Dr. K. K. Mathew

Dr. K. K. Mathew is a renowned physician, a medical scientist, and a poet of repute from India. He is a reputed philosopher, and noted novelist in Malayalam. He has published many original clinical observations in national medical journals and been quoted in reputed international medical journals. Some of them are the first of their kind in medical science. Dr. Mathew has dedicated the whole of his professional life (46 years) in a rural region of India and served the rural population. He has written and published 58 books, of which 38 are poetry books in English. The International Higher Academic Council of English Literature conferred Dr. Mathew with the global genius award "Living Legend of the 21st Century" in May 2019. The international poetry group in the U.S., 'The River of Poetry' awarded Dr. Mathew with the title "The Champion of the World." Dr. Mathew is one of the prize winners of the prestigious Naji Naaman Literary Prizes for 2021.

PREFACE

Rhythm of Love is my 39th poetry book in English, and it contains 100 poems, mainly mystical and spiritual. I have gone to the depths of everything in the universe and attempted to find its deeper meaning. In fact, it is an attempt to explore the mysteries of the universe and of the Almighty. It was very fascinating to write poems on deeply rooted truths. I have tried to touch upon the unknown and undetected aspects of the human soul. The book brings forth the importance of spirituality and mysticism. Even the simplest things on earth and the feelings and emotions of the human mind are dissected, and the minute parts are analyzed beautifully. The poems in the book deal with unknown aspects of human life. The value of high morals in human life is beautifully explained. What all men should know about spirituality is vividly presented.

Many of the poems in this book are soulful, as the poems are derived from my soul. Some of the poems are what my heart told. My heart and soul are the basis of many of the poems in the book. Many of the poems are written from the spontaneous outflow of my inner heart, and they are very sacred. The intimacy and rhythm of love are nicely crafted. Different aspects of human values are very well dissected and explained here. This book will definitely light up every heart. These poems can influence and inspire many. The glow of this book is the deep truths extracted from the mysteries of human life. I feel that poetry is the most powerful tool to mold the human mind. I am happy to say that this book has achieved almost all its goals. Writing poetry is a journey on an adventurous path, and it is the most thrilling experience. By writing soulful poems, the poet infuses greatness in others as well.

The poems in this book are directed mostly at the inner journey of human life and are truly explained. The inner life is an area that many don't experience. The aim of human life is to reach the end of the inner journey, and this book gives insight into that. The majority of the poems in the book are revelations, which I perceived in solitude, loneliness, and silence. The poems of silence are usually dictated by an unseen superpower and are very delicate and holy. Poetry is the great truth of the Almighty for the future. I am confident that these poems can help humans lead a perfect life to some extent. These poems can bring forth calmness and happiness in the human mind, as this book deals with the positive aspects of human life. Negativity has no role to play in this book. This book is also an embodiment of love, and it teaches that without love, the entire world would perish. I am glad that I could shed some light on the unknown and undetected spheres of human life. I request that the readers read the book and make an evaluation.

A NEW LOVE

Wonderful it is, you can love everyone
The first image of the person is retained
In your mind, never, never go beyond that
Never have any thought on the person, on
His, or her substance, the first image of the
Person will be retained in the mind forever
You can mingle with the person with the first
Image only in mind, what a wonder, the true
Friendship developed, the friend will be in
Your mind till your end; true love, selfless it's
Not possessive, nothing needed back, love
Is genuine, the trueness of love is glorified.

A POEM IS ABOUT

Reflection of poet's inner mind, a poem is,
The cream of everything deposited there,
Stored unknowingly over a long period of
Time, right from the childhood, grows there
And becomes mature, it's like a honeycomb,
Inspiration hits it, honey drips spontaneously
Honey- based words flow out, the sweetness
And pleasantness of words related to purity
Of divinity and godliness added to the cream
In the inner mind; the cream is the truth of
Today and tomorrow, it changes the system
And eliminates the unwanted, healing occurs.

ADORATION

Veneration to someone, the greatness of
Attitude of love and respect, loving the
Character of God in humans that attracts
Human mind to stoop and deliver fragrance
Of love and paint the brightness of the bond,
Smartness of humanness to be copied and
Swiftness of cleverness admired, adoration
To the great qualities in humans, not to the
Person as such, and to know, loving the great
Qualities in a person, is loving these qualities
In God; loving man, is adoring God, such better
Realization by everyone, make the earth Heaven.

Copyright © Rhythm of Love, Dr. K. K. Mathew

AGONY IS NULLIFIED

Receptors of agony in human body including
Heart, brain; and in soul, bearing to antagonize
The happiness; the creator created to maintain
The happiness, not the painkillers relieve the
Agony of mind and soul, but the only one that
Blocks the agony receptors there, the intense
Faith in the Almighty, the agony of mind, or soul
Soothed, or nullified, the wonder of the genuine
Faith in God, a matter of great relief to the whole
World, the faith is the great power one experiences
And strengthened over a period of years, not the
One uttered by the tongue, the world is yet to
Explore it completely, it's a matter of great truth.

Copyright © Rhythm of Love, Dr. K. K. Mathew

ALTOGETHER

Whims of mind totally to the depth of love
Musical life in total stillness to be heard and
Sweetened; altogether love shouldn't bend
Or break, harmony of life depends totally on
The trust in God, the purity of life altogether
Attached to the fear to God, man should be
Fully at ease to love everyone irrespective of
Caste, or creed, or color, as God lives in every
Man or woman; total purity of love is dwelling
Place of the Almighty, stop harboring hostility
In heart, hardship shouldn't weaken or break
Mind totally, and think of positivity altogether.

ASSESSING SPIRITUAL GROWTH

Plenty of measures to assess the body growth
Physical health is measured by various methods,
What about one's spiritual growth, is there any?
The real growth in one's life is the spiritual one,
In other words it's the extent of inner journey
Which one covered, it can be measured by self-
Interrogation, the attitude of mind answering it;
Ask yourself, any change in your character and
How much; any reduction in worldly temptations?
Like your ego, greed, envy, dishonesty, insincerity;
Did your internal senses open; see, hear with them?
If no change, spiritual growth is retarded and you
Have to accentuate your inner journey with prayers.

BAD THOUGHTS SUPPRESSED

The glory of human mind is, detoxify the Negative thoughts and accentuate positive Thoughts, it's possible for humans, overcome The barrier; mind presses on bad thoughts or Temptations only after realizing the sweetness, Pleasure, and greatness of intense faith in God, The more one concentrates on the faith he will Definitely realize faith is nothing but honey; it's The truth of truth realized from experience only. When there is honey why should one need the Bitterness of bad thoughts or temptations, the Inferiority of them felt by the person make them Suppressed and further negative actions blocked; Simultaneously good thoughts enhanced and put Into actions of glory; everybody can try and follow.

BEYOND

Beyond everything in life, much above
All the thoughts and feelings, and beyond
The human comprehension, the great glow
Of love exists, appeared as a tiny light at far
In childhood, adulthood, and in the adult life
The one realizing it, searching it, reaching it,
Exposing it, and being fully guided by it, is the
Real gem, life becomes most fruitful, the aim
Of life is fulfilled; and realized fully, the glow
Is everything in life, it's the greatest treasure,
The mightiest, close association with it gives
The extreme happiness and enjoyment, and
It's the wisdom; let everyone reach out to it.

BLIND TO THE TRUTH

So many elements spoil the present world
Evils have spread uncontrollably on the earth
Selfishness everywhere, selflessness only in few,
Dishonesty and insincerity are seen everywhere
Utmost diplomacy needed to tackle adversities;
The biggest problem, man is blind to the truth
The thinking power is totally subdued in many,
They realize the untruth, they won't accept truth,
They believe only what certain people attached
To them tell and they are prepared to die for it;
Very pathetic the situation of the present world,
Absence, or diminished faith in God is the root
Cause of the situation; let us pray for the world.

