PREFACE

This book is my 30th collection of poems in English. The 100 poems in this book were written during January and 1st half of February, 2022. The poems are mainly mystic and spiritual. It is really a spontaneous outflow of my inner feelings, which I copied on the paper. I invite the readers to evaluate these poems.

FOREWORD

Dr. K. K. Mathew's book Poetry Pearl touches on the very jewel of life. The driving force of this poet is his belief in Jesus Christ. Every poem that comes from the soul of Dr. K. K. Mathew, is a gift of God. His poems touch on all the beauty of nature in his surroundings; flowers, birds, mountains, streams, everything. His ideas of fairness, truthfulness and the guiding forces of each life, is made manifest in his writing. He spent 46 years of his life as a physician ministering to the poor of his country. He could have had a rich medical practice in a large city; but that would not be true to his beliefs directed by God. His practice of medicine was dictated by his personal love and trust of God. His poetry is a written testimonial of God's love and goodness to him. His poetry is a living guide to solving many of life's problems by trusting in a higher power and helping our fellow man in whatever way we are able. Simplicity in everyday life is Dr. K. K. Mathew's personal heaven. Observing mankind and praying for peace in the world is a daily practice. His poetry reaches the heart and soul of those who read his written testimony of God's goodness to mankind. The beauty of his observations of life and living breathe that beauty into the lives of his readers. One cannot but come away enriched in heart and soul from reading the soul touching glory of this man's beautiful poetry. I am deeply honored to write this statement for his book, Poetry Pearl. His steadfast beliefs have touched my soul.

A FRIEND

Love falls from heaven bestowed upon heads
That drips to heart, it beats musically, very soft
Indeed, rhythmicity in it, it echoes even in soul,
Music of love heard with sweetness of honey,
Heart tastes it, soul sweetened, it teaches a lot,
Expand heart to accommodate the adverse in
Plenty, heart muscles elongate to the maximum
To withstand accusation and abuses, still very
Silent, non-reactive, sober elements to love the
Friend, respect the dignity, always thinking of
Goodness for the friend, praying for well-being
And success of the other, guided by the power
From above, not by the human, living to fit in the
Conscience, friendship to become sturdy forever.

A LESSON

Deep insight makes man realize the unknown,
The mystery; how to get the insight, the question?
Search and search with utmost faith, one definitely
Gets it; world is passing through the worst time, never
In history, what happens tomorrow, nobody knows,
Microorganisms multiply, and spread so rapidly,
Mutation of the microorganisms takes place and
Engulfing the world, human mechanism to cure and
Prevent, only partially successful, what does it mean?
Human helplessness must bring the wisdom in man
To realize, only God can arrest the havoc; be with
God always, be in Him, the only shield to be saved.

A MAN

A true man he is, who gratifies others amid
The pain and sufferings, he bears, the true
Manhood, he deserves the best acclamation
In the world that his inner strength is beyond
Any comparison, but he never thinks of having
It at any time; he finds joy in his sufferings and
He tastes others' prosperity very sweetly; it is
The human nature of first order, how to get it?
It is the deep realization that matters, the man
Knows, the life on earth and the human body
Are perishable, no value to be given it, and
The non-perishable life of the soul, is the eternal
Life, that matters, it is how boldly one faces his
Own sufferings and how to become gratifying
For others' prosperity and be grieved in other's
Miseries, are stepping stones for the eternal life.

A TRUTH FOR EVERYONE

Difficult, but very much possible for everyone
To find a remedy for all dreadful diseases and
Difficulties which man faces today; it's not the
The medicines or anything artificial or external,
But internal, inside every human notwithstanding
Whosoever he is; the mechanism is quite natural;
Find out the soul by everyone, raise it, visible to
Heart and deep senses in everyone, the raised
Soul in every human being will neutralize the
Potency of all dreadful diseases, and solve all
The difficult problems, man faces; trust fully, it is
The great truth, man to realize; it is in everyone.

AFFECTION

Superficial it is, the liking, has a definite border
If it crosses the limit, goes deep, quite often very
Deep, it is love, the most divine power on earth
Which has affinity and sticking power; affection
Is the first step to love, it is a sort of liking for the
Person, the spontaneous outcome of having affinity
For particular character or shape of the person which
Others don't have, a natural phenomenon of special
Attraction, that won't fade so easily, intensified with
Long association, man likes man, a great blessing of
God bestowed upon human beings, it shines always.

ANSWERLESS

So many problems in everything, everywhere,
No solution to so many, only the theories and
Postulations to suffice, no concrete answers to
Them, as most of the universe a mystery, man
Detects only very little, confusions in everything,
Answerless to so many; what happens today, is
Spraying insecticide on the leaves and fruits of
Tree, while the roots are decayed; for establishing
Peace, patch up the remedy at the periphery, while
The base is defective; the reason, man is imperfect,
Man becomes perfect only when he finds his soul;
Soul finds remedies, gives answers to all problems.

APOLOGY

Climbing the steps one by one, in the pursuit of
Going to the top, each step is the realization of
The mistake made and how to correct it and the
Delicate feeling of apology comes in heart and
Even outside, a reflection of the repentance in
Heart, an automatic process that lifts one to the
Upper steps, a transformation of mind, molding
Of it to a new form with lesser defects or mistakes;
Without them, nobody can come to the higher
Levels of possession or attainment; genuineness and
Clarity of mind, put one to the excellence of success.

BECOMING A POET

Heart of a poet, is throbbing with so much of
Delight, as he feels, he is the most lucky person
He is a free bird in the horizon of love, breathes
The air of freedom everywhere; feels, he could
Touch anything, he enjoys everything, no fences
Anywhere, above everything, always flies on the
Wings of imagination, to the moon, to the stars
Beyond that, suddenly to earth, to any part of it,
Enjoying always, ecstatic his mind, contemplating
Sweetness of love always, pain and despair can't
Touch him as he is above all; nobody can inhibit
Him, as he is totally free, his tender heart sings
Always and he only hears it; he realizes, poetry
Heals and poetry is the panacea of all sufferings.

BETTER WAY TO LIVE

Frightening with exaggeration, a common affair
Now, especially in media, people succumb to fear;
Man to think, everything in God's hands, He will do
The best for us, that belief must be in every heart,
Have the notion, nothing will happen without God's
Knowing; keep God by the side of your mind always,
Interact with Him always, you get the strength to
Withstand anything so frightening as said by media;
Fear is man's creation only, it is fake only, realize it,
Never allow the fake one, enter your heart and spoil
You, discard it completely, have always the positive
Frame of mind only, never it is disturbed, tranquility
Maintained with the strong faith, God is with you; it
Is all what needed to thrash the frightening and the
Fake fear; mind and heart filled with self-confidence.

BEYOND THE THOUGHTS

On the wings of intense faith, I fly beyond the thoughts,
Beyond the feelings, beyond the emotions, to the horizon
Of love, divine love, in the vacuum of godliness, the God
Is proximal to me, I'm at the vicinity of Him, the world is
Far away from me, it's seen as a tiny glob, the gravity of
Earth can't pull me down, I'm much above, beyond the
Stars, I'm floating in eternal happiness, it will never fade,
I've no hunger, no thirst, infused with His love only, I've
Nothing to worry, always hopeful, I hear the sweet songs
Of divinity, godliness, always; never to land on the earth.

