## **PREFACE**

This book is my 11th collection of Poems in English. The 239 poems in this book were written in three months (during December 2018, February 2019). The poems are mainly mystic and spiritual. It is really a spontaneous outflow of my inner feelings. I invite the readers to evaluate these poems.

## FOREWORD

This is Dr. K.K. Mathew's eleventh collection of poems. He is a doctor of medicine by profession. But, he is a poet who is inspired from above and writes whenever he has leisure. The poetic muse is so benevolent to him that he can write poems always and so, he can be termed as a prolific writer.

The poems in this volume show the poet's strong proclivity towards the spiritual, and he seems to be at ease in delineating the contours of pure devotion. The pious and religious aspects of life find many irresistible and enchanting ways of utterance in these poems.

These poems have no varied subject matter. The poet talks about his spiritual experience. This spirituality becomes the sole and predominating subject. The poet adopts a variegated pattern for the presentation of his spiritual experiences. His stand point is that of a man who is deeply involved in the subjective whirlpool of Ecstasies and Agonies. Therefore, though the poetic perceptive is strictly one dimensional, the reader is taken to a diversified, multi coloured kaleidoscopic view of things and multifarious perception and enjoyment.

H.F. Amiel once said: "To become Divine is the aim of life; then only can Truth be ours beyond the possibility of loss, because it is no longer outside of us, nor even in us, but we are it, and it is we".

In this sense Mathew experiences the Divine in himself. He is it

and it is he. He is a spiritual explorer who moves beyond the world of senses. He says "the truth inside is masked by the desire I have for the world". (The Truth in Heart)

In the poem 'Rose' he says :

My Heart goes deep into the rose,  
It dissects petals, goes to the nectar,  
Its honey ... drips into the heart,  
flows like a stream.

In the poem 'Mystery' he experiences "something unseen and unheard above comprehension". He thinks that one can become Divine by practicing the presence of God. He believes that always at every hour of the day and night, whatever be the circumstance or condition, the Lord is actually present. That was also the belief of the poet William Wordsworth who had a chair in his room kept vacant as it was meant for him.

Man has achieved so much within and without.  
The time is come for him to shed what is evil in him  
and move forward with a mind steeped in unclouded  
light. He must come out resplendently like the  
shining pearl breaking out of the oyster. For this,  
Mathew takes refuge in Nature.

The broken heart takes me at night to the  
open space ...

I look at the sky,  
the little stars smile ...

(Little stars smile)

The poem 'Echo of Love ' gives a more vivid  
picture of the transcendence.

True love that the heart beats,  
in the sweet solitude,  
echoes in the silence of memory.  
Silence crowned by the breeze,  
echo of old leaves falling,  
music of sweet songs of birds;

love echoed in our hearts.

For Mathew the essence of the world is 'Love' (Poetic Love) and the cloud in the sky is the gateway to Heaven (Drops). He writes : “Poetry never dies”. He also asserts the immortality of the soul. In Poetry and soul he says :

body decays, it putrefies , dissolves in soil

soul never dies, it is eternal. There are unseen horizons within us and around that beckon us daily. These poems are a call and an answer to that call.

Mathew is philosophic and in many poems asks us to take a positive attitude. He urges us to endure the challenges of life with determination and fortitude. He writes:

More the challenge,  
more the determination;  
more the grief,  
more the happiness;  
more the darkness,  
more the brightness.

The paths of darkness lead us only to ruin and failures. The path of truth is the way of transcendence and transformation. These poems are an invocation to the Divinity, the power of light beyond darkness. They meditate upon that adorable splendor of the God which pervades everywhere, the earth and the sky.

Reading these poems requires close attention and if the reader is willing to spare the time, he/she may find this the most rewarding experience.

## BACK TO THE BEGINNING

Garden of Eden, God created first, the garden, God intended for man to live, full with trees, plants, fruits with animals and fish, all in harmony, love the core, it grew in plenty, the garden was heaven on earth, now the love is lost and earth perishes, if love is regained, earth becomes Garden of Eden or Amazon rainforest, what is love? love is God, He is absent in hearts, nature is God, man cuts nature, man hurts nature, it weeps, God weeps how to correct misdeeds, the damage? what the action plan? God to enter hearts and love to be regained, then man realizes, the holes bigger in the protective ozone layer, atmospheric pollution, the earth dying; each hand plants five trees, the first step, control carbon emission in the air, protect the sanctity of nature, and nations to give priority for agreement to protect earth.

## DESPAIR

Heart broken to pieces  
no hope to fix together  
blood drained, body pale  
darkness engulfs life  
no way to move out  
helplessness infiltrates  
mind dips in despair  
no one on earth to help  
but unseen power knocks  
at door, mind pleads,  
pleads again and again  
light shines in darkness  
the pieces fixed together  
light again fills the heart  
a new beginning.

## ECHO FROM HEAVEN

Heaven opens, dew drips down  
it falls inside my burning heart  
it produces echo that sounds in  
the interior of heart, the fire in  
heart puts out, dew melts heart,  
hardness to soft gentle one, dew  
wets the heart, cleans it, dirt all  
removed, deep sense opens,  
I perceive the echo with sense,  
very clear, it is the words of God.

## ENJOY

Life is to enjoy  
not to weep  
think only positive  
not the negative  
find joy in sorrow  
not sorrow in joy  
find joy in pain  
you get it with God  
as He shares your pain  
and your grief;  
enjoy life in odd  
enjoy in what you do,  
enjoy life always.

## EYES

Two pearls studded  
on the upper face  
to see outside only  
not inside  
to live on earth  
not inside  
passions down eyes  
but two eyes deep  
covered by passions,  
when passions dissolved  
by unbroken faith in God  
deep eyes open,  
see heavenly world inside,  
see the unseen beauty  
and relish God.

## FAITH

The unseen power  
that holds you tight,  
lifts you up from fall  
always dependable  
it is a rock  
never breaks.

Faith in God  
a shield, guards you  
under His safe arms,  
faith strengthened  
when worldly passion  
dissolves to nothing,  
when you win over trials;  
when it is unbroken  
only one duty for you,  
only to follow God.

## GRIEF

A boon, God gives  
to soothe heart  
in agony man bears.  
A relative phenomenon  
on which happiness built  
but for it, heart breaks  
it cleans the heart  
dirt washed away  
in tears.  
Grief a new beginning  
to start anew,  
to correct the fault,  
grief deserves thanks.

## HEART STRINGS

It is raining in the morning  
but heart full with love for you  
it strings with the passion  
you send me with heartbeats,  
rain drops flow like a stream  
from me to you, deep in hearts  
that beat in rhythm to pump  
the desire we have to fly in  
the horizon of divinity and then  
move upwards as two souls, to  
be fused to one and floats in infinity.

## HONESTY

Tranquility of mind  
purity of mind  
the actual in mind  
the Godliness of mind  
not corrupted  
not adulterated  
holiness in mind  
whiteness of mind  
no dark spot  
the blood pure red  
not bothered, outcome  
it is honesty.

## HOPE

Delicate, soft feeling  
that caresses heart  
spontaneous outflow  
to step forward  
from faith in God;  
a light in front, glows  
a watch dog guiding  
dew falling in burning  
heart at right time,  
exudes happiness  
guides throughout  
instills fighting spirit,  
you get from God only  
it is the hope.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## HUMILITY

The reflection of  
God in man,  
the realization of  
a perfect life inside  
that " I am nothing,  
everything is God only  
and the soul of every  
human being is Godly";  
then he won't bark  
he won't accuse others as  
he finds others superior.  
Humility is the hall-mark  
of one's greatness,  
the endpoint of spirituality  
is zero only.

## LIFE A SEARCH

A search not outside, but inside  
it a search for the Truth, the soul  
soul is Godly, part of God in man,  
a journey from body to the soul  
it is aim in life, how many know?  
the path is perilous, full of thorns  
it hurts and feet bleeds profusely  
blood gushing out, hurdles in front  
in row, the truth searcher to jump  
over them, the faith in God comes  
for rescue, with each jump the faith  
strengthened and at last it becomes  
unbroken; worldly passions dissolve  
to nothing, the body spiritually gone,  
the internal sense opens, the searcher  
sees, hears and relishes with it, the  
soul is set free from the bondage of  
worldly passions, the soul glitters, it  
lives forever, search covers decades.

## LONELINESS

Loneliness, my companion puts  
me into intense concentration,  
where my deep eyes opened,  
me in the horizon of tranquility  
where purity runs into holiness,  
I hear the music of divinity that  
sweetens my heart by the honey  
that drips as echo of the music;  
it is heard in the interior of heart,  
me absorbed in holiness for long.

## LOVE FROM HEAVEN

Love falls from heaven like waterfall  
formed the heavenly wet fertile land  
God walked among the trees, streams  
move gently down, thick trees green  
glisten with water, birds hum, flowers  
bloom, fruits ripen, the grass blades  
shudder in the breeze, garden of God,  
tranquility fills in, love, clouds and rains.  
Dryness creeps in, clouds move away,  
rain flees, the trees become skeleton  
God went back to heaven, the streams  
thinned, filth accumulates, smells foul,  
trees thirsty, decay, land dry and barren,  
earth suffocates, God stays in heaven  
only, as dirt fills hearts, earth perishes.  
When dew from heaven, clouds and rains,  
the trees drink water, dew wets the land,  
dew fills hearts, man realizes his fault,  
plant, sapling of trees minimum half a  
dozen, makes air free from filth as hearts  
to become, realization of hazards make  
him wise, prevent developing more holes  
in ozone layer, to dispose all rubbish from  
land and see nations come forward, unite  
for an accord to save earth from decaying.

## LOVE

Heaven kisses heart  
tears of joy drip down  
fall deep in heart  
dissolve in depth  
stay there little  
condense form sweet  
nectar that fumes up  
so pure and tranquil  
flows like a stream  
the ripples gentle  
it murmurs softly  
heart beats in rhythm  
it wets soul too  
writes poem of beauty  
it is the love.

## HEART BURSTS OPEN

My heartbeats echo in air, feelings climb up  
emit and spray to infinity, emotion boils and  
explodes, heart bursts open, blood gushes out  
and flows on the paper and soaked it full, paper  
dried in extreme heat of the emotion, it smells  
fragrance of my deep love for you, I take my pen  
deep feelings outpour, my fingers move like  
machine on the paper, it is not poetry, painting  
on paper with blood, you shed that day and flew  
to heaven, the poem with my heart bursts open.

## MY HEART FUMES

The interior filled with love that fumes  
along with the divine song sung, in the  
air, flies to your heart, beating in rhythm  
with my heartbeats, I hear it so vividly,  
your heart pumps honey, flows through  
air, fills my heart with intense sweetness  
that I doze on the honey coated bed of you,  
dream I see, bears the beauty of you, carries  
your smell and the fume of my heart flies to  
abode with yours and we are chained by  
unbroken faith that binds us firmly forever.

## PEACE

Wealth of heart  
treasure of soul  
like the mist,  
the dew falls  
water transparent  
purity the core  
of the heart;  
passion all  
washed away by  
faith in God,  
vacuum of mind  
when no dirt,  
then God descends  
to heart  
to caress  
to soothe it.  
World can't provide,  
only God gives.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## PEARL

Beauty on earth  
precious to naked eyes  
not in heaven  
not in heart  
it is lifeless.

Outer senses only  
make it valuable  
inner senses, valueless,  
stone and pearl  
the same.

