PREFACE

SOUL LOVE, my 40th poetry book in English, contains 100 poems, mainly mystical and spiritual. These poems are revelations and deal with mainly the soul and above the soul. Divinity and the godliness of love are reflected in these poems. The complexities of deep truths are analyzed, and attempts are made to delineate the path to heaven. The unknown truths of pure love are uncovered, and the establishment of the perfection of human life is made. The great comparison between science and spirituality was done and exposed the truth that science is a tiny part of the great craftsmanship of God. It is also revealed that medical science is incomplete because it doesn't deal with the human soul. These poems also made attempts to uncover the mysteries of God and the universe. It is stated that if one submits oneself completely to God, the mysteries of God will be revealed, and that can't be measured by the scales of science because it is much beyond science. This book also deals with the presence of internal senses in human beings, and when faith in God becomes so intense, human passions for the worldly are suppressed and the internal senses open. With only the open internal senses, one comes close to the vicinity of God, hears the words of God, and visualizes heavenly beauties. So much importance is given to the inner journey, how to travel on the inner path, and how to reach destiny. The great truth of the final realization is that, at the end of the inner journey, the traveler realizes that he is nothing and everything in him is God alone. This realization is very important to the present world.

It is also stated here that excessive passions for the world act as a barrier between man and God, and with unbreakable faith in God, the barrier can be crushed and man can be approximated to God. Many of the poems in the book deal with the soul. The great truth that love heals is clearly stated here. These poems will inspire many, and each poem carries a divine message to the readers. The deep truths of simple things are well analyzed here. It is clearly stated that every human must go to the spiritual life because the spiritual life is much better than the worldly life. An analysis of the greatness of the Almighty is also attempted here. The basic analysis of everything in the universe is attempted, and it is found that love is the basic factor. The importance of the transformation of the human mind is shown in the book, and how to achieve it is beautifully delineated. The transformation of the mind is the most important event in the world. What is divinity and godliness is beautifully shown here, and how to achieve them is well described. All the high morals and good qualities—kindness, honesty, faithfulness, sincerity, fidelity, simplicity, humility, earnestness, fineness of mind, different aspects of love, etc.—are deeply analyzed here. The rare qualities—soul love, soul life, soul hug, etc.—are deeply described here. Some of the human misunderstandings are attempted to be corrected. Many of the poems are written with deep insight. Careful attention is made to explain clearly the association of man with God and the approximation of his soul with the vicinity of God.

The aim of these poems is to bring man closer to God and to acquire high morals. A man should try to lead a perfect life. I request that the readers evaluate the book.

A BEAUTIFUL SOUL

The inner beauty that is at the deepest
Glittering and shining all the time with
Thickening of love, forms the walls and
The inside of it, controls everything, mind,
Heart, and body; honey filled it, dripping,
Sweetens the humans, the sound of drops
Falling echoes very sweetly to play music of
Love that sustains human life, a matter of
Glory for everything, it pervades beautifully
Everywhere inside, the total enhancement
Of love for the human being, unknown to the
Outer senses of the human body, but it's felt
With open deep senses, the greatest beauty
Is inside everyone; instead man searches for
The perishable outer beauties without having
Acquaintance with the real inner beauty, it's
A big contradiction, it always pulls man down.

A SEARCH

For a few, life is a continuous search
The inquisitiveness to find the truth
In life, pulls them forward every day
A glow visible at far calls them always
They accept the call from childhood
They travel on a thread between life
And death several times, the trials to
Purify their mind with the big scalpel
Of faith, a sort of dissection of human
Mind, whereby the dirt in mind are
Removed, a continuous process lasting
For decades; the passions for worldly
And temptations removed, the deep
Senses opened, the barrier between
Man and God crushed with intense faith,
They see and hear with the deep senses
They are approximated to the vicinity of
God; at last they find the truth, it is God.

A SPIRITUAL BROTHER

The closest bond between two persons
Connected by the Holy Spirit who share
Similar beliefs, values or spiritual practices,
Their words are the words forever and the
Bond will never break even with the death;
The belief that a reunion takes place linked
By the Holy Spirit in afterlife; it's a spiritual
Brother or a sister; holiness, purity, the core,
The supreme thinking and words by humans;
It's love at its peak, very much above the
Body love and temptations of the world,
There is nothing worldly, everything highly
Spiritual, always engaged in prayer for the
Well being and prosperity of the other, that
Is impossible for the worldly to attain, the
Unbreakable union in spirit is the supreme
Glory of heavenliness, it blesses both souls.

ACHING LOVE

Love pains heart, and heart withers
Extreme love can't be accommodated
By normal heart and it tremors, so much
Love defective to heart and the more it's
Aggravated when a part isn't returned,
Suffocation ensues, thanks to God a lover
Doesn't die; most of time, love flies, not
Walks, imagination accompanies, reality
Fades; rarely love bleeds, but it's sweet,
Flowery the love, the flower becomes dry
Under the hot sun, love becomes dormant
In heart only, painful heart aches soul too
Love is an infective disease that chills, but
No treatment, it runs wounded to infinity.

ALBANIA

Your rich cultural heritage fascinates me
With the image I have for your artistic and
Archeological beauties that pervade through
Aristocratic castles; it blooms in heart with
Sweetness of fragrance; you are so innocent,
Though small but so attractive the National
History Museum, eyes have a feast with the
Adriatic and Ionian coastlines and Albanian
Alps, the rugged snow-capped mountains,
The fertile lowland plains; the Adriatic and
Ionian seas, all catch my dreamy heart with
Exuberance of paradise; country is full with
Innocent, pure human hearts, so loving and
Kind they are; the fruits and the fish so tasty,
The Universal Health Care, the free education
Make cultured, healthy citizens; purity of homes
And hearts make Albania unique and memorable.

ALBERT EINSTEIN

The pioneer who made the discoveries in
The existence of the universe, the originator
Of the study of the scientific factors that made
The whole universe, he has touched upon the
Mysteries of the universe, made inroads to the
Discoveries that were made at a later stage, the
Theoretician, the mathematician, the greatest
Physicist, and above all the human with a super
Brain, was born in the world to uncover some of
The mysteries of the Almighty; Einstein indirectly
Showed the whole world, how meticulous and
Perfect is the creation of the Almighty, he could
Uncover a tiny part of His craftsmanship; world is
Yet to realize how He created the whole universe
So perfectly, the slightest error in its function will
Result in the total collapse, all the planets will fall
Down, it's the end; all to know a divine theory, one
Submitted totally to God, attached to Him by faith
Mysteries of God will be revealed to the person
That can't be measured by the scales of science.

ALL I NEED

Not the luxuries, not the greed that takes one,
The simple heart and the humble mind to God
The image of God is drawn deep in the interior
And the rose petals scattered here and there, are
Drawn inside, fully contented with what all I have
Never look upon what others have and how they
Are, tuned with the delight of my mind, never to
Become anxious or tense for anything, mind to be
Filled with coolness and tranquility, the rose petals
Caress my heart with sweetness, and its fragrance is
Felt always, the image of God drawn, stands erect
In me and usually I share everything with Him and
What a pleasant life I have, and its value is billions.