BREATHE

To be in the glory, to be out, the unwanted,
The waste; to be renewed every moment
The old to be out every second, the new to
Come always, the dead is gone, the living is
Inside, regeneration taking place, fantastic
Movement of energy inside, the whole of
The lassitude expelled, wonderful the way
Of God, blessed always, to be renewed, to
Regenerate; breathe the air of freedom, to
Be infused with the glory of it, amounts to
Befitting reply of godliness in every part, to
Be new, oxygen comes, carbon is expelled,
God touches everything in the human soul.

COMPASSION

Honeycomb caressed, honey drips down
It streams, sweetens everything outside
Heart is tender, it melts, and it flows out
Nothing inside heart, everything outside
The heart becomes enriched, the vacant
Heart is filled with love from above, not
The own love, it too flows out, the heart is
Glorified, love is beautified, love sweetens
Outside, the dry becomes wet, sun shines
Everywhere, kindness glitters in everything.

CONFLICTS

Disagreement, arguments and counterarguments
On protracted way, utter confusions prevail, justice
And injustice conflict, truth and untruth collide,
Difference of opinion hits each other, unrest waves,
The prolonged one disturbs the tranquility of mind,
Much won't be achieved when the peace wavers,
Unsteadiness and instability of mind can't cope with
The disturbances everywhere, too much of heaviness
In mind wants concurrence of ideas, not to be rejected,
Uniformity of opinion, that won't happen always as
Everyone wavers, the earth tremors, shaking the heart
And mind, peace flutters as the aspirations and peace
Collide, the unrest and disturbances shake everyone.

CONSENT OF HEART

What you need today is consent of heart
For everything you to do, the real verdict in
You, much superior to anything; better life,
Best achievements, all with consent of heart
That in anyway not going to be wrong, always
The correct one; to love, get the consent, to
Marry, get it, the unknown variant comes as
Truth of tomorrow, more specifically in heart;
Heart is much better than any advisors, what
In you is the best, the spirit of the Almighty.

CONTEMPLATION OF MIND

A supercomputer, the human mind, especially the Inner mind; thoughts, feelings, emotions, stored with Observance, analysis, and inference; the positive note Gives contentment and joy, that is the net result or the N- product of what all man has acquired, possessed, and Gained; it is the permanent image of the contemplation Of human mind, nothing more, the final result in man. But the positive contemplation of mind can be made to Occur, without possessing or gaining materials physically; That happens when mind is approximated to God, faith Fixes it; now, one can infer, what for man is so greedy.

COUPLE

Association of heart, soul, and body, together
With input of true love flowing in and around
With magnificence of the string of faith, tied
Together, propelled by solid hope; the current
Of togetherness circulated around, life becomes
One, happiness becomes one, and the grief as
One, inseparable association, the ideal couple;
Imprudent the way of oneness, as the God gifts
It, and the divergence of any kind fades, trueness
Of love upheld, the real love of God is reflected
With sweetness of honey inside, even if pain or
Grief or despair, prevail; turns to music of hearts.

DANCE

Muscles move rhythmically, typical with culmination
Of muscle contraction, in tune with the music of the
Soul, played the artistry of movements in tandem
With the flow of love inside, the untold emotions
Exposed with the will to contract and relax, following
A set of sequence of steps, that transforms mind to
A story of love, with actions and counteractions of
Love, to play with genesis of love, with the whole body
Moves in a quick and lively way, all the input of energy
Used for the creative artistry of making movements so
Taming with sweetness, mesmerizes with magnificence
Of style, rhythmicity, agility, and beauty, to perfection.

DESIROUS MIND

A wishful mind, solicitous mind, always aspiring for,
A roaring sea, with waves jumping up, no tranquility,
Mind wants something always to achieve, to possess,
Boat moving to and fro without control in tidal waves,
To gain more and more, no contentment, never it is.
Mind without any desire, possible, when sunrays fall
On it, mind becomes soft and tender, hardness gone
Sweetness intensified, person realizes, his sweet mind
Is better than anything else, moreover he knows, only
Through his mind he can communicate with God, the
Tranquil mind is godly when no desires, God acts on it.

DISCIPLINED

Walking on straight road without any bends or dips
So much of enthusiasm to abide by the rules and the
Laws, not twisted even by the gentle breeze, having
Very tender heart to soothe other hearts, doesn't
Need anything extra than the ordinary, simple and
Humble, sincere and honest, with love and kindness,
Never to hurt other's hearts, trying to do something
Good for others, so silent and never volatile, thinks
Of goodness only; one might ask, how is it possible?
Could suppress the temptations that come to trap,
Only possible when God is in you, God works for you.

DISCOVERY OF LOVE

Nobody on earth has discovered love completely,
Knows it only part by part, fragmentation of it takes
Place and it could be interpreted in different ways,
Love is the structure of human being and it is closely
Associated with satisfaction, these two go in parallel,
No love without contentment, love may be manifested
In heart or soul, the feeling of love satisfies the heart or
The soul, it is the climax of the pertinence of love, at this
Point, love has its maximum glory, to be stored there for
A long period or forever; anyway this love will never die
And it arises in the heart or soul always, human strength
Can't control it, it's the root of love; what humans need
In life is the root only, it sweetens the heart or the soul,
The rare phenomenon of having excessive happiness and
Contentment, it is the love in its purest form, it may be
Termed, the honey-based love, it is just deep feelings only;
What next, should be the peripheral involuntary reflection
Of the root or the center, it should never be voluntary effort
To execute; it must be a spontaneous outflow to periphery.

DISCRIMINATION

Prejudiced and unjustified treatment to different
People on the basis of color, race, sex, or disability,
Most condemnable, as man loses his basic wisdom
To recognize man, with inroad to annihilation and
Disaster; the seeds of big danger to be destroyed
With the perpetuation of awareness over ignorance
With deep thoughts sprayed, “God only created
Man in his own image, it’s the man only makes the
Difference, man is one and the same, it is the love
That must bind men together”, the great theme of
Teaching must wash off dirt sowed in hearts, to go
For reconciliation with the output of brotherhood.

EMPTY

Mind is empty, heart is vacant, silence around
Loneliness blesses soul, I'm nowhere, but in me,
How sweet it is, I now go to top of the world, top
Of heaven, on wings of tranquility, heart sees
The magnitude of fullness in my emptiness as
God fills the emptiness in me, and everything
Tranquil, the silence speaks to me, volumes of
Talk in me, it's not mine, but His, the solitude
Of godliness, that is to say, the magnificence of
Beauty of silence, in me, the purity of loneliness
Ringing in soul, it sounds the music of heaven,
Echoes in the interior, emptiness is filled in me.

EQUALITY

Uniformity among whole population, to be
Preserved with regard to status, rights and
Opportunities, as the oneness created in the
Beginning, all were equal then, brothers and
Sisters, but things changed drastically when
Years passed, exploitation took place, as the
Selfishness prevailed, kindness disappeared,
Oppression and suppression overpower the
Equality, man disliked man and a big gulf of
Inequality created, man becomes so greedy
To extract from others, the difference built,
One high and the other low, man preaches,
Nothing happens, equality, a distant dream.