BLOOD MOON

Moon sucking the blood of love from the space
As it can't reach its lover earth, all happen at the
Top of lunar eclipse, when it is masked by shadow
Of earth, its loving heart beats for kissing its lover
But can't get it, instead, its saddened heart is very
Much satisfied with sucking blood, hard to say, the
Depressed moon is sucking blood to nullify its crave
To kiss earth, the metaphor of intense love of moon;
Bleeding love falls on moon when earth's atmosphere
Scatters light except for red, a phenomenon in physics,
What it matters is the intensity of love that can't be
Prevented by shadow or atmosphere, love never dies.

BOLDNESS

The willingness to do something courageously,
To do something good, not for any bad purposes,
To do positively, nothing negatively, a matter of
Great confidence, the willpower is great, the crave
To do something innovatively, prepared to take any
Risk to achieve the goal, it's purely the constructive
Element in doing, the mental support has a big role,
The support is from the Almighty through utmost
Faith in Him, the feeling of His presence in everything
Done, gives freshness in mental thoughts, and all the
Negative thoughts suppressed, free to proceed with
All might, executing graciously at will; it's the boldness.

BRILLIANCE

It's the grace of God touching the human brain
And opening it with assimilation of wisdom from
Him, human inhibitions are rooted, perception
Becomes smooth and uninhibited, human brain
Becomes so active and fluctuant, a spiritual reaction
Takes place, not an organic one, so fluent ideas
Become, storage and discharge become so quick,
Human mind works smoothly like a machine,
Concentration becomes intense, coordination of
Ideas becomes most effective, energy accumulated
In mind, always it is to be discharged, the thinking
Power enhanced and the power for creativity is
Activated, man possesses a divinely built new mind
Easily working with great speed, never allowed to
Become lagged behind, mind travels on the path
To creativity, God's grace fills mind with brightness.

CAPRICIOUS

Unpredictable ways of life, man wonders
Man wishes something, God does differently
It's a matter of fact that happens usually, man
To accept this great truth and act accordingly
The right way of living, everyone should accept,
Without any wish, total surrender to God's wish
Is the total obedience to God, God blesses and
Man flourishes, a matter of great strength to
Every human heart, accept fully what God gives
Whether it's good or not good, should be the
Dictum of human life, act just as God wishes
The loom for everlasting contentment of mind.

CHESS

Put opponent's king under direct attack
From which escape is impossible, the aim
Of a board game of strategic skill, between
Two players which measures the quickness
Of using intelligence with the output of the
Sense of farsightedness with the grasping
Power of absorbing the awareness of future
With the exercise of sharpening the brain
It pays off with immaculate concentration
For the imminent reflex reaction, and it's
Reflected on the chessboard with smooth
Sailing, and with unique calculation, with a
Perfect perception and divine deliverance
That heaven and world work together and
The passage of quickness of fingers coupled
With the incessant flow of intelligence to end
With the crown of glory and pride of the heart.

COMPLEXITY ANALYSIS

What is science?

Science is the earnest attempts by man to find
Out a tiny part of the greatest artistry of God
Science is incomplete as it knows only the tiniest
Part of the greatest craftsmanship of the Almighty
The one who finds out tiniest part is acclaimed as
The Nobel Laureate; but if one submits completely
To God and attached to Him with utmost faith, the
Mysteries of God will be revealed to him by God
And it cannot be measured by the scales of science.
I'm a doctor who served my entire professional life
In a rural region without any advanced scientific
Research facilities, but I could find out 7 new clinical
Observations for the first time in medical science,
Published in national medical journals and some of
Them were quoted in reputed international journals;
For example, I found out, the drug Metronidazole is
Highly effective in the dreadful disease "Primary
Sclerosing Cholangitis" which was found to be correct
By Mayo Clinic, North America only after 30 years.

COMPREHENSIVE

Everything in life, almost everything in life
Point to one thing, everything by grace of
God only, one can tell it if he or she could
Realize the truth of life and its beauty, the
Great truth to be known, God's grace is the
Major asset in life, it's more than enough to
Live most satisfying in the world; God's grace
Is the wisdom, it's a gift by God to have the
Life God- guided, to excel in everything; it
Should be the wishful thinking of one to live
In the troubled world, everything to be shared
With the Almighty, the self- burden is lessened,
Comprehensive life with God is the fruitful one.

Copyright © Rhythm of Love, Dr. K. K. Mathew

CONSCIENTIOUSNESS

What one can do the best is to be conscientious
Becoming aware and responding to surroundings
Soul comes down and dictates, one is following it
Being very alert and responsive to the command
Of the inner mind and nothing is against it, a form
Of utmost sincerity to one's own inner self, and a
Matter of perfection in what is done; in other words
It's somewhat following God's call, as consciousness
Is the image of God in man, or it's the reflection of
Soul; the suppression of the inhibitory factors like
Worldly passions, or temptations, done with intense
Faith in God, makes a person conscientious in his
Life with care and perfection in what all he does.

CONTENTMENT

Sea is calm, no wave up and no wave down
Water is steady, the beams of moon caress,
Water is golden, romantic water it becomes,
Love flows, calmness spreads everywhere, moon
Kisses the sea, it's imprinted on water, moon dips
Into water, everything still, whispers of love heard
So softly, romantic water can't jump up, emotions
All subdued; such is the state of human mind when
All the worldly passions subdued and passions for
God developed, the moon kisses mind, it becomes
Romanic with the Almighty, heavenliness prevails
When worldliness is gone, the greatest treasure on
Earth, no desires, no wishes, everything is in mind.

DON'T BE DEPRESSED ANYMORE

Hope is an absolute resultant of intense faith in God
When the faith becomes so strong, hope comes out,
It's a fruity feeling of indescribable wellness that draws
Humans forward, an act of bravery instilled, and mind
Becomes strong to counter anything adverse that comes
On the way of living; it's a watchdog guiding, the feeling
Of loveliness fills the mind, ignoring all the challenges and
Forgetting them instantaneously forever, the marvelous
Feeling of safety and care spontaneously flows in; it's the
Blooming flowers arising from faith, depression will not
Come in mind, mental agonies lessened, an instinct to toil
And reach the destiny emerges in mind, pleasantness of
Love is absorbed in day- to- day life; strong faith blossoms.

EMBER

The dying fire kisses the burning piece of
Yellow metal, and the last embrace make
It shining forever, a matter of intensity to
Bid goodbye with the tears inside put out
The fire, the metal on its way to the neck of
A beauty, the series of tribulation glorified
At last, making a laugh of love; roses grow
With thorns only, all beauties come up with
Tears only, purification is painful, fire does it
And fire seeing the agony of the metal, weeps
And extinguishes itself, the dying fire of tears
And kisses, pain and love together make glory.

EMOTIONAL ELOQUENCE

The spirit in him comes out spontaneously
To speak to the audience with the skill of
Pouring the words of wisdom, a continuous
Flow, quite uninterrupted; a stream flowing
Incessantly with a musical murmur echoing
Deep into the hearts of many sitting in front
Of him, deeply absorbed in his words, silence
Everywhere, only his words echo deep into
Every heart, that also beats rhythmically and
Musically, heaven is brought here with words
And wisdom, to do with eloquence of love and
Emotions; nobody knew hours passed and the
Words triumphed and every heart is crowned
With wisdom, flow of words is the spirit of God.

EQUITY OF LIFE

The mode of life on the horizontal line
Becoming impartial and fair to everyone
Not up or down in mind at any time and
Pleasing to everyone in life; God created
Everyone alike, heart to be molded to see
Everyone same, to see the inner heart of
Everyone, not the outward appearance,
The way to respect God's creation, it's
Equal to obeying God, it gives the insight
To see God in everyone, the realization,
God is present everywhere in the world,
The wish of God, humans love each other
And love God as well is fully materialized
It's the victory of man before the Almighty.

