is more than billions, it's the full realization;
The final realization is, the endpoint of inner journey
Is zero only; "I am a big zero, everything is God only".

INNOCENCE OF LOVE

Love makes heart young, even the youngest
Childishness propelled, mind becomes too
Tender, so soft, hardness all dispelled, the
Wonder of love paints innocence of mind
Moves to the heart of a child, even to the
Mind of an infant, love rains to wet heart
With all the specifications of abiding love to
Instill holiness in it, the godliness of love is
To come to get rid of all the misgivings and
Set right the mode of action of love, to move
On the right path, never go astray, to love only,
Feeling like loving God and love flows smoothly
Never the flow interrupted, even if there blocks
But love endures, never expects anything back
The candle melts giving the glow till it burns to
The last, innocence of love is illuminated here.

JASNA GUGIC

Croatian beauty fallen from heaven to be called
The nightingale of music, coupled with the queen
Of colors, the mesmerizing poet of love, the angelic
Heart with all purity, the wonderful poet sings with
The sweetest heart of love, and the majestic crown
Of kindness, with the kingdom of simplicity and the
Heartiness of humbleness; the multi- colored human
Enjoys the fragrance of perfection, and the attitude
Of righteousness with the magnificence of cleverness;
The so simple woman walks around with the steps of
Grace and she writes the sweetness of the human heart.

JUSTICE IS SUBMERGED

The word justice heard quite often, but hidden,
Injustice takes the form of justice and luck only
Makes man live today amid all the adversities,
Like the young man who falls in the river and he
Escapes water current amid the storm striking
And the river bed mercilessly eroded, courage
And presence of mind only take him to safety;
The nature is hit very badly where one has his
Memories of crossing calm river in chest- high
Water; when all the tranquilities of the past are
Gone, the calmness of yesterday is very badly hit ,
All the naturalness is replaced by artificialness to
Give injustice a new face as the artificial justice;
The trueness of love is gone with the holiness of
The tranquility very badly disturbed, honesty and
Truthfulness of yesterday is disappearing, bringing
A new era of human life where justice is submerged.

KERALA NURSES

Annamma, Cini, Bini, Lini, Sunu, Sibi, Susan
Everywhere, in every nook and corner of the
World, flying like the little angels, running to
The goal of dedication for service, to care and
Nurse the whole mankind, saving every human
Life with their own heart and soul together, to
Recoup the nearly dead back to life, the healing
Of the soul and body, the sweetest words they
Throw in other's heart are the magnificence of
Sweetness, the healing of the soul, even carrying
The excreta of humans with both hands, and the
Sweetest smile given, beautifies the world as a
Whole, the epitome of love seen with thumping
Hearts, to warm up the dozed and suffocating lives,
The specialists of love and care, garland each and
Every human heart with the healing power of love.

LONGINGS

Apart from the flow of love, too much of its
Longings specify the melody of love and to do
With the amplifying sound of it, too frequent
To hear, and with the magnificence of the heart-
beats, too many of them put the accentuation
Of love, transferred to the propelled way of life,
The attitude of longings makes the glorification
Of love with its sweetness dripping in soul and
The way to be infused with the unification of the
Hearts to beat singly, soul is soaked in the tears
Of joy to make the passions so pleasant as to thrill
The monotonous life with the longings to pulsate,
The soul to have the wonder of life to be explosive
In its telling of love, to be in the strong grip of love.

LOOM TO LOVE

Love looms in the beginning, non-specific and
Mysterious to feel as a wonder, but gradually
It gives way, hardness gone, softer in the end
With the magnificence of glittering, with loads
Of cheers and happiness; wine cups and sweet
Wine served, it intoxicates brain and soul to be
Hung on it and drawn in the dreamy world where
So many characters of love, mingling with them,
Chatting with them with heart only, and energized
The feelings, a different tune in its singing, what
A change, with all the looms going to nothing and
All the twists gone, a new dawn in front, and sky
Becomes brighter, the golden beams overshadow
The sun rays, they mix together to make the morn
Golden with all the wine glasses filled, cheers always.

LOVE FLOWS DOWN

The amazing amount of selfless love showered
On others especially the poor and downtrodden
Dedicated the whole of professional life for the
Betterment of them, haven't earned anything of
Own, giving something spectacular, new visions
And revelations shared with others especially with
Society and the mankind as a whole; specification
Of heart to do all these duties for others during the
Whole of lifetime, is a matter of great contentment
To heart, and sweetness to soul, the wonderful gift
Of God to complete mission; the contentment of
Heart is worth more than billions, a thought about
Memories is more than enough to be satisfied fully
And with the empty purse, one is leaving the world
With immense joy of having made love flow down.

LOVE IS HONEST

True love is so loyal, it can't be dishonest
It is the truest always, it is so transparent
It can't cheat anybody as the love is from
The depth of heart linked with soul, both
Are interconnected, part of soul is poured
In true love, purity is its character, holiness
Is its core, it is as pure as snow, tolerance is
Its nature, forgiveness is its mode of action
Never it tells lie, sense of sacrifice, its depth,
Great fascination to taste its sweetness and
It's fragrant too, never it dies, eternal, love is,
Nobody can split truest love, it is silent always
One can die for love, the sacrifice, the agape.

LOVE THRILLS

Moon descends and kisses sea, as they
Are in love, night is the time, they are so
Close, intimacy multiplied, unusual sight
Of love, manifested with romance, only to
Remember the long- standing relationship
Blossoming at night, fragrance intoxicates
Them to be with each other for long, mum
All the time, the golden beams fall on the
Water, it is sweetened, thrilled, and water
Jumps up, overflows to its side, flows with
Intoxication, streams to the space in between
The rocks, flows very gently and rhythmically.