One with heart opened  
doesn't value outer beauty.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## PRAYER

It is a talk  
conversing with  
communicate with  
the great companion  
in thick and thin,  
heart diffuses in His,  
soul mixes with His,  
sharing everything  
grief or despair  
even happiness  
round the Clock  
lips do not utter  
but hearts speak.  
Fix at the center  
of mind with utmost  
concentration, the site  
for communion,  
you converse with God.

## SPIRITUAL REACTION

One's experience is his proof  
no one to dispute, as he passed  
through ordeal for decades and  
still his search is on, it is never-ending;  
a divine world there within the world  
the world of soul, far inside the body,  
passions worldly, the fort in between,  
passions cover the internal senses.  
unbroken faith in God, dissolves passions,  
deep senses open, visualizes with them,  
body is spiritually gone, soul separates  
soul glitters, it lives, nurses and guides man  
soul is Godly, part of God in man and the  
search is to reach it; man becomes a zero,  
everything is God only, the final conviction  
with the spiritual reaction that occurs in man.

## TEARS

Heart pounds hard  
lungs breath labored  
mind to break down  
soul eager to console  
dew drips from heaven  
falls on fire burning  
too cold, it caresses  
fire extinguishes  
dew kisses heart  
stays in mind little  
fills the eyes both  
drips down gently  
fumes back to heaven.

## THE HALO OF SOUL

Divinity in man belongs to his soul  
the halo around the soul, encircles,  
it is the Godliness around the soul  
soul is part of God infused in man  
it glitters, even after body perishes  
it is soft, gentle, filamentous, pulsates,  
floats, it whispers, that is God talking,  
it sings, song of divinity, melody of soul,  
perceived by opened internal sense only  
soul is love only, love divine, the agape,  
weeps at times, seeing man's wickedness.

## THE LESSON I LEARNT

The cream of what I learnt so far,  
the life to be centered purely on God  
the real life is the path towards God  
achievement is, how far close to God  
more you close to God, more you great  
it is the distance covered in inner world,  
never depend on anything in outer world  
depend only on God, center of inner world,  
trial you face, is to clean dirt in your mind  
faith in God unbroken, deep sense opens,  
with it only you relish God, it is the bliss,  
you move to eternity on the earth itself  
what I do outside, a reflection of inside.

## THUNDER TURNS FLOWER

Man swept in the waves of grief  
he thinks of the odd before him  
never gets time to be with hope  
he sails in boat of passion, waves  
jump up, boat encircles, to capsize.  
He never sees his heart blossoms  
petals don't open, as no sun shine  
sun sets and darkness engulfs heart,  
when sun shines, light is so intense,  
thunder turns flower in the sunlight.

## HOW CAN ONE BECOME DIVINE?

Man a mixture of two, body and soul  
body outer cover of the soul inside  
life, the journey from outside to inside,  
meet the soul and be under its command  
body succumbed to passion, but soul not,  
the journey to soul is the travel to divinity  
hazardous the journey with stringent trials  
hold on to faith in God, one can overcome  
trials one by one, the passion for world  
disappears, the deep senses opened  
when passion gone, body dissolves to  
nothing, everything the soul, it guides,  
life with soul becomes life with divinity.

## VALUABLE

Only one valuable on earth  
the one nonperishable  
the one that never decayed  
the one, difficult to possess  
the one that is unknown  
the one, a mystery  
the one above thought  
the epitome of love  
that man doesn't want  
that caresses man always  
that is so sweet  
that is Godly,  
God in man  
it is the soul.

## ANGELIC

When heart boils, dew drips in  
mind locked in thought, lock opens  
honey rains over the fumes of heat  
cyclone hitting mind ceases with touch  
one word delivered, cooled tense heart  
the magic from words, from the heart  
soothes the torn soul; tranquil the mind,  
the heart, blood divine flows to others  
heart opens, love gushes everywhere,  
candle burns itself, light to be lightened  
scattered here and there, the true angelic.

## BEAUTY ABSORBED

Love absorbed in poem with words  
kissing each other, beauty of words,  
your beauty dissolved in each line  
love flows down with bond of unity  
of hearts and blood streams in poem  
of my heart, I see you singing the  
poem of my soul, my heart thumps  
with joy to greet you on the white  
paper where I wrote with my heart,  
letters carry immortality of your  
soul, rains dew in my weary heart.

## DESTINY

Man on run to reach destiny  
a few reach, many fail  
the run on the thorny path  
on the stony and rocky place,  
to cover hills and deep pits  
the feet hurt, bleed profusely  
some fall down, some collapse  
many hurdles on the path  
many hit the hurdles and stop,  
a few, faith strong fills hearts  
jump over hurdles, reach destiny.

## WHERE ARE YOU FROM?

On the vast sea of love, I swim  
half way, I am too slow, tired  
very lazy, dip in water, rise and  
then move forward, drink water,  
too sluggish, not bothered the sail.  
A lighting from sky, thunder strikes  
heart twisted, stunned for a moment  
" where are you from?" an echo from  
sky, me perplexed looked back, see  
father no more, thought one by one  
" was father a spoiled one?" I asked  
myself, " no, he a good man", " my root,  
filthy one?" " no, it is holy one", wisdom  
instilled, I realize, what I am, very sluggish  
to be more active, me in self-realization  
swam fast, covered half way, reached shore.

## HEART KISSES SOUL

Heart beats with deep emotion  
but soul pulsates in tranquility  
the deep emotion pumps blood  
high up but soul peeps down to  
see heart in passion as it pumps  
love to soul, soul slowly warmed  
passion dissolves in it, it becomes  
excited, passion fumes into honey  
and it rains in heart, it kisses soul.

## HEART POURS

Your heart pumps physically, but  
it pours divine love into the hearts  
blood transformed to love in seconds.  
It pours heavily, it streams with force  
to the heart and the blood fumes  
into the soul to heal the tear in it;  
blood dark red, as heart pours heavily,  
blood is tranquil and smells fragrance  
of the grief that is instilled in heart,  
the blood heals every wound of heart,  
poem too, heart pours on paper,  
it is love written on paper, inspired  
to pour words that carry divinity from  
the tranquility of heart, beats in rhythm.

## HEART PUMPS HONEY

Music of heartbeats, reddish color,  
singing blood flow, rhythmic dance,  
instill honey a drop, into my heart,  
heart sings sweet melody nonstop  
as the humming birds on the tree  
singing without pause, sweetness  
of music opens heaven, pours honey  
more into my heart, it beats with  
vigor to pump honey everywhere;  
the honey is the sweetest, it rains  
in every soul, rains in every heart.

## HEAVEN ON EARTH

The mind with intense concentration  
deep in loneliness far away from world  
relishes the divinity in solitude, deep  
heart opens, the deep silence strides  
the heaven opens, drifts in my heart  
divinity echoes, the soft melody felt  
in my deep heart, my soul dances in  
in rhythm of heart beats, the heaven on  
earth now, a reality I feel with my deep  
heart, no one there but He is with me  
His soft gentle touch, I feel in my heart,  
eyes wet, tears drip down, me in bliss.

Heart vibrates, it fibrillates  
mind fluctuates, soul waves  
never at ease, never at peace  
a pyre of fire inside, it boils  
craves for a drop of ice water  
but hot sun dried everything  
passion the heat, burns heart  
heats the mind, the soul torn  
who to put out the flame, who  
to cool the heart, sooth the soul?  
heaven opens, dew drips in flame  
when faith in God intensified,  
the passion for world dissolves  
heat subsides, heart in tranquility.

unless his internal sense opens, passion  
all dissolve to nothing, ego goes, greed,  
the self-made esteem or envy all vanish,  
humility, simplicity, honesty, faithfulness  
and genuine love comes, comes down  
to earth from the glass castle built; faith  
in God unbroken, the passion all flee,  
the beauty of heaven visualized with deep  
eyes, the intense fragrance felt with deep  
noses, the sweetest honey felt with deep  
tongue, the words of God heard with the  
deep ears, it is heavenly bliss; nothing else.

thick of my soul, my heart and  
body gone spiritually years ago

in the space of divinity, it fluctuates  
with the rhythm of your soul beyond  
the seas, I see you with the deep  
sense fixed with my soul, converse  
with you with it, it happens on earth  
far away from the world and human  
body, approximated with you, soul  
to soul communication, soul to soul

## RELIEF

Heart at boiling point  
mind highly inflammable  
soul torn very badly  
me at the center of storm  
blood frozen for long  
might explode any moment  
no way out seen  
not an iota way to be out  
what to do?  
looked at heaven for long  
plea from brokenheart fumes  
repeated plea fly high up  
suddenly sky darkened  
dark clouds concentrate above me  
heavy rain watered heart, mind and soul  
what a relief!

## ROSY HEART

The smell of rose, color of rose  
dipped in your heart, the blood  
fumes to give a rosy taste, heart  
turns a rose, valves form petals

petals open, the dew on it drips  
down on the land, make it rosy;  
the breeze carries rosy smell  
of you, sweeps into my heart,  
blood carries the smell of you  
and my heart too becomes rosy.

about you

show how it strong  
beating vigorously  
then you are a man  
not a coward.

## SOUL PULSATES

Soul tiny fraction of God comes to earth  
instills life in man, to guide, to control,  
it is pure, tranquil, holy, divinity fills in it  
the earth is tranquil as the universe, purity  
its strength as divinity its greatness, heaven  
pours into them, heaven dwells in them  
but man spoils them, the soul pulsates,  
soft gentle beats to be perceived with the  
open deep sense only ; the heart beats  
in synchrony, soul pulsates, earth revolves,  
planets move in rhythm in tandem with  
the soul vibrates, the heaven too pulsates,  
controls the planets, the souls, a divine world  
unseen with naked eyes, unheard with ears,  
but seen and heard with open deep sense  
music divine circulates in the system, divinity  
flows among them, but man spoils everything.

in heart, a permanent place to  
live in, the best form of love  
a remembrance enough, the  
greatest reward, coated honey  
tasted till the last day, even after;  
without living in heart, the life  
with, for decades is perishable  
but living in heart,unseen or  
unheard, but the driving force  
lives with soul, lives in eternity.

## TORN THE SOUL

In a country boat on the big sea  
of love, I sail smoothly at night  
weather pleasant, moon beams,  
boat nearing other end, heart  
pounds, I dozed for a moment,  
dreams the golden future, me fly in the  
horizon of love like a bird, absorbed in  
dream, suddenly a big shake, woke up,  
me thrown into water, boat split into two  
I swam to the shore, fell down on the sand,  
I can't get up, soul is torn, never it be healed

## REVELATION

What does man know? a very tiny part  
he knows of the great carpentry of God,  
for what he boasts of himself, before God?  
a source there for creatures made so precisely  
that is God, the creator of all the creatures,  
science, man attempts uncover tiny part of  
great mystery of God; knowing the depth of  
great mystery, the tiny man is to obey Him  
in completion, if to survive with head upright,  
then he is great, as God is the greatest ever,  
surrender completely to God and find out Him,  
mystery revealed, can't be measured by science.

in between us, smashes it;  
it is spirit of God moving  
in air with wings of love  
from heart to heart, soul  
to soul, fused in stillness.

dirt all washed  
away  
heaven downs

Dark clouds stay above heart  
sun rays fall on it through cleft,  
clouds move away and dissolve  
tears drip down from my eyes  
fall on the fire in burning heart  
the fire put out, tears fill heart  
it boiled in the heat generated  
it evaporated to steam that heals  
the wounds, soothes the soul;  
steamed tears a balm for wounds,  
divine and holy, as it is the dew  
from heaven falls through eyes  
on the fuming heart and the soul.