APART FROM LOVE

Apart from love, there is nothing sustainable
Pain, grief, depression, bitter; one never wants,
Happiness pivoted on love only, unhappiness
The counter product, blissful feelings centered
On love only, the positivity emerges from love;
The cardinal question now is how to make love?
The basic is, love God first, it makes you love man
When you love God the purity of love is relished
Its sincerity is felt, you feel everywhere God's love
Sweetness of God's love is transmitted to others
You feel, universe is love, and the Almighty is love.

ARCHIVE

Archive of love, kindness, sincerity, and honesty
Should be with the human, with specification of
Cream of sincerity, the storehouse doesn't swell
It shrinks, humbleness and simplicity exude with
More of immortality of the archive even when the
Physical body disappears, fragrance of love coupled
With heartiness of kindness spread till the vicinity of
God, flowers of love bloom in misty feeling of heart
With the oozing of heavenliness; it's the paradise of
Goodness to be bestowed on humans in the troubled
World; think genuinely and act, the road to infinity is
At far, strive to reach that, the contentment of love
Ensues, goodness of love matters, as everything in
The world extinguishes, but the glow shines forever.

ASTONISHING

Extremely surprising, amazing the wonder
Of love that lights up the uncertainty as the
Certain, very much in it, the buds arise from
The twigs, to bloom meekly as the different
Colorful flowers, nectar drips in, sweetens the
Bees, the circuit of love overwhelms humans,
Besides the embryos grow in divinity to wonder
Of humans, quite surprising the magic of godly
Love, His creations all astonishing, the love of
Divinity should fill human hearts, loveliness of
Divine love should caress every human soul, the
Concept of love to be changed, modified with
Divinity and selflessness, to make everything so
Lovely so as to cultivate the uniqueness of love.

ATTACHMENT

An extra part that is fixed; affection, or fondness,
Or sympathy that flows out of heart for someone
Or for something, the effect of goodness for others,
A matter of great concern and care, the truest wish
For well-being, the humbleness of love marked by
Fixation of sincerity in between, marked thickness
Of harmony in between or among, the concern with
Utmost sincerity, the faithfulness with which loving
Each other, and helping someone with magnanimity,
The true color of fondness, yet another symbol of
Closeness, the sincere friendship, always helping in
Difficult times, the prudence of loving, making the
Companionship; altogether making an atmosphere
Of mutual trust, the bond of trueness and sincerity.

BE LIKE EINSTEIN

When one has the highest thing in mind
And in spirit, why should he bother outside?
He feels his greatness in mind, it is supreme,
He realizes, the outside highness is nothing
He is not bothered about dress, appearance
What he needs is utter concentration of mind
He is simple and humble, totally unassuming.
Einstein was like it, his wife used to complain
About his dress, but Einstein was unbothered
She argued with him, he asked “why should I”?
Things to be learnt; mind, soul, the big treasure.

CHILDREN

Innocent the love in the little hearts
Glitter the soul of each like the star
In the sky, dew drips from each one,
Smile of love makes smile of heaven
Each heart is as transparent as mirror
Looking at it, the pure image of love
Is seen; child knows only to love, only
To smile and weep; and a world of love
And cheers is built by the child and it
Accommodates parents, near and dear,
Wonderful the fun of love, expressed
By face, eyes, and tongue; mesmerizing
The art of love woven by the child and
Enchanting the attitude, the golden days.

CLASSIC

Over a time judged the best, outstanding,
The highest quality, very typical of its kind
With recognized and established values,
Having reputation of its highness, name
And fame adorn it, the typical example of
Being singled out, having the perfection in
Its making, no impurity whatsoever makes
Its way in it; man to be the classic example
Of godliness, and the earth a heaven, it's
An unexpected event to happen, man to be
Good, loving, and kind, all wished, but never
Happens, the classic mankind is in a dream
Only when heaven rains dew in every heart.

COHERENCE

Logical and consistent should be one's
Thinking, a quality forming the united,
Notwithstanding the divergent troubles,
Forming the best image of the matter in
Mind, and not to become diverted from
The center of thinking; always pass to the
Righteous way, standing erect on trueness
And on the path of nobility, and never to
Become unrealistic; attached to positivity
Only, a positive thinking always, everything
To be meaningful and purposeful, rosy the
Heart becomes; logical the world to be seen,
The irrational feelings to be replaced by logic.

COLOR OF WRITING

Soul dictates, heart speaks, and heart writes
Heart adds different colors to it, it beautifies
Writings, the colors evoke melody of life and
It sparkles the fulfillment of love, I see drops of
Honey spilling from each word of my heart, it
Colors my life too, finding the beauty of love
Somehow and somewhere, so much attached
To it, linked firmly with it, it stimulates coloring
Of my soul, a heaven of love is built with colors,
Words bloom to flowers of beauty, sharing the
Sweetness with beauty of love, a castle of colors
Where heavenliness lives, colors of words glitter.

COMPOSURE

It's the feeling of being calm and control
Of oneself, mind is far away from the pain
And sufferings in the world and developing
Absolute resistance to them, suppression of
The worldly, and the great wonder happens,
Passion for God developed, God is the guide
Here, too much faith in Him developed and
God only controls the temptations, unique
Feeling of relaxation felt, the whole burden
In mind is transferred to God and he takes it
Gladly and man becomes free from mental
Tension; without God, nobody gets a feeling
Of calmness and composure ; being with God.

DIABETES MELLITUS

Excessive sweetness not feasible and
Unlimited happiness becomes boring
Excessive love makes loveless feelings,
Worldly passions in excess put down
Man to soil; uncontrollable sweetness
In blood, the result of decay of control
When the limitedness hampered, all the
Unwanted grow in plenty to boost the
Negativity; God is the check for all and
The check should be maintained with
Honor and glory, the minor checks are
The subordinates of the main one, and
The glory of the main one, controls all.

Copyright © Soul Love, Dr. K. K. Mathew

DIVERSITY

A great deal of variety among the people
Of the world, in dress, culture, and language
Man to know difference in humans from one
End to the other end of the earth, differences in
Everything to be adjusted with the feasibility
Of loving each other irrespective of caste, creed,
And religion; harmony among all should be the
Dictum of human life, possible with understanding
Of extending friendship to all and with the sense of
Respecting everyone, nobody should be neglected
A loving mind can amalgamate the differences with
Adjustment of life little sacrifice and unity of hearts.

DIVINE LOVE

Love that falls on the human through God,
Divinity of God, is mixed with it and filtered
Through the heart of Him, only to wish and
Bless the heavenliness on the other person,
Exuberance of love flows to and fro with all
Loveliness to beautify the souls in a glittering
Way, only to relish and taste the sweetness
Of it, nothing else, to feel and think the beauty
Of it, make life so colorful, the honey based
Life, love is the base of living and this love is
Transmitted to the other, godliness in the love
Takes both to the heights of heaven where
They meet with hope of love becoming true
Forever, the salvation of love is fulfilled with
Appearance of a rainbow beyond dark clouds.

Copyright © Soul Love, Dr. K. K. Mathew

DIVINE PERCEPTION OF LOVE

Love beyond body, mind, and even soul
May be it's visible in heaven but it glitters
In the souls, the deep acceptance of love
Is felt so sweetly in between two, a unique
Divine perception, the hugging of the two
At a site much beyond the stars, a blissful
Feeling, the two are interlinked, a wonder
Of love, feeling is sweeter than anything
Only to taste and digest the glory of love
Nothing else is expressed outside, it may
Be an unbecoming love that becomes true
Deep inside, the two souls hug each other.

