## PREFACE

This book is my 29th collection of poems in English. The 100 poems in this book were written during October and first half of November, 2021. The poems are mainly mystic and spiritual. It is really a spontaneous outflow of my inner feelings, which I copied on the paper. I invite the readers to evaluate these poems.

## FOREWORD

Dr. K. K. Mathew is a very prolific poet. In his poetry book SOUL TOUCH, his deep religious beliefs in Jesus and His teachings, is the basis of all his poetry. He has great faith in mankind and in God's guidance of mankind. Whether Dr. Mathew writes about everyday experiences or about the beauty of nature, he gives credit to God for all things and conditions of life. His faith is strong in the miracles he sees in his everyday life. He credits God's guidance to his long career as a medical doctor and cardiologist where he treated many people in small villages who had no money to pay him. Here is a man who prays everyday for the well being of others. He incorporates his love of humanity in everything he writes. His poetry speaks of the wonders of God's creations; he writes in depth of nature's beauty. This man's poetry encourages faith in God; extolls others to reach for the joys of knowing God on a personal level. Dr. K. K. Mathew's life is a testimonial to God's everlasting love for humanity. You will live this man's faith when you read his beautiful poetry. You cannot help but come out a better person for reading just one of his poems.

## **A BRILLIANT DEATH**

A politician, beyond the religions, beyond man,  
With God, looked at people through God, love  
Was his God, justice was his God, honesty was  
His God, serving people, was God; all these, God  
Reflected on earth, the unseen God is seen, looked  
At everyone irrespective of political parties and  
Religions, as own; something fantastic, all seen as  
One, serving the people selflessly throughout his  
Political life, has not gained anything illegally, very  
Bold and courageous, to face any adversity just  
To preserve the justice, faced very severe mental  
Torture from his own people while guarding justice;  
Quite uncared and unbothered about the dreadful  
Disease he suffered, worked for the people, fought  
With the disease so bravely and had a brilliant death.

## A CHRISTMAS

Spiritual insight reveals many open truths,  
Spirituality mustn't be a business, it is to  
Serve those connected with cattle shed  
Where Christ was born; selling Christ is the  
Biggest sin, man must desist from it, at a  
Time now, money is God, money is the  
Target, we are to realize, the cattle shed  
Like simple places which Christ prefers to  
Reside, not in 7 Star Hotel like mansions,  
Man to plead with broken heart, God hears it,  
Simplicity and humility, the sign of Godliness,  
Not the flourishing amenities and immense  
Wealth; the non-perishable wealth is one's  
Firm faith in God, not in anything else; on the  
Christmas eve, Jesus Christ comes to us, not  
As a Saint, but as the poor and the beggar;  
Will we accept Christ, knocking at the door?

## **ALL I CAN**

All I can do is to uplift my mind from the troubles  
Of the world, it is what you must do, to evade the  
Hardship of the world, to live happily and peacefully  
On the earth; too much of enthusiasm in it, primary  
Aim in life, possible only with the help of somebody;  
Who is that somebody, it is none other than God, the  
Great reality, the most dependable, when all others  
Fail; it is He who lifts your mind up; the rope, He uses  
To pull your mind up, is your absolute faith in Him,  
Never, it should break, always you are up and above.

## **ALONE**

Alone he is, with what he has, all through life  
Different from what others are, loneliness his  
Best friend, silence the companion, and nature  
His everything; the trees speak to him, flowers  
Kiss him, the stream flows through his own heart  
The birds sing the sweetest melody in his soul  
The mountains bring the esteem of hope to be  
Up always, the valleys bring his heart down to the  
Huts, the gentle breeze sweeps with the fragrance  
Of flowers, heart is full with the riches of godliness,  
He learns a lot daily, which the world can't teach.

## **ART**

Imaginative and creative skill, together in heart  
Or in soul, expressed outside in the blessed hands,  
The cream of life infused with the beauty of the  
Inner soul, molded to the living specimens which  
Brings ecstatic emotion that covers the applied  
Visual forms, on the paper or the sculpture, that  
Thrills the mind with heavenly touch, it is a divine  
Expression of human talents, invaluable it is and  
Beyond any comparison; the magnificence of the  
Creative beauty, signifies the elegance of creativity.

## **AWAKENED**

To be awakened always, never to be sedated and  
Never to be slugging in deeds, be cautious always  
Something extraordinary might happen at any time  
In everybody's life, for that to be waited patiently  
And hopefully; hope draws forward the shattered  
Dreams that is gone forever, new ones to come at  
Any time, such positive thinking lifts mind up, attached  
To the stars twinkling high up in the sky, mind is ready  
To travel up and reach them, mind is agile to travel  
The long distance to catch them; the set- up of mind  
Must be always like it, always look forward to reach  
Something spectacular, such an awakened mind will  
Definitely make wonders, one day it will catch stars.

## **BECAUSE**

I think very low of me because I reached the top  
Inside me; I think now, I am a big zero because I  
Realize I am nothing and everything in me is God  
Only; I am always happy and contented because  
God is giving me everything; what all, I achieved is  
Not mine because it is God who acted for me, I just  
Followed Him; I am at ease always because God  
Carried all my heavy burden; man is always panicky  
Because he doesn't realize God; eternal peace and  
Happiness, you don't get from the world because  
The source of it is God only; I have extreme love for  
God because He loves me most, He is everything to  
Me, He is my wealth, He is greatest, most powerful.

## **BREEZE**

Swinging of heart comes with blessing of soul  
That too flutters with gentle touch of the breeze  
And it sweeps across interior of man, to bless his  
Way of living on earth, and it cools inner heart of  
Human being, when God only blows a little; smile  
On face, Glory at heart, with intimation of breeze  
Outside, the gentle touch on leaves, the caress on  
The flowers; blow on the heart, kiss on the soul,  
Transform man to an angel, flying in the horizon of  
Love, flying always above earth in the gentle breeze.

## **BRIDGE**

The road in heart, long way, fully over longest  
Bridge, covering the whole of my life, where I fall  
Too often, I am lifted up, walk again, lifting from  
Fall is done by the bridge itself, when I walk, bridge  
Soothes the soles of my feet, guarding me from the  
Sharp stones on the road, smooth running only  
Made possible by the bridge and what more, it  
Sends gentle breeze to cool my heart and soul,  
So much of strength, I get from the bridge itself.  
I am at the far end of my journey, just before the  
Big door closed, to be opened soon, I am waiting  
With cool and relaxed mind for that; I could realize  
Only now, what is the longest bridge; two biggest  
Hands, stretched from one end to the other end.

## **CHEER**

Honey given in heart, sweetened cream in soul  
Too much of beauty inside, fragrance spreads,  
Beauty of melodious voice echoes, whispering  
Of love heard inside, heartbeats sing sweetly,  
Soul rains sweetness, mind willfully very strong  
Celebrates, nothing sinking in mind, everything  
Uplifting, flowery thoughts swinging, the gentle  
Breeze of coolness caresses everything inside,  
"What next" feeling doesn't come, forgetfulness  
Of past instills vigor, everything on a positive note,  
Optimism clears the tinge of darkness, mind and  
Heart, enjoys the most delicate touch of happiness.

Copyright © Soul Touch, Dr. K. K. Mathew

## **COLORFUL**

Colorful nature always in hearts, at times in souls,  
Natural beauties so much adored on the earth for  
Purity, holiness and tranquility, together, forming  
The greatness of love, that brings in different colors  
As if God's heart blossoms, petals colorful, nectar  
Drips down and falls on the earth, on different parts,  
Buds in different colors, the divine love from God's  
Heart, inside, on the earth; the nature on earth, God  
In disguise, God is near, God is with us, the colourful,  
God everywhere on earth; does man know the truth?