MADE FOR EACH OTHER

The wonder of God manifested on earth
Some are made for each other at least a
Few, everything of their are the fittest ever
Even though no resemblance outside, love
In them the deepest, being attracted by the
Magnet to the iron, it's the root cause for
Having the soulmates, the train running on
The rails, the matter of approximation and
Attraction leading to the inseparable binding
Power making as one, the uniqueness of all
The similarities, the two have the one, to make
The heavenly earth with the manifestation of
Oneness everywhere to have the association
Of divergence, possible only by the touch of God
To blow the sound of alliance notwithstanding
The caste, creed, and color, with the fundamental
Affinity for genetic inheritance of love in the very old
Days, man to love each other to make earth as the
One, unification of divergence with the power of love.

MAGNANIMITY

Having a big heart full with something to
Give others, to help them, generous or
Forgiving others especially towards a rival
Or a less powerful person, and ready to
Help others even more than expected, the
Great mind to look at others as equal to
Him or her; kindness fills mind and it flows
Out to the greatness of love; thinking of
Self, moves away, the dictum of selflessness
Rules, the value of every human life is well
Documented in heart, to beat with the value
Of love and brotherhood or sisterhood, the
Sense of concern for others, especially the poor
And downtrodden, with the sense of gratitude
To God, and finding God in each and everyone.

MAUNDY THURSDAY

The readiness, one gives away oneself to others,
The pinnacle of love, the peak of the mountain,
The top of Everest, the sublime area where no
Earthly matters, where one goes into the godly
Grip, the unity with God; after one gives away
The whole in him to the world, what left in the
Sublimity on the top of Mount Everest, throwing
One's arms high up in the sky, the greatest act of
Sacrifice, the incomparable martyrdom; this day
Marks the preparation for it, Jesus washes the feet
Of disciples and celebrated the eating of the last
Supper with disciples, the act of great significance,
The foreword to the book on His supreme sacrifice.

MIND

The most powerful in the world and the
Solution for all the problems in life, and
The most difficult one on earth to control
Or tame, the wildest horse running around
Without the helm, the most useful for the
Person on earth, the most difficult to know,
The soothing agent to heal and to refresh,
Wonderful and mysterious the ways of mind
To travel, where exactly the mind, the great
Psychologists do not know even now, the
Outer mind we are dealing with always, but
The inner mind is deeply seated, which one
Has to explore and find out, it's nothing but
Soul, a tiny part of God in man; no medicine on
Earth can tame mind greatly, it's possible only
By the strongest faith in God, the excessive
Passions for the world and worldly gone and
The outer mind becomes controllable; even
The great psychologists and psychiatrist must
Know it, something beyond science, to attain.

MINIMUM QUALIFICATION FOR MIND

Indulged in the world all the time, never have
The time to look at own base, that is disorderly
Scattered, fluctuating and shaking, having no
Stability, might fall down, collapse any moment,
The root causes for any diseases that down man,
Humans not bothered to know even the basics
In them, the malady of human life on the earth;
Should have a minimum qualification for each
Mind to achieve, should know the fundamental,
Should have a mind quite stable, balanced, free
From fluctuations, or instability, or shaking, the
Minimum requirements, that bless human mind;
Only man himself is responsible this major defect,
The central control for monitoring of mind is lost
As God has distanced from man; the prerogative
Of man coming near to God will rectify the defect.

MISUNDERSTANDING

The real havoc that kills the whole world
Where the truth is faraway, very difficult
To convince but mindless, distorted truth is
In the air floating and blooming always, so
Quick it is to believe, the truth is submerged
And it is entangled; erroneous words make
Things worse, giving the opposite meaning
That hurts innocent hearts, casting shadow
Of untruths overwhelming mind as a whole
To step into the arena of misunderstanding
The tranquility of mind is disturbed and the
Total indisposition of clearness of mind to
Protect oneself by making other understand
The trueness of things what has happened,
And the reluctance to realize the truth which
Is dipped in the roaring sea, nobody has any
Patience to study carefully with an open heart;
Covering one's own mistakes and term asking
As act of accusation, spoiling the atmosphere
Of free thinking, making the misunderstanding
So difficult, and truth remains unknown forever.

MODALITIES OF LIFE

Many but only a few the basics, to possess,
If gained the very purpose of life is served,
It is not amassing wealth, or having esteem
But the least one to have, the primary aim,
Do at least little good for others irrespective
Of caste, or color, or creed, especially the poor,
Sick, and downtrodden, a helping hand in their
Crisis, a matter of harmony with everyone and
Creating sincere and true love with everyone;
Never hurt the heart of any one, never give pain
to anyone, never do it at any time in life, dispel
Egoism that rules the human heart, never cheat
Anyone, honesty and sincerity the paramount of
Human love, never agonize the trueness of heart.

MOTHER'S HUG

The sweetness of love manifested in extreme
The loveliness of heart squeezed through the
Multitude of blessings, hangs around the neck
To come close to the honey dripping from her
Face to be approximated to the cheek of the
Grown- up child to mingle with the heart of love
The wonderful approximation makes the deluge
Of love, a vast sea with the waves jumping with
Extreme joy of thumping heart beating with the
Sweetest melody of transparent love, to flow to
The child, doing the hug on the face of child, and
Calculated as the trumpet of love blowing the music
So sweetly and echoing in the tiny heart of the child.