## WHAT IS TERRORISM?

God created man in His image  
but man erred and became man,  
as God is love, man to love man  
not hate man, it against God's law  
why man kills man, what rationale?  
how man gets pleasure in killing?  
it is not a psychological disorder  
it is a misconception from wrong  
teaching, wrongly connected with  
religious background that 'others'  
are enemies and " you get salvation  
and get entry to heaven only if you  
kill these enemies", this the basic  
defect, nothing else; youths brain-  
washed, the masses, they crave for  
salvation by killing innocent, some  
countries encourage the dastardly  
act to avenge other countries, and  
become hide-out, it is terrorism.  
How to tackle the dangerous problem?  
U.N.O to take immediate steps to  
eliminate this totally wrong notion  
by mass education with the support of  
government where misled youths are.  
The only solution for the heinous crime.

## TRUE POETRY

What heart says  
what it writes  
what it sings  
what it sees  
what it tastes  
what it smells  
what it smiles  
what it weeps;  
what soul tells  
what it writes  
what it sings  
what it smiles  
what it weeps  
what it smells  
what it converses  
with heart  
and what heart talks  
to soul,  
it is true poetry.

and vaporize to sky.

Harder than rock  
unbroken  
great weapon

worldly passions  
rain water  
fills heart  
washes dirt  
heart is clean

## AGAPE

Animals love more than man does  
love so intense, strong to break,  
wish to live with love only, the joy  
the phenomenon of the true heart;  
a cow nursed by master, a poor man  
who gets her milk throughout to sell,  
the earning to live, he is her intimate  
companion always, playing together,  
sleeping together, relatives all angry  
with the intimacy, forget the truth  
cow gave them money, made them  
rich, master sleeps in tiny room next  
to cattle shed; that morning master  
didn't wake up, she anxiously waited,  
broke her rope, jumped on his bed,  
found his body pale, fell on his chest.

## **BODY AND SOUL**

Body decays  
it putrefies  
dissolves in soil.  
Soul never dies  
never decays  
it lives ever  
glitters always.  
Love not perishable only  
love the eternal  
let the wisdom grow.

## HEAVEN DRIPS

The dew drips down  
in silence, into my soul,  
wets it and flows down  
to my heart, fills it with  
purity, as it came from  
heaven, to bless me with  
fragrance of love that heart  
smells heaven, my heart  
sings, it writes poems on  
heavenly love that falls on  
hearts and earth to become  
heaven, my dream to be true.

## DROPS

Drops of water  
cold  
fall on  
dry torn land  
wet it  
the soil softened  
the pieces join  
its hunger ceases  
where from the drops?  
the clouds  
in the sky,  
the gateway to heaven.

## ECHO IN SOLITUDE

The deep heart, beats  
it echoes in my interior  
it a flowery poem  
singing in air  
so faint and soft  
perceived by deep senses  
the echo of sweetness  
spills into outer heart  
its beats too echo  
too faint, a flowery song  
the two echoes overlap  
emitting the sweetest parody  
and I absorbed in it.

## GOD IN SOLITUDE

Far away from the noise  
from the passion  
from the thought  
from the world  
I sit alone in solitude  
silence my companion  
I see you  
in front  
in me  
with deep senses  
world do not know it.

## **GOD, YOUR LOVER**

Why not God be your lover?  
He is better than anyone  
as He loves you most, most  
trustful, strong base on which  
to build the foundation of love,  
never decays, never collapses  
His love eternal, nonperishable  
much better than of men or women  
never love lost, never love in despair,  
a great companion He will be always,  
talk to Him, converse, round the Clock  
look at your friends only through Him  
then you become divine, the world too.

## GOD'S WORDS ECHO

Heaven drifts down in heart  
when solitude at peak whispers,  
the sweet echo ringing in heart  
the soft bubbles of joy spring up,  
heart in full concentration, picks  
the divine humming from heaven  
sailing through soul, it sweetens,  
heart and soul meet at one point,  
me absorbed in tranquility of deep  
silence, its purity poured in heart,  
mind fixed at its center, motionless,  
thought and feeling elude, I relish  
the sweetened deep silence that  
is cut by the soft melodious echo.

## HOLD ON

The real test in life  
wait for long  
too patiently  
without a result,  
everything misty  
no clarity anywhere  
confused the journey  
quite unclear the end  
each nerve in strain  
heart stretches to bear,  
uncertainty everywhere.

Hold on please,  
do not lose the grip  
strive to hold tightly  
for the longest,  
success is yours.

## THE HEARTBEAT

The beat at the border  
and it at home far off  
synchronise each other  
forming melody of hearts  
the sweetness withered  
with pinch of salt, the cookies  
taste mixture of two flavors  
making the souls so solid  
that they never give way  
never break, never melt,  
the melodious soothing  
on its way to indefinite end.

## IN SOLITUDE

Concentration in solitude  
is the divinity,  
thought, passion, all elude  
mind a vacuum  
soul is full  
soul fills mind  
soul pours in mind  
divinity  
Godliness  
what a moment!  
stomach is full  
no appetite  
no thirst  
me in divine paradise.

## LOOK AT LIFE POETRY

The hardness of it  
the softness  
the melody  
the tragedy  
as rhymes of poetry  
I find my life in  
each word  
each line  
and I taste sweetness,  
it doesn't pain me  
it caresses  
I get happiness in sorrow,  
comfort in distress  
strength to overcome the odd  
I taste sweetness all through.

## LOVE POETRY

The unknown feeling sprout  
from the heart that is soothing  
so melodious, echoes in soul,  
honey dripping from the soul  
absorbed in blood, writing on  
the walls of heart, honey-made  
words, glowing in the twilight  
of the heart, the divine poetry  
that mesmerizes brain, words  
written felt like ripples in the  
stream that flows smoothly and  
gently, the flow is in rhythm  
like the heart beating nonstop  
with its echo dissolved in solitude.

## LOVE DIVINE MUSIC

Deep delicate feelings outflow  
in heart, unknown it, in origin  
heart rhymes the melody tuned  
in love, it pours sweetness in heart,  
it reaches heaven, dew drips down  
to soul, soul sweetened, it sounds  
the melodious music, that cools the  
whole body, heart, soul and body  
kiss each other, absorbed in the  
purity of the music, love drips now  
as honey, love streams everywhere.

## **MELODY OF THE UNKNOWN**

The unknown in front, calling  
me to walk after it in my pursuit  
of search in my life, on the thorny  
path towards the reality of the Truth,  
the call, a melodious symphony  
played at the center of the mystery  
filled the universe, reflected on to my  
soul which directs it to my heart to  
reciprocate with the perception  
of deep impulses from the unknown  
that stimulates my heart and mind  
with the divine wisdom to uncover  
the divine mysteries, that is a poetry  
delivering sweet melody of the unknown.

## MY SOUL POETRY

A new revelation  
my soul a poetry  
I found my soul  
fifteen years ago,  
daily I converse with it;  
but now it turned poetry  
it is the truth of truth,  
my heart sings its rhymes  
each word with  
happiness or grief,  
pain or despair,  
tastes sweet in my heart  
I learn from it everyday  
and I become the happiest.

## **PATRIOTISM**

The agape for motherland  
the strongest love ever  
dissolved in blood that fumes  
to fire, to protect the mother,  
to burn enemy to ash and dance  
with songs of mother's love;  
the strongest power energizes  
man to love his country most,  
the strongest feeling outflows  
from the depth of his heart,  
blood boils, too hot, it directs the  
deep emotion to end in sacrifice.

## RELIGION

I am ardent believer  
of Jesus,  
I found Jesus,  
The Truth  
fifteen years ago,  
I live for Him  
I witness Him  
throughout my life  
it is my honor  
and it my belief.  
I respect other's belief  
as it is their Truth  
I love them  
just as I love me  
as soul of everyone Godly;  
I realize,  
I love God  
when I love others;  
Jesus never asked anyone  
to make religion for Him,  
religion is manmade  
but love, Godmade.

## SAILING CLOUD

My heart sees you in the sky  
the white cloud sailing high  
up in the sky, sun rays fall on  
it, glittering in the golden  
shine, but your shadow falls  
on my soul, taking it to the  
glowing sky, it is absorbed in  
you, the wind soft soothing  
that blows, draws you gently  
away from the sun, you become  
heavy and thick, rains honey in me,  
you with my soul, dissolved in me.

## SIGH OF SOUL

Soul pulsates with divinity  
it glitters in darkness, like  
the stars, clouds shadow the  
stars, quite unseen on earth,  
purity of soul masked by the  
wickedness of hearts, soul is  
locked in agony and distress,  
it suffocates, in prison for  
long, only God hears its cry  
no one to hear its deep sigh.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## SOUL ECHOES

Soul pulsates  
it echoes  
deep in me  
it carries theme  
that is decoded  
by opened  
internal sense.  
It perceives  
it is poetry  
of divine words  
drip from heaven  
into my soul,  
the divine parody.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## SOUL TWINKLES

Soul is beyond desires  
that haunt man always  
it is in deep stillness  
beyond darkness of heart  
it twinkles like the star,  
glitters in glow from heaven  
it pulsates in the divinity  
that is poured from heaven,  
stillness forms tranquility  
kisses the soul always,  
it relishes sweetness of honey  
that drips from heaven, wets it with  
Godliness that gives life to body.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## **SWEETEST**

Man loves what is sweet  
honey is sweet  
but to some it is not  
they have aversion to it,  
absence of taste bud on tongue,  
you cannot taste anything  
but internal senses so active  
when worldly passions gone,  
you taste the sweetest  
that is God and Godly.

## THE PATH TO HEAVEN

Very narrow, thorny, perilous,  
a row of hurdles on the way  
it is not outside but very much  
deep inside heart, very slow  
steps forward, jumps over hurdles  
one by one holding on faith  
in God, it becomes stronger  
when passing over the perils,  
the travel covers decades,  
walking on thread between  
life and death, strong faith often  
comes for rescue, the body  
is gone, worldly passions dissolve  
to nothing, deep senses open,  
sees, hears, tastes with them,  
soul is set free, it floats in a  
vacuum, where no air, it moves  
slowly and steadily to heaven.

## VACUUM

Man devoid of what he acquired?

a vacuum

what is God in man?

a vacuum

what is God in nature?

a vacuum

what is in space?

a vacuum

why?

God is unseen with naked eyes  
perceived with opened deep senses only  
the Godly too;  
mind to become vacuum  
the heart too,  
then God fills in man.

## VOICE OF HUMANITY

Soul and body make man  
soul the root, body periphery  
soul to control body, body to  
follow soul, but now body takes  
control and soul is locked in the  
passions of the body, it is inert  
and inactive; man helpless to  
subdue passions, he becomes a  
slave much against what God made  
in the beginning; soul is Godly,  
contains elements of God, it is  
the center of love and all virtues;  
when passions vanish by unbroken  
faith in God, soul is set free from  
bondage of worldly passions, soul  
takes full control of man, all virtues  
sprout from him, he is enriched with  
love, compassion, honesty, all arise  
from his heart, if all men made like it,  
voice of humanity heard everywhere.