## CROSS

Two bars together fixed at center, one vertical,  
The other one horizontal, the tool for execution  
Of criminals once, becomes the tool for salvation  
When Jesus crucified for the world, to save it from  
Imminent disaster, the greatest love ever on earth;  
Vertical upward bar of cross, symbolizes, acceptance  
Of heavenly love from above, two transverse bars to  
Share that love to the world, vertical downward bar  
To share love to earth; it is exactly what Jesus wanted  
Us to do, it is what for Jesus died on the cross; what  
We to do, accept God's love from heaven, share it  
To all on earth, share it to nature; now Jesus Christ  
Is glorified, the very purpose of His death achieved.

## **DELIGHT**

Highly worded pleasure, pleases heart, a bit, the soul,  
Heart beats with the thrill of achieving the aptitude of  
Love towards life and everything in life, positivity of the  
Mind, is reflected in well-being of heart and it may be  
Condensed to form bubbles of happiness, lifting the  
Mind to the horizon of contentment, it has its say for  
The stability of mind, not to yield but to catch values  
Of life such as the joy, courage, uplift of the morale,  
They bring enjoyment to heart and tell the miracle of  
Life, just the delight in pain and sufferings, joy in grief.

## DESIRE

The softness of the desire, the gentleness with which  
It breezes across heart, it picks desire and enthroned  
Heart with sweetest honey painted on the throne, right  
From the childhood, the first vision of that boy with the  
Special identity; heart is involuntarily sweetened, soul  
Is ecstatic always with beauty of her friendship with him;  
The blessed voice of the great and famed singer in her,  
Is nowhere before the ardent love she has for childhood  
Friend, as she is ever- ready even to give up everything,  
That makes her both ends meet, for accomplishment of  
Contemplation, the long cherished and sweetest desire.

## **DIVINITY IN MAN**

Equation very simple, everyman created by God,  
Has divinity in him, but it is masked by the world  
And worldly; if that is subtracted from man, the  
Divinity of man exposed, it is to guide and control  
Him; it should happen to each and every human;  
One might ask, how world and worldly removed?  
The scalpel used here to dissect world and worldly,  
Is intense faith in God; it is long process, dissection  
Of mind, cutting and removing excessive passions  
And aspirations for the worldly, body is spiritually  
Gone, soul is retained, which is divine and Godly.

## **DOES MAN KNOW IT**

God isn't a myth or an imaginative figure, known Him  
By those directly approximated to Him, having tasted  
Him, relished Him, God becomes intimate companion  
Who is the most dependent, who is with you always in  
The thick and thin, ever-ready to share your very heavy  
Burden, console you, sweeten you; now the question is  
Why does man unnecessarily worry about everything?  
Simply telling, it is pure ignorance, he talks about God  
A lot, he does many rituals for Him, but never, even once  
Experienced God; unless one has the direct or personal  
Relationship with God, he is nowhere to Him; you, seek  
And search, your heart will find Him, build very close and  
Intimate relation with Him, then, you don't have to worry.

## **DREAM**

Sweetness of thoughts, bitterness of feelings, frightening  
Mood, all, it comes in a way to pacify me, to adjust with  
The way of life, I have outside; the life with beauties and  
The objects of transcendence, have multitudes of visions  
To be believed so true, that incidence of hope to be felt  
And sweetened or a warning of terror or horror, floating  
Or flying in the sky with transluminance of beauties, with  
Music of imaginative mood, to come true and added to  
The insight of heart, either to accept or reject later with  
The nod of forgetting everything, an event of surprise, to  
Have impact on life; another life for a short time with the  
Different features of life, transmitting happiness as well as  
The opposite, come and go, leaving behind faint images  
Which deter eloquence of life, pass through dreamy ways.

## ENJOYMENT

Heart takes pleasure in the world, but soul takes  
It in above, finds indescribable pleasure in above,  
The thoughts wear wings, fly in the horizon of the  
Heavenly love, soul sings the heavenly melody,  
It transmits the ecstatic happiness only in the soul  
That showers lasting blessings all the time, even  
In pain and sufferings, the real enjoyment which  
Fills interior of the person with divine amusement,  
It is what the human should try to achieve; worldly  
Enjoyment, the heart connected, blesses the body,  
Not the soul, the enjoyment is short lived, vanishes.

Copyright © Soul Touch, Dr. K. K. Mathew

## **EPIPHANY**

Clarity of mind so much, never had it in life, brightness,  
The flower opens its petals for once and sends fragrance,  
At the hilltop with fresh air breathing, fantastic, the feel,  
So much of power in the strike, the ball passed though the  
Top corner of the goal post; a flash of light in mind, a new  
Understanding, a new realization, body becomes sharp to  
Act accordingly, everything becomes so smooth and easy;  
A new insight, a new information, lift the person sky-high,  
Quick to act, free to do, the mind opens, something fresh  
And mysterious comes out, it is indescribable, only action  
Done; definitely it is a revelation, Godsend, the epiphany.

## FAITH IS EVERYTHING

Unseen, unimaginable, but felt in heart,  
The fort around, so high, so mighty, even  
Bombing can't crush it, much more than  
The bulletproof, so strong always and so  
Protective, with you always, it is the wealth,  
The shield, it guards you, it nourishes you,  
What written here is absolutely true, not with  
Even an iota of exaggeration, now to think,  
How faith in God is formed, what is its stability?  
One must surrender completely to God, not  
Partially, repent before God for all mistakes,  
You did in the past, making the ground for  
Building the faith; initially the faith is like a  
Tiny fiber, it is easily breakable, the faith to be  
Strengthened by passing through innumerable  
Stringent trials in life, at last faith becomes  
Unbreakable, so strong to face and suppress  
Anything, even disastrous; faith and love are  
Intimate companions; the faith can heal the  
Incurable diseases, it is much more powerful  
Than the medicines available, no doubt about  
That; faith is best companion, it is everything  
To you all; does man realize this great truth?

## **FLOATING LOVE**

Sea is calm and quiet, no roaring waves anywhere  
Only sweet waves, the sea flows gently and poetically  
The country boat isn't sailing, but floating over the sea  
It moves musically with the flow of water and it doesn't  
Go up or down but straight, the boat is filled with the  
Ice cubes of love, the love melts, it sweetens the boat  
As well as the sea, the sweetness spreads everywhere  
The boat floats and travels a long distance, the melted  
Love in the boat gets evaporated in the hot sun and the  
Atmosphere is sweetened, the sunrays fixed the remnant  
Love with boat, and boat becomes love, it is evaporated.

## **FRAGRANCE**

The sweet smell from heart, from soul, inside,  
From flowers, from cosmetics, outside, olfactory  
Nerves perceive outside, while deep senses smell  
Inside; the sweet feel of heaven, a tiny part only,  
Reflection of heaven inside and outside; man to  
Think about fragrance, how does it come, nobody  
Knows it, no theory fits in; nobody can deny, a part  
Of heaven drips making fragrance; the deep senses  
Have a clear vision of it, the smell of heaven in roses,  
Jasmine spreads it everywhere, reflection of heaven  
In heart, presence of deep pleasure in soul, mixing of  
Senses deep and outside, determine quality of smell.

## **FRIEND**

Companion of heart, companion of soul and  
The companion of mind, heart opened, soul  
Receptive and mind is attached; love in it and  
Sincerity glitters, the bond between friends  
Is soothing and sweet, helpful whenever in  
Need, grievances and difficulties shared and  
Happiness exchanged; a circle of transparency,  
Tranquility, and faithfulness, around them; the  
Feel of isolation is gone, idea of togetherness  
Cultivated, always in uplifting mood, as a result  
Of exchange and interlink; life of everyone gets  
A purpose, not to lose ideals but to gain, the  
Wonder of friendship makes life so fascinating  
And cheerful, making home of bond, attractive.