FLOWER OF SOUL

Fragrance of the real rose flower touches
Soul, its nectar sweetens heart, its beauty
Refreshes mind, the thrill of love arises from
It to make the world lovely, the culmination
Of beauty, sweetness, and love make mind
Deliver very delicate feelings of heavenliness
And draw soul up to heaven to have loveliness
Of divinity and composure of pleasantness, and
Rain of honey from above; the worries of mind
Run away, the value of life is deeply felt, the aim
Of life is visualized, petals of the flower caress
All parts of the body to make a transformation of
Mind, to have the full flower always in the heart.

Copyright © Rhythm of Love, Dr. K. K. Mathew

FRIENDSHIP

Meaning of love is diverted to its application
Exchange of trueness of love, values of ideas,
Offering kindness if needed, make friendship
Heavenly, to make life more valuable, to see
A world with cooperation, mutual help, making
Human mind secure; culture and knowledge
Exchanged, friends becoming part of human
Life, gets a harmonious outlook, monotonous
Life becomes active and fascinating, with the
Touch of friends, greatness of life is entertained
And it speaks volumes of goodness habituated,
And friendship becomes par with the family life
Or near to it, diversity of benefits really enjoyed.

Copyright © Rhythm of Love, Dr. K. K. Mathew

GRATITUDE

The quality of thankfulness right from heart
Not superficial, a vacuum not inside, which
Usually seen, the mindfulness to show the
Purity of heart to express appreciation for,
And to return kindness, every thankful word
Is an expression of thanks to the Almighty as
Humans are created by God, for everything
Grateful to the creator, an atmosphere of true
Appreciation and kindness built, is the right
Sign and gesture to show the greatness of mind,
The hostility and wickedness are neutralized by
Developing thankfulness to others and even to
The universe which gives us room to love and
Of course to the creator, the manifestation of
Godly love flowing to and fro, true reciprocation.

HARMONY

In agreement with ideas, feelings, or actions
In a society where all races live in peace and
With a remarkable form of identity, and with
Specification of friendship and love with one
Another; all are having musical inner hearts
Producing musical notes simultaneously and
Having a peaceful effect which is unseen, it's
The imaginative comparison, and the base of
Everything here is love and friendship; these
Are cultivated as a result of education and
Development of culture where these yield
Uniformity of inner feelings, and connected.

HEART IS AN ART

The red cup full with extract of red roses
Flows as a stream with so many tributaries,
Love everywhere, world of love is built and
Love circulates to all parts of the world, cup
Contracts and relaxes, the beats of love, so
Musical, the melodious love heard sweetly
And softly inside, it echoes and imagination
Takes off, a new heart appears in panorama
Of love, it's really poetic, playing the music
Of love, it has wings, flying and floating in
Horizon of love, accompanied by sweetest,
Soft music, that takes one to the paradise of
Love, artistic heart adorns the human mind.

HEAVENLY LOVE IS NEEDED

Something above, something super to be
Reached, the actual one, not the one man
Spoiled, the worldly love; many know the
Physical love only, love of heart, it's alright
Very good, that is going on here in the world
It may end in tears or sorrow, but few without;
What the love seen on earth is the root of love
That is the Godly love, the origin of worldly love,
The periphery of the Godly love or the heavenly
Love; how to find the root of love, the Godly love?
Love God first, Godly love is many times sweeter
Than the physical love or the worldly love, it's a
Great truth, realize it fully, finding Godly love is
Difficult initially, but everybody can, with intense
Faith in God only one can get it, now, one goes to
The root of love; one enjoys the great sweetness
Of the heavenly love; one loves the other person,
Or the friend only through God, then he or she is
Showering heavenly love on others, never love
Anyone directly, but love through God only, this
Love is above the physical love, especially sex, and
It's pure and holy, it's much sweeter than worldly
Love, one can love anybody in the world, heavenly
Love is to flow on earth, then it becomes heaven.

HOW MUCH GOD LOVE MAN

Earth is the most beautiful, earth is habituated
For man to live, presence of God is everywhere
In nature, or nature is God only, such a fertile land
With all amenities for the need of humans, heaven
On earth really, but for man spoiled it; look at all
The other planets in the universe, moon is a barren
Land full of craters and rocks, incomparable with the
Beauty of earth, it's highly doubtful whether man can
Live there; mars, again an empty land with uneven
Surfaces, all other planets of the universe are thought
To be like it; sun is there to give light and power, moon
To give light at night, fresh air to breathe, water plenty
To drink, food in abundance to eat, all luxuries added.
God created universe, He loved man to the maximum.

Copyright © Rhythm of Love, Dr. K. K. Mathew

HUMBLENESS

Man taking away all the credits from God and
Projecting them as his own, it's discrediting God
It is really disloyalty to the creator and it's the big
Disrespect to Him, humbleness is the true hallmark
Of one's greatness; the stream flows to a lower
Place, not upward; when one is with God, he will
Realize the great truth, whatever he has gained is
Not his, it belongs to God only and he is nothing;
It is the great realization of humans, contrary to
It is sheer ignorance, man to realize the essence
Of human life, otherwise he is on wrong footing.

Copyright © Rhythm of Love, Dr. K. K. Mathew

HUMILITY AND SIMPLICITY

The two, the hallmark of one's greatness;
The great, realizes what really a human is,
The one who knows fully what the creator is,
Who understands nothingness of the worldly
Who has searched and found the aim of life
Who is on the path to reach the truth of life
Who realizes, he is nothing, everything in him
Belongs to God, this realization is the greatest.
God is simple and humble to Himself as nobody
Is there par with Him to show off his greatness,
What He needs is, all humans should love Him
Just as He loves them; loving Him is to live just
As what He is, quite simple and humble and
Loving all what He created; it's the perfection
Of human life which everyone should realize.

Copyright © Rhythm of Love, Dr. K. K. Mathew

IDEA

A thought or suggestion as the possible
Course of action with an aim to achieve
Something positive; tiny buds arise from
The twig, spontaneity the frame of thoughts
That appears so softly in human mind to do
Creative actions, it's the root of anything so
Constructive in deeds and to engage mind
With nobility of creating pleasantness and
Having the energizing mind dictates with the
Fulfillment of the purpose in the correct
Course of deeds; amazingly mind follows
The instinct from soul, a possible explanation
For the thoughts budding in mind, it's divine
And it's a phenomenon that is quite natural.

Copyright © Rhythm of Love, Dr. K. K. Mathew

IMAGINATION

The mental faculty is at its best to form the newer
Ideas or concepts that are read as the outer wings
Of the actual, flying in the new horizon of images
That beautifies the yard of mind with the ornaments
And it fulfills the happiness in a beautiful way, and
Not to be revealed to others as they can't believe
It, nor they may laugh at it, but the person having it
Always on the spaceship exploring the mysteries of
The universe and the Almighty to join the paradise
Of love and wonder, goes one step high, the peak of
Highly imaginative images that the person relishes
Are sweeter than honey, the imaginative skills, and the
Person draws it on paper, a mixture of thoughts and
The new images created, looking bright, highly poetic.

IMPACT

Nothing one learns by himself or herself
Everything by impact, or confrontation, or
By conflict, the effect of one reaction makes
Others knowledgeable, or well aware of the
Of what happened or what was the outcome,
Everything says the totality of information to
Be developed further, the sequence of events,
The impact of them gives immense information
Thus the root of knowledge is developed, and
Adequate acquaintance with everybody occurs
Nothing straight, everything by impact only, the
Effect of a collusion produces marked effect or
Influence on others to give adequate information.