EGG

The planet loves it more than anything
The most delicious and tasty food ever
The powerhouse that supplies energy to
Body, mind, and even soul, the best food,
Natural one, giving maximum pleasantness;
Excessive happiness is dangerous, advised
Only moderate consumption of one egg
Per day and even less, that is not harmful,
It is poor man's food, easily accessible and
Simple in cooking, the effect, human love
Is intensified, never let you fall in grief as
Egg is happiness, you are overwhelmed in
The wonder of egg, heavenliness meets
You, God provides it to the rich and poor.

ELDERS

The most innocent all over the world
Gold and jewels inside, glittering often
Love at its best is intensified in them and
That is masked by the weak, tired body
They relish sweet memories of the past
But their deteriorating health needs help
From dear and near ones, let these old
Warriors be adequately supported as
They need love, kindness, being treated
Like own children, they wish to live the
Rest of their life in tranquility and being
Loved; awareness of it is very important.

ELEGANCE

Blessed the work, even the personality
The quality being graceful and stylish in
Appearance, all the hardness gone and
Softness in everything, poetic the mind,
Simple the heart, beauty in everything
Done, remarkable the attitude, kindness
Flows, absorbing the nature of love and
Sincerity the core, soft music of love in
Everything makes the person and work
Extraordinary, God inside always makes
A heavenly touch in what all done, grace
And beauty, make things fantastic and so
Memorable, naturalness beautifies work.

EXCITED

Feeling of enthusiasm overpowers heart
When filaments of deep love swell and
Burst in heart, fills it and outflows as the
Little stream flowing incessantly with the
Sweet murmur of flow of love, it is music
Of heart echoing in my soul, birds on the
Trees also hum the sweet song of love and
I wait to have the glimpse of you, but the
Stream and the birds draw you to my soul
Through their sweet melody, you come to
Me in music, your image is built in me by
The music of love, all my nerves are excited
And tense when your image comes in heart
But the sweet noises of the birds and stream
Tranquilize me, excitement fades, it is blissful.

EXPECTATION

A belief that something will happen
Or be the case, the delineation of the
Fruitfulness in the future, even though
There is something to block it, a matter
Of positivity in thoughts arising from a
Thoughtful heart, kindled with the glow
Of goodness, never to go down, always
Up the feelings, bearing the wings and
Flying in the horizon of trueness with the
Flashes of the twinkling brightness, rays
Of pleasantness at its back, winging with
The murmur of a sweet melody revealing
In heart the things to achieve; and such a
Pleasant feeling brings apples of loveliness.

EXTREME LOVE

It lives forever and it never dies
It has an afterlife, it's a great truth
Love at first sight, not at second one
And nobody knows why it started?
May be God approximated the two
Fate of love, course of it, in His hands
No reward whatsoever for the two
Only thinking of love and dreaming it
It carries everything for happy living
And writing it, makes it truly immortal
The pleasantness of the feeling is bliss
It's pure, tranquil, transparent, and holy
Hearts beat with symphony of eternity
Immaculate its existence with protection
By the Almighty guarding it safely always
Honey drips from soul and it sweetens
What a delight, the spontaneous feeling
Will leave the body at a stage, live forever.

FASCINATION

One to be fascinated by what is right only;
What is true; the earth and the universe
But not what is in the earth, that spoils the
Earth, and the planet is polluted by those
Who habituate the earth; perfection and
Correctness bless everything which God
Has created, that are pure and holy; humans
To move, and mingle with what is the right,
That is with the creator of the universe who
Created everything so meticulously; it should
Be the normal phenomenon of acceptance,
Any deviation from it is an error, a gross and
Unpardonable mistake, an act of thanklessness.

FINENESS OF MIND

The treasure is, having a delicate, polished, pure
Human mind that is filled with all the goodness;
Stiffness of mind with hardness never to become
Soft; fine the mind becomes from divinity flowing
In with loveliness of love, purity is the core, the dirt
Removed with faith, transparent the mind becomes,
Fineness of mind delivers the delicate feelings and
Thoughts, it's the heavenliness of mind, manifested
With the pleasantness of life, as the finest thoughts
Always bring the utmost joy coupled with peace; the
Loveliness of mind can boost the energy of human
Body and end up with tranquility of life, everything
Starts with a polished, fine mind with purity of love.

FISH

Moving to and fro, high up and low down
In water, very innocent, the jewels of water
Putting together in trillions, only to beautify
Water, to thrill human hearts, no harm they
Did to anyone; with coral reef they make the
Bottom of the sea a paradise of love, they the
Rare specimens of great beauty like the flowers
With different colors, adorn the beauty of the
Universe, a replica of angels of heaven, they
Dance so beautifully in the water, and sacrifice
Themselves for the humans, the rarest specimens
Of love, the agape; humans don't think of their
This aspect of extreme love, but their sacrifices
Make man the happiest, at the cost of their lives,
A matter of great agony to think, the sea wealth
Survives, the images of diamonds of love make
The heavenly thoughts a matter of ecstasy of love.

FOREVER AND EVER

Singing the rhythm of life, to put into
The loveliness of heart that may pick
The sweetness of love, waiting silently
In the midst of wonder of life; all stars
Seen in the moonlight whisper in the
Dreams, hugging me, I'm lifted to the
Sweetness of you, the paradise of love,
Singing the melody of your presence
With the longing for musical heartbeats
To specify the wonder of solitude where
I love to wait patiently for image of your
Beauty that wets my soul to pulsate for
You in the misty moonlight forever and
And ever with fragrance of rose petals.

FORGETFULNESS

Many think, lapse of memory a big defect
But not known, it's a great boon for man
To survive, wounds of heart heal, agonies
Subside and the memories of bitterness
Fade, freshness in mind, it's energized to
Overcome any painful memory that may
Arise, stupidity of the bitter past crushed;
Forgetfulness and forgiveness together, the
Two combine, heavenliness exists in mind,
No botheration for anything in the world and
Mind sings the happiest melody, future will
Come so healthy; have these two combined.

FORGIVENESS

Very sad to see and read, people can't forgive,
Instead they become so hostile and revengeful
Man is explosive, he forgets that all are the same
Created by the same Almighty; man can't realize
The truth, soul of every human contains God, tiny
Part of Him; it's the greatest truth to be known on
Earth, sheer ignorance of it causes the big conflicts
And unrest; loving man is equal to loving God, but
Either man forgets it or ignorant of it make disaster,
The greatest weapon on earth is forgiveness and the
Wonder of it is beyond thoughts as forgiveness is
Purely Godly, man doesn't recognize Godliness in
It; so depressive and agonizing the reports we hear.

Copyright © Soul Love, Dr. K. K. Mathew

GENTLENESS

Lightness, softness of action, kind and
Tender, like the gentle breeze spreading,
The tune of love is embedded, and the
Tranquility of kindness crowns, soothing
Words heal, musical the look and finds
Music in everything one comes across, to
Soothe and sweeten hearts, words carry
Nobility of mind, and cream of love at the
Bottom of mind, moving outside like the
Stream flowing slowly; innocence of love
Is manifested with calmness of mind and
Soberness of heart, stillness around and
Heavenliness above, mind at a slow pace
And all the inner feelings become flowery.