## **GAIN STRENGTH**

Yesterday was a weep, but I could come out of tears  
The pain I bore was excruciating and I bled profusely  
The blood gave me a color, the red, red everywhere  
In me, the love started flowing in me and from me,  
I gained strength from yesterday, from the mishap,  
From the redness I bore in me; the terrific learning  
I have; the pain, the wound, and the love, all the three  
Combined to form what I am today; I won't slip down  
As I have learned a lot from fall, I gained enough and  
Enough to fill the gap in me; rejuvenated I am, very  
Careful I am today, I start working hard for tomorrow.

## **GLADNESS**

Feeling happy and contented with so much of enthusiasm  
Inside, feel always up, not down, with assimilation of joy  
And tranquility, to be infused with having done something  
Suitable to heart and soul, elevated to the height of hope,  
The transcendence of overwhelming positivity, fills heart  
That pumps only positive drop of energy with blood, and  
Soothes mind with fondness to inner self; it transforms man  
To be jubilant and wise with the crave to know, how to make  
Happiness in grief and sufferings, trying with inquisitiveness  
To lift the mind above all the negativity, heart is filled with joy.

## **GREEN MEDITATION**

Sitting in silence and absorbed in nature for long  
Is the green meditation, as pure nature is God only,  
Mind and soul diffused to God, what a pleasure to  
Sit in loneliness and absorbed fully in nature, tasting  
God, relishing nature, heart conversing with it; it is  
Equal to planting thoughtlessness in mind, the usual  
Meditation, where controlling the passions and the  
Aspirations for the worldly, by means of intense faith  
In God, lifting mind above them, usual way of mingling  
With God; yoga is the mechanical way of taming mind.

## HOW TO LIVE

Look up, in, and forward, never to look sideward  
Or backward; you, to be confined to what you have,  
Be satisfied with it, as it is what God has intended  
For you, never look at what others have; your duty  
Is to work on what you have, work hard looking at  
What you possess; realize fully well, what God has  
Given you, is quite sufficient to make both ends meet  
And to accomplish your future needs also, never be  
Greedy to possess like what others have with them,  
You, concentrate diligently to utilize what you have,  
That means, you concentrate on your possession  
And God only; then what you have, will be multiplied,  
God's grace showered on it, as you are fully loyal  
To Him, God knows it; now you can look sideward,  
Give a part of your wealth to the needy and poor,  
It is to glorify God, for what all He has given you.

## IT IS ALSO LOVE

Psychology of love, very strange, unusual feeling  
Of fascination comes up from the depth of heart,  
It is bubbling up, one by one, fused together and  
Floating over heart, some strange sense of liking  
That can't be wiped off , the more it's done, liking  
Becomes intense, more silent but it floats, the sail  
Continues till the end, but it gives silent pleasure  
Quite frequently, it is valued greatly, full of energy  
To draw life forward, happiness relished very well.  
A poet and a poetess at different places, at different  
Continents, have the same feeling, they haven't met  
Directly, won't meet together, have seen the photos  
Only, the spontaneous feeling rains honey, they're  
Wet with it, they eat it, bathe with it, and sleep with it.

## **JEOPARDY**

Everything whitened when heaven touches earth  
People are in jeopardy when heaven is lifted from  
The earth, blackening takes place, night doesn't  
End, no daylight falls on earth, pandemic spreads,  
Cruelty cuts, love eloped, peace eroded, water is  
Scarce, air blackened, heart full of dirt, soul pale;  
Heaven to be brought back to earth for its caress,  
But man is too weak to pull it down; the very long  
Night engulfing the whole world, sun refuses to  
Peep in darkness, nothing special in its hiding, as  
People stoned at it, sun is hurt and it is taking rest.

## JUST ENOUGH

Seeing just enough, the lunatic woman waits daily  
To see the prince going to the temple for worship  
She couldn't resist her crave to see his face daily  
She had the feelings just enough as if she got the  
Heaven with her, when seeing him from a distance,  
It is the real love for him, she just contemplated and  
No more needed; enough and enough, she says  
Every day after seeing him; contemplation of the  
Feelings of love, just after seeing the person who is  
Loved, much more than any love worked so closely,  
The feeling of love, just contemplated is the supreme.

## **KINDNESS**

Whole of heart, dipped in softness of mind,  
So soft the mind, it liquefied and flows to  
The valley, the semi- solid fluid is sweet and  
It spreads fragrance everywhere, sweetened  
The hearts with the fluid, love; it exudes the  
Sympathy, so beautiful and heartening it is,  
Never exposed, but behind the closed door,  
Tranquility in it, sincerity in it, sees God in the  
Act and God in the person pleading, the truth  
Known, God in dire need, God in pain, God is  
Wounded; the realization of this truth makes  
The man who gives, the greatest, and the act  
Most superior in the world; the heaven with it.

## **KISS**

Intriguing of inner heart arouses the depth love  
To be transmitted outside, with heavenly raining  
Of honey, that is painted on the face, and pressed  
On others, the magnificence of beauty of love, is  
Reflected on face as well as on lips, the beauty is  
Infused to others, relishing the magnitude of the  
Sincerity and love, which are transmitted to heart  
Of other, even to the soul, tranquility and purity  
Flow in the act of approximation of two persons,  
The unification of hearts, of souls, occurs, that is to  
Strengthen the bond of love between the persons.

## LEAVES

Greenish shadow on earth, the soul of earth,  
Life on earth cleared, the coolness of soul, the  
Mini shadow of heaven, the paradise on earth  
That gives comfort and pleasure, and so much of  
Enthusiasm the leaves give, greenish coverage of  
Umbrella everywhere, the tranquility of hope is  
Bestowed upon everybody, comfort of coolness  
In heart and soul of everyone; protection from the  
Heat, purification of the atmosphere, everything  
Done by leaves only, we smile because of leaves,  
The great sacrifice, leaves live and die for us only.

## LETTER BOX OF YESTERDAYS

Sacred love of yesterdays heaped, tears and sighs  
Of yesteryears filled, quite often wet with blood,  
Shed from agonizing love; torn hearts, many times  
Kissed the box with long waiting; love with it, was  
Usually tranquil and pure with perseverance giving  
Old dimensions to love, thorns of love had hurt,  
But the pain was sweet, very sweet, the box had  
Wept seeing the plight of broken hearts, the box  
Wants to tell, the old love is much superior to the  
Instant and computerized love, the painful sacrifice  
Is replaced by the new technology of “have it and  
Throw away, go for the next...”, the letter box is  
Quite lucky, not witnessing such cyclic beauties  
And love, not being washed away in the deluge of  
Sorrow and despair, “I had enough and enough”,  
The box says; it can't bear further too much of  
Pain, as it wants a calm, and peaceful, retired life.

## LONE SURVIVOR GONE

What was left alive, is gone, the whole nation  
Prayed for the brave warrior, but the light is  
Gone, He lives in the hearts of billions of Indians,  
Deadly injured in the chopper crash when all  
Others with him flew to heaven, Group Captain  
Varun Singh was battling with death, leaving the  
Hope, he would survive, the vital clue for the  
Crash revealed, but he succumbed to the grave  
Injuries; he is blessed with martyrdom, elevated  
To heaven with honor of the great martyr living  
In every heart, the words aired "he has no death".