MULTI-TALENTED

Fusion of talents diversified to do with the
Accomplishment of the greatness of artistic
Beauty, immaculate, personified with a divine
Touch swinging with the improvisation and
That too extemporary with wilderness of the
Naturalness with specification of the in-born
Mechanism of writing, singing, dancing, acting,
Painting, playing music, etc, etc, altogether two
Or more, excelling in the fields with aptitude
And skills to mould special hearts to diversify
The artistic movements to dwell with greatness
Of art and sweetening of the creation with the
Input of heavenly touch that projects superior
Qualities and painting on worldly canvass with
Heavenliness to magnify the different talents
In one human to be absorbed in a genius with
Superior qualification in glorifying the Almighty.

MYSELF

The declining self hanging on me, telling the truth
Of the vacuum inside when the self is gone out of
Me with the existence of my soul that is reflected
Onto the thick clouds sailing high, becoming dark
All of a sudden, movement is halted, honey rained
In the vacuum, fills it with the extreme sweetness,
Self is gone, and sweetness of soul is retained, the
Sweetened soul sings the melody of heaven to thrill
Everyone with the beauty of love and to spread into
Every heart to beat with the magnificence of love
To project the nothingness in man, the self should
Quit, the vacuum created will be filled with heaven;
The moment self is vacated, heaven comes down,
Fills it with the glory of love that also dripped from
Above to spill the truth, every self is to be expelled.

NO ONE MORE BEAUTIFUL

Beauty at its best seen in you, incomparable,
Eyes can't deny it, heart can't dispel it, there
Is someone in heart to ooze the rhythm of life,
I haven't seen anyone more beautiful than you
If I were a bird, I would fly in the garden of you
And sing the ghazals of love, no song is more
Sweet than your, and I can't expose my love for
You as it's hidden deep in my heart, it can't
Come out even if I try hard; the deep love can
Never be revealed, as shyness covers it deeply,
I hesitate to say, I love you, I lose the courage
To tell you that, how cruel it's I live with my
Longings, how nice it's to be in your shadow,
If I were a bird, I would sing the poems of you,
The heart loves only once, the rest just a breeze
My heart doesn't obey the orders against you
Even if the whole world against me, my eyes
Always search you, heart often moans for you
My heart is a closed world, the burning love
Grows inside it, the sun of love, it can explode
Any moment, I come to you with all my might.

NO- MAN'S -LAND

The theme of the human life carries the meaning
Of having a space unused, or unoccupied, or silent,
May be a man with inward life pondering on man's
Destiny, a point of pointlessness, is growing with the
Philosophy of absurdism, a challenge to the universe
With the total magnitude of hiding from the activities
Of the world, life becomes inert and inactive, the misery
Of monotonous life ends, the activities start with heart
Projected outwardly, so much of enthusiasm given to
Withered life ending, so much of specification of love
Contained inside, to move to dearness of abolishing the
No-man's - land with activities restored, and new phase
Of thinking restarted, fresh dew falls on no- man's land.

OVERFLOW

Flowing over the width of life, the essence
Spreads and flows over in tandem with the
Pulsation of life, the immense blessings of
God, unlimited, fluently flows to humans but
The thrust of human life pulls the blessings
Down, not up, but still it overflows to save the
Stained human lives from imminent disaster,
The core of human life today, not complying
With the will and wish of the Almighty, making
Things complicated, most of the things in the
World, to keep in abeyance with the transitory
Ways of life; in abundance, and the overflow of
Every goodness that centered on the blessings
Of God is to beautify every heart with excessive
Flow of richness, and it is focused on godliness.

PERFECTION

Mitigation of the events in life culminated
To the drawing of the skilled life that is in
The heart to adapt itself to the better ways
To live, the synchrony of love is turned to the
Philosophical attainment of maximum of love
Purest in quality, instilled in the essence of the
Life to have an axis at the center, life rotating
On it, the divinity comes in, God becoming the
Axis and the whole of life centered on it, with
The tranquility of love floating, stability of mind
Achieved, with the helm moved from man at the
Periphery, and moved to God, the axis, the human
Life is rotating on God, wonderful the result, God
Is nursing and guiding man, He does everything
For man, his life becomes perfect and whatever
He does become perfect, it's the God- guided life.

PERPETUATION

The intimacy of love spreads with the hollowness
Of the world, to do with the richness of human life
A matter of loneliness to act with beautification of
The inroads to the society, to spread everywhere the
Richness of love, with hearts moving to the so good
Morals of life and associated with the transposition of
The evils of mind and possessing all the goodness to
Spread the qualities of life to move with momentum
Of highness of love, to be mixed with the adaptability
Of challenging the hardness of life, to eat away all the
Vulnerabilities of human life, to make sure one doesn't
Go astray, he should perpetuate the tidiness of living with
The high morals, to outclass the darkness that creeps in.

PLATINUM OF LOVE

“Your happiness is my happiness and
Your sorrow is mine, your pain is mine”
Heart is ready to do any sacrifice, even
To die, the agape, to relish the sweetness
Of love, that is more than enough, and
Nothing else, not possessive, not selfish,
Nothing wanted, only what you give and
If your hands empty, I am happy as usual,
The core of the supreme love is it, extreme
Selflessness, doesn't need any reward, but
To love and to be loved, the essence of love,
Don't want to come close to you, never to
See you directly at any time in life, the love
Passes through spirit only, returns through
Spirit only, the passage through spirit only,
Not through the world and worldly, it is the
Heavenly feelings, the love of heaven where
God is in between, God only connects, and
Continuous prayers, only to meet in heaven.