GENUINE PEACE

Terror and horror of wars break hearts
Into pieces, very hard to unite, the scars
Persist forever, it seems world is nearing
Its end, harmony is disturbed, so loveless
The world becomes, superficiality nullifies
The peace, there's no tranquility deep, and
Hearts are vacant, hatred and vengeance fill,
There is no end to it, nothing can prevent it.
How can the wars be averted or quietened?
How can love be created and fill hostile hearts?
Only one remedy, everyone should realize it
Bring back the lost God in each and every heart
Hurry up, never lose time as it is too late now.

GLENN MAXWELL STRIKES

When everything is lost, the cricket team is
About to sink in the depth, quite unexpectedly
The wonder happens, one- man show lifts the
Whole team to the top of glory, dictating the
Magic of attainment of triumph with inexplicable
Tightening of all the nerves, with the unshakable
Determination, holding utmost concentration,
Blessed with patriotic feelings, overcoming the
Pain from torn body that itself acts as a morale
Booster; altogether, fired in a moment, strikes so
Fluently and effectively, the sense of defeat fled,
He focused on one point, the crave for victory,
Glenn Maxwell himself doesn't know what was
Going on, his very firm mind brings somebody
Unseen joining him, fighting every inch for him.

GODLY LOVE

The real love that almost disappeared
In the world, it's the crystal clear stream
Flowing on the rocky land, water is pure
And holy, no dirt anywhere, the origin is
From the element of God in man, the soul,
Flowing from the soulfulness, it evades the
Human body to end in God only; from the
Soul to soul and to God, the route of love,
Above and above with the Godliness, never
Wants the substances, but lives in the spirit
Only, divinity emitted from love, loving truly
It's a spotless love, sacrificial too, it doesn't
Need anything in return, it's too humble and
Simple, no body love and heart love, it's soul
Love living with soul only, based on Godliness.

GONE BUT...

You are gone but live in heart and soul,
Only your physical body separated but
You live, you live definitely in heart with
Its musical beats, so melodious of your
Blooming love that sends fragrance on
Earth from heaven, I taste sweetness of
Your dear memory, my soul pulsates with
The loveliness of your soul, honey drips
From heaven to boost energy, I'm lifted
To the heavenly abode, my soul merges
With the golden halo around you, often
I see you in the vision of soul, I feel your
Presence everywhere; dear you are not
Dead but alive so actively, so beautifully
On the earth, I see you in everything that
I come across, in the wind, in the rain, in
The stream; your image gives me strength
To face any odds and triumphant I become.

HOW SAD

Very perplexed to see in society
Many don't recognize the truth
Though knew, they don't accept it,
They try best to justify the untruth,
Truths are disappearing, like love
Where are we to, we ask ourselves.
Truths are glory, to be accepted by all
One should stick on truths and justice
Otherwise life becomes darkened
How sad it is to live with the untruths,
One should have convictions to live by
One's life should be fruitful and valuable.

HOW TO SPEAK TO GOD

Get rid of the temptations, and excessive
Passions for the worldly by absolute faith
In God; develop the great passion for God;
The barrier between man and God is crushed,
Now, one is approximated to vicinity of God,
The internal senses of human are opened now,
The person now hears the words of God with
The open internal senses; visualizes heavenly
Beauty with the deep eyes, one can converse
With God, the conversation is by the heavenly
Feelings only, one realizes it very deeply and
Everything is achieved by one's deep faith only.

IMAGINATIVE LOVE

Imagination added to love, thunder loom
Legacy of it spontaneously beautifies all
In mind, flowery love, the sweet one, and
The hearty, love flies in the imaginative world
With wings of creative truths, amazing the
Love becomes, honey based, with fulfillment
Of contentment and the streaming of it, ripples,
The foams fill the air with fragrance of flowers,
Love is illuminated with shining of glory, that
Infuses the blissful feeling of love amalgamated
With approximation, or closeness, of creation
Of oneness, too misty it is but seemingly a visual
Enjoyment, and dazed with the wonders of love.

INCLINATION

The natural tendency, or urge, to feel, or act
In a particular way, tilted to a position which
Seems to be feasible, the matter of glory on
One side and going for that with expectations,
One hopes to reach and moving to that, and
Never becomes idle, mind softened to reach
And to achieve, a special fondness developed
To a particular thing and never to be separated
From that, always agile to do that though many
Difficulties are in front, iron mind to overcome
Them, heart and soul put together longing for it,
Happiness comes to move in that track, an act
Of adventurism thrills, everything felt so smooth.

INFANTS

Innocence glows in heart reflected on the face
Dew fills the soul, with transmission of holy love
Divinity falls on head; one among the angels in
Heaven brought to earth as embryo in mother's
Womb, coming out with a weep seeing the big
Burden in the world to be shared, sweetened the
Baby, knows only to smile or cry, the wonder of
God's creation, the best He created with His love
Only, godly love condensed to form the infants, to
Grow up to shoulder the world; sweetness and
Love, the two parameters of infant and child, can
Bring utmost happiness in human hearts with the
Specification for humanity and kindness to bloom
In future, to nullify the negative forces that arise.

INROAD TO HEAVEN

Heaven is your soul; purely come under
Its control, totally guided by it; world and
Worldly to be spiritually dissected out by
The scalpel of absolute faith in God, and
The temptations of body are suppressed;
Heaven continues on earth, the life with
Soul; the body is being dissected out by
The faith; soul is the minute part of God in
Every human being, it's the storehouse of
Love, the Godly love; life with soul is the
Happiest and eternal, though sufferings
And miseries are inflicting the human body,
No matter how severe they are, the person
Is in a state of bliss relishing the love of God;
This state of life with soul continues after the
Physical separation of body and goes to eternity.

INSEPARABLE

Never to say, everything in heart
Feel of love at its peak, the feast
Of love, intermingling with you, the
Thought of heavenliness is there to
Stay with you forever at the height
Of loveliness, you came here with
Tears of joy, wet my soul with the
Downpour of honey, floating high
And above the twinkling stars with
All the loveliness of love, the misty
Land of happiness, you are with me
Inseparable and on a loom of golden
Threads, the bond of love never dies,
The soul of two unite to one and float
In the other world to move to eternity.

INTENSE

Beautification of love enhanced with the
Earnestness to keep it, flowing smoothly
With the transparency of it, intensification
Of love occurs with spontaneity of feelings
That blesses human soul to deliver prudence
Of insight to realize the magnanimity of life
To keep life so delicate, and it's the basis to
Develop obedience to the Almighty and look
At the world with intense hope for a bright
Tomorrow, mind is filled with joy and cheers,
Intense confidence is developed to face the
Adversities with a smile, and to overcome all
The negative thoughts with the increased love.

INTERNAL SENSES

Science doesn't know anything about
The internal senses; the humans have
Deep senses that are closed by worldly
Passions and aspirations; one has deep
Eyes and deep ears, it's a great truth to
Be known to all; when man's faith in God
Becomes so intense and unbreakable, the
Passions for the worldly suppressed, the
Internal senses open; now man visualizes
And hears with the open internal senses
He can hear the words of God, and he can
Act accordingly, he sees heavenly objects
And he is in bliss amidst all the miseries of
The world; the external senses are only for
Living in the world; it's the truest treasure
Of life, that can be attained by everyone
With intense and unbreakable faith in God.