## THE STAR

The candle glows at far  
very faint dim in heart  
that directed from soul,  
reflected from heaven,  
draws me forward every  
moment, illuminates me,  
walking star in front of me  
I visualize it with my heart  
it guides me, nurses me,  
protects me from deep peril  
I realize, it is you, you only.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## WAR

War not  
fight not  
hate not  
envy not  
as soul Godly  
God in it  
in every soul  
love God  
is love man.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## WORLD OF TRANQUILITY

Far away from tense world  
from the human passions,  
a delicate soft heart beating  
with a misty life filled with  
whiteness, as the dew drips  
from heaven with sweetness  
of honey that fills the soul,  
sweetens the human life  
with the words of God as  
the unbroken faith, the strong  
adhesive connecting man  
with God and man filling  
with divinity that blocks  
all worldly passions to make  
human life, world of tranquility.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## BIG HEART

Too much room to accommodate all virtues  
too wise to eliminate darkness of thought  
enlarged in spiritual size, not in physical size  
cool, collected, in the breeze of divine feelings  
love streams in the heart and pumped outside  
heart in stillness always, far away from noise  
relishes sweetness of tranquility with purity  
God at center to guide, surrenders and follows  
Him, becomes empty at last as He fills in fully,  
lighted in the interior always as He only lights,  
the big heart beats too gentle, sends fragrance.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## WARMTH

The beautiful feel ever felt  
on soul to replenish, the body  
too, with intense love, heart to  
pump warm blood to soothe the  
interior with most pleasant  
feeling to reproduce, the eggs  
to be hatched, the ailed body  
to be healed, the mother nurses  
children, God protects man and  
woman under safe wings; warmth,  
the reflection of deep love from  
man to man, God to man to soothe  
heart, body and soul with kindness,  
compassion, to extend divinity too.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## FADING ROSE

The vigor of my heart gone  
it is weak to beat, blood pale  
the long desire in me faded  
the dew dripping in my heart  
no more, dryness infiltrated you  
completely, dry skeleton on land  
the petals dissolved in the soil  
the soil fertile because of you;  
but you find another place to grow  
that is my soul where you grow  
merrily, flowers plenty blossoming,  
fragrance even more, absorbed;  
my body also fades, but soul glows  
as you flower abundantly there.

## MIND IN ECSTASY

A big canvas the mind,  
a painted picture of delight,  
the earth till the top and  
above that the unknown;  
the earth vanishes, but the  
unknown looks intensely  
painted with brightness;  
it is what I see in my mind,  
the earth and the earthy  
gone, the sky not there seen,  
what I see above in front,  
the intense brightness that  
guides me forward, it is not  
an exaggeration but the truth,  
what the brightness? I do not  
know, but I know it is of intense  
delight to me, I just follow it  
as it calling me forward, mind  
in real ecstasy which I can't  
describe, I do not feel outside,  
I feel only inside, the vision of  
my mind, that too the top only,  
I must say it the paradise in me  
below that totally invisible to me,  
the delight of the brightness  
draws me forward, I am on the  
path to follow it, what a delight  
I feel above my worldly suffering!  
I am on a different route to walk.

## MY DESIRE

The vast blue sea stretches  
before me to endless point,  
I sail over my endless thoughts  
on my desire with untiring force  
to reach the other side of the sea  
sea is turbulent, waves jump up  
the sail is perilous, me very tired  
but my heart, so strong its beats  
doesn't cease, the light fades  
it is getting dark, me toil hard,  
lost the direction, puzzled a lot  
boat encircles in 'water current'  
it is about to capsize; in despair  
I look at far, the sun with golden  
color, dips in sea, I oared towards it.

## POETIC LIFE

Symphony in heart  
melody sounds in soul  
rhymes float in blood  
soul sings, heart echoes  
the music fills in me  
not now only but always,  
sleep with calmness of poetry  
dine with its sweetness  
dream with embrace of it  
work with rhyming in soul  
food tasted poetic, sweetest  
sleep a musical paradise  
work a poetic ecstasy  
world an amusing poetry  
death a sweet poetic end  
but poetry echoes in eternity.

## POETRY NEVER DIES

True love never fails, never dies  
very sturdy, it bends, never breaks  
love is poetry, it sings pure love  
heart is poem and blood the music  
Shalini teaches poetry, its ardent lover,  
poems of heart sent her as message  
by Remanan whom she never met  
she liked his photo, a true friend  
but she loved the poetry in him  
the rhymes close to heart, she loved,  
in his fascinating poem, he disclosed  
desire to wed her, she gave consent  
she was not hurt by his disfigurement  
when met directly as she loved poetry  
in him, gives her courage to face the odd  
from home, at last poetry is the victor.

## REALM OF MIND

Most difficult task on earth  
tame the mind to tranquility  
thought one after another,  
emotions one by one come  
strong feelings flood in fury  
a slave, mind is tortured and  
battered, control the mind,  
the greatest achievement.  
Let God comes at center, He  
shares the burden fully, He  
gets tortured for you, keeps  
you safe, keeps your mind empty  
as He fills in to tackle the odd.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## REBIRTH

To be born again  
to be a new creation  
the most difficult task  
the mind to transform,  
exit of the worldly life  
entry to life with God,  
purely a total change  
of mind in structure,  
man alone can't do that  
only God do that when  
man develops strong  
faith in God, born anew.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## RENEWAL

Music melodious day by day  
life becomes sweeter everyday  
life with no growth, worldly life  
inner life grows every moment  
not the same me what yesterday  
scaling miles and miles everyday  
to reach the destiny in inner life  
learning every moment, everyday  
it is communion with God in spirit  
God only teaches, God only cares  
it is the wisdom taught by the God  
sailing on wisdom, the happiest  
moment far from the noise outside  
Does man dipped in luxury know it?

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## SWEET WEALTH

Nothing needed more  
dew falls on hot soul,  
strings of heart loosened,  
the sweet wealth in life  
gifted to me, soul sings  
heart writes on its wall  
with the ink hot blood  
my soul sees the infinity  
dew drips from heaven  
love streams in my heart  
it pulsates with beauty  
my poems echo in soul  
what else I need in life?  
more than it, heavy to me.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## THE BEAT

Triple beat,  
one inside  
one outside  
one at far,  
the three  
beat in rhythm  
they are linked  
with unbroken  
chain of jewels,  
music of love  
refreshes the three,  
honey flows  
among them,  
they drink it  
so sweet  
at last the beat at far  
ceases,  
the other two  
beat violently.

## POETRY

What heart writes  
with ink blood,  
what soul tells  
when it is inspired  
with deep feelings,  
powerful emotions,  
thrust on heart  
inspiration from  
anything, anywhere  
but heaven blesses it;  
the greatest reward  
hearts enjoyed  
souls soothed.

## WOMAN

The soul of angel  
heart of the mother  
purest creature on earth  
woman  
so caring and loving  
angel came from heaven  
epitome of bearability  
instills happiness  
the true blessing of God  
the goddess in trueness  
symbol of forgiveness  
filled with kindness  
the earth is blessed with her.

## A CHRISTMAS KISS

The happiest moment on earth  
the birth of savior to save us  
from depth of dirt, we suffocate;  
we rejoice, the hearts kiss each  
other, soul mingles each other  
as we are freed from gallows,  
moment to cherish, to nurse the  
wounded, to fill empty stomach  
the savior is poor and wounded,  
dirt in our mind made Him that,  
kiss Him with ailing heart we have.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## AGONY A FLOWER

Is it possible? everyone says 'no'  
possible only when man realizes  
the truth, the pain caused by the  
nerves that is outer, the agony  
too by the outer sense, man suffers  
but when the worldly passion gone  
by strong faith in God, the body  
spiritually separated, outer senses  
inactive, the deep sense opens,  
pain becomes less, agony a flower.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## COLOR OF MIND

The mind where is it?  
no one knows, is it in brain?  
is it in heart? no one tells  
but it is an ocean where I sail  
on a boat, the water is blue  
no, it is white when I fly in the  
sky, it glitters like jewel when  
move beyond the stars, it is a  
mirage moving before me always,  
at last it draws me to the grave,  
blue, white and shine form a myth.

## ECHO OF LOVE

True love is the heart that beats in the sweet solitude  
with the murmur that echoes in the silence of memory,  
the silence is crowned by the breeze that sweeps with sound  
that mingles with the murmur of stream near that reflected;  
You joined me on its bank hearing the echo of old leaves falling  
on the water, a sweet melody of remembrance in our hearts  
that fetches music of the sweet song of the birds when you  
lay on my lap for hours, the nature blessed with the drizzle that  
painted our body with the pure water that caressed our soul  
with fragrance of blooming flowers, love echoed in our hearts.

## FINAL CALL

Contentment kisses the old age  
when, what to be done, done with  
perfection, the duty bound life  
fulfilled the aim, done everything  
for family, caressed the society  
spiritual growth reached destiny  
what else? nothing in his thought,  
spontaneous pleasure in life, that  
energizes his soul, it sings melody  
of contentment, waiting for final call.

## HEART STORMS

Heart storms  
lightning and thunder  
storm sweeps around  
the fury doesn't die  
heart hurt into pieces  
doesn't heal, but time  
calms the fire  
it becomes pale  
but doesn't extinguish  
the memory flashes  
sweet dream again peeps  
I feel the love that left me.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## THUNDER

Sea in fury  
me on a boat  
waves jump up  
boat encircles  
to capsize  
I look above  
lighting from sky  
thunder bombards  
calms the sea  
me on the shore.

## LITTLE STARS SMILE

The broken heart takes me at night  
to the open space, me in utter despair  
no one to console me as soul is torn  
I look at the sky, the little stars smile  
I looked again, stars look at me only,  
smile at me, they keep smiling at me  
the burning heart cooled, a new thought  
the spirit of God smiling at me, it wants  
me, it is with me always, my deep sense  
opened, the nature whispers to me, the  
the moon sends the golden beam at me  
the stream murmurs, consoles me, the  
flowers beam at me and send fragrance  
my pet dogs jump into my lap, kiss me  
Why should I worry? when best friends  
with me, God sent them, the Holy Spirit.

## LOVE THE HOLY SPIRIT

The spirit of God is love  
as God is love, love divine.  
In the beginning was the love  
it condensed to form a power,  
God, He created the universe,  
He created man in His own image  
but man erred, the manly cream  
mingles with the divine love,  
there flesh dissolves in love  
conflicting with its divinity  
human way overpowers purity,  
pure love, hardly exists now  
it a stream flows down, water  
is transparent, flows through  
the hard rocks, melts them, the  
murmur it makes, echoes deep  
into heart, cools it and it fumes  
into the depth of soul and soothes it.

## MY FAITH IN JESUS

Trial one after another kissed me  
me dead and resurrected in childhood  
trial followed me even now, but me  
never succumbed to it, I conquered it  
how? by faith in Jesus; it was a fiber  
before, with each trial, it strengthened  
now a rope unbroken, the passion all  
dissolved to nothing, body spiritually  
gone, soul lives, it guides me, leads me,  
I am to follow it, I have no burden in me  
my faith is my strength and my treasure  
I am to thank the trial, as it cleaned me  
washed all dirt in me, I am now in bliss.

## MY HEART SAYS

My heart always thinks and speaks  
speaks to me, it whispers, soft gentle,  
heart has its own horizon of beauty  
that I never saw with my naked eyes  
I fly in it like a little bird enjoying the  
freedom in the limitless sky, there I  
see you, my beauty, with my heart,  
never with my naked eyes anytime  
in life; in solitude you fly down into  
my heart, we converse with each  
other for long, daily it a routine, me  
sure, you come with me in my grave.