IMPARTIALITY

Equal treatment to all, to the opposite parties
Justice and fairness to be maintained at any rate
Eyes should not be jaundiced, nor the heart, apart
From liver affected, indifference out of jealousy,
The common affair nowadays, blindness occasionally
But fair sight other times, injustice and indifference
The main culprits today, twisting everything to one's
Own whims and fancies pulls the society down, envy
Takes the upper hand, love leads to loveless deeds
Selflessness is overpowered by selfishness, dictum of
Peaceful mind is torpedoed; justice is the key to any
Success, impartiality makes the heart strong and mighty
And stride over the central line of mind, it's a piece of
Determination, that makes the person a flower that
Blooms, sends fragrance and establishes his identity.

INDEPENDENCE

Free the heart, the soul, free from the outer
Control, depending not on another for livelihood,
Or subsistence, total freedom in the true sense
A matter of overwhelming joy, the result of many
Fought for freedom, the existence of prolonged
Endurance, the freedom for breathing fresh air
A sense of total relaxation and enjoyment of soul
The feeling of nothing needed but to die peacefully
The caged bird is let out and fly in the horizon of
Absolute freedom, magnificence of great feelings
The era of dependence and slavery is over forever
Great pride fills the heart and patriotism overflows
Hearts throb with music of loveliness and freedom.

INDIA CONQUERED MOON

Pride, happiness, ecstasy all build up in heart
To be in the realm of patriotism when we Indians
Could touch the lunar surface triumphantly with
All the transcendence of soothing and sweetening
Of heart and soul filled with the magnificence of the
Sweetened honey that is dripping inside, it echoes
The whispers of moon on the ability of our country
To dip in the deep love of the natural satellite of the
Earth, when India kissed the moon and the love is
Exchanged, communication begins, with soft singing
And whispering that result in the revelation of the
Mysteries of the Almighty, a bit of it can be exposed
By the rapid advancement of space technology and
Science of India that is endorsed by its lunar kissing.

INNER MIND A WONDER

The flight from the outer mind to inner mind
On the spaceship of faith, the greatest event
On earth; the big cameras, the internal senses
Open, the inner mind is much more big than
Universe, directly linked with heaven and God,
The person lives with his internal mind, while his
Outer mind and body are in earth; one can get
in touch with anything in the world of inner mind
Or soul; visualizes vividly with the internal senses,
A great reality revealed, one can reach anywhere
In the world of soul in seconds, sees and relishes
Beauty and sweetness of everything there; it's a
Great truth that anyone can take the flight on the
Spaceship of absolute faith in God and enjoy the
Heavenliness of the universe and vicinity of God.

INNER VISION OF ONAM FESTIVAL

Human mind on earth deals with so many
Thoughts every day; happy, worrying, and
Depressive at times, very little calmness; a
Panorama of different colors, with different
Magnitudes, but never stable for the longer
Period of time; the Onam festival celebrated
For a week in Kerala, India, can hold human
Mind with the strings of happiness, calmness,
And contentment, developed spontaneously
In mind over a period of time, accomplished
In a week time; mind is fully prepared, equipped
With readiness of mind and strength to block all
The worrying thoughts, and enrich mind with
The heavenly feelings cultivated in mind and it's
Celebrated for a week with the amusement of
Heart with love, kindness, and friendship, taking
Man to the heaven for a week, with thrill of joy.

INSCRIPTION IN MIND

Too far from the busy mind, it's to be
Engraved and shaped to grasp all what it
Needs and what it should be; it shouldn't
Be what is being followed now; approximation
To the Almighty the primary aim of life, mere
Preaching, or repeated talking may not help,
People may be the same even after decades,
No change; the method of teaching should be
Altered; everybody on earth wants to follow
The righteous path, but he or she can't do it
As the negative forces pull the humans back
And man or woman can't resist and overcome
The negative forces; the teaching should be
Focused on it; for the approximation to God
One should submit himself or herself wholly
To God, then get attached to Him with faith
And get faith strengthened by winning over
The countless trials on the way to the destiny;
And easily done, the worldly temptations and
Passions, suppressed, and the passion for God
Developed, God is approximated; it should be
Inscribed in the human mind instead of teaching
Periphery and not engraving the core in humans.

INTUITION

God speaks to man and man hears it
It is the great truth which science can
Prove; how to hear the words of God?
Human mind to be prepared to accept,
What are the changes to be made for it?
The barrier between man and God to be
Crushed by his intense faith in God and
Internal senses open, he hears the words
Of God; the barrier is the passions for the
World and the worldly, it should disappear.
Einstein said, his 'theory of relativity' was
Made purely by intuition and the scientific
Conclusions of researchers tallied with it;
And I testify, all my scientific innovations,
Literary achievements, and treatment of
The sick, are purely based on intuition only,
But for it I wouldn't have existed, survived.

IT GOES ON

Life goes on, everything at pace goes on
Heart is beating, and the earth is rotating
Music of love played so softly everywhere
And the whole universe survives, planets
Don't fall down, silence continues, it's the
Gift of God, silence covers words of God
Words hidden in it, it goes on, man doesn't
Hear, the stream flows down, it continues,
Never stops, anyone or anything; work is on
Everywhere, the beauty of continuation is
Rhythmic, musical, a lot of love sprayed and
It goes on, part of it has fallen, but the rest
Pick up and continue, the world goes on and
It's the main factor of survival, the reflection
Of the Almighty, the sweet music of holy love.

IT IS POETRY

Poetry is the effervescence of realities of life
Mind perceives it, heart catches it, and soul
Absorbs it, the miracle of it is the essence of
Heaven, what the poetry gives is stimulation of
Mind to do something great, or the addition of
Goodness, or subtraction of the wrongs, and
Elevation of mind to the height of glory, emotion
Craves to become a string on which one walks
To the depth of solidity, with it one can face any
Challenges, the bravery is poetic which leads to
The path of imaginative faculty and it works with
Immense elevated thoughts and feelings, poetry
Is the true words with a lot of divinity and holiness
Derived from sacredness of life and heavenliness.

KISS

Magnificence of love outflows and spilled
On the body of another, a symbolic sign of
Exchange of love manifested as sweetening
At different sites of another, the monumental
Gesture to be remembered always, the bond
Of love adhered momentarily, friendship may
Too have the sweet gesture, love and friendship
To follow this affectionate gesture, and never to
Break, the gesture turns to a love treasure for
Many, the sweetness of it is superior to honey
Many feel, it may evoke pleasantness in many for
A long period of time, the gesture of sweetness
And love can make many romantic, so much of
Love sprayed in heart and soul, to stride forward.

LOVE IN SILENCE

Love in silence, the best love ever
In silence your heart is whispering
Softly, only my heart picks it, too
Ardent the love that flies in horizon
Of selflessness, heart beats with the
Symphony of loveliness of your face
Heart visualizes honey filled clouds
In the sky darkened, they rain honey
In our souls, the mystical feeling of
Love, to move away from solitude to
Dip in imaginative feeling of flying
Above all my thoughts and reach you.

MEEK

Gentleness of heart, a reform of love
That is superior to confrontation in life
A smart way of loving everyone, and no
Volatile action at any time, mind is calm,
Heart is frozen with love and kindness
Always gentle breeze blows in mind and
Soul; everything has been gained from
God, contented, nothing to be acquired,
Nothing needed, hence submissive often,
No heat inside, always cool, the superior
Form of human mental stature for every
Active man or woman, the crown of godly
Love on head, glory of godliness occupies
Inside, the heart is to love and to be loved.

MERCY

Leniency towards punishment,
Heart blooms with fragrance at the moment
Giving punishment, the great compassion for
The guilty, the matter of forgiveness given at
The peak of revenge, kindness flows to the
Eternity, compassion covers the guilt and it's
Nullified, stream flows around the rocks, water
Foams and the bubbles of love rising up, guilty
Becomes great friend, it's the miracle of love
Giving the great message, there is nothing like
Hatred or hostility, everything man- made, God
Forgives, then why can't man do it, great change
To take place in the tight human mind, it's mercy.