ETERNAL HAPPINESS

The heavy, perishable and the seen with naked Eyes; and the non- perishable unseen with outer Eyes, constitute the human being; the body and Soul; the joy, enjoyment, so much acclaimed, which World gives to the body is produced by the special Nerves of the body, it is momentary and perishable, It is inferior compared to the superior, something High up, of the human soul; the joy and enjoyment, Connected with it is something so magnificent, and The happiness is supreme, indescribable; the joy and Enjoyment here is connected with the unseen God And His vicinity; It is non- perishable and eternal, it Is thousand times more potent than the enjoyment, World gives; why man runs after worldly enjoyment?

FAITH

The strongest steel rope ever, unseen
With naked eyes, the biggest shield,
One is free to use, the mightiest weapon
One can always keep, holds one's hands
So tightly to lift from danger, makes man
Very safe in this most troubled world, is
Faith, the miracle of God, that upholds
The willpower of man, making it steel- like,
Never to succumb; nothing else in the
World, so protective, so sweet, as the
Faith in God; how is it to be made, one
Should know, it is not simply by uttering
Words, but by passing through stringent
Trials covering the whole life time; needs
A full book written on the big experiences
To reach the goal; faith, the biggest savior.

FIGHTS

Emotional outbursts, only beautiful ideas come out
Poetic feelings to outflow, the mesmerizing beauty;
Not the harder ones to strike at, to argue, to justify,
To fight with, the conflicts, to uphold the ego, never
To lose, to hold up at the top, even if justice isn't with
It, even if justice with it, arguably to overpower, just
To establish the victory, can't afford to become loser,
Strives for it, uses all energy for it, exhausted in the
End, completely drained, mind and body are worn out.
What for it is, what have gained, enmity is intensified,
Hatred prevails; enjoy the beauty of a loser, must know
Justice can't be torpedoed, justice can't be concealed
Forever, one day truth will come out; knowing it well,
Inhibit the volatility, bring down the boiling point, and
Realize, silence and love will cool the boiling of emotion,
Keep cool and composed, enjoy the sweetness of losing,
For justice taking its natural course to be exposed later.

FLOWER

Parts of heaven fall on it, magnificence of beauty
Instilled, song of heaven caresses it, life of wonder
Amalgamated, sweetness of perfume drips on it
Honey fills it with divinity from above, the colors
Conquer hearts, the cream of heaven in it, center
Of world is, flowers; softens any hardness in heart
Or soul, so much of kindness in it, bees drink nectar
In it, where from the beauty comes, the fragrance
Sent, the heart of love in it, God's love is glorified.

FLYING SUN

What a wonder, the sun is flying from one end
To the other end, high up in the sky, sending
A lot of blessings on different parts of the earth,
Without it, the earth can't survive, everywhere
The thick darkness, the miracle of God has come
To pierce through darkness, the glory of love on
Every man and woman on earth, the love should
Stream among all; among the nature, all creatures,
Such is the love, God sends through sun, glowing
In the darkness, nothing can prevent it from shining,
Love is seen as the glowing sun in every stream.

FORGET YOU NOT

Out of thousands I know, one is special
I haven't seen her directly, haven't spoken
To her, I didn't write to her, never asked
Her for any favor, never to speak to her,
What has come to mind, she is adventurous,
Very bold, creative, lastly, self- reliant, not
Bothered of anything but to her task of
Working hard; conscientious and diligent,
But what attracted me, I don't know; the
More I try hard to forget her, the image of
Her special capabilities, come to my mind
More clearly, it clings so firmly on the top
Of my heart, what to do, I am helpless;
My heart whispers, forever I forget you not.

FREEDOM

Basic unit of man, soul, should be freed; it must be
The root of all freedom, man doesn't pay attention
To that, he tries to patch up defects at the periphery
That is why the freedom is an incomplete entity, man
Becomes more selfish, unconcerned about comforts
Of others; man's aspirations for the worldly must be
Gone, it happens only by developing absolute faith in
God, human souls must be liberated from the grip of
The worldly; man becomes selfless, kindness flows in
His heart, he looks at the agony of others, freedom is
The net result, man loves man and freedom triumphs.

GOES ON

Goes on and goes on, my love for my pet cat,
Inseparable, she won't eat until I eat, she jumps
On my chest and kisses me, she sleeps at my
Feet, the tenderness she poured in me is the
Greatness of love illuminated in heart and soul,
The transposition of the great world in me with
The music of her heartbeats, the unadulterated,
Pure love, acts as a beautiful, unbreakable, string
Between us, the tenderness of her look at me
Ignites the current of joy that encircles me with
The magnitude of the intuition and enriches me.

GRACE

Elegant and swift, smooth in character, softly moving
No friction, so silent the movement, hardness never
Comes, tuned with sweetened beauty, never comes
Violently; the stream flows smoothly and rhythmically
No disturbance anywhere, the goodwill and courtesy
Of people around make the stream, a water body of
Love, the water is transparent like a mirror, no dirt or
Filth anywhere; the grace can be divine, a divine action
To operate on humans to regenerate, to impart strength,
To endure, to resist temptations, to inspire and it is to
Come with strong faith, the heart is lifted up and above.

GREATNESS

Greatness fills in you when you are empty only
When you realize that you are nothing, everything
In you is God only; it is the final realization in the
In the inner journey when you're at the top of the
Inner life; when God fills in you, godliness flows
From you, simplicity, humbleness, honesty, and
Faithfulness; you have known already, world and
Worldly perishable, what all big you hold outside
Is valueless before God; try to do something for
Others, never be selfish, as to confine in you only.

GRIEF

The pain that is caused when mind is rubbed,
When it is hit, when it is wounded, may be mild,
Moderate, or severe; whatever it may be, mind
Is tormented, to have soft feeling of repulsion
From the normal well-being of mind; it is in a way
Soothes the painful mind, otherwise mind might
Break with the intensity of pain; the magnitude
Of pain is diluted by tears flowing out, tearless
Grief is more agonizing; the victory of man lies
In controlling the sorrow or becoming resistant
To it; sharing wholly the burden and pain with
God is the only way to nullify the sorrow, it is a
Great truth; God is grieved for you and you smile.

HANDWRITING

Sweetness of letters flowered on the old paper
Partially torn, written with thick pen, with the
Blue ink, decades ago, my grandfather did, the
Stylish writing with the bold letters, beautified
With legibility, attracted with the transparency
Of letters, looked like print, with magnificent
Appearance of beauty, the sentences form the
Thick sticks of the dry tree, very straight indeed
With flowers of letters fixed with it, so soothing
The heart to pick fragrance of sweet memories
That kiss me with illumination of fondness and
It inspires me to type bond of love on that piece
Of paper, magnified in my heart, to bloom fully.

HAPPINESS FOR THE POOR

Happiness, the well- being of mind, ever to
Come easily to the poor, a readymade stock
Very easily available, as happiness come to free
Sites only, occupying no heavy burden, free to
Come and free to stay; lest heaviness replaces
Happiness, heaviness throws away happiness;
Hence, being poorer is better than becoming
Rich; poor is very free to think and free to do,
And nothing to lose, only happy to get anything
Whatever it may be; rich is always tense to lose
The heaviness he owns, much grieved to keep;
Happiness and peace, the wealth which the poor
Owns; the rich finds it difficult to possess them.

HARVEST

The cutting of everything for good, is the harvest
The evils to be cut off, the righteousness exposed
The harvest of heart, all the dirt removed by the
Scalpel of faith, the biggest event in human life and
The harvest of soul, by removing the temptations
And the worldly aspirations, soul is set free from the
Imprisonment; the sickle, the harvesting instrument
For ripe crops, to be warning in humans and to be
Renewed always to combat with the divine insight,
Travel to peak of the inner journey, the true victory.