## THE ROSE

My heart goes deep into the rose  
it dissects petals, go to the nectar  
it is honey, thick fluid, drips into heart  
flows like a stream into many hearts  
bringing them together to the zone  
of talent that makes rose beautiful  
the talent touches every heart, it  
mesmerizes hearts with the divinity  
from the fountain of nectar and the  
fragrance, goes deep into my soul,  
the love, beauty and fragrance instill  
wisdom to realize the talent that makes  
rose most beautiful, the nectar sweet.

## SELF-CONTRADICTION

World on the path of explosion  
a path of contradiction, it paves  
way to violence and peace eludes  
the countries preach eternal peace  
but believe in the nuclear arsenal  
arm race the craze when utterance  
for the peace for all, what a mockery!  
man is self-contradictory, he is blind  
at him while looks at others, preaching,  
sets aside the deed; world is a drama  
where is the truth? where the love?  
the murder becomes the suicide  
innocent punished, culprit escapes  
God at far, devil inside, the only reason.

## SHADOW OF LOVE

Love on earth is the shadow  
of love in heaven, the pure love  
filled in heaven and it overflows,  
the sun gets the shadow of love  
reflected, the shadow falls on  
the moon and the stars and it  
reflected on earth, the shadow  
protects earth and it rains too,  
wets the land, wets the hearts  
it flows like the river to everyone.

## **SOMETHING GOOD**

Bend forward, not backward  
put head up, not down  
think always something good  
despair never does better  
grief won't pull you forward  
broken-heart sinks you in hell  
how to get positive heart?  
grief a passion as the despair  
wipe it by strong faith in God  
God guides, you move forward.

## **SPIRITUAL BLISS**

The one attainable, difficult to catch  
the success after the ordeal of search  
many in row, the passion worldly gone  
the body spiritually off, the soul lives  
the world of tranquility, a zone of vacuum  
where the soul floats, while the body  
on earth, no air or passion reaches there  
grief or despair of body fills body only  
soul a free bird flies in horizon of joy,  
the happiness without grief, it is bliss  
the world or the body can't give bliss.

## THE BEST LOVE

His heart pounds to love her  
he loved ardently, but she has  
no love for him, his soul craves  
to be with her, but she kept  
away from him; the more she  
disliked him, he loved her more  
he has not seen her directly, he  
saw her only in picture, he wrote  
to her with no reply, her silence  
instilled vigor, if she abuses him  
he thought, it is a flower to him.  
Day and night she is in his heart  
he can't live without her in him  
her presence gave him energy  
she made him a special person  
her presence in him is his wealth  
that made him all the more happy  
she didn't leave his heart any time  
now he is in grave with her presence.

## GUITAR IN MY SOUL

My soul pulsates rhythmically  
the music from strings aired  
that inside my soul, my heart  
receptive murmurs with tune  
in synchrony with rhythm of soul  
I hear with my deep ears open  
I hear the pulsation of your soul  
strings the music at far beyond  
the sea, the nature receptive  
plays drums, we hear it clearly,  
nature now dances and it rains.

## THE SOUL BLOOMS

The soul a flower that blooms  
opens its petals under His spirit  
nectar drips down to the heart  
the nectar is a part of His spirit  
heart sings melody of His glory  
the soul to guide, man to follow  
but the insects cast dirt in flower  
the nectar all drained and dried  
the petals decay, they fall down  
leaves of the plant become pale  
the stem turns weak and fragile  
at last the plant bends and falls.

## THE TRUTH OF LIFE

Two things, material and nonmaterial material has gravity, the other beyond gravity; human mind develops to differ the two, the basic of the path towards the truth, all the materials in the world are perishable, they disintegrate to nothing human body perishable, dissolves in soil the passion of body all perishable, the only nonmaterial in man is the soul, the aim of human life is to reach it, it is imperishable, eternal, lives forever in eternity; man spends his whole life for the perishable, he doesn't realize it, sheer waste, he has gained nothing; the one who finds out imperishable, reached truth.

## UNIFICATION

Human bodies unite  
husband and wife unite  
lovers unite  
groups unite  
forms a strength  
to stand against  
but unity of body  
not perfect  
the embryos fuse  
to one  
the soul of two unite  
the unity is perfect  
it is eternal.

## WAVES IN MY HEART

The sea calm, waves gentle  
my heart sails on it, at peace  
waves ripple, heart blossoms  
my soul the bee, sucks nectar  
the voyage too pleasant but the  
waves jump up, me unmoved  
as the dew dripped from above  
cooled my heart, it beats calm  
my soul sings melody of heaven  
as heaven drifts in me, took the  
violin, the music of love echoes  
everywhere, the waves ripple.

## THE WET DREAM

Heart pounds for its desire  
soul throbs for wish that flies  
I looked for you long at dusk  
the dew falls on my desire, it  
melts, the love in it drips to  
flow down to the thick woods  
the water of the stream moves  
past my dream, I hold for you  
in the mist that blinds my heart,  
me doze with the wet dream.

## CHRISTMAS HEART

The holy heart wounded, bleeds  
the blood flowed as rivers to the  
four corners of the world, cleaning  
all the dirt that is coated on earth  
the origin of that heart in the cattle  
shed, born in Holy Spirit to poor couple;  
the bleeding heart, the bleeding love,  
the agape, love, the sacrifice, love, the  
bleed on the cross, love, the forgiveness.  
The bleeding heart was the star moving  
stopped above the cattle shed on the sky,  
the Holy Spirit up on the sky and down  
on earth is the love bled from the Spirit,  
it still bleeds, that is why, the earth survives.

## EMBODIMENT

The heart craves for the shower of eternity  
the soul thrives in the embodiment of love  
the heart beats, the soul pulsates in synchrony  
of earth revolves around the epitome of love  
that lights every heart with fumes of energy  
that pounds to shower honey and wets the soul  
the body decays, putrefies and buried in soil  
the love floats above the earth and swims in  
tranquility, heaven showers and earth survives.

## HEART IN SOLITUDE

The solitude the best heaven, dwells in me  
my heart beats in depth of silence, synchronize  
with the echo of murmur of the stream at far,  
in rhythm with the heartbeats far off, the missed  
beats I could hear in the solitude, the music  
of your heart echoes clearly in my brain, me too sing  
the poem in solitude, write it on my soul that will  
never fade in the storm that hits or with the hot sun  
rays, the breeze sweeps across Your heart to my soul.

## MY HEART POUNDS

When me in agony, my heart pounds  
it withers to sound sweetly in its beats  
when I weep, it beats faintly to weep  
the best companion, the shadow of me,  
it reacts when me in trouble, runs with  
me in fire or in ice, it dictates answer  
when me in confusion, my true lover,  
it beats fast when my body is crushed  
it pumps more blood to feed my body,  
with me always, it is waiting for my call.

## HOLINESS OF THOUGHT

The thought arises from brain  
but holy thought from the soul  
the thought is worldly but the  
deep thought centered on soul,  
holy thought delivered through  
the internal senses opened,  
open when worldly passion gone  
by strong faith in God, unbroken,  
the thought emitted from soul  
holy and connected with God  
it becomes divine, floats around  
God only, the world of divinity  
where two characters, you and  
God, you are to follow God only  
God takes care of everything, then  
you depend on holy thought only.

## I CAN'T WAIT ANYMORE

You are not seen here  
I am blind, I can't see you  
I searched you in busy street  
I ran after you, in the market  
I can't meet, I can't buy  
a fragment of your glory.

I have gone astray, I am  
lost in the midst of darkness,  
lost in the thick jungle  
beasts ran after me  
I ran ran for rescue  
you weren't there for help  
Oh love, forget me not.

I can't wait anymore  
read my throbbing heart  
I need a fragment of you,  
I need a drop of you  
to infuse life in my heart.

## LOVE DIVINE

The souls fly in the horizon of tranquility  
soul the fastest vehicle on earth, it carries  
golden wings to fly, the bodies left on earth  
body valueless, soul everything, fly high up  
where the clouds rain and the souls soaked  
in divinity and move to the space where no  
air, a vacuum, the souls float on the heavenly  
abode, a place where gravity of earth doesn't  
reach, souls fuse to one and move to eternity.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## EMOTION FLUCTUATES

Heart vibrates, soul pulsates  
emotion fluctuates and me  
carried away by wings into  
your heart, the emotion flies  
with vigor, do not land but keeps  
on changing direction above the  
earth, in the air of tranquility,  
nonstop swinging in the wind  
do not hit the flies, keep away,  
at last hanging in the air, slowly  
coming down, not on the earth  
but descending into your heart.

## POETRY DIVINE

The inner truth is poetry  
the future truth  
the words of God poetry  
it is divinity on earth  
the divine feeling.  
Writing and relishing it  
the happiest moment,  
it is God talking  
God writing, not poet  
it makes love others  
at last poetry is God.

## ROSE HURTS

The rose in my heart, thick red  
blossoms and send fragrance to  
my soul often, I smell flower  
always, the more I smell it, the  
thorns on the stem hurts my  
heart more, it bleeds profusely  
the flow doesn't stop, the whole  
blood drained out, me to die,  
no drug to heal it, the moment  
rose smelt, I jump up with vigor.

## HOW TO?

The turmoil continues  
Democles sword above head  
the volcano to erupt  
the dove fly high up  
wait to see it lands  
hearts to bond  
not to hate  
togetherness and harmony  
two words to be used  
heart to open  
God to enter  
devil to be out  
then love streams  
hearts unite  
tranquility flows in  
everyone at peace.

## STILLNESS IN MY HEART

Me on the bank of the stream  
flowing in the thick woods, the  
stillness everywhere, the murmur  
of water cuts the silence in heart  
the birds sing too often, the music,  
the murmur, soothes my tense heart  
the glory of silence dissolves in me  
my heart too becomes silent, the tense  
feelings run away, tranquility creeps in,  
my soul is at ease floating in divinity  
silence brings heaven down in my heart.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## SILENCE OF SOLITUDE

Deep in my heart, deep in soul  
a vacant place in stillness, vacuum,  
my heartbeats echo, breaking  
the silence, my soul pulsates in  
the rhythm of heartbeats, the two  
murmur in silence, tear the solitude,  
tranquility flows in, a spotless place  
my delicate feelings bear soft wings  
the passion all dissolve to nothing  
divinity falls in, the feel, me in abode.

## HEART EMITS

Fragrance emitted from rose  
golden beams fall from moon  
shining rays sent down by sun  
love emitted from heart, it spreads  
the breeze carries the smell of it  
the essence of love dissolves  
wind carries it and sweeps across sea  
falls in your heart, love spreads out  
honey drips in heart makes it heaven.

## SWEET HEART

Sweetness fumes in my heart to sweeten you  
you look sweet in your soul, not in your body  
I see your soul only, in me the soul lives only  
the body gone spiritually, dissected years ago  
life a never-ending search, search for the truth  
old is gone new one comes, looking for new,  
body decays but the soul anew every moment  
soul my sweetheart, Jesus my sweetest heart  
I look every one through Jesus, me see the soul  
not the body, not anything worldly, as it vanishes,  
the world of soul, I built in me where all the soul  
live, at the center Jesus, it is heaven in my heart.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## THE SWEET SOLITUDE

The breeze smoothes through the hollowness of woods, passed by the tranquility of stillness calmness of the stream echoes a sweet murmur when the purity of heart aroused in tune with birds singing, me on rock fumes into diverseness of my thought that goes beyond the tranquility of my mind, the divinity falls down from the skies, the stillness in perfection, the purity of nature sweetens my heart with honey dripping from beauty of silent woods, writes the sweet solitude.