POETRY

Emotional stability sparkles to different rays
Of beauty that binds apt, different, words and
Rides on divine truths to show the dictum of
Understanding the deeper meaning of them
And throws the inquisitiveness, and beautifies
The yards with flowers of different colors and
To specify the earnestness to form the adhesive
To fix the words on emotions and truths, to go to
The vast variety of life, to put together mindful
And soulful picking of life with the realization of
Living at the various stages of life, with adequate
Feelings or thoughts on various aspects of the world
And the universe, and the deeper links with divinity
And the Almighty, and fascinations or dislikes for
Various aspects of human life, to be put together
In condensed form of instilling the ideas on paper.

POETRY IS NANO

Poetry is the nano content of anything in
The world; ideas, thoughts, feelings, and
Emotions, any particles of earth, universe,
Including the nature, the images of them
Stay at the bottom of mind, heart and soul,
Stay there for long, matured, and outpoured
As the spilled words, the divine power of the
Almighty comes into being in the nucleus of
The words, so many modifications take place
For development of the matured words and
The power of words being holy, sacred, with
Their far- reaching effects on the human heart
And soul in the most positive ways, not in the
Negative ways like that of the nuclear bombs,
Holiness of nanoparticles fills the spilled words.

POETRY MAKES LIFE NEW

The revelations from soul, the visions of heart
Make the livelihood so absorbing that a small
Thing that arises from the poetry influences mind
To dwell with flowering themes and sweetness;
If the words to bypass the barrier of human mind
To indulge with the practicalities of human life
To be absorbed with the changing ways of life to
Fill in the inertness and inactivity of life, making
Alert to extract the depth of poetry that is very
Vibrant to modalities of life, developing the desire
To change the dictum of life, to pass through the
Development of life, stimulated to the core of poetry,
Preparations made at the bottom of mind to change
The life- style to be associated with newness in living.

POETRY OF HEAVEN

Heaven speaks, heaven dwells in every heart
But in many it is not attended to and ignored
Completely even without knowing it, it's what
Happens today, soul is sweetened for a second
The effect of it lifts mind elevated in closeness
With heaven for a short time and it fades soon;
But if it is retained and picked by those who can
It is the honey of poetry without any language
Or words, passes as sweet lightning through the
Interior of human mind, giving the desire to catch
It and sing it, even it's not sung, the feeling of the
Total poetry swings here and there in mind, telling
Poetry is the basis of all heavenliness, a part of it is
Dealt with on earth to have sweetness from above.

POWER OF LOVE

The root of every constructive power in the world
Is love only, the gentle breeze spreads with wings
Of love only, love is honey dripping from soul, and
It may drizzle or rain, the vacant heart is filled with
Honey and it oozes out, the dryness becomes wet, it
Showers happiness and, the pain and grief become
Sweetened, the pain of love is sweeter than anything
So much of love makes man elevated to the sky to put
Heart above the miseries and sufferings of the world,
All weaknesses bloom to beauty and vigor, the great
Power of love is forgiveness; love can't disbelieve as it
Is pivoted on trust only, love and trust go together as
Both are directly proportional to each other, and love
Doesn't disrespect, love doesn't hate, what love does
Is smiling in heart and dancing in soul, and soul is to be
Fixed with soul, and heart with heart, all what matters
Is, love flows incessantly, the undercurrent of the flow
Is much superior to electric current, it can fix anything
In the world, either good or bad, love heals everything,
The panacea for all maladies; realize, love is God only.

PROPOSITION

The integrity of the matter that needs assertion
Is done with references to the judgment of the
Heart done with its magnitude of completeness
That are in a way to establish the whole of the.
Truth that should pervade the smell of truth in
Every heart, to turn the doubts down, to have the
Smoothness of life to be transferred to the upper
Hand of activity to bring the life in the righteous
Way with the strong faith to the adherence to the
Great values of life and perpetuate moving in the
Right direction far away from the evils of life and
To do with the suggestion of plan of action that has
Been grasped front the journey in the right path, to
Have been dwelt with concurrence of love, and to
Be delivered with righteousness to stride forward.

PROVIDENCE

The natural immunity in man which many do not Exercise, or thoroughly dependent on it; similarly Natural care of the nature, care for all of us which We do not utilize, magnificence is the immunity of Human body, wonderful the care of nature which We do not explore; if we go by the natural way of The care and protection given by God, craving for It, with the determination of extreme love for God With absolute and unbreakable faith in Him, surely The mysteries of Him, the blessings on human body And soul, the protective element embedded in the Care of nature for humans, revealed, purely relying On the course of action by God, waiting for God to Act, opening heart for the natural way of care of the Nature comes into the depth of human life, the great Protection of life for every human comes into action.

RAIN

Love of heart fallen from the sky to wash
The dirt of earth and to replenish wonder
Of land with tears of joy and to wet soil of
Hardness to execute the power of love and
To transform the hardness to softness, and
To enjoy the beauty of love fallen as drops
Of coolness to make man think of kindness
Of sky to accommodate sailing clouds to be
Touched with accomplishment of heaviness
To move with transparency of compassion
Wet with stillness of love kissing earth with
Crystals of purity fallen and flowing on soil to
Be blessed with the love of the land pouring
With the association of the coolness and to
Spread love on earth to replace the hardness
Of heat slowly becoming the happiness of love
From heaven flowing and streaming everywhere.