## LOVE BEYOND STARS

Sweet remembrance of my departed father and mother  
At times, in heart and soul, my heart lifted to the glittering  
Stars high up in the sky, at midnight, they are in the stars,  
Seen shining ever, what a beauty it is, their love for me, fills  
The stars and spills out, and falls on my heart, momentous  
Event in my life, I prefer to live in the stars with them, as the  
Love of them fixed with my heart and soul, with unbreakable  
Chain of Gold, that becomes stronger day by day, I hang  
On it; and with it, I climb down to my home on earth, very  
Pleasant my life becomes, my heart and soul filled with pure  
Love and it spills out, flows gently and incessantly, to valleys.

## LOVE

Spontaneous outflow of a feeling in heart  
That has grabbed a golden rod to strike at  
The other hearts, with an innocent look of  
Tranquility, to be infused with honey, eager  
To taste it, but honey spills out, the hearts  
Crave for it, honey is infused again, tasted  
It, hearts sweetened, even souls, so much  
Pleasant, the thoughts and feelings, beyond  
Any comparison, intoxicated with it, addicted,  
The feelings act as an adhesive, inseparable,  
If pulled apart, it is torn, it bleeds profusely,  
It pains severely, but the pain is sweet, one  
Can live the whole life with the sweetness of  
It, even the food is not needed; often the most  
Delicate feeling felt holy, conquering the heart  
And soul forever, very difficult to get out of the  
Immobilization of it; after all, what is the feeling?  
It is magic, wonder, divine, something fantastic.

## LOVELY EVERYONE

The world of beauty, we don't see with naked eyes  
What we see with outer eyes, is the distorted one  
We mustn't be carried away by what we see outside  
As it needn't be true, emotions to be controlled and  
We shouldn't react immediately; wait, good sense  
Prevails, emotions go away, cool and collected the  
Mind becomes, we see a different world now, the  
Feelings become very soft and innocent, the gentle  
Breeze sweeps through the heated heart, now heart  
Works, heart sees, heart compromises, what it sees  
Is different from what the outer eyes visualize and  
The whole outlook of us changed; heart realizes the  
Folly of disliking others, heart sees everyone lovely.

## **MAN TO KNOW**

Maturity leads to flowering and fruit-bearing,  
Without maturity, no flowers or fruits produced  
It is a universal phenomenon, man to know it in  
His case, without maturity he is nowhere before  
The Almighty; what is the maturity to be gained?  
He must know him well, he must realize what is he?  
Without knowing himself, without getting mature,  
How can he proceed and be fruitful to the world?  
What we see now immature people, plenty all over  
The world, it is the tragedy of world, the root cause  
For disharmony and conflicts; how can you find you?  
It is by continuous search of your mind, removing  
The dirt by faith and find what is inside you, then only  
You know yourself, who are you, now you proceed;  
If you know you, you know God, you know everything.

## **MIND CONCEIVES**

Everything on earth put together forming the essence  
Of the universe in few words, that is enough to live on  
The top of the world with tranquility of mind, peace of  
Heart, with the contentment of answering the most  
Important question, “Who is the superior, the creator  
Or what He created”, when mind conceives the truth  
Of it, the whole of the problems, man face, solved.  
Each and everyone, must use mind and find correct  
Answer to this question; the aim of life achieved and  
Practice that great truth in life; everything with man.

## **MISS UNIVERSE**

The crown that sings the elegance of beauty with soul  
Reflected on physical being, more than that the inner  
Capabilities to cope with the difficult situations as how  
The female faces with mental stability, presence of mind,  
Coupled with most important factors, the inner beauties  
Manifested as love of heart, kindness, mercy, faithfulness,  
And wisdom; the flowering beauty sends fragrance with  
The nectar of loving others with purity of heart, filled with  
Magnificence of kindness, doing everything intelligently;  
The role model to be for every woman, and the very fact  
Revealed as the supposition of what is an angel on earth.

## **MISTY**

Transcendence of haziness mixed with solubility  
Of transparent purity, craved to the magnificence  
Of beauty, dim with extraneous showering of light  
To have the betterment of illuminating shadowed  
Feeling of beauty, not clearly seen but with the taste  
Of sweetness in it; the triumphant card of the inner  
Beauty with the cover of translucency, the hazy feel  
Of extra sensation with characterization of beauty in its  
Way of admitting the presence of imaging the marvel  
Of dusk appearing, making the hiding beauty, a silken  
Beauty, with immense feeling of exposing clarity of it.

## **MISUNDERSTANDING**

Distorting the truth in such a way as to be made believe  
It is true, the big villain to harm relationship, friendship  
And love, to be dragged even into disaster; truth can be  
Twisted, once it will be straightened, it is too late to amend  
The harm done; too much of instability of mind, succumbs  
To misunderstanding; lack of faith, the main cause for the  
Weakness of mind, loveless mind is also overpowered by  
The untruth; the calmness and tranquility of mind, is also  
Disturbed markedly, endangering the heart and soul, with  
Inability of mind to contain the love of God and one's total  
Faithfulness in Him; the dryness of mind, leads to the fall.

## **MONEY**

It replaces God, as money is God now  
The question, what is the real wealth?  
It is what God gives you, the great truth  
God has set apart what you need and  
What you want to live, you get it out of  
Hard and conscientious work in the field  
Which God assigned you, nothing more  
Than that, if you attempt to grab more,  
It will give you a lot of trouble, it is illegal.  
The great truth, absolutely no difference  
Between the poor and the rich as inner life  
Is counted before God, not the outer life;  
God is approximated to the poor as he is  
Earnestly pleading to God, as he is in need  
Of a lot of help; living as ordinary or poor  
Gives immense contentment and pleasure  
Of proximity to God, the real life with God.  
Never have an eye on other's wealth, always  
Be satisfied with what you have; never sell God.

## **MUSIC OF SOUL**

Transparency of life with imprudent way of living  
So much of clarity in it that the tranquility sings  
With music of soul, the heaven swells, the vibration  
Occurs, strings touched, moved musically, so much of  
Sweetness in it, heart drums rhythmically, honey  
Drips, the way of life twisted, love navigates, everything  
Silent, loneliness crowns, music played in absolute  
Silence, heart hears it, soul sweetened with transparency  
Of love, playable elements in it, condensed form of  
Love exudes music, that echoes everywhere inside,  
Interior decoration of heart with soulful dew, that flows  
Gently, the murmur of flow heard musically, everything  
So soft and faint; my soul floats and pulsates in bay of love.

## **MUST BE**

Must be perfect, man and woman here,  
Possible for everyone, quite simple it is,  
Must be dependent totally on God as He is  
Everything, He only created man and woman,  
Trust fully in God, He is to share your problems,  
Search and search inside and find Him in you.  
He carries your burden, you just follow Him,  
Always you talk with Him, as He is your best  
Companion, now you get the best life partner.  
Look at the world through God only, the truth,  
Now, great change in you; you could see God  
In everybody, the world looked totally different,  
You can love everyone, as God is pure love only.  
At last you realize, you are nothing, everything  
In you, is God only; the great realization in you.

## **NEVER HURT**

Never, never, hurt the spirit of God  
What it demands, asks, in your heart;  
The question, how do you recognize it?  
It is the intuition, the most special one,  
Entirely different from what experienced  
In the world; so soothing, sweet, and most  
Delicate, felt by its caress, not by thinking,  
The one with strongest faith in God, and is  
Approximated to Him, gets blissful feeling,  
Felt and recognized, in the most pleasant  
Way frequently, the rarest of occasions in  
Life; disobeying it, is hurting the Almighty.