## THE SMELL DIVINE

The heart smells, the heart sees  
the heart hears and it tastes  
what it smells different from what  
noses do, the concept is changed  
heart opens when faith intensified  
what it smells is the feel of soul  
what it sees is the beauty of soul  
the world of soul, it feels and smells  
the ecstasy at its best felt in heart  
soul soothed with smell of heaven  
that hastens the divinity in me.

## THE MISTY WORLD

Fumes of truth float in air, quite unseen  
with the naked eyes, the unseen truth  
a mystery of the great truth, that is God  
visualized by opened internal sense,  
the world looks misty, the mist covers  
everything, the tree, the mountain, the  
river, the sea; it is the Holy Spirit, guards  
and nurses, it is more delicate than the  
mist, detected by the deep sense only  
world looks misty, filled with Holy Spirit.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## THE MYSTERY

Something unseen and unheard  
above comprehension, unthinkable  
mystery unrevealed, unseen hands  
working above man thinking, what  
is the superior to man in the world?  
it is nothing but the superior power,  
the God, with His incredible hands  
acting as wonder even through tiny  
man; science, man attempts uncover  
fraction of mystery, if man to submit  
to God, the mystery revealed to him

## THE TRUTH IN HEART

The truth inside is masked by  
the desire I have for the world  
me in the grip of the passion  
tranquility lost, the inside dark  
the truth miles and miles away  
when I dig in the dirt outside,  
when passion removed by faith,  
when mind dissected by search,  
truth exposed at bottom of heart  
the truth is revelation, that is God.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## TUNE OF HEART

The echo heard at far, soft gentle music  
it murmurs in my ears, the galaxy of beats,  
the music fumes into the melody of heart  
sung by flute so sweet, it rains in my soul,  
the silence of love frozen in my heart, melts,  
flows to you at far, deep sigh of loneliness  
echoes in each heart beat that dissolves  
one by one in honey coated reminiscence,  
I fly to the eternity where I wait for you.

## WHAT IS GOD? WHERE IS HE?

Ignorance creeps in, the unseen remains mystery  
different thought, different feeling about God  
man at loss to deliver a concrete evidence as what  
is He? where is He? man fights with man for God  
but man doesn't know, God inside Him, deep inside.  
Man to know, find out Him the aim in human life  
He can be felt, relished or tasted by internal senses  
opened, not by the naked eyes or ears; in prayers  
try to concentrate at the center of external mind, the  
site where man could communicate with God, practice  
it, you become successful at last, God the best companion.  
God found out on search only, continuous search covering  
decades, a self dissection of external mind, the result,  
your faith in Him strengthened when you win over  
countless trial by faith; the worldly passion vanish one  
after another, the internal senses open, you are in the  
vicinity of God, the epitome of love, relish him every moment.

## YOU WITH ME

At far you in a bliss in my heart  
the feeling in me forms a figure  
that is you, the sweet figure of  
my dream, I don't know whether  
a dove you are, flying in the horizon  
of tranquility, never I saw you any time  
with naked eyes, me confused, you  
a reality or a figure of feeling, but  
without you, I can't live, I dissolve  
in my dream, that takes me up beyond  
the stars, where you hide as dew, I  
drank it and came down with you in  
in my heart, dissolved inside, you smile  
when I smile, you weep when I am in  
grief, at last I dissolve in soil with you.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## AIM HIGH

What the height to scale?  
what height me to reach?  
I found the answer at last  
it is out of very long trial,  
to reach top of inner world  
not the top of outer world  
the inner world everything  
the outer world nothing  
the miles you covered in  
proximity to God, counted,  
the distance covered toward soul  
not the distance covered in world  
the one found soul, the victor.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## THE OPPOSITION

The path toward Jesus is perilous,  
big challenge it is, as the numerous  
hurdles on the path, a fraction of the  
cross Jesus bore, minute part of agony  
Jesus suffered on cross; me with Him,  
the feeling gives me the hope, the  
faith unbroken, I jump over hurdles  
in row, the challenge looks like flower  
to me, I realize the challenge, to wipe  
dirt in me, faith in Him to be strengthened.

## DREAM OF LIFE

He on the step to grave  
to depart with fulfillment  
what the dream of life?  
a thought storms in mind  
he looked back anxiously  
the wealth, the prestige?  
the talent, achievement?  
his heart says in negative  
what else, he asked himself  
a search to the past, for long  
his heart hits at something  
the contentment so far  
who gave it? yes God only.

## GLORY OF HEART

The shining star, stationed inside  
pulsating with vigor, the muscle man  
jumping up and down, the connecting  
tissue between man and the soul, the  
great poet, writes with thick dark red  
sweet blood, the greatest lover ever  
on earth, pumping blood as love, it flows  
like stream, the soul controls the essence  
of love, the heart loves to get hurt, it is  
sweetened by the pain of the wound,  
relishes it always, it usually rains honey  
inside and that is transmitted to the soul  
and the soul sweetened, it blesses heart.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## GLORY OF SOUL

The essence of life, the crux  
unknown and invisible to world  
the real beauty in the world  
the divinity existing in the world  
the one guiding and protecting  
man and the nature, the soul,  
the supreme of everything, the  
soul existing deep inside is Godly,  
the God existing in man, in nature  
is the spirit of God, the life in the  
human being, covered by perishable  
body, finding it the aim of human  
life, the treasure glittering eternally.

## HEART A POEM

Heart writes with blood on  
paper of imagination, it is  
poem of deep love, letters  
formed from clotted blood  
that can't be wiped, the clot  
becomes brighter as days pass  
on, the paper may decay but  
letters glitter forever, the poem  
uncover the divinity of deep  
love between you and me  
love flows like a stream in the  
thick woods, the murmur of the  
stream echoes in our heart like  
the music from heaven, tears  
of joy drip down from heaven  
on the paper, wet it, decayed  
but letters dissolve in our hearts.

## HEART PETALS

Heart contracts and dilates  
moon waxes and wanes  
sea turbulent and calm  
day goes and night comes  
wind comes and goes  
heart petals close and open,  
petals close, sends fragrance  
of love when blood is pumped  
up, the wind carries the smell  
of love, blows everywhere,  
love returns when petals open,  
your love returns when my heart  
blooms, my love flows to you when it  
contracts, my blood is pumped to you.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## HEART SINGS

Heaven sings, heart perceives it  
too soft, floats in divinity, ears  
can't catch it, mesmerizing lines  
emitted in gentleness from heart  
it echoes in stillness, so subtle  
the heaven hears it, the holy dew  
drips down to heart, makes it holy  
its music heard in the soul, it rains  
in heart and sweet melody comes  
from it, nature dances and it rains.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## HEART SPEAKS

Heart speaks, speaks about what inside  
speaks of blood, it pumps and receives  
it speaks of love only as blood is love,  
heart becomes symbol of love, deep ears  
hear the words of love the heart speaks,  
words of divine love, the words of God  
heart speaks; heart murmurs, the moan  
of heart, when blood won't obey heart,  
God speaks through heart, words Godly.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## HEART A ROSE

It dilates and contracts  
pumps love everywhere  
it blooms, open petals  
so sweet the redness  
so fragrant the smell  
breeze carries the smell  
dream bears the beauty  
heaven opens in you  
honey drips from you  
you sweeten my soul  
blood you pump, is pure  
you filter the dirt in me  
but for you, I am no more.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## HEART WAVES

Heart a sea, stretching vast from one end  
to the other, the blood forms water, red  
replaces blue, always waves, rarely at rest  
blood boils, moonlit surface waveless, cold  
and chilly, sometimes it freezes, ice floats,  
sea in fury too often, waves jump up, the  
waves at times reaches sky, reaches beyond,  
reaches heaven, heaven opens, dew drips  
on sea, cool the fury, the waves come down,  
blood diluted with the dew, calmness spreads,  
heart is tranquil, it starts beating slowly and steadily

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## IGNORANCE

Absence of realization  
inability to realize  
the great truth of universe  
that God the treasure  
the bliss  
the mightiest  
the greatest  
makes man a fool.  
he errs  
he steals  
he rapes  
hates  
envious  
egoist  
at last terrorist.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## LANGUAGE OF HEART

Heart speaks, heart sings and heart writes,  
with blood only it does everything, the blood  
dissolves in love, the love unseen, unheard,  
it has no eyes or ears, totally blind and deaf  
love streams out, invisible, it soothes the  
soul, heart and body, heart sees love, hears  
love, tastes love, speaks love and sings love,  
the language is love only, it is wordless, talks  
to heart only, deep feeling fumes into another  
heart, that can only perceive it, language misty.

## LIFE TO ENJOY

Man is Godly plus humanly,  
humanly the body, Godly the soul,  
Jesus on the cross wept with  
pain that He couldn't bear as  
He a human; life to enjoy, not  
to be grieved as the soul  
the most beautiful, what the  
soul sees is the glorious one,  
soul sings, heart perceives  
and body reacts; soul smiles  
when body in pain, soul is  
love only, love others, praises  
the good and corrects the bad  
are not vanity, but soul loves, soul  
appreciates; if life made to grieve  
only, if see love as loveless, draws  
life to lifeless, is a human perversion.

## LOVE YOURSELF

Love yourself, first lesson in love  
of vast voluminous book on love,  
how can you love others without love  
for yourself, soul of everyone Godly,  
God resides in every soul, love God in  
you, then only you could love others,  
love of God to flow to hearts of others  
only then you could develop true love  
for others and love God in true spirit,  
you love all the creatures of God truly.

## I THE POET

Me not a scholar in poetry,  
not read rules about poetry,  
I write what my heart dictates  
blood the ink, poured on paper  
without dictation, me illiterate  
totally dependent on my heart  
if heart fails, me blank, can't write  
my soul sweetened when I write  
it rains honey in heart and it inspires  
to pour more aggressively, I forget  
what all I write, it is me the poet.

## NO DEATH FOR ME

I was dead years ago  
the real death occurred,  
fear of death eluded  
as I overcome death.  
me dead  
when passion separated  
from my soul,  
the worldly passion  
all dissolved to nothing  
when faith in God  
became immutable;  
now my soul lives  
body gone spiritually  
soul lives, it guides  
I am to follow it only.

## ONLY POETRY HEALS THE WORLD

Absence of God pushes world to turmoil  
Damocles's sword to fall on head any moment  
volcano fumes on top to erupt sooner or later  
heaven closed, dew not to drip cool the heat  
the world dry full with ailment and wounds  
man dislikes man, hates man and kills man  
love dried with scars on body, heart and soul,  
what next? nobody knows, in utter confusion  
no one on earth dislikes poetry, it is very divine,  
words of God, speak through hearts, the truth,  
it soothes heart, body and soul, heals tear in soul,  
it heals wound in hearts, unites everyone together,  
only it heals the world, its divinity flows in hearts  
and soul, it is the invisible God caresses the wounds.

## POETIC SOUL

The echo in stillness, too faint  
to be perceived by heart, too soft,  
dew drips in heart, heart realizes,  
soul filled with the echo sounded  
from the heart, decoded the truth  
and stored in soul, sweetened with  
honey, that is the love from words  
of God echoed, the soul becomes  
divine, the heart becomes tranquil,  
the thought concentrate in the soul  
like dark clouds accumulate in sky,  
thought rains and it flows outside.

## LOVE VIBRATES

Love the big ocean waves  
the heart vibrates at times  
the soul pulsates always  
the strings of piano vibrates  
strings, the love tunes to sweet  
music, it goes deep inside heart  
love very true vibrates, it sings,  
its sweetness dissolves in soul  
soul pulsates and heart vibrates  
love vibrates, sweet melody heard.