LOFTINESS

The quality of being serious and important,
Or being morally good, highness of mental
Status with accumulation of stability, never
Climb down to the low level, the positivity of
Thinking is the basis, high thinking and better
Vision make mind more refined and cultured,
Ideas have a better standing to comply with all
Goodness in life, shallowness of thoughts are
Thwarted by superior thinking, majestic the
Outlook to life, heart is filled with nobility, and
Flexible the mind to pick the top, aloof from
The shallowness of life, and living with highness
Of mind; nobility of mind delivers lofty thoughts.

LOVE MECHANISM

Spontaneity its core, comes in soul and then
In heart, metaphorically the clouds sailing in
The blue sky, colorful the petals fallen on the
Core of the soul, swinging aimlessly, what for
It doesn't know, what is it, it doesn't know, all
It knows is nothing only, the high- ranking, soft
Delicate, feeling that creeps through all barriers,
Only to sweeten the mind and soul; stop it here
And not to proceed peripherally, then it carries
Divinity and holiness, and not polluted, glory of
Love and transparent feeling are enriched with
Heavenliness and it sustains for life to proceed.

LOVE YIELDS

Love never deters, it yields to love always
Love is never hard, it never makes enmity
It is very soft and delicate, but so much firm
Love apologizes to make it more transparent
True love is selfless, it prays for well-being
Words of love will never change, even if dies
True love is soul love, it lives in afterlife also
Love is eternal, it cannot be erased in mind
Very true to say, love never dies, lives forever
Transparency and tranquility, the associates
No dirt anywhere in mind, purity is the core
True love is highly soulful, physical presence
Isn't needed; visualizing the love in everything,
Trueness of love blesses hearts to beat forever.

LOVELINESS OF LOVE

Very beautiful, so attractive, an adhesive,
Its beauty is measured by heart, by soul,
Deep senses visualize it as the most pleasing,
Outer senses taste it so sweet, genuineness
Of simplicity is felt with fragrance embedded
In it, to note it flowing like a stream sweetly
Spreads like gentle breeze everywhere, calm
And cool; wonder of love is manifested as the
Purity of clouds sailing in the sky, fruitfulness
Of it rains and wets the hot, dry, torn land and
It becomes fertile to be cultivated, tune of love
Musical, sweetness and beauty to be felt with
Passive updates of its greatness, and only to read
Or write, its value and potency are to last forever.

LOYALTY

The cream of friendship and love
Flying with wings of transparency
And sincerity, better to become as
Much sincere as one can, and even
A thorn prick one sustained, causes
Wounds in the other, sincerity makes
Friends closest together as they can
See their images in the mirror, or in
Transparency, of the loyalty between
Them, the closeness with love, reflects
Majesty of godliness like God with the
Humans, in a way to be blessed by God;
The intimacy between or among friends,
A matter of loveliness of the bond that
Connects, so sacred, heavenly, imposed
On the loyalty between friends, it marks
The oneness with God as God is love only.

MAGNIFICENT

Extremely beautiful, or quite impressive, the
Content of a human soul, excellent in nature
It's the most beautiful on the earth, wonder
Of love is also very beautiful as it's derived
From the human soul; flowers of love like the
Fish of love, the humming birds of different
Colors, the animals of different shapes, and all
Point to the extreme beauty of Godly nature,
The origin is the heavenly beauty of Godliness
That is the same as the infinite beauty of God
In human soul, the wonder of the night sky with
The numerous stars, and the planets, also belong
To the Godliness; nothing is as special as the love
And the Godliness, both are parts of the Almighty,
Word to be used to describe them is 'magnificent'.

MEDAL

A specimen of love, of recognition, of honor
To be kept in heart on a long way, only to be
Enjoyed at times; it's the small portable, artistic
Object to be the reminiscence of the successful
Past, and touching it, lifts mind to the peak of
Glory, the feeling is everlasting, and something
Spectacular in the past, and reviving the future,
The value of achievement hanging on the neck,
Having done to the maximum, is revealed nicely
A sign of loveliness is exposed and sweeter days
Ahead and relished with new color to one's own
Life, the thrill lasts sweetly and pleasantly forever.

METICULOUS

What one needs to achieve in life is the perfection
With which one can move to the sphere of divinity;
With perfection in everything done, one is nearing
God, a matter of trueness that tells the great truth
What all God created are so meticulous in structure
And function, a matter of great wonder, it's beyond
The human comprehension; anything that is perfect
Is Godly, there is a touch of God, humans may not be
Able to detect it, marvelous the make, when Godly
Is added to human deeds, perception of loveliness
Is enhanced, perfect the amount of work becomes;
Man could detect only a tiny part of the meticulous
Artistry of the Almighty, it's what we call as science,
The masterly ability of God is an all- time wonder.

MIND AND LIFE

What for humans are born in this world?
What is the aim one to achieve in the world?
It's only one, not second one, all should realize
Man has distanced miles and miles from God
Man ran away from what he was created in the
Beginning on his own, now facing total collapse;
He is now immersed in worldly, absorbed in it
God will not pull him back to Him by any means
Man must go back to Him by his own endeavor
It is the present status of man and background.
At first God created man in God's own image
Man had no body, only his soul living with God;
Man to know, the worldly is perishable; only
God, godly, and soul are eternal, nonperishable
The primary aim of life is to fly from the flesh
To soul, by dissecting out continuously the dirt in
Mind, and by the spiritual dissection of the body
With the scalpel of absolute faith in God and
Live in the world of soul that is living with God and
What is being done on the earth is a reflection of it.

MORE FOR OTHERS

More for others, one's lifestyle is,
Unbothered about one's own, but
Mostly everything own abilities and
Proficiency for beautifying others
And projecting them very highly;
Such selfless life is seen today, one
In a million, one's angelic activities in
The selfish world, it's the firefly in the
Thick darkness, the sacrificing story
Of love, giving everything for others,
Becoming empty, and the hectic work
Gifting sickness, facing adversities with
A smile; of course the earth will survive.

MUSICAL HUG

Sweetness of heavenly love aired in soul
With the echo of its own melody, I dozed
In the dream of honey dripping in heart
With magnificence of faint sound inducing
Emotions combined with delicate thoughts
That stretches the path of roses to destiny
Of paradise of music, hugging me with the
Tightness of love, my soul comes down to
The realm of pleasant sound, melodious and
Tuneful, filling everything in me with charm
Of heavenliness magnifying vision of magic of
Love and wonder of sweetness; music hugs me.

NATURE OF MIND

The adaptability of mind to adjust to the
Attitudes of mind to take everything like
The pain, pleasure, love, hatred, memory,
Desire, and purposes; hardness of mind
Doesn't have the flexibility to adjust to the
Different situations, mind to become soft
Only by the spiritual touch to smoothen it
Not by the mechanical or physical means;
Excessive passions for the worldly and the
Temptations make mind hard and stiff, the
Hardness gives way by developing absolute
Faith in God, the worldly passions and the
Temptations suppressed, mind becomes so
Soft and flexible and it accommodates any
Load either good or bad, the adaptability is
Achieved, adjustment is made in situations.