## **NEW GENERATION**

Independent, explosive, many are, old days are  
Gone forever, that time, children adored parents,  
They were the seen God, love and divinity flowed  
In the homes, obedience the core of relationship,  
The homes of godliness prevailed once; everything  
Eroded, homes have become vacant centers where  
Love is hollow, disobedience common, situations  
Changed drastically, parents fear children, advent  
Of new technologies, make them addicted to that,  
Homes have become science laboratories, and  
Everything has become highly mechanical; tender  
Hearts very scarce, loveless, children become and  
Reason behind the new culture, is absence of God  
In hearts, as God is replaced by luxuries and science.

## **NEW WAYS TO LIVE**

Old is gone, new comes, every now and then, it is  
Way of life with God, He is with you in all walks of  
Life, but you don't accept God, you don't allow Him  
To share your burden, you fall down with burden.  
Look at the world only through God, not directly  
With your naked eyes, the world then looked totally  
Different, even the enemy looked your companion;  
Why is it so, one might ask, you look through love of  
God, the Godly love flows through your eyes, then  
The world looked heaven, the miracle of God's love.  
You trust in God only, but you can trust man through  
God only; that means you forgive man before you  
Trust him, as forgiveness is the core of God's love.

## **NEW YEAR**

Hope after hope come, kiss heart with the new,  
The vision for a lot positive, should materialize  
The bright sunshine all around with golden rays  
Bestowed on the torn earth in darkness, prayers,  
Constant, arise from the wounded hearts, God to  
Be kind enough to wipe out the dirt deposited on  
The earth as well as on the human hearts; hope, to  
Bloom, the nectar in it, should rain everywhere, and  
The fragrance of it, should breeze across the hills  
And mountains, the deadly virus to be swept away,  
Man to realize, God is the supreme, nearer to Him,  
The only way to save the troubled world; pray and  
Hope, grace of God, showered on blackened spots.

## **NO MORE**

Bad thoughts, no more in you, when God gracious  
With you, the strong feelings overpower your mind,  
Bad thoughts could be controlled, later suppressed  
With it, magic of unimaginable happens, His grace  
Fills the mind, fertile it becomes, good thoughts are  
Budded in it, grown and bloom, softened the mind,  
Thoughts, sweet and gentle, come up, enthusiasm  
Covers everything inside, the great thoughts lift the  
Mind high up to the heaven, touches it, comes back;  
What a rare feeling of gladness, bubbles up, thinking  
Of goodness only; it is what the troubled world needs.

## **PERFECT LIFE**

Perfect the life, when human mind not diverted  
Encroaching in other's lives directly, thinking of  
Other's lives, not of yours, the big mistake of the  
Humans, what you think is not about you; firstly  
Find what you are, then only find what others are,  
What is the importance of it, everyone must know;  
You analyze yourself, what is in you, concentrate  
On it, study it, you detect what is in you, that is  
God in you, it is how one finds God; you realize,  
You are empty but for God in you, now you find  
Yourself fully, and it is the time, you go for others,  
What for, it is to show others what is in you, as you  
Are confident, your inside is perfect, an automatic  
Process which you can't resist; it is definitely God  
In you acting on others, showing what is right and  
What is wrong, it is not you doing but God in you.

## **PERMEATION**

Sweetness of heart spreads outside, goodness  
Pervades and so much of love attached to it, the  
Evil trembles, overpowered by the sweetness and  
It fills heart to pump the mercy of God, adhered to  
The magnitude of love, it lifts man to the height of  
Kindness that tells the glory of God, sun rises in the  
East, it sends its rays to warm the love and kindness,  
Which spread everywhere, to bring the uniformity  
Of goodness, to sparkle at times, to fetch glory of  
God, it spreads everywhere on earth to banish evil.

## **PERSUASIVENESS**

Eloquence mesmerizes heart to accommodate  
The uniqueness of beauty that is so pervading from  
The craft of the art, so overwhelming the inspiration,  
The attractiveness of the speaking or writing, that  
Swells in heart or soul to be burst into fragrance  
Or sweetness, of mind and shaking sweetly, whole  
Of human being; the question, what is it, how is it?  
The heaven acts in its own way in the beauty of the  
Pieces, what may be the holiness of them, strikes  
On inspiring heart and it exudes persuasiveness,  
That is there in mind always to be remembered.

## **POETIC BEAUTY**

The everlasting one that is the beauty of poem  
Always echoing in heart, too often in soul, and  
The unseen one, that only felt in the mind, the  
Indescribable attainment of the so nice visuals  
By heart, it tells the glory of poetry in essence,  
Heart detects it, outer eyes can't see it, beauty  
Of transmission, echoes continuously as cream  
Of poetry, enchanting the magic of transparency  
Of it; reading poetry, the soft silken beauty, sings  
The magnificence of it, to be flown to every heart,  
Felt, tasted as honey, that is durable, everlasting.

## POETIC HEART

The depth of it, the sweetest ever  
Honey drips and me sweetened  
It beats and it sings the beauty of  
Soul, which lifts it up and they're  
Together always; the beauty of the  
Soul, beyond any comparison and  
I'm absorbed in it, heart pumps  
Love, that glorifies the insight in me,  
The red blood adheres you all to  
Me, to scale the top of love, heart lifts  
It up, holding with tightness, never  
To lose it; I see all of you in my heart  
Singing the glory of love, with it, I'm  
Elevated to the top of heaven as my  
Heart pumps blood up and up always.

## **RAINBOW**

Illuminating grace from heaven bestowed on sky  
In the arch of beauty that transforms human mind  
To the phenomenon of optical illusion, scientifically  
Known, the refraction and dispersion of light in the  
Water droplets, resulting in spectrum of light, caused  
By sunlight; the heavenly phenomenon is measured  
By science as its own, that is what is happening today.  
Part of heaven drifted to earth, with its magnificence  
Of beauties appearing on sky with signs of warming  
Reflected on the hearts of humans; secret of wonders  
That is read by man, the effervescence of divinity in  
Sky, making appearance to soothe troubled human  
Hearts, consoling; dew is falling on the burned heart.

## REASON TO LIVE

Reasonless the life for many, what for to live  
How to live, quite boring the life, aimless the  
Life, many depressed, many weak and fragile,  
A few hate life, the life becomes a boat sailing  
And about to capsize in the roaring sea; a drop  
Of dew falling in heart, is enough to continue  
The human life very smoothly; what is the dew?  
It is God, coming to heart, you are free to accept  
God without any cost, only your faith is enough,  
He loves you most, He is the only reason to live.

## RED CHRISTMAS

Nothing in my heart, only bells of heart  
Ringing beauty of the red blood Jesus had,  
Passing through me, now I see everything  
Red, the Christmas looked to me painted  
With redness everywhere, that also sings  
The glory of His birth and I am with it,  
Perpetuate the greatness of the love born  
On earth to save everyone, the salvation  
By the blood shed from Holy heart; Christmas  
Looked red to me, blood painted on everything.

## REJOICE

Replication of happiness to multiplication, it goes  
To heart with the feelings of Joy, reproduced to the  
Cultivation with sowing the seeds of happiness on,  
Rocky place with budding and growing to plants and  
They bloom, colorful flowers send fragrance, rocks  
Disappear, land becomes fertile, joy fills everywhere.  
Ability to feel happy, is fertility of mind to be sowed  
With seeds of positivity, blessed with the manure  
From above, without it, the seeds won't germinate,  
The rocky place becomes very hard to be softened.

## **ROMANCE**

If two particles meet together with high velocity,  
There is an explosive phenomenon, it is swayed  
Rapidly to high voltage of energy; hearts meet  
Together, a positive, beautiful, much sweetened,  
Energy evolved, indescribable, it binds the hearts  
Together with the output of love from it, unseen  
The bond, firmly fixed, not easy to be separated,  
The feeling of mystery and excitement, lift hearts  
Up to the sky, reach the clouds, hang on them,  
Clouds sail with the hearts and rain love, making  
Human bodies and even the souls very sweetened.