RIPPLES

Delicate and sweet waves ever sailing
High with the trajectory of the wind on
Water to smooth the heaviness of stream
To pull the constriction and evading to all
About the relaxation that fits in relieving
The agonies of life, waves of soul project
The transcendence of love moving slowly
And gently over the bloodstream and it is
Reflecting the beams of my heart beating
To be stimulated with the smartness of
Intense ring of happiness moving slowly
And gently to beautify the calmness all
Around to do with the tranquility of love
And sweeps through the water of beauty.

SEARCHING

I'm lost somewhere on my path towards you
Still my heart is searching you, my soul for you
Heart is beating with the magnificence of you
My eyes are brightened with the rays of you
I tried my level best to reach the vicinity of you
And I see, your name is imprinted in my heart
I'm the tiny waves that are lost in the seashore
I'm the little poem that is lost under the big pen
Poem comes in my heart but I can't write a word
I need a little strength of you to move forward
Why am I still searching you again and again in
The midst of the thick mist that is blinding me,
I'm looking for the glittering pearls that are in you,
For the colors of the rainbow that are very vague,
Still I'm searching you; I know I'm looking for the
Moon among the stars, but you are hiding under
Clouds, your beams fill my heart and I search you.

SECURITY IN HUMAN LIFE

Insecure the human life, runs aimlessly
It goes on and moving fast all the time
The majority don't know what for it goes,
Flowing incessantly but many twists and
Ends on its own, no security at any time in
Life, nothing in heart to stabilize the flow,
Tortured and shattered most of the time,
Insecure always, why it flows, think often,
It started and it ends, nothing more than
It to tell, was there a life, what has gained?
Simply nothing the answer, it has vanished.
So much to tell if life had an aim or purpose
The creator has a purpose to create anything
One should think about that, and to reckon,
Security in life felt automatically with thoughts;
Inquire about the creator, is more than enough
To find the purpose, the realization comes that
The distanced man should come close to creator,
It is the greatest finding in human life and man
Is put automatically in the process of reaching Him
And the rest of his life is a search to find the creator,
With the vision of the creator in heart, life is secure.

SELF- RELIANCE

One's own ability, the gem of that person
Not to be adulterated with that of others;
Stand on own feet whether it is good or not,
Build confidence in own work, it is the sweetest
Thing one does and be satisfied with what one
Owns, it's the first step to develop and the rest
Built on it, keep trying again and again till mind
Tells enough and enough; the mental happiness
And contentment are the roots for every creative
Work that thrill heart and soul, and it is pleasing,
Beginning of the biggest attempt is to jump onto
One's own talent and developing the high grade,
A step forward that is putting the whole mind, and
Soul in it, and these processes make one totally
Dependent on oneself and go ahead with steel
Like mind to climb up and up, never to look back.

SELF-FREEDOM

Judge yourself first instead of judging others
First you understand yourself, knowing oneself
Is of great value in life, that means just to know
What you are, your goodness and your defects
In a way to correct them, to go away from the
Dirt in life, develop earnest effort to enhance all
The goodness you have, and develop the ability
To know well what is good and what is not good
The great step to understand you, as well as God
The great fulfillment to realize you and everyone;
The net result of this process of understanding is
Becoming loving and compassionate to others and
Develops the great value in life, forgiving others, the
Great exercise of developing closeness with God as
Well as with the world, the strength to stretch mind
Developed, the tolerance and you get the freedom to
Make your own conviction and determination, never
To waver, never become shaky but to be strong and
Sturdy in mind, never change your path of submitting
Yourself to the Almighty, never submissive to humans,
God's will to be established, you move far away from
What you were before, a great establishment of the love
Of God, the mesmerizing beauty of love, to be induced
In the cheerfulness of life of admitting others, recognizing
Them, a great reconciliation, it is all what is needed today.
You get freedom to judge by yourself, you choose to take
Your own choice in everything you do, your own selection
Is superior to what the world says Coz your judgment is based
On God, the self-freedom you enjoy, it's the emotional stability.

SHADE

Goodness of calmness occurring when there
Is a sense of protection, a shelter, above and
Around when the undue heat of sun rays being
Interfered with or being prevented, mechanism
Of comparative darkness falling with the advent
Of making cheerfulness below, a sense of relief
The whole world relishes when the evil spirit of
Wicked hearts fallen and the brightness of love
Enters; the tender care, the protection, and the
Smoothness of love, altogether produces a sense
Of pleasant happiness that filters the evils and
The genuineness of tender care felt, moving to
The transitional zone of protection, showered on
Everybody to enjoy the joy of the well-protection.

SIGNIFICANCE

Nothing is unimportant in the world
One way or other each one is significant
Never ridicule anyone, as each one has
Individuality of one's own, never look down,
Always look up, never shatter one's dream
Never shut opening to anyone, help always
At hand, never look at outside but visualize
The inside, that is the flowering beauty, one
Can't think of oneself only, but think of others
Especially the poor and the downtrodden as
Each heart is significant, each soul carries the
Magnitude of greatness, never see one down,
Each soul is flowery and never hurt the heart of
Anyone, the hurting is wounding the Almighty.

SOUL WEDDING

Beyond what all the world makes, soul makes,
It is the spirit of God that makes and confirms,
The body is not in the picture, two souls unite
In fact the spirit of God make souls unite; and the
Unification of soul only, nothing else, hearts speak
Through soul, seas and mountains separate souls
But they are one, can't be separated by the world,
Only God can separate them, only sweet visions are
Their habituation, everything inside, and in soul only
Transmitted to heart and mind, the vicious circle of
Soul, mind and heart, nowhere else; the circle is fully
Filled with pure honey and red rose flowers, sweetness
And fragrance mixed together, living much beyond the
Border walls of the world, unseen to everybody but
Seen by God only, only soul feels, soul relishes and soul
Enjoys, much above the miseries and sufferings of the
World, and live together in the next birth with visions.