HELPLESSNESS

Rare moment where all is lost, can't regain the
Original position, lack of means to regain, the most
Pathetic form of life, where humanly is impossible,
To do, even to think; what may be the outcome,
Don't lose your nerve, be steady, keep looking at far,
Nothing seen; now look up, keep looking at the skies,
You can't see anything beyond that, but an input of
Salvation, the true feeling inside, keep looking up
Steadily and continuously, the feeling becomes clear
And obvious, heaven drifted to own heart; the mind
Becoming stronger, the determination becomes very
Strong, a new methodology quite evident to escape
Out of the deep trouble is felt and to march forward.

HOW MUCH

How much I love you, I don't know
No beginning and no end, it circulates
Around my heart and soul; the flight
Around the earth, doesn't land here
Always up, on the wings of faith and
Propelled by hope, above the sky and
Beyond the stars, much above that
No idea, what is it, but it lifts me up
And up to the eternity where I float
With you, a vacuum, nothing there
Only you with me, the image of love
Imprinted in nothingness, sunrays
Fall, the hearts beat rhythmically and
Musically, I could hear the songs of
Divinity, echoed everywhere in the
Skies and heaven, with transparency
And tranquility, flutter to the infinity.

HOW TO BE SUCCESSFUL IN LIFE

Very simple it is, go to the root and treat,
Don't waste time to treat at the periphery,
The formula "try to block the 'you' in you,
Let the 'God' in you work for you"; realize
The spirit of God is the wisdom, not what
Man learns in the world; how is it possible?
Purely by intense faith in God, the world
And the worldly gone, God in you exposed
To you, you're gone spiritually, God fills in
You, God works for you, real way to success;
Other formulas only to patch up at periphery.

IDEAL WAY OF LIVING

What is the conscience, where it?
Where is it found, how to satisfy it?
It is the net product of external mind,
Search for it, is the first step, as it isn't
Found, and it's masked by the worldly;
Only absolute faith in God clears it,
Now, try hard to contact it, listen to
Conscience very carefully, you get it.
It gives you command, you obey it fully,
Initially very difficult, but later easier,
It dictates you, the best for you in life,
Following it only, the ideal way of living.

IMAGE

Reflection on mind of what is seen or heard, strong
Evidence imprinted in inner mind, expelling notion
Of possessing that matter of outside, new revelation
To be gained “Just seeing is enough, image of it is in
Me, in my mind, that is more than enough, possession
Of it is totally unnecessary, moreover it spoils image
In mind, image is everlasting, to be relished always
It is tranquil and holy, while possession is heavy and
Causing trouble;” whatever it may be, the possession
Causes trouble as the creator is the real possessor
And man is being shared only; if this new concept is
Stirring human mind, man will never get disturbed.

IMPERMANENCE

Life is short, but absorbed in joy, the thrill
Caresses mind and soul, knowing fully well,
Any moment, life is gone, but grace of God
To be filled in mind; be hopeful as He is with
You always; your ardent faith in Him, lifts you
Up above the troubles of the world, you are
Safe in His hands; mold your mind with faith
And strong conviction of having Him in you;
Now relax, enjoy the life, never to be grieved,
Never to be despaired, flowery to be your life,
Send fragrance; living a day happily and useful
To others, is more fruitful than living a century.

INDEBTEDNESS TO GOD

Too much of agony everywhere, too silent it is,
Don't weep, don't be depressed, as everywhere
It is, too much of happiness lost, but the sorrow
Is blocked, as no one to raise the alarm, science
Is successful partially, the whole concept of life
Changed, what was hidden before, revealed to
Everyone, the safe hands to be held so tightly and
Never to lose the grip, dew falls in burning hearts,
Definitely it falls, heat is gone, chilly the weather
Becomes, the dew clouds and it rains incessantly.

INDEBTEDNESS

Owing gratitude to many in the world, they
Have helped us in many ways, but for the
Helps extended, we wouldn't have survived
Like what we are now; be loyal to them always,
Live with a grateful heart for them always, that
Is manly, womanly; that is one's greatness to be
Valued; but the right way to use the indebtedness
To others is to realize the great truth, we're really
Indebted only to the power which has created us
And everything, God; through Him only we show
Our allegiance to others; it is a part of our deep
Indebtedness to God; we're now elevated to God.

INNOCENCE

Purity at its best in heart, it hardly occurs
As dirt is spilled over it from the emotion-
packed, highly volatile world; innocent can't
Survive unless God is in heart, God guides;
So much of purity, now a disqualification to
Thrive, the red roses can't grow on the rocks,
The snow falls on the hard, dry land, makes
It wet and soft, the snow should fall in hearts
Too, to make it pure and tender; innocence in
Few makes the earth survive; when purity is
In heart, God lives there; water of streamlets
Flowing on the mountain valley is transparent,
One can see his image in it, glowing sun is also
Seen in it, the water is so hot, killing all germs.

INSIDE

Darkness inside, to be ignited for glow there,
Outside valueless as it is perishable, but man
Values it most, man lives with it, dies with it;
But nothing happened inside, light to be shed
Here, is the light from above, it should pass
Through the intense darkness, the path here
To destiny is steep, the thick woods grow here
Should be cut with the light and the path cleared;
Walk slowly on it initially as so many thorns
And sharp stones there, light guides and at last
To reach the destiny, the mission is accomplished.

INSWINGER

Coming in sharply from out, the ball of goodness
To bless the heart, it is the ball of God to come to
The center of heart, so sharply to knock out all the
Hindrances covering the heart, the sharpness with
Which the ball coming is amazing, only heart knows
How it attracted the ball, like the magnet and iron,
All the rust on the iron removed with the will to do
It, and the magnet is attracted to it, fixed with it and
Inseparable, the magnet protects the iron, guides it
And leads it to be more powerful and most useful.

INTUITION

God speaks to man always
As He loves man most
He wants man talks with Him
But man doesn't hear His words
Because his ears are closed with
The world and the worldly.
When the worldly is gone
The godly comes in heart
By intense faith in God
The internal senses open
Man hears the words of God
Man communicates with Him
Language used is divine feeling
Felt deep in the mind of man
One word of Him is more than
Living a century on the earth
Communicating with Him is the
Heavenly bliss on the earth
Not the worldly enjoyment
It is the intuition, man to know it.

LOVE DIES

Young man with earnestness, dedication, and devotion,
Stepped into the seashore of adversity, mixed with the
Unhealthy, and filthy, sandy place, with a lot of help
Needed to instill culture and humanity in the hearts of
Illiterate fishermen, to be screwed to walk over the road
Of culture, education, and divinity; the young man took
The challenging job of bringing God into the illiterate hearts,
Toiling hard, day and night to uplift the standard of living
Of the poor fishermen and their children, by introducing
Many welfare schemes, implemented them so successfully
With financial assistance from many, even from abroad,
Utilized his heart and soul, for years, leaving his family
Away all the time, made the shore a garden of heaven
And the people there, cultured and God loving; once his
Mission was complete, he left the place, leaving fishermen
Happy and contented, they're in tears to see the godly man
Away; But the whole credit of the great sacrifice is taken by
Somebody else, higher-up, the young man is pushed deep
Into the forgetfulness; the love is gasping and dying today.