MIRROR

Reflection of heart to the outer eyes, image
Of transparency, so cute, the surface of glass
With metal amalgam, the coating is so precise
Having the inner feeling of trueness, so much
Of sincerity added to the specification of the
Tranquility, with added advantage of seeing
One's own image, never to have another way
To visualize it directly, the action of the inner
Heart acting directly, with the amplitude of a
Greater vision, analyzing and judging the image
And magnified to a self-correction, with all the
Specifications of life, transmitted to a beginning
Of having newer ideas that may overpower the
Humans to do with will and wishes and start fresh.

MOON

The beauty at its peak in the sky in darkness
The epitome of romance in shyness with its
Golden beams kissing the earth, spraying the
Golden shade in the thick darkness of night
Its romance falls on the sea kissing and dipped
In water making it a sea of love, it's the only
Natural satellite of earth, making it a haven of
Love; love only condensed to have made moon
With the earth dancing around it, the mark of
Kissing earth is seen on the side of its chest, the
Sparkle of its love sends immense joy in and
Around it, golden light glowing in thick darkness.

MOTHER TERESA

Human mind taking the route to the vicinity
Of God, reaching God, and the Almighty enters
The human mind, and gives the realization and
Wisdom, God lives in the sick, poor, and destitute
And in them one sees the wounded God coming
And pleading for help; only very few in the world
Realize this great truth and spend their whole life
To nurse the wounded God and relishing the love
Of God, and feel most contented for having lived
The whole of their life for God; love and kindness
Showered from the heart of Mother Teresa on the
Poor, sick, and destitute, and she lived for them only
The angel brought the glory of heaven to the earth.

MY CONCEPT OF A SAINT

People can't make a person a saint
Only God can make a person a saint
The whole life of the person is a search
Dissecting the mind of the person with
The scalpel of absolute faith in God and
Discarding the bad and accepting the good
Attaining the highest position in mind, after
Continuous search for decades, removing
Passions for the world and worldly, gaining
The passion for God only, internal senses
Open; seeing, hearing, and doing with the
Open internal senses only, outer senses for
Living only, realizing the approximation with
God, with the deep senses, develops the God-
Centered life; God dictates, the person follows.
Outer life- living for people only, dong dedicated
And selfless life during the whole lifetime for the
People, especially for the poor and downtrodden
Not gaining any monetary benefits from people
Living the whole of lifetime just as an ordinary
Person, challenging all the adversities with faith.
End- the person wants his funeral not to be known
To anybody, wishes to be cremated as the poorest.

NATURE AND TECHNOLOGY

Nature is the creation of God, it's God,
Everything godly, purity is mixed with
Holiness and divinity, it's God's love, it
Nourishes and cares humans, everything
In it is medicinal, it heals and cures, the
Great gift of God, but man doesn't know
It, he couldn't explore it completely, but
He cuts and wounds it, nature is weeping
All the time, but man doesn't hear the cry;
Don't search God anywhere else, go to the
Nature, He is there; sit on the rock for some
Time and relax, get the soft caress of the soft
Gentle breeze, much better than electric fan,
Drink the pure water of the stream, eat the
Natural fruits, enjoy the beauty of the flowers,
Taste the sweetness of natural honey, sight of
The flying birds, the sweet songs of them, all
Give enchanting feeling, the great healing of
Mind and soul, marvelous feel of God is here.
Technology is creation of man, it's man-made
The net result of man exploring a bit of the
Craftsmanship of God, it can be used by man
For his own benefits and for destructive ways,
Mainly handled by human brain based on God's
Artistry, usually used for the amenities and for
The needs and luxuries of humans; is there God
In it, yes, God is hidden in it covered by manliness
Whereas nature is godly, God is exposed here
One can communicate with God, he becomes godly.

NEWNESS IN LIFE

Mind always craves for newness in life
But it's pulled back by worldly passions
Only faith in God suppresses the passions
Rather difficult to do it, mind becomes free
Free mind escapes from the grip of world
Free mind really a wonder moving to and fro
Old is gone in a free mind, it picks new often
Newer ideas, new intuitions, and new actions
It's the mind that is ought to be in a human
It's really the freedom of man, escaping from
The jail of worldly passions; enjoying freedom.

NOBILITY

Character of superiority shown and acquired
With assimilation of love to be discharged with
Kindness to satisfy the inner mind, great personal
Qualities mixed with high morals; be a man or a
Woman of this caliber, lifts humans above all the
Heaviness of life, gaining the quality of thinking
Freely and doing things in more attractive ways,
Contentment fills heart and it's infused with the
Aristocratic feeling that may spontaneously come,
With elevation of mind, positivity comes all through
And the feeling of something special, a royal outlook.

OC IN HEAVEN

OC now in heaven, looking below on people
People on earth looking up with arms raised
Pleading to OC for help; not one, but so many
You number thousands, the pleas reach heaven
In quick time, memorandums and letters reach
There quickly, OC is busy with solving, disposing
The multitudes of the pleas and memorandums,
Round the clock he is working, no rest or sleep
Heaven is full with the prayers and pleas to OC
The tranquil heaven becomes so active with OC,
Now God solved the big problem, He built a mini
Heaven exclusively for OC to do his work freely.

OFTEN

Frequently, many times, one should look
At the almighty for He is the creator and
Without His help one can't excel in his work
It's the truth of all time; habitually you should
Depend on the mighty creator many times,
Speak to Him with absolute faith in Him, it's
The way to salvation, definitely God shares
Your burden and He works for you, makes
Everything for you, life becomes pleasant
And peaceful; it's a wise man's life with less
Tension and burden, frequently you can talk
To Him, request Him what all He must do for
You, the communication with a loving father,
Many times converse with Him, you exchange
Ideas with a great companion; the sweetest life.

OLD AGE

Wear and tear plenty, eyes sunken, heart weakened,
Brain shrunken, external mind thinned, these happen to
The old and aged, so innocent child-like, fresh memory
Is gone, old memory retained, that is sharp, and light is
Brighter, the internal mind is so strong, a lot of input in
It, greater the spiritually accumulated in it, experiences
Gained during the decades make them so great, lift them
Next to heaven, heaven is in their reach, contemplating
The goodness of flying high, they look up, not down, but
Look at the past, memories of high and low, they need
Love and care that they get in plenty from the Almighty.

OLD IS NOT OLD

Old becomes young, the miracle in humans
A matter of wonder happens in every human
A source of attraction to the love of humans
An undisputed matter of reality touches them,
For the understanding, perishable body has no
Value, but the mental faculty is highly valuable,
Infant's or child's mind is immature, youngster's
Mind also unripe; but the old with experiences
Covering decades make mind rich in thoughts
And wisdom, becomes highly spiritual, finding
Soul, and living with it, the young mind the old
Possesses while the perishable body is decaying.

OPTIMAL LOVE

The best love is, act as a well-wisher for the Well-being, it isn't to intrude and not to have Attraction for the material, but fascination for The deeply seen image of the person, and no Temptation but the soberness of attachment, Purely selfless, doesn't wish or seek any reward, Very graceful the approach to the person, it's An angelic love, purely unconditional, and it's an Attitude of purity with a lot of sweetness and Beauty, and great transparency, always ready to Help at any time when one is in need, more of The role of a rescuer, reward is contentment only.

OUTER EYES NOT NEEDED

How many know, eyes not needed to live?
Internal senses in every man and women
They are closed with the worldly passions
Deep senses open when worldly passions
Are suppressed, only by developing intense
Faith in the Almighty; one can see and hear
With the deep senses, much more sharper
Than that with the outer senses, the outer
Eyes and ears; deep senses are connected
With God; one can visualize the presence
Of God, one feels the vicinity of God with
The deep senses, one can gain the spiritual
Wisdom to execute anything in the world;
Without outer senses, one can live with the
Open deep eyes and ears in the outer world.