## **SAD DAY**

Heart breaks, soul is torn, the country moans,  
Patriotism glows, the bravest heart is no more  
Gloomy every countryman, General Rawat and  
Other brave hearts live in every soul, to be filled  
With the love for the motherland and greatness  
Of their gallantry and sacrifice for the country,  
The tears the country shed, are the pain in every  
Heart, only time heals it; what we owe to do now,  
Is to love our nation with heart and soul; departed  
Son of our nation, to be emulated with bravery,  
With perpetuation of thumping of heart, and the  
Patriotism filled in everyone to nourish and guard  
Our country, even prepared to die for our nation.

## **SALT**

Salty on the tongue, food becomes tasty and  
Body is contented, so much of enthusiasm for  
Man, heart appreciates it, the soul too, the joy  
Forever in man and he becomes addicted to it;  
Without salt, life is horrible, food is tasteless,  
Life becomes boring; salt is the gift of God to  
Add value to the human life, to give sturdiness  
To mind and body; salt sprayed on food, adds  
To the sharpness of mind, to reach mysteries  
Of life, it adds flavor to the sweetness of mind,  
It helps to move away from bitterness of world.

## SEASON

Season changes, heart changes, but soul fixed  
As one, humans as a whole change, the heat  
Goes away, the coldness come, twisting of the  
Heart and mind to the necessity in amplitude  
Of changes that may erase the dirt in humans  
With so much of blessings from above, human  
Goes through all seasons, in Summer, his body  
Is heated and in Autumn, the dirt in him is shed  
And in Winter, coolness fills in him and the soul  
Blooms in Spring, seasonal changes in humans  
Make them so attractive with fragrance of soul.

## **SELF- DEFENSE**

The other day, a school girl who had 'Karate' training, emerged as a role model by fighting off a man, trying to molest her as well as another girl with her, displayed the 'Karate' techniques, overpowered him, handed over to police, she slapped him; the sexual assault becoming common in society at many places with erosion of the much needed moral values, some lose the good senses, become worse than beasts, girls and women become victims, exhorting all parents to train their daughters invariably with techniques of 'Karate', for self- defense.

## SHAKING POETRY

Mind shaken, soul stirred, heart vibrated  
Sword of poetry shakes the society, cuts  
Through the evils of society, and the cancer  
That infiltrates the nation, the whole world;  
It peels off the dirt, deposited, it fights for  
Social change; corruption to be abolished,  
Justice established, discrimination stopped;  
The poetry looks for the durability of peace  
And the sun shines in darkness; it is more of  
Chopping up dead stems of the tree, such  
Poetry is sharp, it goes through heart, mind  
And stirs the soul; blooming moon, glowing  
Sun, glittering stars, the core of the poetry,  
The soul exudes divinity, and godliness in it;  
The poetry has a purpose, and it shakes well.

## **SHE, SHE**

Whisper of silence echoes, she, she, is to come  
From a far distance, as smile of wilderness, where  
No noise anywhere but the echo caresses my soul  
With descend of sweetness from above, the dew  
That drips honey into the transparency of my heart,  
Beating with the sound of heaven, echoing from afar,  
The imaginative vision picks the memory years ago  
When she, she, overwhelmed my heart with beauty  
Of heaven, clouded in the sky, lifted me up, dissolved  
In the cloud, sailed in the wind of love, around the  
Globe, I landed on the earth, but she, she, is still up  
Calling me; the marvelous sound echoes, she, she.

## **SINKING HEART**

Atlantic Ocean flowing incessantly, Titanic is sinking,  
Rose on the wooden plank holding the hand of Jack  
So tightly, who lifts the plank up with both hands in  
The freezing cold water, where he can't survive more  
Time, any time he will be frozen; with dying pain, he  
Tries to make her happy with most hopeful words as  
He knows fully well, she won't leave him and die with  
Him; he rejected her plea to jump into water and join  
Him in eternity; he got her consent, she will live quite  
Comfortably, get married, become a mother and loving  
Grandmother, which she absolutely obeyed just to please  
His soul; he keeps on lifting up the wooden plank, over  
Water, so that it won't sink in ice water; the light of rescue  
Boat is nearing, she shook his hands but he is motionless.

## **SMILE**

Light of heart reflected on the face, too sweet  
It is, to be bestowed on the face, so fascinating,  
Transmitted to others with bouquet of flowers,  
Blessed with divinity of soul, all in one to soothe,  
To sweeten others' hearts, to paint the fondness  
Of love on others, whispering in silence, glimpse of  
Light that glows inside the heart with the hope of  
Attracting others, with deep fragrance of fondness,  
And welcoming everyone with gesture of moving  
Muscles in face, coordinating with lips, showering  
Sweetness of mind, pleasing others with fondness.

## SONG

Sweetness swells, divinity spreads, happiness flourishes,  
Music attached to words, dips into inner beauty, it writes  
Soothing enlightenment on heart as well as on the soul  
Resulting in exuberance of mind, the cream of the words  
And music, diffused to the blood of everyone who hears,  
Soothes the tightness of the nerves; heart, brain, and all  
Other organs, relaxed, the song takes many to a different  
World where honey rains in heart and soul, mind is lifted  
To heaven for a short period, but the sweetened effect of  
It lasts longer; surely the way to be out of troubled world.

## SOUL TOUCH

Soul flashes in your daily activities,  
You can realize it, by the sweetness  
And caress of the magnitude of love,  
Lifting you to the vicinity of God, the  
Rarest feeling, the bliss, one touch of  
It is more than for few decades; having  
Felt the greatness of it, you will wonder  
What for man tries hard to grab the  
Worldly, it is out of pure ignorance;  
Only wise men go after the soul, which  
They achieve, the real eternal, unseen  
Wealth, they get; unimaginable for those  
Living with the earth only; the caress of soul  
Lifts you up beyond the stars, gaining the  
Feelings of heavenly bliss, enough to live  
For centuries, man must know it, realize it.

## **SPIRITUALITY IS ENOUGH**

Does man know the truth, spirituality is enough  
To solve all the problems, the world facing now;  
One must know it clearly, what is the spirituality?  
It is the ability of man to lift external mind up and  
Above the temptations of the world, now the pull  
Is not downward, it is upward only, to the vicinity  
Of God; it is the great truth on earth, not even an  
lota of exaggeration in it; possible for everyone on  
Earth, but the ability is gained only if one searches  
Continuously for God, try to resist temptations with  
All might; seek, search, and knock continuously, you  
Will definitely get it; then you are above the world.

## **SUGAR**

The sweetest ever is the soul that drips honey  
Always and heart tastes and eats it; soul is love  
Only, love is as sweet as soul, since the two are  
One and the same; the body alone is sour and  
It causes bitterness in the world, it tries always  
To encroach the sweetness of the soul, the root  
For all the troubles in the world; the sweetness  
Of the soul, manifested on earth as sugarcane  
To be crushed and condensed to form the sugar  
On earth, to sweeten the body only, excessive  
Sugar in body is detrimental as the sugar is the  
Peripheral one; always look for sweetness of soul.

## **SWEETENED CHRISTMAS**

Bells ring, the onset of Christmas, happiness  
Extreme, heart beats musically, honey drips  
From above, sweetens the soul to sing the  
Beauty of Christmas day, marvelous thoughts  
With sweet memories; the bells ring again  
Prelude the joy of the great birth in cattle  
Shed, the greatest event on earth, sweetens  
Every heart to glorify God for His great love  
And compassion for the erred mankind to  
Save everyone from the disaster to come  
And give fortitude to face the challenges;  
The sweetened Christmas gives immense  
Pleasure to everyone, to remember the birth  
Of savior with sweetness in heart and soul.