What we see, what we know, what we feel
Today is only less than half of the totality
Of them, far away from their completeness,
A fact everyone should realize; the fruitful
Life is not just living only, not looking after
Own family, but it is something more, it's
Something unique, new to everything and
Touching on the newness that is hidden in
Human life, it is the truth of everything that
Is to be excavated; finding the truth in life
Leads to finding newness in everything that
Is useful to others especially to the mankind,
Creativity the core, and innovative the mind
Becomes, find newer things and doing that,
Great urge to do something new overwhelms
The mind; one flows in a deluge of newness.

Thrilled with magnificence of the blooming
Flowers; the greenery fascinate hearts with
Inscription of flourishing leaves and the ones
Falling down, the ones turned brown and fragile,
Old leaves merge with the soil, becoming fertile
The fresh plants, trees emerge with wisdom of
Love- making, the bees and birds together, and
The imaginative style of the humans welcoming
October with garlands of beauty and affection
Only for the stirring of the depth of love- making
Spontaneity of it blesses livelihood of everyone
Man, flies, and animals in togetherness, the magic
Of the month of October, wishing never to leave.

I want you become the triumphant always
I love to see you sit on the top of the world
It is my earnest wish, you become very well
I have no other desire in life, nothing needed
True love is not for gaining anything in return
It's not materialistic, it's highly selfless, godly
It's the love of the soul; souls living together
Much above the gravity of the earth, and the
Togetherness in afterlife too; it's not a thought
But a firm belief based on the extreme affection,
Fruitfulness of love is the most pleasant feeling
Throughout life and afterwards, this love is the
Agape, the highest element of love with the
Sacrificing mentality exclusively concentrated
on one point only, it's the diamond glittering.

PSYCHOLOGY OF MAHATMA GANDHI

The rarest specimen of divine love whose
Life was a search right from childhood who
Could realize, finding the truth of life is the
Aim of human life; and he started his inner
Journey by search one after another covering
His whole life and he has reached the Almighty
In his inner heart and what all qualities he had
And what all he did was a reflection of his inner
Life; for him love was the supreme, kindness
Was at the top and mercy his core, it's clear,
He understood the importance of forgiveness,
The great weapon, and the act of non-violence
Emerged from this realization; those whoever
On the path of inner journey will be like Gandhi
How many in the world have the inner journey?

RED THOUGHTS

Yellowness of mind fades, welcomes redness,
Red blood is transfused everywhere in mind
By the light that falls on heart from above to
Mitigate the yellowness that has crept in the
Thoughts that were hung all around the brain;
Sunshine kisses me with the fragrance of love
That is reflected on my heart from the sunlight,
My soul is singing the glory of love, caresses all
The wounds in heart, strengthens the willpower
That raises the weakened mind to the light of love,
Depressive moods raised to heights of glory; love
Heals me with music of heavenliness that blesses.

RELATIONSHIP

The way two or more people are connected
Or the state of being connected; or two or more
People regard or behave with one another; or
The state of being connected by blood or marriage;
The important one being soul connection, closeness
Of souls together with the tranquility and holiness
Of truest love, in other words God's love in between
Two lasting forever; or the worldly relationship with
Sacredness in between two, involving mind, heart,
And body, the trueness of worldly love, the worldly
Relationship can be eternal but it can break, while the
Soul relationship won't cease as it's above everything;
The bond of relationship is true love and it blooms,
The fragrance of it spreads with enthusiasm of the
Contemplation of relishing the cream of sincere love.

REQUIEM

Remembrance, the bay of love that flows
In the thick of heart beating musically and
Harmoniously; the air of love breezes and
Cools the soul with anticipation of coming
Together with relaxation of all the tightness
And fly in the thoughts of the past with all
The requirements to be fulfilled to cherish
The glory of the reminiscence written on the
Heart and the sweetness to be relished, and
Tasted with the wonderful will of adorning
The soul with flowers of sweet memory only
To be graciously welcomed the very thought
That squeezes past the throbbing hearts with
The smile blooming with the sigh of loveliness.

SAVE HUMANITY

Come from the root to save for a big cause
The heart is the root to be accommodated
With a wider perspective of adapting itself
To the tolerability of mind, just to become
More flexible, it could be stretched to the
Maximum, by removing the dirt in mind with
Absolute faith in God, the excessive passion
For the worldly that acts as the hardened
Mind; the stiffness and roughness of mind
Caused by the excessive worldly passions
Especially the greed and selfishness, make
Havoc as to spoil the humanity, edging to
Waging wars, trying to annex others' land
Everything due to lack of flexibility of mind
Or the intolerance delivered by lack of faith
In God, the dirt accumulated in mind and the
Tendency to develop intolerance increases,
The human values erode; wake up, develop
Tolerance of mind with faith, to save humanity.

SELFLESSNESS

Living for others is the flower of life
Fragrance of it spreads to hearts in
Plenty, many don't know, it is to love
God as He lives in every human; flower
Of love lives for others only, sweeten
Every human heart by its beauty and
Fragrance and at last petals fall down
And get decayed; the one that is done
For others matters, not all those that
Are possessed for himself or herself;
The trueness of love comes out with
Beauty of it, one's life becomes very
Pleasant; heaven is drifted to earth.

SINCERITY

Earnestness of love becomes fruitfulness
Of heart, too sharp the thinking becomes
Adhesive to deeds, tranquility of mind is
Reflected on to what is being done and the
Loyalty becomes the core, very fertile heart
Becomes, honesty and love grown and the
Yield is one hundred percent, no difference
Between thoughts and deeds, attached to
Loyalty of love, never mixed with distortion
Of mind, subtlety of attachment enhances
The truthfulness of heart, words become the
Words forever, never decayed or disrupted,
Always to the point and in the point, never
Gives up task that is intended for the heart.

SINCERITY OF LOVE

Love at its peak never wants anything back,
Totally selfless, the great feeling of sincerity,
Thoughts and deeds surface on politeness
And sanctity that come with all the trueness
Of heart, being very true and honest always,
Words carry sincerity, heart is so transparent,
Never wants to be a burden for others, never
Wants to disturb others, it's the slogan of heart,
Love isn't superficial, it's deep; looks for truth
From others, ready to do anything at any time
Whatever others think in mind but not at all
Revealing the concealed truths; so sincere that
Ever ready to do any sacrifice at any cost of life.

SOMETHING NEW

Love at its peak is transparent like a mirror
The hearts beating so divinely is visible in it,
Purity is its core, divinity flows in, holiness
Blesses it; this love is like snow fixed on souls,
The snow like love is so tranquil and it yields,
The sense of sacrifice, giving way one's own
Life to the other, it's the agape, the truest love,
One loves the other more than oneself, such
Love is Godly, the most effective culmination
Of love, God exists in this love, God looks after,
And God heals, God spreads through this love
To each other, this love flows to the chest of the
Almighty and sweetness of Godliness is tasted.

SOUL LIFE

Has anybody got to know the most delicate
Life on earth far beyond the gravity of earth?
Yes, it is here beyond the pain and sufferings.
Inquisitiveness and search take human to the
New realm of heavenliness, and search is the
Dissection of mind with the scalpel of absolute
Faith in the Almighty, the worldly passions are
Dissected out one by one, a new insight and
New vision, take one to vicinity of the Almighty;
Everything is done by Him for you, your whole
Burden is shared by God, you get to know what
Is right and what is wrong, your mind goes much
Beyond what all happening in the world, God
Selects the best for you, even your soulmate,
The continuation of it is eternity; the soul life
Is on and on here where one sees everything
Beyond the worldly life and one lives with what
God selected, and dipped in eternal love and joy.