PAINTING

Uniqueness of love flows out of heart with
Beauty and sweetness, out of the skill and
Artistry, to the delicate fingers that do the
Wonders on canvas, to form heavenliness
Of beauty, an inborn talent flows out like a
Stream to ripple the miracle of beauty, and
Adorns the heart and soul of the viewers, to
Be mesmerized with the enchantment of the
Craft, with honey dripping from it, holiness is
Mixed with divinity in it, marvelous thought
Comes in the hearts of the viewers coupled
With most delicate feelings of fondness that
Pervade the imprints of sweetness in every
Mind to be boosted to the evolution of fresh
Energy to raise mind to the heights of ecstasy.

PATRIOTISM

Blood is mixed fully with extreme love for
One's own country, heart is beating with the
Music of love for own nation, soul is pulsating
With love for motherland, it's an extraordinary
Presentation of the great attachment to one's
Own country; it's more of a philosophy than
A strong feeling closely fixed with heart and soul,
A wonder of love, the magnificence of internal
Attachment, the new route of love, a sense of
Sacrifice for the motherland, equal love given for
Mother and motherland, both deserve adoration,
Maximum of soul soothing, it's a phenomenon
Also getting all hairs of body raised on hearing the
Safety of the country, ready to die for motherland.

PEACE IN SHORT

So much of talk or writings on world peace
Writings on periphery, very little on center
How to make peace, so many views to write
But little happen to prevent the disturbances
Nothing concrete to be said, to be thought of,
Talks continue and discussions aren't fruitful
Always the world is turbulent, never it's calm.
Let us go to the root, man distanced from God,
Filled with excessive passions for the worldly
Most of the humans can't resist temptations
It's the very sad state of affair of the humans
Man is helpless to control the worldly passions,
The main passions are selfishness and greed
This state of mind is the result of absence of
God in mind; how to control the greed in mind?
Only strong faith in God, controls the passions,
There is no other means to control the greed
The treatment for this disease is to have strong
Faith in God for everyone; Ukraine war is due to
Greed of one person who can't control his greed,
World wars were the result of greed of very few.

PEASANT

Agriculture laborer, living with the plants and
Crops, always toiling in soil and with special love
For nature, living with earth, loving it and kissing
It for the whole of his life, enjoying its pleasantness,
Absorbed in earth and plants; crops his own children,
Caring and nursing them with his heart, the true
Romance between man and earth, it's quite evident
In his labor, ploughing, planting, manuring, harvesting,
With his own hands in hot sun and rain, he enjoys it,
He looks after crops like his own infants, love of father
Flowing to his own children, the divinity of love is felt
In abundance, earth is blessed with his holy love, flows to
Nature, his sweat drips on the earth, God's love and His
Blessings fall on the earth always, soil and crops heavenly.

PERPETUATION

The music of love, continues to be emerged
From the depth of heart, soft and subtle, high
Qualities of life to be preserved in mind and to
Be continued forever, brain and heart are linked
Together with the wonder of love, sprayed with
The magnificence of kindness, in continuation is
The mode of life, preserved in the heart and soul
A matter of high glorification of great values of life
Simplified with loving each other, great sincerity
And honesty foaming up, and discarding the bad
Elements, flowering of trueness and genuineness
Arising from depth of heart, continues with fragrance
Of individuality and integrity, to be continued and
Preserved with gaining simplicity and humbleness.

PERSEVERANCE WINS

Perseverance and hard work achieve despite
All the difficulties facing, failure is the best guide
Teaching every moment of problems, and there's
Nothing to worry as each worry is a lesson, to guide
The faulty ship to the shore of safety, so much of
Confidence fills in, agility becomes the prime tool
For the sustained work that pursues, the thinking
Capacity is enhanced, new energy comes, freshness
Of mind cultivated, fresh courage infused, all these
High qualities arise from the previous failures, but
The validity developed can conquer any challenge.
When India's lunar mission Chandrayan-2 failed
At the last stage of its mission quite unexpectedly,
The director of Indian Space Research Organization
Became heartbroken and he was consoled by the
Prime Minister of the country; what all the failures
Taught, made the corrections of all the faults and
The subsequent hard work and perseverance made
Next lunar mission Chandrayan-3 a grand success.

PHOTOGRAPHY

The nectar of love that is transited from the
Object to the paper, the magnificence of the
Absorption with tranquility and transparency
Of the object in totality without even an iota
Of change, manifested as the replica of what
Is seen with the naked eyes and with the heart,
It's more sharp with elucidation of the soul of
The object which is focused; it's an art of taking
The precision of absorbing the object with the
Addition of the skill of the person handling it, so
Much of unseen love added to it with blessings,
Reality is magnified to the beauty of absorption.

POETIC JUSTICE

Poetry of God that pinpoints the art of justice
Created throughout human life, and the most
Dependable justice that will be established at
Any rate, the fact of giving a fitting retribution
For one's action, the unseen judgment that is
Embedded in the divine truth of poetry; poetry
Of God makes artistic creation, always with the
Natural justice in it, it's more than the beauty
Of heart, or soul, falls on the world with weapon
Of justice, poetry becomes the pronouncement
Of the greatest judge, exposing the concealed
Truth in it; it's the forerunner of what will happen
Tomorrow, hidden natural justice enriches poetry.

POETRY OF SILENCE

The mood of love breaks, loveliness of silence
Enriches heart to hear, honey drips from the
Core of stillness, it is the feeling of heart, outer
Covering of silence is felt peeled off, the vision
Of the Almighty felt inside, heart hears whisper
Of love, heard from the deep core of silence, it's
The whisper of heavenly love as the Almighty fills
The center of silence, utter concentration needed,
Heart could communicate with the Almighty, it's
The most delicate feelings only, deep in the holiness
Of love, exchange of love and feelings together, the
Compound of tranquility and transparency felt and
Heart noted the love and feelings in verses, delicacy
Of feelings write on the walls of heart, the whispers
Of silence intermingled with feelings and love, the
Beautiful poetry of silence engraved on heart and
It recites always the core of silence with the added
Sweetness of honey, it echoes outside of the heart.

PRAGMATISM

Theoretical knowledge insufficient, practicality
Supreme, what done is much superior to what
Is written and what is talking, anybody can talk
But put it in practice is the most difficult; for any
Creative work, attempt to do it first, try again and
Again till perfection is achieved, and then talk or
Write, it's a pragmatic approach to the creativity,
Sharpness of brain and utmost concentration are
Needed to do anything with heart, absolute and
Total dependence to God is needed to do work,
Divinity comes first; pragmatic, one is to become
With the sense of guidance from God to have the
Achievement of perfection, it's a matter of validity.

QUEEN OF POVERTY

Rich in spirit, majestic in look, the little girl
Is smiling always; she is the poorest, but
Poverty is confined to her stomach and body
Only, not to her face and spirit, she is queen
Of poverty, the throne and crown are in her
Spirit, absolutely fantastic her look, it's royal,
Poverty can't touch the highness girl's mind,
In fact poverty stimulates her mind to thrash
It, the brightness of her eyes will bring light in
Her life, one day her smile will bring her laurels;
A rich mind will dictate the future of everyone.

RAPIDNESS

Quickness, the hallmark of the soul working
Soul exists beyond the human body, and beyond
Everything, soul is working directly in the person
Who has found the soul, it works above everything,
It just caresses the ideas or thoughts, it's enough,
By mere touching, soul grasps the whole in a fraction
Of a moment, while human brain takes minutes or
Hours; the reason is soul is weightless while human
Body is heavy; the wonder of soul is appreciated only
By experience only, rapidness of soul takes man to the
Vicinity of heaven, beyond the human comprehension
Which every human can, provided intense faith in God
Dissects out the body spiritually to make the soul, free.