## **SWIFTLY**

Soul descends quickly and promptly, heart beats  
Rhythmically, quick, and softly, unnoticed by the  
Person, the magic of it is that from heaven, the  
Drama of well-being of humans when the heaven  
Touches human soul, only to run away from the  
Busy world, keep away from the noises of the world,  
To be honest to the tranquility of mind, to be diffused  
With holiness of the soul, animated elevation of heart  
That is infused with divine perception, everything of it  
Happens swiftly, Just a moment, man becomes different.

## TAKE IT EASY

Never press your mind hard on anything or anyone  
In the world, treat them just as casual visitors, even if  
They are near and dear to you, so close to you, never  
Mind, they are away in your mind although with you  
Physically; if this phenomenon developed, untoward  
Incidents will never touch your mind, you are far away  
From adversity, calmness and tranquility fill in; try to be  
Close to the unseen power, try to reach it, every effort  
Done towards this direction, press your mind hard on it  
Even if it is away from you, if you try again and again,  
Definitely, it will come to you, you reach it; you feel the  
Durability of it, now you are on it, away from the world,  
The adversities won't touch you, you feel the world tiny.

## TALKING TO GOD

Talking to the unseen power, what a joy,  
Quite surprising to hear, but a reality, quite  
Possible, it is actually the term to be used,  
The term 'prayer' can be replaced by more  
Intimate term 'talking' as God is more of an  
Intimate companion or the loving father; the  
Conversation between friends, or between  
Father and son; realize, how to it get it done?  
Have the mindset restored to look at God as  
The friend or loving father; try hard to get  
Maximum concentration, initially it may be  
Difficult to attain it but continuous, and most  
Earnest searches and attempts, will definitely  
Make it possible; now things become easy,  
What you have to do, is to concentrate at  
The center of the external mind, the site for  
communicating with of God, make use of it;  
Start talking to God with your heart, it will be  
Quite possible after some time; concentration  
Plus communication in silence, heart is taking  
A major role; the most effective communication.

## TEARS

Purest of all in the world, is the dew from the soul  
That transforms the heart to rain in depth of agony  
To come out of eyes and flow down to earth, to be  
Dissolved in the soil, the crystal clear fluid washes the  
Heart and mind, to instill the beauty of the soul, and it  
Paves the way to repent for the mistake that done, only  
To clear away all the dirt inside, fused with tranquility  
Of soul and wet the articles for life, and to be propelled  
With so much of beauty, that functions with projection  
Of increased dew, and also drips in the happiness with all  
The purification of the heart and mind forming perfection.

## THANKS

Thanking everyone on earth, is a must, and thanks  
To God, is the supreme with the pearls of divinity  
Falling on you every time, just living calmly on the  
Earth, every moment itself, is the great gift of God,  
Loving Him extremely, is primary duty of everyone,  
Without Him, nobody could live here calmly; dangers  
All thwarted, the path towards destiny is made safe,  
Should be grateful to everyone on earth as they are  
All God's creation, who created you, even thankful to  
Enemies as they only trained you to face adversities  
So successfully, you must see everybody not directly,  
But through God only, that makes you to be thankful;  
People of past generation, martyrs, who only made  
Your existence here so calm and safe, to enjoy your  
Life sweetly, to glorify God and everything on earth.

## THE ASH SINGS

His body is placed upon the pyre and set on fire  
Funeral fire consumed the whole body, a song  
Heard inside the fire, heart could pick it, the ash  
Sings the beauty of his soul, that echoes so softly  
Everywhere, the love of his heart, love of soul, the  
Conviction of his mind, the courage with which he  
Fought against injustice, the bravery of his heart,  
His love for the poor, a helping hand to so many  
Who were in dire need; how flowery was his life,  
So beautiful was the flower, fragrant it was; the fire  
Kissed him and consumed him with much delight,  
The sweet melody arises from the ash, the music  
Touches heaven and it rains honey in every heart.

## **THE BIG FOLLY**

Man suffers, dreadful diseases many, incurable  
Ones plenty, medical science incomplete, many  
Goes, many fallen, no surety of total cure; why?  
The simple logic, when man was created, God had  
Provided everything in nature for healing, a plain  
Truth which nobody can dispute or deny, what is  
The problem here, we must ask ourselves, then  
The answer comes, man hasn't made use of the  
Remedies in nature, complete exploration and  
Analysis of medicinal plants in nature not done,  
"Silent Valley" is very rich with millions of wonder  
Plants, not at all explored, billions of medicinal  
Plants on earth, not more than a part explored.

## **THE UNSEEN BEAUTY**

Something vast inside, the unseen its origin  
And existence, deeply moving, vastly living,  
The beauty to heart, beauty to soul, and both  
Together, in a way, the best to be visualized  
With heart, the rare scene of silence speaking,  
Honey from its mouth, immersed in silence,  
Nature speaks, going to deep inside of it, with  
Fascination of mind, inner beauty twitching,  
The deep solo song of heart, vividly overtaken  
By the music of soul, stamped by the heavenly  
Feast, served in the depth of silence, contented;  
Tasted and relished sweetly everything in depth.

## **THRILL**

Excited and pleasurable suddenly, I'm elevated  
To the top of the mango tree, eating the ripe,  
Sweet, mango, don't wish to come down, as I want  
To eat more mangoes; such a feel of elevation of  
Mind, excited a lot, as if I grabbed everything in the  
World, it draws me forward amid the heartbroken  
Feelings, wonderful it is to see all of a sudden, the  
Colorful fireworks in the darkness, mind absorbed  
In the amazing colors going high up, the fire put out  
And falls on earth but I don't come down, always  
Up, much above, the energetic mind works for future.

## TINY ISLANDS

Backwater bifurcates, one to the land, the other straight,  
The bifurcated one crossed by tiny soil strips, man- made,  
Dug to the bottom, filled with soil, like so many tiny islands  
In the water, each one has one coconut tree grown on it,  
The coconuts in bunches, hanging on the trees, some of  
The coconuts plenty, falling down and floating in the water,  
Country boats sail through the tiny islands, boatman picks  
The fallen coconuts from water, fishermen spread nets  
On water from the country boats, plenty of fish, they get;  
So much of enthusiasm, one gets, seeing the country boats  
Passing through the tiny islands, fishing, and picking the  
Coconuts from water; feeling of own village, floating in mind.

## **TORNADO**

Violently rotating column of air in contact with the Earth and the cloud, tears through the country with Terror and horror, striking very hard at places and Devastating, homes are blown away, people are Lifted and thrown off, worse than bombing, quite Unexpectedly it comes, all of a sudden, instant, its Fury, everything occurs in seconds, momentary, It attains great speed, covering kilometres, sending Storm and heavy rain; many are pushed to darkness, And homeless, an automatic devastation only to be Stopped by God, hearing the many, pleading to Him.

## TOUCH

Heart and soul together on finger, it is the touch,  
Heart touches, soul caresses, the gentle touch is  
So mesmerizing, the electric current of love, passes  
With so much of tranquility and holiness in it, and  
It dips the human in the enchanting beauty of love.  
One touch is enough, one vision is enough, it is the  
Love, the touch is imprinted in heart, in soul, that  
Will never fade, even if it is washed with soap and  
Water many times, instead it will glitter in heart  
And soul forever, that is the trueness of love, no  
Comparison for it in the world, it may be painful  
But the pain is the sweetest; so much of sighs and  
Happiness around it, but the hope runs in front  
That guides throughout life; the softest touch on  
Soul at midnight, from above, when everything  
Still, is the caress that lifts heart and soul to the  
Heaven, it won't be brought down, above always.