SOULMATES

Never seen directly, but God connected them together
The wonderful ways of God, the unimaginable happens
Both heart and soul exchanged with great intimacy of
Love together, one can't live without the other, such bond
Exists with miraculous ways of living, attached to each other
With the sacred relationship of loving so deeply, existence
Becomes highly spiritual, becoming as one forever and living
Together in the other world, their hearts speak; their souls
Only exist on earth deeply linked by absolute mutual trust
Never to be separated by any force of any kind, their souls
Say; the exquisite love between them is artistically beautiful
That it is a high rated painting worth more than anything in
The world, hearts whisper; but haven't met in this world
And don't want to meet directly but so sure to meet in the
Next birth, it is their souls live, not the bodies, living above
Everything in the world, above all the adversities and blocks
That they show the existence of such a superior love on earth.

SPIRITUAL POETRY

The pure reflection of inner mind that paves
The way to divinity and godliness, the deeper
Meaning carries divine wisdom, the reader can
Easily get entry to the inner world, relish its inner
Beauty, taste its sweetness, the depth shows the
Glory of the Almighty, the magnificence of love is
Felt, the essence of life is deeply known, the silence
Tells the whispers of God, the poetry builds a better
World for the humans to dwell in, the poems deal
With human soul and above, sphere of godly love
Is exposed with inquisitiveness of human mind, the
Divinity around human soul revealed, the greatness
Of spiritual life is delineated, putting human mind in
The sphere of God's love, much above the sufferings
And miseries of the world, the poems can expose the
Mysteries of God, poems develop instinct to search
And find the truth of life, and floating above human
Thoughts and make humans explore the undetected.

SPONTANEITY

The naturalness of life coming on its own
From the depth of tranquility embedded
In it with the specification of inclination or
Impulse stimulating with no premeditation
Or external stimulus to do with magnificence
Of nature, adaptability of God's own creation
With lives of excellence everywhere with the
Instant functioning of their own, the greatest
Gift of God, His creation with the beautification
And sweetening of love, everything functions
So sudden on its own, to make fulfillment of
Love making the glorification of the Almighty
And normalness is maintained everywhere in
The universe to create godliness in everything
Spontaneity is the culmination of Godly touch.

SWEETNESS OF HEART

To be at the top of enjoyment, heart has
To do with the sweetness of it, just to feel,
Relish the nectar of containing the extreme
Happiness, it has to notify the sweetness that
Hasn't come from the beauty seen with the
Naked eyes, but heart itself absorbs the theme
Of its liking, based on the righteous way of the
Life, combined with the best in its content and
Heart perceives the best from outside and from
Inside, to magnify the depth of goodness inside
To modify its affinity to eternal goodness that
It has come across, gives the maximum of the
Perception of sweetness which will live long in
Heart as well as in soul, to beautify the inside.

TEACHING

Heartiness of love manifested as the
Polishing of culture to enhance with
Dispatch of knowledge to matter the
Effect of passing of the greatness of
Esteem to swell with manifestations
Of stimulating brain with an attitude of
Thinking and perceiving the core of the
Information to bless the development
Of modalities of making the pupils with
All the effectiveness of the passing of
Matter of knowledge and with respect
And the closeness of the attachment of
Emission and storage of the information
In the human way of exchange, making the
Brain of pupils to function with technique
Of exchanging, perceiving and storing the
Uniqueness of knowledge and information.

THE CROWN OF LIFE

The worldly life with all its sufferings,
The monotonous way life is continuing
With all the gigantic waves striking hard
The tsunamis jumping sky-high always
In between only little happiness at times
That too worldly, perishable very soon
Life goes on like aimless wandering boat
It can sink any moment in water current
But to stabilize the boat, what to be done?
Anchor it, steady it, with repairs to engine;
Go beyond the wandering life and steady it
Make the engine activated, and let it work
Let it take control, the engine works efficiently
The boat follows, very steady it is now and it's
Sailing very smoothly, so pleasant is the sail.
Let the inside work, one realizes it, one sees it
With the open deep senses, the inactive inside
Becomes active, it works, it's the crown of life.

THE DIVINE WHISPER

Sweetest but very faint, and heart picks
Delicate words, the inner senses perceive,
Echo in the inner heart, spread everywhere,
Sweetest honey is dripping from my soul
So much of easiness felt in me, nerves all
Are relaxed, wonderful feeling of heavenly
Love, the faint sound looks like the flashes
Illuminating the horizon of darkness and
The twinkling of stars seen high- up in sky,
Illuminated heart sings the melody of the
Sweetness, it's a transient one but it lasts
For decades; one caress of it is enough for
The whole of human life, and I add to the
Store of eloquence in me, and the feeling of
Floating and flying in me, the burden in me
Is gone forever, however the whisper echoes.

THE GREAT EXECUTION

The creative that comes from soul, that is
Delivered to heart, something spectacular
All the way to periphery of human life and
To be adorned with the magnificence of the
Creativity, all happen in silence, to do with
The intriguing addition of wisdom to benefit
That field of human life and it amplifies the
Potency of what has come, something new to
Thrill the monotonous life with enthusiasm of
Looking forward always in the true spirit of
Achieving the new with the spirit of God and
With the specification of something created
And more to be built on it, the magic of the
The silence, to do the creative work that has
Been already reflected from soul, the wisdom
Is delivered to do with the fresh creative work.