RECOGNITION

Acknowledging, or admitting the existence,
The validity, or the legality of something that
Is the natural justice of law that one aspires
For, the world must give it, but does it happen?
Not getting it leads to undue unhappiness and
Depression, one might say, justice is thwarted;
The real recognition is not that from the world,
It's the great feeling, one is qualified to be with
God, it's the vision internally with open internal
Senses, visualizing vicinity of the Almighty and
He is the best companion, man is always with God;
It's the great recognition which the world doesn't
Give; the person recognized by Him, is so happy
Even in severe agony, never gets depressed and he
Knows, the superiority in him is the contentment.

RESILIENCE

Elastic the mind, flexible, stretched to the maximum
Stays there for some time and coming back, it's the
Physiology of resilience; withstand or recover quickly
From difficulties or adversities, makes life simple, easier
To stand erect in the marshy land; tough, hard mind
Has to be softened with absolute faith in the Almighty,
Faith dissolves hardness of mind and it's made much
Softer and flexible, the ability to withstand, increases,
Pleasantness of love filled in it, it's a transformation of
Mind expelling the dirt, it's the wonder of faith, one's
Life becomes comfortable and surpasses the adversities
And trials, having the ability to ignore them and could
Withstand any feelings that are perilous or challenging.

REVERBERATION

Continuously echoing my heartbeats with the
Pulsation of arteries, sweetness sounds, and it
Echoes in the stillness of the mind, so much of
Love is drifted to vacant hearts, heart murmurs
It echoes continuously, sweetness of thoughts
Drips down, echoing the melody of love, ripples
The sweetened soul, the soft sweet sound heard
Continuously, the faint voice of God walking over
And high, the unseen face of love is disappearing
Leaving behind the softest sound of heaven, the
Echoing and its continuity in the deep hearts of
Humans, only heard with the sharp deep senses.

RHYTHM OF LOVE

The heartbeat is
Mistaken, we read
As the "Lub dub";
Really heartbeat is
Love me, love me...

RICH AND NOT RICH

What is the difference between rich and not rich?
Man is so greedy to acquire more and more, never
It stops, it's continuing till he breathes his last, truth
Is it; God gives everyone adequate to live, nobody
To worry about that, the more one tries to acquire
More than what God provides, is of no use, it might
Give worry only, a man of wisdom knows this truth
After analyzing the whole data of life, but the one
Who lives with what God gifted, is fully contented in
His whole life, he enjoys the wealth of God's grace;
The difference between rich and not rich is defined-
"Not rich eats with one hand, rich eats with two hands".

ROYAL RESONANCE

Echoing in a better way, reverberating again
The sound heard majestically deep in my heart
Symphony of love aired everywhere, sweetens
Every heart and soul; hearing it, the planets in
Orbit exert gravitational influences on each
Other, the universe dances with the echoing
Music, so lovely, every planet performs, and
The heavenly music touches the birds to sing
The beauty of love, music of heart and music
Of soul kiss together, the reverberating sound
Of music, so soft and subtle echoing and exerts
The impact on every human to reproduce the
The music of the universe, producing a better
Life making the royal resonance a great truth.

SANCTUM

Love has a sanctum that is heart, it's beating
With loveliness of love, and music of holiness
Heart the sanctum of the world as well, all the
Red roses grow there spreading fragrance of
Love, all the holiness of the world accumulated
In heart only, heart distributes it to many places
And homes, accompanied with divergent beliefs
With flowering of thoughts, look back to holiness
Of love, exclusion of worldly takes place in heart
And trueness of love maintained, divinity instilled
And holiness spreads everywhere, it overshadows
Dirt, hearts make the world a sanctum of goodness.

SELF-REALIZATION

To know oneself, what is one, the aim of
Human life, without it, life is lifelessness;
Knowing oneself means realizing God and
Achieving it is a spiritual reaction, the end
Of it is the full realization of oneself and of
God; the whole process is submitting oneself
Totally to God, get attached to God by faith,
So many trials before, one has to overcome
These by faith and the more one succeeds
In these tribulations, the faith becomes very
Intense, once faith becomes unbreakable, a
Wonder happens, his internal senses open
And man sees and hears with internal senses
Only, the excessive passion for the worldly is
Gone, passion for God only, developed, the
Barrier between man and God is crushed and
Man gets into the vicinity of God, the body of
Man is spiritually dissected out with the scalpel
Of faith; now man is in the world of soul and
Only the soul of man is working as his body is
Gone; all these happen while the person is on
The earth, the whole process covers decades;
At last man realizes, he is nothing, a big zero,
Everything in him is God only; he has only one
Duty to do, it's to follow the commands of God.

SKYLARK

The singing, brown beauty doing acrobatics
In air, coming vertically down with the music
Of love, transmitting the vision of love in heart,
Tiny rocket of love, all the time with symphony
Of beauty, flights up and down to mark wonder
Of thoughts, squeezed into the depth of amazing
Brain to attract the mates, to have amusement
Of love in the tiny home of joy, but its marvelous
Movements quick in nature, fantastic the bird's
Temperament, takes away my heart to the horizon
Of music, leaving behind my adoration for angel
Flying high to heaven and coming down to earth
And bringing all the heavenliness brightened with
Music of beauty, sweeten every point of love in me.

SPECTACULAR

Very beautiful in a dramatic and eye-catching
Way to intrude into the sweetness of it, mind
Is mesmerized to be overwhelmed by it, only
To show the greatness of it, more in a passive
Way as image of it is imprinted deep in mind
Catching the soul with its beauty, image of it
Shines so often in mind, absorbing beauty has
A place in the deep insight of mind, glory of it
Energizes human mind to mitigate the illness of
Mind, and to reach the threshold of it, and mind
Blooms to perceive the fragrance of the beautiful
Object, creates an inroad to the glory of the object.

SUNSET

Sun dips in the sea at far, sky is painted
With different colors, it's the attitude of
Love, magnificence of the sky is reflected
On the sea below, heaven is drifted to the
Earth, wonder of love spreads everywhere
The painting of love is imprinted in heart and
Soul with transparency of love instilled and
The multitude of heavenly love dispersed on
Earth, the vision of colors, red, yellow, blue,
And grey, mingle with each other, painted
On the canvas of white sky, ornamentation
Of divine love projected, the gaze of heaven
In human hearts at the fag end of life, the
Approximation of humans with God begins.

SUPER BRILLIANT

A new theory

How could one become super brilliant?

There are two zones in a human being

The zone of man and the zone of God

Almost all are living in the zone of man

They speak a lot about God, but no change

Internally, absolutely nothing deep inside

They are helpless to reach the God's zone;

But the one who develops intense faith in

God, can surpass manhood or womanhood

And enters the God's zone, it's a great truth;

Now everything for human is done by God.

SYMPATHY

The manhood or womanhood of love is
Manifested with the most tender feeling
Of helping others who are in sorrow and
In need, and to get the satisfaction of love
Or the mercy to be infused with realization
That helping those in utter need is really the
Truth, it's helping God, nursing Him; one can
Very well see God in the needy hands coming
In front; God is always in need or in pain before
Man, a matter of great reconciliation with God,
It's tenderness of heart , melting and flowing to
Others, the gaining of having God in one's own
Heart and developing the truest bond with Him

TEACHER

The intriguing love of humans rests upon
The one who teaches and the wisdom of
Love that is descriptive in various fields to
Imprint in mind, the understanding of other
Things, or others, or the fundamentals of
Science, and the art of perception, to grasp
Information, knowledge; the brain grows
With the close association with knowledge,
The one who teaches is a God sent person
To mold pupils and take them to the glory
Of blossoming flowers; the lovely flowers
Beautify the yard with nectar; pure love, and
Fragrance fill the whole yard; it's true, every
Person who brings about the whole changes
In the human brain is the angel on the earth.