## THE TREASURE

The truth of life, you know by inner heart  
you value it by inner eyes, reality realized  
by inner sense, the truth masked by passion  
worldly, the reality unseen; never depend  
on the world, it is unsteady, keeps on moving,  
look at God, He is stable, never changes, trustful  
world is shaky, but God a rock, depend on Him  
you get justice from Him, world cannot give it  
He gives you contentment, the greatest treasure.

## UNKNOWN LOVER

The image that rises in his heart  
everyday and every moment  
so vividly that he absorbed in it  
never he knows who is she?  
she gives him company, without  
her he cannot live single moment  
she is neither hungry or thirsty,  
he need not support her, she is free  
nobody seen her, as she inside heart  
doesn't come out but disappears inside  
he always happy as unknown soulmate  
in him, he asks himself, who is she?

## WORDLESS

Tongue utter words  
the heart speechless  
thought divine heavenly  
it echoes in silence  
deep in my heart  
heart perceives it  
feeling fluctuates  
It is transmitted to soul  
soul dances in rhythm  
the rhythmic heart and  
rhythmic soul embraces  
divinity flows in,  
tongue can't catch it.

## AIM IN LIFE

What for I am born?  
man asks himself  
what the aim in life?  
he thinks a lot  
at last he gets answer  
there is world inside  
finds it the answer  
passion worldly must go  
by unbroken faith in God,  
passion to go one by one  
after win over countless trials,  
the world and worldly to go  
body spiritually separated  
the soul released  
it lives free forever  
it lives in eternity.

## GLACIER

The moving part of the chunk  
floats in the vast ocean blue  
waves move fast, glacier close  
to the boat, to hit at any moment  
but the glacier melts suddenly,  
fumes snow into the boat, fumes  
into the burning heart in the boat,  
heart sleeps in the sweetness of  
snow, boat sails merrily its own way.

## CRUCIFIXION

Jesus crucified for no fault of his,  
He shed blood for speaking truth,  
many killed for standing with truth,  
the history tells that, many scientists  
speaking truth, branded as lunatic,  
world needs those swimming with  
flow of world, not against; but truth  
is love, it should flow on in its way,  
not against, conflict occurs, explosion  
occurs, but truth seekers can't go back.

## HEART TORN

Heart torn on all sides  
when thorn of rose cuts  
the wounds severe, bleed  
blood gushes, me fainted  
when opened eyes, two  
pint of blood transfused  
me okay, but pain persists  
me not hostile to the thorn  
as it taught me the lesson  
" excessive love always hurts".

## JESUS IN ME

Unseen Jesus, seen every moment  
in my heart, unseen with my naked  
eyes, but seen with deep eyes, deep  
senses relish and taste Him every day.  
He lives in my heart, the greatest wealth  
but for Him I am a corpse only, He dictates  
poetry, me copy that, He diagnoses, treats  
and me follow, He invents and me write,  
I am speechless to tell a fraction of His love  
for me, He is my glory and He is my crown.

## LAND BEYOND THOUGHT

The site beyond my thought  
the place beyond the passion  
the outer space beyond stars  
the place of deep tranquility  
where divinity is poured fully,  
my heart flies on my soul to the  
space where me float, my heart  
separated, it comes down to earth  
but my soul ascends to infinity,  
the unknown place which my soul  
loves, no thought, worry or despair  
reach there, beyond the gravity,  
me in exuberance look at the earth  
and ask, " can't you reach the land  
beyond your thought, that is in you".

## LOVE SONG

Heart sings honey song  
song dipped in pure honey  
it fumes and clouds in sky  
it rains honey in every heart  
it wets soul with its sweetness,  
heart and soul sing together  
the melody touches everyone,  
heaven opens, holy dew drips  
down and it showers blessing.

## **MASK NOT**

No one on earth is devilish  
as devil only trapped him,  
do not stone at anyone as  
no one qualified to take stone,  
belief in God is to be said by  
self as he only feels the change  
in him, one's experience can't  
be challenged by anyone on earth;  
divinity is by experience only  
not by blaming others, the one near  
to perfection do not accuse anyone,  
the sinner is the saint, saint the sinner.

## MY HEART DESIRES

Sweetened desire poured into my heart  
honey drips in it, and it rains intermittently  
my heart a flower to me, poured heavenly bliss  
it shapes my mind with novelty, mesmerizes  
my brain with its beauty, soul sleeps with its  
melody, its purity instills tranquility in my soul,  
in sleep my heart flies with me, high up in sky  
over the clouds, moves beyond the stars, reached  
a land of beauty, pleasure to my eyes, sands are  
made of gold, stones are jewels, sky with diamonds  
flowers blossom everywhere, singing and dancing  
in gentle breeze, my heart opens its petals,  
it is blossoming ever more, wings coming out,  
it is angel singing in heaven, I stayed there for long  
my heart carried me down to earth, I am contented.

## **NEVER STIFF**

True love never dies, never bends  
or breaks as it made of trueness only  
it can never be hard or stiff, it flexible  
it is a gel soft and fine, very refined  
elements inside, it elongates but never  
shortens, the best drug on earth, it  
heals any wound, it stops bleeding  
it is reflection of heart, the red blood  
clotted and is made the gel, it bears  
the smell of blood and it never decays.

## SLEEP

Heart subdued with mind at rest  
the soul comes down and rest on  
the lap of heart, heart throbs gently  
and pleasantly, blesses the mind,  
the stillness with its perfection  
caresses my soul, the love from  
stillness flows down and kisses  
each cell of my body, I with golden  
wings fly in the horizon of tranquility  
move beyond the stars, reach heaven,  
the golden place, rested for awhile  
come back with the golden heart.

## NON-VIOLENCE

A gift from God for Truth seekers,  
Gandhiji a soul searcher on the  
path towards Truth, the epitome  
of love, that is God; path towards  
the Truth is highly perilous, full  
of thorns, prick the feet of the  
seeker and feet bleed profusely,  
the peril on the path, cleans the  
dirt in the mind of seeker after  
his faith in God strengthened,  
with his win over each peril on  
his path, worldly passions all  
disappear as he reaches Truth;  
the nonviolence of Gandhiji is  
the reflection outside of his  
search inside for Truth, results  
in love and compassion, he gets  
from Truth, non-violence became  
his weapon for struggle for freedom.

## PASSIONATE HEART

Heart squeezed into expression of love  
deep with the passion that craves for hot  
blood, fills the heart to be pumped in the  
veins of her, dissolved in the purity of the  
heaven that blesses the bond with divinity,  
it is bound with immortality, that death is  
not a barrier, to block the stream of blood  
flowing from heart to heart, soul to soul,  
then they fuse and move gently to eternity.

## **PULSATING SOUL ECHOES**

Extremely soft, gentle, filamentous  
bears no gravity, weightless, feathery,  
filamentous, unseen with naked eyes,  
seen and heard with deep eyes and ears  
pulsating always, floating, agile ever,  
the pulsating sound echoes, perceived  
by deep senses clearly, a music heavenly  
tuned in divinity, caresses the heart and  
mind and energizes them to be active  
and relish the sweetness of divinity, that  
gives man opportunity to taste inner beauty.

## RHYTHMLESS HEART

Love is blind and at times it fails  
sinks in the deep sea and drowns.  
love is tranquil, at times translucent  
it turns opaque with the falsehood  
tranquility drained, love becomes  
loveless, loveless becomes love  
heart becomes rhythmless, beats  
irregularly, red blood turns blue  
arteries becomes veins, love loses  
value and it becomes revengeful.

## WHAT FOR?

What for man be proud?  
he, the tiny creature of God  
not even for one blow of Him;  
uncover the mystery is His gift,  
the attempt to uncover a fraction  
of his making is science; surrender  
completely to Him, mystery revealed,  
science cannot scale it, it is too big.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## SOUL STIRRED

My soul craves for something, it is thirsty  
nothing could satisfy it, but your love only  
I could relish music from depth of your heart  
it stirs my soul, it is excited, vibrant to music.  
music swims in bay of heaven, it twists past  
inner romance, feelings climb up, evoke spirit  
heaven glimpses, symphony sounds swiftly  
thoughts bubble everywhere, heart whispers  
my veins sing, warm blood flows, cells dream  
my soul sings in tune with melody of your heart.

## SWEETENED HEAVEN

My heart is filled with honey  
when my body in pain extreme,  
love hurts my body and it bleeds  
but the honey soothes and heals  
the wounds; my deep eyes opened  
when passion all run away, I see  
heaven in me above my thought of  
grief and despair, it is far above the  
feeling of agony, horizon of heaven  
visualized, I hear the words of God,  
so sweet the heaven in me, honey  
from above rains, I daze in twilight  
of beauty, no words can describe it,  
the mesmerizing fragrance sedates  
my soul, the bliss dwells above agony.

## THE EMBRACE

The flow of love from the heart to heart  
I swim along water current in the vast sea  
I reach shore, your heart, where the volcano  
fumes to erupt, hearts join together, embrace  
in tightness, do not separate, sway in the  
flow of lava, but swim over it, unhurt, jump  
into the sea, move past giant waves, reach  
the other shore, but the hearts dissolved in sea,  
the souls in embrace, move gently on the shore.

## SWEETENED HONEY

What does it mean?  
the sweetness in extreme  
where does it originate?  
it is God, His beauty  
the flower is His making  
the nectar is His gift  
the honeycomb His magic  
honey, the sweetened God  
the nature is God only  
man, His best creature  
the universe His beauty  
Honey is His glory.

## TREATMENT FOR PEACE

What is peace?  
It is tranquility of mind  
people talk a lot  
people strive for peace  
they wander at periphery  
but not at its root.  
Cut the decayed root  
then tranquility fills in,  
worldly passion, the root  
it is the devil living in mind  
what the remedy?  
God to be in and devil out.

## VAPOR

The solid is one, the vapor different  
the organs of body look terrifying  
but man is different, most beautiful,  
the car looks different from its parts,  
thoughts condense form idea different  
the vapor purest than the crude water  
the soul is the purest vapor of the body  
the body, the outer cover of the soul  
different totally, purity makes it Godly,  
the God in man, follow only the purest.

## WATER MIRROR

The stream flows down to the valley  
the hum it makes touches my heart  
the murmur echoes in the skies  
the water of the stream transparent  
I see my image in the mirror of water  
the birds fly over the water, spoil it  
water becomes filthy, dirt accumulates,  
blocks the flow, mosquitoes breed  
the water mirror in my heart shattered  
into tiny pieces which will never join.

## WILL OF SOUL

Soul to be set free,  
then only one knows  
the will of soul.  
It is a spiritual reaction  
that body is gone  
when all passions worldly  
vanish, by extreme faith  
in God, the unbroken one,  
the closed deep senses open  
seeing with deep eyes  
hearing with deep ears  
smelling with deep nose  
tasting with deep tongue;  
soul is set free from the bondage  
of body, the worldly passions;  
soul lives and glitters forever  
its will is known to me  
and I am to follow it only.

## ON BRINK OF EXTINCTION

God created man in his image  
but man erred and he lowered  
from divinity to manhood and  
still being lowered to grades of  
evilness, love disappears as God  
is replaced from heart by devil,  
the love becomes fake love, the  
god of today is money, money  
can bring anything, even justice,  
the murder becomes suicide,  
criminal escapes and innocent  
punished, truth now becomes  
untruth, honesty is lost, man can't  
eat anything, food is adulterated,  
even poisoned, whom to complain,  
only God to hear it, man dislikes  
man, man hates man, man kills man  
man kills nature, nature retaliates,  
false philosophy and false doctrine  
brain wash the youth and they are  
made to believe that others are the  
enemies and one gets salvation by  
killing them; this thinking terrorized  
the whole earth, the hostile feeling  
among countries push the world on  
the brink of extinction; only God can  
save the world, let us all pray together.