THE LONG WAIT

The whole of my life, I was waiting, the search
Is never-ending, I'm the traveler on narrow path
With ups and downs, full with thorns and sharp
Stones; how did I walk over them, I feared in the
Beginning, but somehow or other I managed, coz
I found a rope thin, breakable, stretched over me
I hold it tightly but at times it breaks but tendency
To fall is minimized when finding rope bigger, after
Each fall, the rope becomes stronger, unbreakable,
At last, the last laps, journey was comfortable coz the
Unbreakable rope, so strong to carry me to the end.
The long wait covering few decades so thrilling and so
Exciting; even now I can't travel without the big rope
And it will be with me always till my end, whenever any
Peril appears, it pulls me up and my journey is above all
Blocks in front of me, the very long wait paid off so well.

THE MOMENT FOREVER

I wish this moment forever, continued to
Infinity, I searched for something I was
Missing very badly, I loitered everywhere
But nothing was found, I didn't know what I
Was searching, I failed to grasp what I was
Looking for, mind was in utter confusion
But suddenly a sweet lingering sensation
Fallen in my soul from above, and I looked
Up and around, but nothing was seen and I
Realize, the sweetest feeling is living in my
Soul, and heart plays the sweetest melody
Deep in me, words can't tell my happiness
I trust, this sweet lingering sensation lives in
The depth of me forever, the blissful feeling
Lifts me to the heavenly abode and I enjoy it.

THE PATH TO ETERNAL LOVE

I found you much above the ruins of the cities
In search finding mission of my mind and find
The path of eternal love where you live above
My vision of finding the truth and my heart is
Being filled with energy of the blissful image
Of you, to dwell with the attitude of reaching
The tranquility to love, linked with the soulful
Faith of intimacy and I travel on the visual path
To be present with the deep association of my
Soul with you, the everlasting concept of eternal
Love is found, where I am to hold you tightly, having
The shine of all my insight, to guide me and reach the
Destiny of trueness, eternal love showers blissfulness.

THE PETS

The creatures of love, created by the Almighty
To have company of man in the thick run of life
To express the love that is He in every walk of
Life, to see God in everything, love condensed
To be distributed everywhere, but man maligns
It in every way to admit the harshness towards
All the innocent animals, making them angry with
By losing their stability of mind, but most of them
Too innocent to be loved, express the extreme
Love, that man can't show to his fellowmen; the
Pet dog, the symbol of agape, even to die for its
Master, truthful, faithful, what not, man its heart
And soul, the epitome the truest love, other pet
Animals and birds, make hearts the real paradise.

THE PHOTOS

The most exciting I got last night fallen
From heaven, the most thrilling and the
Most beautiful, honey was dripping from
The unique creation of God, the wonder
Of His artistry I visualized; with the photos,
I was elevated to heaven where I float in
The enthusiasm of divine love and I was
Dipped in heavenly Joy for long; heavenly
Touch only makes things so exciting and
They are made holy and enchanting to be
Printed in the heart as the marvelous and
Most spectacular creation of God, and one
Touch of Him is enough to feel the heavenly
Bliss in earth, the photos of His most exciting
Creation to be delivered in heart as beauty of
His love to wipe out the miseries in a moment.

THE SAINTS

I haven't had a vision of you, yet the warmth
Of your skin and the light of your eyes, I carry
In my heart; I know everything of you, soul of
You carry the depth of love, I swim in the river
Of your love as a dolphin swimming, I'm often
Lost in the dreams of love from you, I become
A sailor sailing in the love of you that is felt in
My heart, I see footprints of you in the arena
Of love, I feel the fragrance of your kiss and no
Clue of the geography of your body as you are
Very far from me, and I place it on the wings of
The wind that blows in between us and I feel us
As saints dancing always in the moon seen at far
Above, never seen coming down, but always there,
I let my body be reduced to grains, and float from
One dream to another one in vision of my desire.

TO BE SMART

Having and showing a quick-witted intelligence
Being clean and tidy, well oriented all the time
Having the grasping power to act in a disciplined
Way to do so quickly to address any problem that
Have a say in the long running of life, to be at the
Helm of managing the life in a disciplined manner
To continue with all the energetic ways to be good
In all respect, developing brightness and cleverness
And the manner to have the ability to comprehend
All the good aspects of human life and with willingness
To open up the new realm of life to do with aptitude
Of being too good and punctual in everything done
The strictness and the discipline in life make all the
Attitudes so much pleasing to have the glory of life.

TO DO WITH

Symbol of success for the whole human race
The hope of achievement, may be useful, or
Would like to have, or do something, the boost
Of energy to put man above, what would have
Been a disaster averted, with due caution or the
Preparation done to make positive waves and
To do with for the maximum benefits and never
Go to do without, the negativity of life, not to
Run away from the modalities of life, strive to
Achieve the better ways of life, to have energy
To perpetuate the honesty of life, to do with the
Maximum of goodness and to achieve something
Spectacular and energy gained to win, not to lose.

UNCERTAINTY

The golden one, upon it's the sweetness
The unpredictable ways of life, make it
So tasty to relish and the anticipation of
Love to make life so thrilling, to wish and
Expect sweetly, never comes but doesn't
Matter, but the long wait with the mirage
In front to catch, and it moves away again
And again, intoxicates the human life, and
The melody of love always supersedes the
Sad songs as the anticipation blooms often
With fragrance of goodness, the uncertainty
So often brings colors of happiness only as
The long wait is honey based to attract the
Goodness, making the life so adventurous.