THAT SHINES IS NOT JEWEL

How beautiful, looking at moon from earth
The real lover with a lot of romance and love
The poets' hearts are full with romantic moon
So many poems were written on its sweetness
The beauty of it mesmerizes every human heart;
But the photographs taken by spaceship show
A different view, it's a barren land with uneven
Surface, full with rocks and craters, a miserable
Look, thanks to the sun rays falling on it, making
It most beautiful when looking from earth, really
Disgusting to realize, all that shines is not jewel.

THE BARREN LAND

Waste in almost everything we come across
Goodness not in heart or soul in the majority
Heart is a vacuole, pale, dry, inert, and inactive
Soul is weeping , locked in the prison of worldly,
Nobody to hear its cry, subdued in disharmony,
Heart is wounded deeply by the loveless world
Selfishness rules the whole world, and godliness
Enters heart in a few, the flowers lose fragrance
Divinity is hardly seen, purity is disappearing, yet
To see the perfection of qualities; transformation
Is urgently needed, wet the barren land, plough it,
Manure, and plant; sun rays fall on it, goodness
Comes, fertile land with crops and good harvest.

THE PANACEA

Prevention of the difficulties and dreadful diseases
Happiest, man becomes, earth turns heaven in mind
Taming mind becoming easy to do in human living
A matter that is quite possible provided you try little
Heavy, bad, thoughts to be minimized or suppressed,
Good, divine, Godly, thoughts to be preserved forever,
When heavy, bad, negative, thoughts are out, you are
Saved from the worries of life, dreadful diseases are
Prevented, believe it, it's a great truth, anybody can
With intense faith in God, and the greatest feelings to
Bloom, God is everything and He is superior to anything,
The good, Godly, thoughts bless your body and the soul.

THE SECRET OF SOUND

God sings a little, the poetry of love
The rhymes are so powerful, the sound
So majestic, a tiny part of it comes down
To form sound, when He sings the whole
Of poetry, the universe is created, planets
All are products of his love poetry, power
Of His words so mighty; His words make,
His words create, his poetry is the universe,
The miracles of His love is manifested in
Different ways of creations, it's a mystery
To the mankind, the so called science is a
Tiny part of His craftsmanship uncovered
By the humans, everything is derived from
His extreme love, His love is condensed to
Form His love poetry, sound is created and
The whole of universe; everything a mystery.

THE SUPREME

How to make life a perfect one?
The answer, many don't know
Give God the supreme position first
Simple it looks, but rather difficult
Take it by faith and build on it
Yes, you can, try hard, you achieve it
God at the top of your mind beyond
Everything in the world; trust, He is in you
The best companion, talk to Him daily
Life becomes purely God- centered
Look at the world through God only
Definitely the unseen God guides you
Whatever you to do is done by Him
Life becomes perfect, peace in suffering.

THE THING OF BEAUTY

The sweetness of love manifested in a thing
Is the beauty, that is important inside while
Outside a reflection of it, loveliness of heart
Beats with the rhythm of love that pervades
The fragrance of the flower, so much of love
Added to it, transcendence of honey dripping
From it, heart is sweetened, soul is mesmerized
It shines as a diamond deep in heart, bypasses
The external senses, to form an arc of shining
In the midst of imaginative mind, and so many
Fantasies appear and fly with soul to horizon
Of deep colored sky, where multiple things of
Beauty appear, they are focused on the one in
The earth, such a deep insight and it produces
A heavenly bliss for the image of beauty, that
Is deep inside and to be remembered eternally.

TIDES

The up and down of human life with the
Attraction to the sweetness of the universe,
Hold on the nature first, divert mind to that,
Get absorbed in it, look at the flowers and
The stream flowing gently, how beautiful the
Woods and the rocks, the echo of love heard
Everywhere, the wounded mind is healed, it's
Sweetened, never lose the grip on the nature
You are always up, elevated from down, nature
Heals, nature is your best friend, much better
Than the humans, in fact nature is God, and the
Heavenliness fills nature, talk to it, converse with
It; try it, you will find the miracle of love, even if
Your physical presence is not in the nature, divert
Your mind to it and get dissolved in it, you are in
It always, the great relief from the worries of the
World, you are up, the tides won't let you down.

TRUTH

The original, what is it, what was created,
What was made, and without even an iota of
Change, without any dirt deposited on it, it's
Concealed, hidden, and nowadays stained in
Many, hard to find truth, it's to be uncovered;
It's gold to be excavated, world survives by its
Little presence, truth and honesty go together,
Intermingled, supports human living, happiness
In life depends on truth only; all creative and
Constructive works are truths, sun and planets,
The whole universe, are big truths, truth glows
In darkness; the human life should be a search
Continuously to find the truth in life but only
Very few do it; the final answer, truth is God.

UNUSUAL

Not commonly occurs, not habitually also
May be away from normal, abnormal too,
Sometimes it may be for the worse and
Sometimes for the good, unpredictability
Happens, the twist of life takes man to the
Heights of glory quite unexpectedly, and
An element of God in it, godly caresses the
Substances in it, most of the geniuses bloom
Like it; unusual ways of life make man realize
The mysteries of God, quite accessible to the
One who goes closer to Him, unusual event
Becomes a success to many with touch of God.

WHAT AM I TRULY

Born with a love spoon
Soon heaviness overcame me
Escaped with a lot of miracles,
Back to life with many difficulties
Survived and proceeded further
Mysterious world welcomed me
Agonies crushed with His grace
That is abundantly filled in me
Life became a continuous search,
Overcame a million trials with
Faith in God, the scalpel to dissect
My mind, the unwanted removed;
Internal senses opened, see and
Hear with them, vicinity of God is
Felt always vividly and I'm to follow
His command inside always, and
Body, spiritually dissected out with
Faith; I'm living with my soul only
Soul gives me divine wisdom and
I do, I write, I speak, I'm the happiest,
When my body is physically separated
My soul will be free to float in eternity.

WORLD ROSE DAY

The plight of agonized mind indescribable
Everything, everywhere darkend, no sun rays
Anywhere, lifting up the broken mind of the
Sick with cancer, giving them awareness to
Be positive, fight against cancer with a strong
Mind; have it, looking at blooming rose flower
And the miracle of love is bestowed on cancer
Patients, the unseen healing of the torn souls
Occurs, that is reflected on the body, wonder
Of rose flower mesmerizes human heart with
Its beauty, sweetness, and fragrance by giving
The insight to the sick, the mental strength to
Fight relentlessly with mind and with medicine.

YOUTH

Period between childhood and adult age
The golden period of the whole life time
Many aspire for getting it back, it's always
A dream, a remembrance with the golden
Wings flying to the memories of the age of
Innocence and cleverness, landing on the
Different trees, including the tall trees with
So many ripe, sweet fruits and the tiny dry
Plants; highly energetic in those days with
Much of adventurism but maturity of brain
Hasn't been attained, couldn't chose correctly
Between original and duplicate, good and
Bad, and easily succumbed to emotions and
Temptations, everything due to the ignorance,
Brain gradually picking up with the ages, but
Recollections of beauty and fragrance pervade.

ZENITH

My wishes peak to the extreme end of the
Space where my desires bloom to fetch the
Glory of love and transcend the sweetness
Of it, to rectify the worries that are haunting
My mind, it's something different from what
Is on earth where the gravity pulls down and
The heaviness is felt always; wishes, desires,
Are deep in character, weightless, flying, and
Floating in the space, reaching the extreme
End where the sunrays mould them, anguish
Is nullified, calmness is mixed with them and
Becoming heavy, come back to my heart to
Smooth my mind, and it becomes calm and
Peaceful, warming my body and mind always
In the sunrays, healing wounds of the heart.