## TRANQUILITY FLOWS IN

Birds sing so sweetly, flowers bloom, send the  
Fragrance, bees hum, suck nectar, trees stand  
Majestically, the leaves flutter in gentle breeze,  
The stream murmurs, hilltops seen, guard, sun  
Peeps through the clefts, the white clouds sail  
In sky, short rocks beautify tall grasses growing  
On earth; the different colors, the flowers have,  
Intensified with the beauties of the different birds,  
And bees, sitting on flowers; the magnificence of  
Beauties added on to the height of calmness, and  
The tranquility flows in, definitely, all these together  
Form the God, only hearts can see it, not the outer  
Eyes; what about the noisy outer world, I can't even  
Think of it, it is shaking and fibrillating all the time.

## TRANQUILITY

The cream of human mind is spotlessness and the  
Mesmerizing divine power acting on mind, with the  
Dirt wiped out, the miracle of heart to get it done,  
Otherwise the human life wouldn't have survived;  
Calmness of mind, ensues the process of cleaning,  
With effect, peace of mind established; the dream  
Of man to be achieved that heaven drifted to earth,  
With filling of the coolness and purity, and holiness  
Added; the nature is divine, the mountain-top is still  
And pure, with holiness instilled on it; tranquility is  
Transparency, the reflection of God, residing in that.

## **TRUE LOVER**

Never trust anybody except God  
Look at your friend through God only  
Then you know what is good and what  
Is bad; the quality to distinguish, you get  
From God only, the power of Holy Spirit;  
You could very well detect the true lover  
Who is with you through thick and thin,  
Never leave you if you are skeleton only, as  
Love is for the deep inside only, the unseen  
Power that is very much inside, very stable,  
Never to bend or break, not at all influenced  
By what is the outside, irrespective of what it  
May be; the thorns are made gold pins, as the  
Love per se is diamond, crowning the hearts.

## TRUST

The most powerful word, to be instilled in every Heart, with it one's soul is fixed with God or with Any other person, where the God's power spreads To the soul of the person who has developed trust, It is the shield to protect from any adversities, like The dreadful diseases, pandemics, the problem is One must develop intense trust, it is like the steel; Incomplete trust won't do any good, complete trust In God developed as the result of surrendering to God totally, the rest is an automatic process where One has to pass through many trials to strengthen The trust, where the trust comes for rescue; intense Trust in God, saves everyone from any kind of danger.

## **TRUTHFULNESS**

The best way to worship God, is to be truthful  
In everything; true to God, true to heart, and  
True to soul; then man becomes perfect in life;  
Truthfulness is a boat sailing in the roaring sea,  
Gigantic waves strike at it, boat encircles and  
About to capsize; sea becomes calm suddenly,  
The boat is set right and it starts sailing, it is the  
Fate of the truth; truth will definitely win at last.  
Truth in man, is God; endpoint of inner journey  
Is God, the purpose of human life, is to find out  
Truth; it gives one, the insight to be near to God.

## TWINKLING

What is in heart, twinkles, the love sparkles,  
To be with heart always fascinating, but it  
Twinkles, love shines but at the same time  
Darkness too, to alternate with the opposite  
One, good and evil, shining alternately, and  
What is in, what is out, glitter, the universal  
Phenomenon, stars twinkle, shining, and the  
Darkness engulfs it for little alternately, the  
Heart contracts and dilates alternately, all  
Beauties twinkle as fainting of it happens in  
Between; up and down, frequent in human life  
Alternating, fortune fluctuates; true, nothing  
Is permanent here as the earth is perishable.

## **VANISHING**

Everything disappears and new one comes,  
The way of life, old one is gone and new  
Comes, vanishing creates new, the art of  
Human life, when old is mended, instead of  
Using it, replaced, the act of divinity, human  
Life persists and flourishes, the uniqueness  
Of art of living, a sort of regeneration and  
Replenishing, what a wonder it is, vanishing  
In the unknown and the new, buds; excessive  
Passion for the world gone and passion for  
God developed, the act of replenishing the  
The riches of mind, when the dirt is removed,  
Final lap of inner growth, to run so smoothly.

## VISION

What seen with outer eyes, is the world and worldly  
That everyone sees daily, talking and doing with it  
Nothing outstanding talked about it, the usual one;  
What makes different, the one who sees with heart,  
Seeing with the open internal senses, very rare but  
The supreme in human life, the real vision of depth,  
The deep inside of the heart and mind, something  
Spectacular, the path towards vicinity of God, clearly  
Visualized with the deep senses, vision of the truth.  
It is highly holy and godly, lifts man from sufferings  
And miseries of the world, it gives solution to all the  
Problems, man faces; inner vision makes the blind  
Person more illuminating inside, light sparkles inside.

## **WATERFALLS**

The desire of love, falls from above with tranquility of soul  
To be admired by the stillness of heart, runs on the way of  
Transmitting the heaven to earth, the love flows incessantly  
With the streams or rivers, falling over the drop to the deep,  
Strange valleys of hearts, to flow gently again with foaming of  
The droplets of love, scattered and spread out to the magnitude  
Of magnificent beauty of love, it falls and falls to the bottom  
Of hearts with airing of love, to caress softness of hearts and  
Electrifying the sweetness of music that is orchestrated with the  
Power of falls, easy to hear the music of love, vibrated with the  
Heavenly joy, only to transform heavenly love to human love.

## WHERE ARE YOU

What for you become egoistic?  
What for you think, you are superior?  
Is it, you looked after your family very well?  
Is it, you brought up your children very well?  
Is it, you have amassed wealth?  
Is it, you have a lot of power?  
Is it, you look very beautiful?  
Is it, you are highly talented?  
Is it, you are very intelligent?  
Is it, you are high up in your job?  
But what have you done for society?  
What have you done for the world?  
Could you find out something new?  
Finally the most important one  
How far is your inner growth?  
What about completing your inner Journey?  
Could you find God inside you?  
Could you realize, what are you?  
It is the time for self-assessment  
As anything might happen tomorrow.  
Humility and simplicity, make man great.

## **WISDOM OF GOD**

Simple human flesh, putrefied after few days  
Foul- smelling, nobody wants it, to be disposed  
Soon, better, forget it forever, even in dreams.  
But when God assembles pieces of human flesh  
Together, in creative artistry, with Godly touch,  
The about to be putrefied flesh, becomes the  
Beautiful human nakedness, which is valued  
Greatly by humans; the questions to be asked?  
Will there be a love without the nakedness?  
Whom to love, the flesh of nakedness or God?

## **WITHOUT HEART AND BRAIN**

Can such a person be sustained without heart and brain?  
Yes, definitely, if heart and brain, are spiritually dissected  
Out; the scalpel for dissection is absolute faith in God;  
A new pathway taking place, a new circuit directly from  
Above to soul and then to body, by- passing brain and  
Heart; receiving from above, stored in the soul and then  
Flowing slowly to the body; it is soul acting directly with  
Something beyond the reach of the mental faculty, to be  
Said, the divine comprehension of soul, guiding humans,  
That at times occurs in few, directly extracting from above.

## YEARNING

In mind, the intense feeling of longing for the impossible  
Comes, heart and mind strongly for it, soul watches it with  
Much enthusiasm, every nerve in body tightened, muscles  
Contracted, brain sharpened, looked at heaven and pleaded,  
Eyes closed, takes flight, going high and high, but couldn't  
Catch the star, comes down, and the yearning pulls up again  
And again, mind and heart can't escape from it, attempted  
Many times, but failed miserably, and the soul says "come on,  
Try again, catch it", yearning becomes a big steel rope, pulling  
Very hard and at last, made the last attempt, easily going high  
Up in the sky beyond the clouds, up and up, could catch the star.