Copyright © Eternal Vibrations, Dr. K. K. Mathew

UNPREDICTABILITY

Unknown and unpredictable things happen in life
Quite wanted, but wanted at a later stage, comes
Spontaneously at will, the best known things in life
The unseen power brought it so close to heart, and
It becomes the basis of one's own life, a matter of big
Surprise, which cannot be explained by human brain,
Knowing the great truth that there is something far
Beyond the human capabilities and beyond human
Mental faculty, that materializes, man comes to know
It is the touch of the incredible hands of God for which
There won't be any human explanation; welcome it,
Accept it wholeheartedly forever cos it's the miraculous
Deed done by the Almighty to safeguard; it is the best.

UNSEEN LOVE

The remote thoughts that run into heart
With the sweet kisses to my interior and
The feeling of explosive happiness and it
Sprays the aroma of beautiful flowers, the
Wind of the rainy season blows so sweetly
With exquisite love and it invades me with
Strange thoughts but very beautiful that it
Sparkles with the memories of the good old
Past, that has taught me a lot, and it sails to
The present with lonely heart, with essence
Of reality though painfully scribed, it's filled
With beauty and sweetness that are tasted
Now, the mixture of the pain of past coated
With the sweetness of now, the unseen friend
Caresses my heart today, the sweet eloquence
Of love brings the misty, beautiful feeling ever.

Copyright © Eternal Vibrations, Dr. K. K. Mathew

VALIDITY OF LOVE

Never like it, satisfied when thinking of,
The hunger ceases and the thirst fades,
Energized the heart, the soul stimulated
Wonderful the body, its touch refreshes
The mind, sweetest dreams fly in the sky
What is it, nobody sees it with outer eyes
Only inner heart, ears, and eyes can pick it
Nobody knows it, it is beyond any words
Misty it is but mist fades completely often
It is so sweet on tongue, sweetest in heart
Soul sings quite often, the sweetest melody
But it hides always, difficult to be exposed
It is fragrant but no flowers outside exposed
Honey rains in soul, wets heart and it flows,
Honey is seen everywhere and in everything.

VISHU FESTIVAL

Spring comes in hearts, yellow flowers bloom there,
Fragrance spreads everywhere, music of prosperity
Echoes, nectar drips from each and every flower and
Amplitude of well-being rises everywhere, manifested
As gifting of coins, money, cloth, coconuts, to adorn
The day of Vishu like the Onam festival, it lasts for only
One day, the symbol of bringing prosperity from heaven
And hearts singing the melody wishing happiness and
Richness to everyone, joy and contentment overflow
In the tiny state Kerala, in India and over- enjoy for a day
With celebrations of love and friendship, and to boost
The energy for protecting oneself from the darkness of
Miseries and sorrow, it's an escape from them to have
The mist of prosperity spreading with the extreme hope.

WATER

Sweetness of love manifested in two,
Water and fresh air, making love live
At the zenith of heart to beat with the
Tune of heavenliness that is bestowed
On every human to be treated with the
Extreme love of God for human as his
Habituating place earth is adequately
Containing water, for the humans to live,
The great gift of God, the definition of
Godly love, to flow to every human soul
To be cooled with the instillation of the
Godliness, man to bear with the attitude
Of love, the nature is showered with rain
Of love, water is to be termed as the core
Of love, the colorless, odorless, tasteless,
Transparent, fluid acts as the protective,
Incredible hands of God covering earth.

WHY NOT?

The most affirmative in the world, to slip
Away from the downing of the wonderful
In human life, to be lifted in a way to go for
Assertion of the positivity and to ask for all
Its stability, to stay aloft in the magnitude of
Staying stable, never to loosen grip, to avert
The tendency to fall down, affirmative point
Of asking the question, “Why not”, itself has
Its impact on human mind to perpetuate the
Positive thinking, to transfer all the energy to
Dwell in the assumption of living above the hell
With the thought of moving towards the positive
Way of life, heart to have the positivity in asking
Oneself to carry the movement of confirmation in
Everything and one should ask himself or herself
“Why not” and the answer is “Yes definitely I can”.

WITH YOU

When I'm with you, my heart beats faster
I become the happiest when I speak to you
You have cast the sweetest picture in me
I lose control of emotion with your memory,
When I close eyes, you come in front of me
Holding my hands and sharing precious time,
When I gaze at your smile, night lasts long,
Never knew your presence is so invigorating,
Permit me to uphold you in my heart forever,
Such priceless moments, you give me always
I thank you for bringing out the beauty in me
You only make me know what the true love is,
A moment with you is more than a decade for
Me to live here on the earth, love you forever.

WRITING FOR

Poetry comes to the point of glory only
When the poet realizes the great truth
Somebody is writing for the poet and the
Truth that unseen hands holding the pen
And wonders happen in heart and soul
Something else the poet never intended
To write; something comes and something
Flows on the paper. the matter of excellence
Which the poet doesn't know, the poet is
Carried away by the deluge of words and
Ideas where the poet is overwhelmed and
He floats and he moves forward in current
Of the power, magnificence of love of the
Current takes the poet to wonder of love.

Eternal Vibrations

DR. K. K. MATHEW

*The poems in **Eternal Vibrations** echo the vibrations of the universe, which poet's soul could pick up and write. These poems are highly mystical and spiritual revelations of eternal truths. The poems deal with revelations that stimulated poet's soul to extract the deep and subtle truths that adhere to the mysteries of God. These poems delineate the identity of the human soul and the mystery of the sphere beyond that. Each line of these poems is a vibration of divine truths that create and mould the existence of the world.*