LOVE, A MYSTERY

Mysterious the heart, mystery in the soul, very strange
The eyes; what for, no answer; why is it so, answerless,
No reach in thinking, nothing to control it, mind can't
Inhibit it, the more forgetting it, it reappears fast with
Power, so mysterious the love, and mystery is its core,
It is a thrill, never exhausted, always agile, can't become
Lifeless, it's honey- based, the sweetest, only to taste,
To relish, can't explain or describe, fabulous its contents,
Great the mystery, it won't die, it might inflict pain, pain
Is sweet, wants more pain; a mysterious feeling arises
Spontaneously, it flows, a mysterious tidal wave strikes.

MICRO COMPONENTS OF LOVE

The question asked, what is love?
The unseen divine power, so much with us
Every moment of life, transmitted as sweet
Feeling, indescribable, fills everywhere, the
Universe as a whole, the universe created
With it only; the creator is love only and the
Creatures are too love, the true words are
Love budded and love blooms and it sends
Fragrance everywhere, love is tasted deeply
By open internal senses only, it could analyze
The micro components of it; love per se is pure
And holy, it is more like the snow, more like
The jel, whitish, elastic, could be elongated
To any length, very much adhesive, once fixed
Can't be separated, becomes so firm as and
When needed; can't bend or break, adhered
To any surface; it doesn't seek any reward
It is very simple and humble, It remains always
Silent, it is the love of God that created all the
Creatures; it is stored in the soul and heart of
Human beings, it flows out spontaneously and
Flows everywhere like the stream with pure
And transparent water; but it is spoiled by dirt
On earth, many extraneous factors including
Flesh added to pure love and it may become
Polluted and filthy, like what we see quite often.

MOUNTAIN SUNSET

At far, long way to go, descends the big beauty
With illuminance of love on the surface, glowing
With transcendence of the light, of love, moving
Down with the magnitude of illumination, it is the
Hanging of immense love from heaven, condensed
Forming the big circle of great wonder, ignited and
Flaming with the magnitude of superiority and is
Incomparable in depth of loving everyone on earth
With illuminating all the creatures, contented having
Done everything for them, even to live, transfused
With heat and warmth, now giving goodbye for the
Moment, let man rest in darkness, getting energized,
To come again with might and so much of soberness
To bless everyone again, the harmony of love fades
For the time being, put off the love to be in sedation.

MUSIC OF NATURE

Purity, divinity, and godliness, of nature, caress
Human soul to perceive the soft, delicate, gentle
Music of nature, played with utmost sweetness
That evokes the love of heaven, bestowed upon
The humans, to be absorbed in the holiness of it;
The vast expression of exchanging extreme beauty
Of divine love singing, played with the music of it,
Transcends sweetness of it, and echoed everywhere,
The earth is revolving in tune with the music, earth
Is activated, it potentiates the melody of true love.

MUSICAL POETRY

Sweetness of heaven dipped in soul, simulated,
It pulsates so sweetly, the rhythmic movements of
It sounds the music of heaven, so soft and subtle,
Honey drips into heart, it is also sweetened, heart
Beats rhythmically and musically, honey fills heart
And it overflows; the words of poetry carry honey
And music of heaven hidden, the words assemble
Together form words of music, painted with honey,
The words transfused to the depth of souls, it's just
Heard, music is played in every word of the poetry,
Just reading the poetry, music of heaven is felt so
Sweetly in heart and soul, heaven is drifted to man.

NATURALNESS

Being natural, the greatest quality that should
Pervade the whole of the world, as God is in all
What He has created, without any of the artificial
Added to it; what the original, God created was
Pure, holy, and godly; without the encroachment
By man; nature is godly, one can see God in the
Naturalness, in deep inside, man really kills it, by
Adding something that disfigures it; always go for
The natural, it saves man from peril; natural food,
Natural growth, and natural products, godly they're.

NEST

Birds fly to live, lay eggs in nest, which they
Made with sticks or thready leaves, the art
Of heaven where little ones grow, and they
Leave, beauty of soul pervades, sweetness
Of lives spreads with magnificence of love,
Too much care, and nourishment, glorify the
Propagation of heavenly tenderness, that
Soothes the little ones in the home of divinity
And extreme love, the fledged birds trained
So meticulously to fly out leaving the nest,
The monument of heavenly love on earth.

NIGHTINGALE OF INDIA

She has touched the soul of everyone through
Her voice, the queen of melody and India's music
Legacy, Lata Mangeshkar is no more, her divine
Voice will echo in the hearts of billions and in the
Eternity; her immortal voice will continue to inspire
So many, she has lent her voice to thousands of
Songs in thirty six languages, in her career spanning
Almost eight decades; her sweet voice has soothed
Every heart and soul, her patriotic song has made
Jawaharlal Nehru weep, such was the emotions, she
Built in her songs, she will be remembered by the
Generations to come; the magical voice will never die.

ORIGINALITY

Too much of enthusiasm in doing something from
Own heart, from own soul, to be labelled as own
Creation, not adulterated with something else that
Is artificial; so much of pride in it to draw the picture
With own blood, it is special in character, special in
Beauty, and special in odor, that own heart likes it, own
Soul loves it, the substance of it can't be claimed by
Anybody else; initially it may not fetch any appreciation
But work on the same base again and again, in the long
Run the original work blooms and sends fragrance; man
Must remain as what he is, what he produces must be
His own, no artificiality painted on it, the original shines.

PEARL POETRY

Pearly words arranged and rearranged to form
The flowery chain hanging around the neck, only
Few of them make necklace, shining and glittering
Make the poetry of soul, each word is pearl, the
Appropriate one, coming from the heart, studded
In order, making the magic of words that crowns
The mind, with seeds of words, bud and bloom with
Nectar dripping, so sweet it is, it sends fragrance,
The soul stimulated, it sings with music of heaven,
The words clouds and it rains pearls, fall on heart.

PLEASURE

The feeling of satisfaction and enjoyment, one
Gets from the worldly as well as from above, one
Should realize the difference between the two, so
As to have the realization on merits and demerits
To enable one to get access to the better one, to
Be adopted in own life; the worldly pleasure is the
One where mind and body involved, where pleasure
Is the result of specialized nerve stimulation, seeing
Something and enjoying, hearing something and
Getting pleasure, bodily contact gives pleasure,
The enjoyment only for short time; but the bliss
From the stimulation of the soul, is incomparable,
It is the pleasure from God and vicinity of God, it
Is eternal; man to realize it, work on it and choose.

POETRY HEALS

Specific truths that fall inside, to be exposed,
It's by strong devotion of mind that transcends
The inquisitiveness to undo the mystery, and
It happens with the soulful poetry stimulating,
Soothing, and sweetening the soul, pertain to
The relaxation of it, and its coolness, with reading
Of the soulful poetry repeatedly, which results
In the healing of the tear in soul, and its freedom
To some extent, from its immobilization, from the
Grip of the worldly aspirations and temptations;
The minimal healing of soul is definitely reflected
On to the body, enhancing its healing, as the body
And soul are one, body a part of the soul; one must
know, the immunity of body is increased and it can
Suppress the dreadfulness of very severe diseases.