SOUL LOVE

A new chapter in human life is projected
It's the rarest of rare in life, it's so difficult to
Happen, but happens forever in those who
Realize life and God fully well, understanding
The inferiority of the worldly temptations and
Passions, knowing very well and relishing the
Superiority of love of the soul in between two
Who are approximated by God, chosen by the
Almighty, out of divine perception and wisdom;
This love is much beyond the human body and
Heart, never touches upon them; but human souls
Are active all the time relishing the divine bliss,
It is the great feeling of pleasantness only, that
Pervades the fragrance of love and spreads its
Sweetness forever, the love never dies, it lives
After physical separation of body from the soul.

SOULMATE

Mind doesn't tell, but the soul urges,
Liking of soul supersedes everything,
Soul dictates, mind is all set to accept,
Never before such a bliss in the soul
What is it, absolutely it's indescribable
Honey is dripping from heaven to boost
The soul, in fact it's God approximated
The two with divergent living, soul talks,
Soul writes, and soul sings, illumination
Of sacredness, the Godly love; only in soul,
Heavenly companionship, and it's beyond
The world and worldly; it's love at its peak
Above body and mind, lives in the afterlife,
Soul mingles, soul writes, soul loves forever.

SPIRITUAL EXISTENCE

Beyond a mundane everyday existence
At the level of biological needs that drive
Selfishness, a part of unfolding of life in the
Universe, manifested as existing above the
Realm of the external human mind, a sort
Of taming of the mind, the transformation.
The worldly removed with absolute faith in
God, mind stays in the space above human
Thinking, the space is divine and Godly, it's
Above the worldly sufferings and miseries,
It's the spiritual existence where human is
Directly connected with God, far above the
World and worldly; everyone must reach it.

SPIRITUAL HEALTH

A field, the mankind doesn't know much
The life with the soul is the spiritual life
The more you detached from the worldly,
The more you become healthy and perfect
Spiritually; the scalpel to be used for the
Dissection of mind is absolute faith in God,
The soul controls, guides, and nourishes the
Human being totally, a matter of ascendancy
From the worldly life, soul controls human
Life especially the worldly, the wonderful
Spiritual reflection; the defective human
Body is controlled by spiritual health; and
Spiritual health becomes the panacea for
All the maladies; the spiritual beauty heals.

SPIRITUAL INTELLIGENCE

Not the worldly one that comes in every mind
It's something above, so sacred, heart to reach
It only by developing absolute and unbreakable
Faith in God, and winning over numerous trials
With faith after initially one submitting himself
Or herself totally to the almighty; the world and
Worldly removed with faith, the barrier between
Man and God is crushed with faith, the internal
Senses open and the person sees and hears with
Open internal senses only; man is approximated
To the vicinity of God, man now lives in the world
Of soul with the open internal senses; man hears
The words of God, man visualizes the heavenly
Beauties, he gets knowledge many times more
Than what is written in the books; all these are
What God gives; the external senses are only for
Living, and this mechanism is the divine wisdom
Or spiritual intelligence and it's the grace of God.

SPIRITUAL STRENGTH

Physical strength, the power in the earth only;
Spiritual strength, the power in the earth, in the
Universe, and in the heaven, the matter of glory
And with it one can surpass anything; and there
Is nothing beyond it, the highest one can ever
Achieve, immense happiness accompanies it, so
Much of contentment ensues, and the tranquility
Of life is felt, the heavenly love is experienced
And Godly feelings always in mind, real meaning
Of love is embedded in heart, transparency of
Life is clearly felt; the spiritual strength is to serve
Others, not to conquer them, a relationship of
God to man is maintained, humility and simplicity
The accompaniment; spiritual strength developed
When the world and worldly gone by intense faith.

SPONTANEITY OF LOVE

Never depends on words, not the sight
Not the appearance, not the character
And not what is inside; then what is it?
It's spontaneity of the sweetest feeling
That lives in mind with image of divinity
It arises from the soul that is transmitted
To heart and it blooms as a colorful flower
That is fragrant; it never fades or vanishes
It's the true love that is genuine and sincere
It can't be bought with money, or wealth, or
With anything else in the world; it's really a
Treasure of life, it always sweetens the mind.

SPOUSE AND FRIEND

One should be clear to see the border
Between the two and never to cross it
One's spouse is everything, the world and
Heaven both, the body mind and the soul
Sharing each other for everything, nothing
Is left behind, both live in the thick and thin
Fidelity and mutual trust the foundation of
The relationship, unmoved by any temptation
The love is everlasting, the love is to bear with
With great patience, one comes across in life.
Love for friend is with heaven only, not with
The world, or love for the soul, not with body
And heart, mind is filled with innocent love, it's
Purely divine, holy , godly; sees friend through
God only, it's exactly the love of God for human
Only, the love also eternal, need not even see
The person directly, it is feelings only, pleasant
And cheerful, it's a poetic love with beauty and
With high imagination, not in earth but above
The earth, in heaven, hundreds of poems can
Emerge from these feelings, love can become
Agape, sacrificing one's own life for friend, this
Love has many dimensions, mainly it is mystical
Feelings and writings, focused on heavenliness.

TENDER-HEARTED

An unassuming heart having a kind, gentle,
Or sentimental nature, with so much sincerity
To others, sticks on to one's own words till the
End, even if facing absolute disloyalty from the
Others, never wavers, never disheartened, never
Egoistic, determination of mind the supreme and
Never becomes dishonest and insincere even if
One has to face many very hard challenges; heart
Usually melts with love and compassion, heart is
Unbothered with what adverse happenings outside
So much magical insight inside and ready to accept
Anything whether good or bad with both hands, and
Believes, fate is fate; the stupidity of life is miles and
Miles away from heart; he believes, sincerity will win.

THE COLOR OF LOVE

Indescribable despite all imaginations
Subtle it is, bright, sparkling all the time
Color of sparkle fades and appears from
The golden love of you, enthused me with
Its beauty, I'm delighted by its color, color
Of your heart, a cup of blood poured in my
Heart, it foamed, red rose petals emerged
From it, sweetness of your love felt in soul,
Nectar drips slowly, fragrance of love smelled,
Symphony of love is played, mesmerizes me,
"You in me", my soul sings, mystery of love is
Heard, I feel your heartthrobs, two in one we
Become, sweetness of love thrills our hearts.

THE INVISIBLE FORCE

The invisible force is tuned to love one most
If one places it above all the visible forces, in
Heart, the crave for it, realizing the truth that
The invisible power is far superior in strength
Than the visible one; the invisible force has the
Base at far beyond the stars, the visible forces
Are based on the earth; it's the big difference
Which the humans should realize; the crave for
The unseen force will fetch good result especially
For those who are so depressed with the worldly
Entanglements; get them released with the crave
For holding the invisible force and become free.

THE UNIQUE LOVE

The love at its best is felt in soul
As soul is living, and body is gone,
Above all the worldly temptations,
Beyond the love of body and heart
But love is the supreme in the world
As God only approximated the two,
Only praying, and thinking of the best,
The love is only through the Almighty
God is keeping them, guarding them
The love is divine, holy, sacred, Godly,
This love never dies and it lives forever
It lives after physical separation of body
It wants only the well-being of the other.