## A LAKE

The lake full with red blood  
it is very deep, volume of  
blood cannot be measured,  
as blood springs from bottom,  
it ripples and doesn't clot, it  
flows to small streams flowing  
wet the land, land becomes  
fertile but trees are reddish  
red flowers bloom, fragrance  
spreads everywhere, streams  
flow back to lake with the soil.

## **BLOOD BOILS**

My country, my mother  
when she pained, my heart  
aches, blood boils, it fumes  
to the power of patriotism  
the might I have indescribable  
each cell of me stimulated  
to avenge the foe, to guard  
my mother, to fight for esteem;  
no passion for traitors, blood  
drips down from eyes to pay  
homage to the martyrs, died  
for us to keep us safe and gay.

## EVERYTHING POETRY

I find everything in poem,  
sorrow, happiness, despair,  
love, everything in poem,  
heart rhymes, gets a tune  
melodious, for me the whole  
world a poem and God at  
its center, rhyme, words  
of God, flow across heart  
like a stream, it wets and  
cool my burning heart, it  
soothes my tense soul, it in  
my treatment of sick, a poem  
so beautiful, my heart hums  
it, my lips won't move, poetry  
intoxicates my brain, I see  
God in it, my long companion  
is poetry, my sweet lover it is,  
it dissolved in my blood, passed  
through my veins to every cell  
of me, it is my life, it is my hope.  
How many know poetry is God?  
It is sung in heaven, me after it.

## FEAR

A myth with no substance  
the handiwork of devil  
it sprays dust in the eyes  
for heart to breakdown  
for confidence to fly away  
for creating a sense of panic.  
It a sensitive feel of cowardliness  
that arises from negativeness  
of thought, that is fake.  
Man with God never wavers  
as God to share the agony full,  
a man is the man without fear.

## FORGET AND FORGIVE

When you are innocent,  
didn't accuse anyone  
not abused anyone  
only words of praise for others  
praying for them,  
but you are accused  
from all corners  
you are termed dishonest  
you are a liar;  
what will you do?  
the torn mind prays for them  
forget and forgive.

## THE FORT

God is a reality  
he is living today  
here in me, in you  
it is the truth of truth  
He is unseen but His  
presence felt, relished  
with opened deep senses  
He talks to you  
he converses with you  
but you don't hear Him  
as the deep ears closed  
with worldly passions.  
On opening deep ears  
by building unbroken faith in Him,  
He is your greatest companion  
your greatest lover  
the odd in front will dissolve to nothing  
the strongest faith kills dreadful diseases,  
a doctor nearly five decades with the sick  
a doctor reached pinnacle of medical science  
tells you, the great truth of his heart.

## GOD

Is there God?  
where is He?  
what the proof?  
heart puzzled  
but wisdom comes  
the unseen power  
the super carpenter  
making perfection of  
universe, everything,  
organs of man function  
so perfectly, planets  
revolve, don't fall down,  
flowers bloom, the beauty,  
trees arise from seeds,  
sun lightens, moon beams  
stars twinkle, earth revolves  
so perfectly, meticulously  
what else proof needed?  
naked eyes don't see Him  
He is in you, inside of you  
beyond the worldly passions,  
passions cover deep senses.  
passions dissolved by strong  
faith in Him, you taste Him,  
feel Him and relish Him with  
your opened deep senses.

## HARMONY

The universe a poem, lyric sung  
in harmony with each other, God  
a poem at its center, is rhymed so  
beautifully, everything in synchrony.  
The music is heard so gently with the  
opened internal senses only, outer  
senses can't grasp it; the planets all  
revolve in the music, in harmony, even  
heart beats in same rhythm, everything  
controlled by God at the center, music  
is composed, tuned, renewed every  
moment, sung at the center of the  
universe, planets whisper and sing,  
universe exists on harmony of planets.

## HEARTS EMBRACE

Dew from heaven falls down  
on hearts, fixes them together,  
blood oozes from hearts, form  
a coat on joint, makes adhesive  
strongest, fusion takes place,  
hearts join together, blood from  
one heart passes to the other  
making souls fuse together, the  
blood fumes up to the sky and  
it rains honey, wets the hearts,  
wets the souls, it flows out as  
stream, wets the land with love.

## HUMMING BIRD

Humming bird on the tree  
flies down to my heart with  
leaves and tiny sticks to  
make nest on its wall, but  
she drinks the blood inside,  
she doesn't wish to fly away  
as blood the sweet nectar  
to her, it intoxicated her  
and she forgot to nest, but  
sits on the wall, drinks blood,  
relaxes for long and flies away;  
she sings sweet melody in me  
that sweetens my soul, daily she  
comes and stays in my heart,  
I am very eager to receive her  
I became an ardent lover of her  
melody, she can't live without  
my blood and that day she didn't  
come, I searched her everywhere  
but she has left my heart forever,  
the melody still echoes in my soul.

## LOVE IN SILENCE

Love exists in silence  
it is fertile in that  
tranquility the core  
devotion the center  
adoration the making  
it is planted in heart  
it grows to the soul  
doesn't come out,  
so strong, so true  
words can't tell it's strength,  
it lasts long, no barrier  
soul to soul communication  
it is not imagination, reality  
only heartbeats  
only silence.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## LOVE IS CONFUSING

Love is not straightforward,  
path with curves and tunnels  
I pave the way through the odd  
but the candle glowing in heart  
doesn't put out, me dependent  
on it totally, but the wine turned  
bitter, earth shakes, me in the  
midst of the tunnel, I crawl across  
but you, aren't seen anywhere, candle  
still glows, love so confusing, what  
am I to do? I miss you very much.

## VALENTINE'S PAIN

Love is pain only  
but pain is sweet  
it is the sweetest  
heart oozes out  
it bleeds profusely  
but it doesn't clot  
it bleeds incessantly  
it doesn't stop at all  
it flows as a stream  
it murmurs in silence  
it echoes gently  
the water is transparent  
we see our image in it  
the water is sweet  
it smells fragrance of pain  
pain dissolved in it  
as love is sweetened pain.

## MISTY BEAUTY

Sun covered by hazy clouds  
heart shadowed by intense  
thought, eyes see vague and  
misty, my inner mind opened,  
deep eyes cleared, still misty  
the spirit of you, I see vaguely  
it is you only, my heart says  
you drift from heaven, stands  
in front, dressed with mist only  
but I see your soul pulsating  
I hear echo of your heartbeats  
the divine melody rings in ears  
that the misty beauty with me.

## MY SAVIOR

Jesus my savior  
how do I see him?  
why did I accept Him?  
what the proof?  
God is love,  
true love is God,  
where I see extreme love?  
Where I see the Agape?  
it is on the cross only,  
the King of kings sacrifice  
His life for the big sinner, me,  
I don't see this extreme love  
anywhere else  
Hence I accepted Jesus my savior.

## PAIN

Pain of heart  
pain of my body  
pain of soul  
nullify  
when I am with God  
When my faith in Him  
intensified  
He takes away the pain  
He bears it  
only a part, He gives me.  
How beautiful, me with Him.

## POEM IN ME

Poetry flows in my heart  
it ripples to my soul, sedates,  
my brain is cut, it fumes past,  
it paints love on my vast mind  
with my blood, the beauty of soul,  
fragrance emits and it draws me  
to the wilderness of tranquility,  
a vacant place where divinity  
flows in and from there I look  
at the world, everything poems  
of heart glittering everywhere  
with sweetness of soul, that me  
absorbed in each rhyme of poem.

Copyright © My Soul Blossoms, Dr. K. K. Mathew

## POETRY IS DIVINE

Poetry the theme of heart  
in divinity  
the essence of deep feeling  
that comes to heart  
the wind blows across heart  
that the inspiration  
me sail along the wind to unknown  
pick a bit of unheard  
heart thumbs, me in thunderous joy  
soul is wet, it rains honey  
the happiest moment in life  
the divine thought poured on paper.

## HEART CRAVES

The sky clouded  
it rains  
but my heart is open  
craves for something  
which I do not know  
the rain drops wet heart  
heart pauses little  
it smells fragrance of hope  
in the thick cloudy day  
it hears humming of a bird  
on the tree near  
the voice, sweetened love  
goes deep in heart  
rain stops, clouds moved away.

## REPLENISH NATURE

Nature the poetry of beauty,  
the poem of tranquility with  
the blessing from heaven is  
the Spirit of God; cruelty of  
hearts cut and hurt nature and  
it cries for help, man to hear  
it and realize the truth, when  
nature decays, earth perishes.

How to replenish nature with  
the lost one; plant trees minimum  
two per head, when new trees  
start growing, it acts as stimulus  
for nature to replenish like the  
cut in tissues of body regenerates,  
it is a physical phenomenon, man  
to know this truth, man to realize  
Godliness in nature and the great  
revelation that loving nature and  
protecting it, is loving God and to  
nurse it like caring infants, let this  
truth be known to mankind through  
poetry as it goes deep in every heart.

## SPIRITUAL GROWTH ASSESSMENT

Spiritual growth, the  
true growth of man,  
it is nonperishable,  
every moment change occurs,  
outer growth perishable.

How to measure it?  
ask questions to your conscience,  
any good change in mind  
during past five years  
for anger, hatred, envy,  
greed, grief, despair?  
in blocking temptation?

Could you realize God the supreme?  
Could realize God be the mighty?  
Could realize God the greatest wealth?  
Could realize God most loving?  
Your conscience gives answer that  
how far you scale in divine journey.

## REAL BEAUTY

Body looks beautiful  
with naked eyes  
heart looks beautiful  
when heart sees  
but the real beauty comes  
the beauty of the soul  
sees with your soul  
body perishes  
heart decays  
but soul lives ever  
its beauty everlasting.

## TO MY HOME

Far off the noise  
deep in my heart  
lives my home.

I drive today  
to my village far,  
through muddy roads,  
coconut leaves hum  
flowers yellow a feast  
Jack fruits hanging  
plantain in plenty  
mangoes golden glitter  
vegetables in abundance  
streams flow gently  
my heart is full.

Car stopped at old premise  
ant bitten gate opened  
soil carried my odor  
trees look weak  
house old and fragile  
memory on its way  
my 'root' glints again  
my past echoes  
tranquility flows in  
I am contented.

## VALENTINE'S HONEY

Blood oozes out from heart  
fumes to my soul, the breeze  
that carries it sweeps to you,  
to your heart, honey drips from  
your soul, sweetens the breeze,  
it rains, the sweetened liquid  
thick a jelly, semi solid blood of  
you and me, frozen in your heart  
for little, then it is warmed with  
the heat from our heartbeats,  
dew from heaven, falls on it and  
baked in heat, our souls taste it.

## A VALENTINE THOUGHT

Stone me not  
abuse me not  
by lovers  
to tell, world changes  
but God not,  
worldly love changes  
but God's love not.  
Crave for God's love,  
not for man's love,  
not for woman's love;  
but for thousand love  
of men and women  
together,  
that is God's love.  
Love nature  
then you love God,  
love moon and stars  
then you love God,  
love poems of beauty  
there God in poems;  
love God for man,  
love God for women,  
then you could love man,  
love woman  
through God;  
then love becomes sturdy  
it becomes divine  
you enjoy the true love.