PRIDE

What for I'm to be proud of?
Simply speaking, I have nothing, everything
In me belongs to God, God has created everyone,
Some are lucky to be high, others are really unlucky
Man should be never be proud of his luck, he should
Be always kind to the unlucky, all the pride must go
To God, He must be given the credit of everything
Achieved by everyone; the Nobel laureates invent
A tiny part of the great artistry of God, the credit
Must go to the greatest artist only; when humans
Become humble, God fills in, God guides everyone.

PRIMROSE YELLOW

Yellow the heart becomes like the sun, sending
Happiness, hope and spontaneity, so as primrose,
The yellow flowers having happiness, youthful color
With full of hope and positivity, they grab attention,
Hence they signify caution; the homes with primrose
Plants and flowers around, have beauty with contented
Joy and energy, merged with the hope of brightness
Sent from the sun above; always illuminated with the
Glory of grace, to smile always, never to be grieved
Or depressed, as the yellow flowers call the yellow
Sun to be on the top of the home, it is also yellow.

RAIN DROPS

Pearls from heaven, fall on the strings of
Heart, sound of music comes up, it echoes,
The soul is stimulated, it pulsates, rhythmic
Music of soul overlaps sweetened music
Of heartbeats, both form music of heaven,
The echo of it goes past every heart and
Everywhere; the hardness of everything
Gone, the softness accentuated, the earth
Becomes wet, the water of stream flows,
Honey drips in every heart and soul, the
Sweetened music, and honey, dispel all the
Dirt, everything so blessed as heaven rains.

RED FOX

To be loved, and loved; loves flowers, plants,
And man not attacked much, friendly often,
Having loving hearts; loves sweethearts and
Parents, too much of poetry in them, hearts
Sing poems of beauty, fragrance; blooming
Flowers instill artistry of nature, in them; they
Look at flowers with rhythmic heartbeats, so
Soft and musical, sitting or standing below the
Flowers, dreaming the inner beauty of them,
And then smelling the sweetness; and tasting
The nectar, so close, but the art of poetry in
Them speaks silently the inner beauty of love.

REPUBLIC

The soil holds the key, tree is planted in the soil,
Soil holds it tightly so that it shouldn't fall down
Tree is rooted deep in the soil, and the soil holds
The nutrition, manure added to the soil, mixed
With it, roots suck it, absorbed upward, the soil
Controls the growth of the tree, tree flourishes
On the soil, the earth is split to mud and soil, and
Soil guides and nurses the ripe, golden fruits and
The colorful, beautiful flowers, the soil is the great
Wonder on earth, it sends the majestic fragrance
To the flowers, it too adds sweet nectar to flowers;
The tree fell but the soil plants a different tree in it.

RESPECT

Feeling of esteem for some, elicited by what
They are, a word of praise in heart attracted by
The fragrance they send to inspire the person,
Molding the mind to emulate, and even to follow.
The ability and achievements of someone, are so
Fascinating, sedating my heart to atone for the
Defects in me, inspire to straighten the bends,
To correct, and to run on the main road to achieve;
That is the grace of someone, lifting my heart
Along with his, to the mountain peak, where I
Hold the other's hand and we are together there.

SINGLE PARENT

The affluence of the world gone, sweetness of
Loneliness tasted, conversing with silence always
Better than the enriched life, feeling fully, simple
Life is better, looking after the disabled child, the
Best duty to be done entrusted by God, have the
Great satisfaction, executing the duty with much
Allegiance and sincerity; life partner is no more
But she lives in him always, giving added energy
To care and nurse the diseased child and it has
Become clear, child's happiness, father's heaven;
Father is all the more happy in doing wonders for
The child, he is a proud father as child is a miracle.

SLEEP

Nightingale to come, sweet voice inside
The soothing of mind, tranquility of brain
The soul stills, heart sedated, the goddess
Of kiss comes, caresses the mind first, then
The brain, too much of sweetness in it, the
Most loving kiss of her puts one in stillness
Of the mind and body, fused with silence of
Heaven, the best moments of life on earth,
Far away from the gigantic waves striking
Fiercely on the rocks, but the smoothed
Droplets in air spreads to the soul, what a
Delight inside, everything in silent loveliness.

SMILE

Reflection of heart on the face, lips attire the glory
Of soul, too much to say, the muscles of cheeks act
To contract, the varied form of pleasure exposed and
It forms the added beauty on face, with so much of
Delight expressed in a way to adorn the cleverness
Of brain to transmit the inner beauty through eyes
And mouth; one smile is enough to solve millions of
Problems, whiteness of teeth, an added beauty to the
Face when it blooms, sends fragrance in every heart,
Smile comes and goes, but the image it produces in
Others, is the glorification of happiness on the face.

SNOW

Snow falls from the clouds, from the soul,
On the earth, on my heart, in a way it's the
Blessing of God when everything is frozen
To thicken the way of protection to earth
As well as to my heart, the heaven touches
The earth with the inspissation of the clouds
Of beauty that transfuses lot of coolness to
The heat of heart, to neutralize the evils that
Have crept in, to shower the tranquility, goes
Onto the sublimity and it dissolved in the soil.

SO MANY

So many, and so many, mishaps in life,
The trials for the faulty bus, to be on road;
To train, to balance, to jump over, before
The falls, the wisdom gained, how to, and
What to; the tribulations so many, hurdles
In a row, about to fall and about to touch
The ground so many times, but the unseen
Thread lifted me, never to fall, always to
Jump over the hurdles, one after another,
Torn my body, but strong my mind, could
Withstand, could surpass; victory is mine.

SOUL

The crux, the root, that is to guide human being,
The unseen, unknown, and undetected, full with
Love only; pure love, divine love, godly love, the
Tiny part of God, infused in every human being, it
Is to energize man, but the worldly in man usually
Immobilizes soul; the soul is inactive and it is to be
Set free; but many don't know it, they're unkind.
Only absolute faith in God crushes the jail and
The soul is set free from immobilization, such man
Is the happiest, he breaths air of love, peace, and
Freedom; he is much above everyone on the earth.

SOUL LOVE

Love explodes in hearts, the love at first sight
It circulates around hearts with lightning to
Souls, they're activated and are connected with
Unbreakable chain of gold, the hearts too linked
With the bond of love, the unification of love takes
Place, inseparable, the two become in spirit, one
Can't live without the other one, such is the strength
Of that love, purest, holy, and divine; they could
Withstand any stress, and strain from any corner,
The fear of death is nothing for them, they aren't
Concerned with the deadly consequences that might
Arise in future, they only like that as they are fully
Aware of the truth, only their bodies are no more but
Their souls live in eternity as one forever, they are
Ready to die or killed any moment, such extreme
Is the soul love; and at last one is killed and the other
Couldn't bear the grief, she committed suicide so that
Their souls live as one in eternity, the bodies died but
The souls live as one, how wonderful is the love as it
Doesn't die; Shakespeare wrote soul love in his play
"Romeo and Juliet", such love was also seen between
"Jack and Rose" in the sunken ship Titanic, the love is
Filled with the sense of sacrifice, to be done for the
Lover, it is a heavenly bliss for the everlasting lovers.

SOUL PEARL

Soul blossoms, it pulsates, the murmur of love heard,
Love is condensed to form the pearl inside, the origin
Of love in humans; the pearl glitters, the shine of it is
Reflected inside, it is the divine wisdom, it links man
With God, love is the link, God is love and man is love,
The love comes in soul from God only, love transmitted
Everywhere in universe, the pearl in soul multiplies and
Crowns man with the Godliness, it floats above all in man,
A fantastic way, man is approximated to the vicinity of God
The divine love must govern man with guidance of the soul.