THE UNIVERSE

The marvelous hands of the Almighty
His wonderful craftsmanship, wonder
Of wonder His making, so meticulous
Their functioning; science is attempt
Of man to uncover a tiny part of the
Mystery of His creation, unimaginable
To look at His wisdom, He is beyond
Human comprehension, indescribable
His might, better not to think about it,
The greatest wonder of Him as well as
His creation; we can only see and relish
The beauty and wonder of what He has
Created, the planets, stars, galaxies,
And all the other forms of matter and
Energy; marvelous, spectacular, and
Fantastic, the artistry of the Almighty.

THE WORLD TO KNOW

The whole world to know, finding God
With open internal senses possible only
When all the steps of transformation of
Mind occur over a period of time, with
Absolute faith in God, strengthened in
The course of time, by winning over a
Row of trials with faith; when the faith
Becomes unbreakable, the barrier that
Separates man from God is crushed by
The strongest faith in God; when worldly
Is gone, the internal senses open and one
Sees and hears vividly the vicinity of God
With the open deep senses only; it is the
Spiritual reaction occurring in the changes
Happening in mind, the total transformation
Based on absolute faith in God; and without
Transformation of mind, humans are miles
And miles away from God irrespective of
What all they do to worship the Almighty.

THROBBING LOVE

Love with heart- throb and pulsating soul
Make love fly over everything, such is the
Force of it, the musical tune of it felt deeply,
The musical love, so sweet to taste on tongue
So delicious to eat, loveliness of it is painted
On heart and on soul, deep feelings explode
Colorful firework takes place inside, such a
Beauty inside, marvelous the love becomes,
Tastes every moment of love with ecstasy,
Never before such a state of mind maintained
Beauty mixed with sweetness and fragrance
Takes one to the abode of love to live long, with
Hangover to be there always, inseparable the
Love becomes, couldn't watch the outside,
Always remains inside with a deep fascination of
Love to bloom with the holy feelings of heaven.

TIME

No beginning and no end, it continues
Incessantly, the constant thrust and to
Proceed, it kisses everyone, the poor
And the rich alike, no reward needed by
It from anyone, totally free, slowly and
Gently it walks, miles and miles to go and
To meet the destiny, never frustrated and
Never tired, always fresh and energetic
The best Marathon runner, millions of the
Marathon nothing for it, but it eats three
Meals per day, breakfast, luncheon and
Dinner, it is the best friend, companion for
Everyone; it has witnessed many thumping
Hearts, numerous broken hearts, plenty of
Love making and millions of 'love lost'; it sees,
Many smiling faces and numerous depressed,
It likes tears of joy and grief alike; time is the
Best healer for any wounds in heart and soul.

TRANSLATION

Expressing the sense or text in another language
Transferring the knowledge to a wider circle and
The incessant flow of love among all in the world
The uniformity of knowledge sparkled everywhere
Everyone to know each other, the culture and the
Social status, the barrier around countries crushed
To know one in all, making the world a single unit
The wisdom accumulated is distributed to all parts
Sharing the soulful light to darkened and barren land
Knowledgeable heart beats with symphony aired to
Distance, humanity united around the globe to think
Of the same, irrespective of caste, creed, color, and
Language; wider thinking and perception established
With the outlook of erasing the demarcations among
Hearts, and speaking, reading, and thinking the same.

TRUENESS OF LOVE

Trueness of love isn't a feeling only
But a belief to be with; may not be
In the world, but definitely in afterlife,
Many things that don't happen in the
World, and you don't expect, happen
In the other world; it's great prayerful
Trust and the real hope that add more
Sweetness to the soul which pulsates
With melody of love, with the pleasant,
Delicate feeling of togetherness always,
It is an immortal feeling that walks above
The pain and sufferings of the world, that
Itself heals, soothes the wounds that are
Sustained and the monopoly of this love
Overpowers everything detrimental and
Hope is intensified to fly over and above.

URGE

The desire that can't be stopped
It's a pressing want, a compulsion
That goes with the soul, mind can't
Resist, it's a strong encouragement,
May be a call from above, usually it's
A divine call, something for good, a
Matter of accomplishment that lifts
Mind to the peak of excitement, the
Wonder of it is fruitfulness, a matter
Of contentment, the calmness of love
Especially in a state of frustration, to
Press for body to work, the loading of
Energy to do; urge is the key to open
What is needed in life, it's humanly not
Possible to extinguish the much wanted
Desire; the urge is to build, not to perish.

WHERE TO

Where does the world go now?
Humans are ignorant what they are?
They forget, from where they came
A new chapter of the world is written.
Man is a tiny part of God, only few know,
That is why the planet doesn't collapse
Man moved miles and miles from God
God becomes a name only, nothing more
Absence of God is like a building without
Foundation and any time it will fall down,
It is the present state of the whole world
Who will hear my plea, move close to God.

WHY THE DESPAIR?

World is full of worries, miseries, and despair
One in the world has to have all these agonies
One good news to tell, when on the earth one
Can escape all these; while on the earth one can
Lift his or her mind above the feelings, thoughts
Of the world by developing unbreakable faith in
God, one goes to the center of the spiritual world
Where approximation with vicinity of God occurs
God looks after the person directly; the great faith,
The confidence, "God is with me" developed, one
Gets power to withstand all the negativity; great
Feeling of 'with God' is attained; the realization is
Achieved "what all on the earth are perishable, and
What all non- perishable are already attained, there
Is no point in worrying or despairing on the earth".

WITHSTANDING

Facing heartbreaking incidents, highly painful
To remain undamaged, to resist, many collapse
Life becomes so difficult to live, a matter of agony
Pricking always, all the pleasantness gone, but
One thing that lifts you from the deep pit is the
Hope, it is an indirect, spontaneous, feeling that
Is so delicate, caresses heart, lifting up and pulling
Forward, deep pain is lessened, the person starts
Forgetting the agony, and back to normal life; the
Hope is the net result of one developing absolute
Faith in God; peace, tranquility of mind, happiness,
And contentment come from hope and faith, the
Factors that hold the person up from tragedies of
Life and they thwart the pain in mind to withstand.

WRINKLES

Furrows of love where God's grace is planted
Love flows deep in furrows from head to feet
Depth of love harbored inside heart, it beats
Slowly with rhythmic pull of love, it paves the
Way to the wisdom deposited in the brain, so
Much of experiences instilled, only to relish the
Past with smile and grief, the frame of body is
Nullified, only to carry the innocent mind that
Is lavishly exposed outside, tenderness blooms
In them with brightness in eyes, of spirituality
That is embedded inside, with the memories of
The past, high altitude of love takes them up to
The certainty after sometime, the wait continues.

YOU LOVE ME

Never see in me the magnet of love
But in dreams; I write its magnitude
Heart often twists, whispers sweetly,
You love me, the image of sweetness,
Blissful moments pervade fragrance,
Something somewhere caresses me
The pleasantness of love is deeply felt
Gentle breeze spreads so softly in soul
I don't want to open love and dissect
I hang on it and swing to feel its glory
Always my soul pulsates with melody
All these done, based on love for me
And life encircles on the pivot of love
You love me to make everything merry.