SPIRITUAL LIFE

Two lives on earth, the worldly and the spiritual
Many misconception and misunderstandings about
The spiritual life, man to know more about it, and a
Path to it, is the need of the hour, as it is the escape
From all the sufferings in the world; it isn't fleeing
From the adversity but a salvation in all respects and
A boon to the life on earth; human mind is the greatest
Factor on the earth, and it is the mind which decides
The good and bad, the happiness and sorrow; the
Transformation of mind is the greatest event, and man
Should aspire for a life much above the earth; it's a
Reality for those, having the strongest faith in God,
What happens, the whole events taking place, is simply
Represented as the faith a big rope, lifting the mind
Much above the earth, to a new world of divinity, where
At center, one feels the presence of God; it is the world
Within the world, where one is guided by God only,
Where happiness overpowers sorrow, evil is driven out,
Goodness prevails, a matter of righteousness everywhere,
It is really heaven on earth, many are quite ignorant of it.

STARVATION

The great havoc that cuts world's conscience
Into pieces, it's non-healing, discharging pus,
Many places very badly affected, a section of
The whole population in its grip, ascending to
The death of so many; heart breaks to see so
Many skeletons sitting and walking for want
Of food, the internal organs, all decayed and
Stop functioning; the world, a hell to them; the
Irony, another section of population, eating in
Excess and dump as waste; the contradiction,
Everything, the result of exploitation in the past,
The unkindness running, loveless, so many hearts
And rich nations; a plea to all, fill with kindness
And love, instead of amassing wealth, arms and
Nuclear weapons, divert them to fight against
Poverty and starvation; see, God is very hungry.

STRANGE THE WORLD

Truth can't exist, hard for it to be proved
It is suffocating, oxygen needed too often
Sometimes on the ventilator, manipulation
Of the truth, a common affair, it could be
Twisted drastically, too often it is gasping for
Air, quite often untruth replaces truth, it is
Rarely becoming a commodity for business.
Money has become the big factor to cause
Earthquake anywhere, the storm of injustice
Hits stability of society, tremor everywhere,
What to do, prayer to God, the only solution.

STREAMING POETRY

Streaming and song of beauty erupts with
The murmur of heartbeats, too much to say
About the words which come from mountain
Flowing as the tiny streamlets, singing and
Dancing to the valleys, magnificence of purity
Instilled with the heavenly smile in it, flows
With the thrill of beauty dissolved in it, and
Transmitted to the rhythmic but gentle flow
Downward to the valley, the steam ensues,
Flow is the core, beauty is the essence and
Musical is the crux, what a joy is the fluency
Of the streaming of words, having the wonder
Of divinity, outflows the rocks ahead, crushes
Them, and the stream flows gently into hearts.

STRESS

Heavy burden on heart, transmitted to mind
Mind is folded but not torn, a lot of agony
Inside, spark is ignited to set ablaze inside,
Burning inside with specific intimation to brain,
It is too stretched, with nonspecific boiling of
Everything inside, tightness is felt everywhere;
Cooling only takes place when the dew falling
On mind from above; the rain to come, when all
The stress vaporize to form the dew and they
Cloud; a stress- free heart and mind with the
Cooling inside, heat is gone, calmness prevails.

SUBLIME

The terrific input of excellence at its peak
With the beauty at the zenith, the breeze
Of tranquility sweeps through, magnificence
Of greatness at the top, clouds of glory bringing
In the sweetness of pride, all amalgamated to
The glittering vision of heavenly treasure; it touches
Heart first and then soul; both dance with heavenly
Beauty, soul sings the song of godliness, the purity
At its best in it, holiness spreads, what a feast to
Eyes and heart, greatness of God echoes everywhere.

SWEETNESS OF LIFE

A self-made man, he enjoys the sweetness of life
Better than anyone in the world, not dependent
On anybody except the grace of mighty God, the
Big reality in life; what is earned, only the product
Of hard work, right from the beginning till this day
Covering innumerable blocks or hindrances on the
Way forward, how could he crush them, only God
Knows, hasn't earned much, not rich, just ordinary,
But the contentment he gets from the self-reliance
Is worth more than billions, life is sweet and fragrant.

TEMPER

Behind the hardness, there is the softness
The finger to press on the trigger of pistol
But suddenly it is taken away; so much of
Heat to be mixed with coolness; antagonism
In effect with propulsion; something up with,
That thing down; it is the way of human life,
The net result of going forward and coming
Backward is the temper; the human mind with
Hardness and softness, culminates to singing
Of love, to nullify anger and hatred, to pass on
To the ultimate peace, that transforms mind
To be with high values of living, it dispels the
Negativity of falling into the pits of erosions.

THE DEADLY, IN LOVE

Deadly microorganisms will be in love, when
Man is in love with man, in love with nature,
In love with his companions like animals, birds,
Fish, all flies and reptiles; then love multiplies,
Love spreads everywhere, love fills the earth;
Love detoxifies and overpowers all the deadly
Microorganisms and they fall in love with man.
This logic turns to reality if love flourishes and
Love heals every wound, love dispels the greed,
Hatred, cheating, envy and all wickedness; all the
Deadly microorganisms are intoxicated with love.

THE SIXTH SENSE

The divine vision in everyone but only a few
Could use it as the big factor faith doesn't work
In the majority, the faith isn't in perfection in
Them; the excessive aspirations for the worldly
Covering the internal senses, to be removed by
Intense faith in God; man sees with deep eyes,
Hears with deep ears, which the science doesn't
Know; it is the sixth sense acting, the extra divine
Vision with open deep senses, acting in very few,
It is nothing but the vision of the soul, transmitted.

THE SNAKE-MAN

Risking own life, to catch snakes straying into
Human inhabited areas and releasing them into
Forests, innumerable times; bitten by snakes
On countless times, escaped from death on many
Occasion, the real hero, the snake-man of Kerala
State, the rescuer ever- ready to save the people
Of the state, even at midnight, the big name in
Every heart 'Vava Suresh', the selfless man, equal
To the great names in history for the real sacrifice,
Now battling for life due to cobra bite, catching
Hearts for tears dripping and for intense prayers;
The man came for the rescue mission from the
Hospital bed, recovering from a motor vehicle
Accident, plunged into the uncertainty of survival;
Such selfless soul with sense of sacrifice is very rare,
Wearing life- saving dress must be made compulsory.

THE UNSEEN GOD, SEEN

Unseen, undetected by many, what is God?
They, find answers to these questions by
Themselves, think scientifically and logically,
Then only realization takes place inside you.
Why don't the stars, moon and sun fall down?
Why do the planets including earth revolve?
How could the organs of human body, function
So meticulously round the clock for so long?
Why can't science detect even apart of the
Great artistry of the creator; an attempt to
Discover it is acclaimed as the science, nothing
More than it; you, find answers to these questions,
Then only, you know the magnitude of greatness
Of the power of God; one can't see God with the
Naked eyes; but one can taste, feel, and relish, His
Sweetness with the internal senses, which are there
In everyone but closed, and they don't function;
Internal senses open only when the worldly in man
Gone, with absolute faith in God; hurry up, search
And search for God, find Him in you, before the end.

TIME

Very slow in nature, tortoise walking slowly
And steadily, nonstop, the ticking sound is
Rhythmical with heart, beating regularly, the
Music of earth very soft, subtle, heard with
Heart; with it, earth is revolving meticulously,
It is the time that is with me always, never to
Part, never angry with me, always silent, best
Companion, with me through thick and thin,
I learn a lot from it, it warns me, it makes me
Cautious, it flourishes my thinking, intensifies
My love, will be with me in graveyard; you are
My love, so honest and faithful to me, loving
And kind to me, life without you, is unthinkable.

TRANQUIL

Heavenly stillness, sweetness of silence, God
Speaking with all softness, soul perceives it
Heart hears it, honey drips in silence, soul is
Soothed, heart sweetened, wonderful and
Glorious well-being in heart, free from the
Agitation of mind and spirit, a sense of great
Self- assurance, turmoil had to flee, mind is
Unvarying in aspect, steady and stable, the
Calmness caresses all parts of body, nerves
All relaxed, no dirt anywhere, so clean and
Tidy, supreme power arises from silence and
It fills heart with a lot of purity and holiness.

TREASURE CHEST

Filled with love of mine, it overflows and flows
Outside, too much of sweetness in it, what a
Game it is to love and to be loved, with heart is
Raised to heaven and the dew rains everywhere
So much of love I packed with me, it goes free
Everywhere, I dream a lot with the anticipation
Of love cultivated and harvested immensely with
The hope of planting in every heart with seeds
Of love sowed even on rocks, the sunrays melt
Hardness of the rocks, the seeds bud and grow
With sweetened thoughts of much rain to come.

TRICKS AND SHAWLS

Tricks covered by shawls, the way of life
Seen often, straightened hearts, few only,
What for, my heart asks; lack of realization,
Ignorance, should be cleared, greed to be
Averted; when to know, God is everything,
With God, is the wealth, that is enough, all
What is needed; look at the world through
God only, not directly with naked eyes, and
To know, the agonizing humans, is wounded
God, cheating others is doing tricks to God,
Forget, forgive; the best way to please God.

TRUTH

Truth is love only, love in another form, the
Concealed love, as it is covered by so many
Coverings of untruth, very hard to find it and
Today it is scarce; to be with it, the aim in life,
You ask yourself these questions, “what for
I was born in the world, what is the purpose
Of my life”, the answer is, the aim of life is to
To find the truth in him or her; inner journey
Is the real journey, one has to travel and the
Inner life is the real one; sad it is, many don't
Know it, then, they haven't gained anything
Before God; the first step towards it, submit
Oneself completely to God, initially it is rather
Difficult, keep on attempting and at last it is
Possible, an automatic feeling of repentance
Comes for what all mistakes done before, then
Try to get attached to God with faith, it is very
Difficult initially, but after many attempts the
Task becomes easier, the one who tries hard
To find the truth in life, has to pass through
Countless purification processes, that come in
The form of tribulations, with these the faith
Strengthened and the temptations for the
Worldly disappear, the barrier between the
Truth and man, crushed, his deep senses open,
Now, man hears and sees with them; man is
Approximated to the truth, he realizes with
His deep senses, the truth is God, He guides
Man, he has only one duty, it is to follow God.

UNCONDITIONAL

Love flows uninhibitedly, flows incessantly
Why it flows and what for it flows, nobody
Knows, it just flows, that's all, nothing more,
The water is transparent, no dirt anywhere.
Love in my heart, arises spontaneously without
My knowing, what for, why is it, really I don't
Know, where it will end, I don't know, I don't
Have strength to inhibit it, the more, I try to
Suppress it, the more it rises up, let it go like it,
It's what I think, it has merged with my heart
And soul, can't be separated, when attempted
It was highly painful, let it live in me comfortably
Forever; all what I do, it shouldn't come out of
Me, purely confined to me, it's silent and tranquil.

VERY VAST

Very vast the sea, but no pearl in the depth
So voluminous the text, but no cream inside
So extensive the speech, but nothing inside
Beat around the bush, but the bush is vacant
Man resorted to do it nowadays, world is like it;
It is the total failure today, try hard to change it
Do a lot, but talk less, activate yourself to do in
Depth, more; it is the key to successful living and
The way to gain more inside and to deliver ideas;
Lastly, gain the soul in you and let soul do for you.

WARS

Fighting, Conflicts, all show how far man away from
The vicinity of God, too much of illusion man digests,
Forgetting the fact, what God is, he can't remember
The truth, God is love only, that love only created the
Earth, the nature is the gift of God, the soul of every
Man is Godly; loving man is, loving God, disliking man
Is, disliking God, loving others, is worshipping God; it
Is so sad to know, man is miles and miles away from
The great truth, he is in the grip of world and worldly.
Forgetting everything, nations fight with nations, truth
Is eroded, love is fast disappearing, greed is gaining
Power, selfishness rules, acquiring immense arms and
Ammunitions to show heads up and up, always like to be
At the top with nuclear warheads, nations want; nuclear
War threats, a common affair, the correction at the
Basic levels in hearts, is the only way to bring peace,
That is, God entering in every heart; the love to sparkle.

WEALTH

The notion of man on wealth to be changed
His deep eyes should open to realize wealth,
What all man needed, God knows, He gives it,
The excess, man tries to grab is unwanted, he
Realizes it only when his heart opens, world
And worldly have covered his sense; when it
Is removed by intense faith, he realizes truth;
The worldly possession of wealth is perishable,
But the spiritual possession is the real wealth,
It is eternal, it won't perish; finding God inside
And the firm attachment to Him, the wealth,
It will never perish, the eternal wealth of humans.

WHAT MATTERS

What matters, is the core of human life
The most important is inner journey to
The truth, that is vicinity of God, it's an
Open reality, man to know the great truth
As the basis of all his knowledge; the rituals
All to give inspiration for the inner journey
Enhanced, the journey is self-made, others
Can only inspire; self- assessment is of prime
Importance; “could I resist little bit of the big
Temptations, I had for the worldly; is there
Any change in me, in this regard, compared
To what I was five years ago?” if there is little
Change, I must be inspired; if nothing in me
What is the use of inspiration, I must rethink.

WORN OUT

Worn out body, gray hair, furrowed skin,
Thinned nails; the handsome boy or girl
Has become the old man or woman, too
Weak, and too much emaciated, can't eat
Well, can't drink properly, diseases engulf,
Lives on medicines, may be in graveyard
Any moment; seeing the photographs of
Yesterday and today, eyes become wet.
But happiness and the spirit don't elude,
Has travelled miles and miles on the inner
Journey, now at the top of the mountain,
Never wants to come down to the valley
That is very far off, now waiting to fly up
From the mountaintop, very easy to do that
As the body is gone, but the spirit in mind
Is so strong, making him or her, the happiest.

WORTHINESS

Mostly inborn talents to be good enough to show
The quality the person deserves, it could be an
Acquired one with hard work and determination
To be on the higher level, the intelligence enhanced
With perception of newer ideas, amalgamated to the
Output of brain and association with intelligent people
Grasping the cream of their works and continuous
Reading, watching technological devices; automatically
Brain is sharpened, newer ideas stored, the continued
Training makes a new personality; one has to show
His or her worthiness, the primary way to deal with
The present society, to live safely and then to score,
It is what one needs to cope with the hardened world.
