PREFACE

Sublime is my 45th collection of English poems. The vast majority of these one hundred poems have a profoundly spiritual or mystical tone. Poems that reveal something about the poet's inner thoughts and feelings. The enigmas of God and the cosmos are touched upon in them. They severed the way to introspection and the route to enlightenment. My never-ending quest to understand my life has led me to write these poems. Delicate, sacred, and divine is the subject matter of these poems. These realities are far away and embedded in the here and now, but they are crucial to entering the inner life. That a person's inner existence is their true life has been adequately conveyed. Unfortunately, most people on Earth are blissfully unaware of this. This is the sad reality of being human. The reality can be better understood by reading these poems. Instead of squandering time protecting the planet, this book can show them that they need to go on an inward trip. Insight and inner vision can be fostered through reading this poetry. The invisible force is far more potent than the visible one, as I have already mentioned. I have sought to quench the readers' need for revelation about the invisible God and their curiosity about human endeavors to unravel the secrets of God's creations. There is an attempt to define the spiritual realm and the spiritual life, and to explain why it is important to get access to that sacred place and life.

The value of silence is well outlined, and the significance

of learning how to concentrate intensely in order to connect with the invisible force when alone is elaborated. There is a clear elucidation of the lofty attributes of love, such as eternal and heavenly love. The magnificence of familial life is exquisitely shown. The good news is that I have already mentioned it.

The explanations of the main life qualities—eternal joy, generosity, innocence, coherence, consistency, and grace—are clear. Excellent descriptions abound for the vast majority of human existence's inexplicable high points. A divine endeavor to reach a realm beyond our understanding is underway. Beautifully shown are the loftiness and purity of the sublime, the divine, and godliness. The meanings of the words "immaculate," "integrity," "polished," and "individuality," are defined precisely. Beautifully portrayed is the significance of maintaining a strong relationship with God and the fact that He watches over and protects everyone of us. Cowardice, profundity, justice, enthusiasm, waterfall, and personality conflict are all adequately explained. Virtue, competence, vitality, and wither are all superbly shown. The human experience is shown as a little vessel navigating across a turbulent ocean.

There is a lot of description and explanation of the magnificence of leaves and fallen leaves. A few parts of love—love flies, love sings, lovesickness, and love fright—are described adequately. Every single person on this planet needs to love God with all their heart, prioritize loving God above everything else, and see the world

through God's eyes alone. Only then will things change, a paradise. This is the truth, and I pleaded with everyone to follow it. All is calm and peaceful in the globe. The essence of flower, aroma, and sweetness have been reached by me. What constitutes beauty has been defined. I wanted to emphasize how important it is to focus on one's inner beauty rather than one's exterior beauty. The concept of secret love has been sufficiently defined.

A BOAT

Ocean, the enormous human experience where I am a small vessel
Under the benign moonlight, I navigate the serene waters of nighttime sailing
Great, and I'm rowing as hard as I can to get to
The quiet, golden shore at the opposite end of the ocean
And the good mood persisted all night long
As the first signs of morning emerged in the sky, the clouds quickly grew darker
The sky is dumping buckets of rain, the boat is about to capsize, and I'm
While using the little boat to drain the water, I have
My long-awaited project is finally finished; the boat
After a while of flying fast and enjoying the lovely weather, a storm hit.
It arrived with a vengeance; the boat shook so violently that I stared at
I cried out to heaven, but the ship remained afloat and the sails kept going
Praise be to God for His tremendous assistance; the vessel is ensnared in the
The boat is being encircled by the undercurrent, which means it could sink at any time
I had a soft spot for heaven and prayed constantly; I caught a fleeting sight of
The coastal lighthouse; I dove into the water and swam
Against the pounding waves, a great distance swam in the raging ocean
I was sure I was going to drown, but now I know I'm in the safety of the water.
By the grace of God, I blacked out, and when I regained consciousness, I'm
I feel a tender touch from the wind while I lie on the picturesque beach.

A TRUE EDUCATION

Not teaching or loading, but primarily learning.
A young brain that is overloaded and damaging the
White matter in the brain that has been overloaded;
Teaching is only direction; it tells students what to learn
And assist the student in resolving any issues they may be having;
Discussions should take up more space in education than
Imposing a mature mindset on a developing one; self-education
In primary education, and a teacher's responsibility is to
Encourage curiosity in the learner so they can see and understand.

A WATERFALL

Water falling from an upper to a lower level
Occasionally, from a height, a river, or a stream,
Stream plummets, revealing the beauty of love
There is so much charm and beauty even in the fall
That merges, a marvel of nature combined with purity
It would be divine to pinpoint the location of a height.
A tumble, never lose your cool considering that there is
Beauty; you'll become even more attractive if you find it
And never lose hope; always feel abundance of God's love
Hope to experience beauty in the midst of suffering or a fall.

ACTIVITY

The circumstances surrounding the events
Or tasks that an individual or group of people
Is doing; the exercise has been completed
By the body, observed every day and while
The mind cannot match the mental activity
Functions and directs everything in the spiritual
Activity, is the mind and the soul cooperating
And physique; these coordinated processes make
Enchantments; the crucial issue is the combination
Of the soul and mind at work that gives the physical
Body direction, life becomes extremely productive.

ALL THE WAY TO THE CORE

Living a life that is oriented around God is synonymous with obeying him,
Becoming one with God always from the inside; not at outside only,
Disobedience is turning one's back on God and engaging in peripheral worship.
Remain in the center and focus exclusively on God; all else is merely reflection
Always and with God, it is the genuine essence and style of life of a devoted follower;
Absent a central relationship with God and a peripheral pursuit of His approval
Is a betrayal, and he is pushed miles and miles away from the vicinity of God.

APLENTY

I have more than enough, available in enormous quantities
God is bleeding abundantly, and I am less proud of and
God is the epitome of riches; he transcends ideas and
Numbers, beauty, biggest quantities, and everything excess
Stated differently, not fewer in scope or amount; well-structured
The amount of formed stuff never decreases; a characteristic
Like the tiny stars in the night, multiplying to the maximum
The vast sense of love, merely too many for the sky to count
Overwhelmed, what a big and what a quantity, as well
Everything is abundant and a part of the All-Powerful One.

ARE YOU AWARE OF THIS?

The most delicate connection is that with God
It is aromatic and has the sweetest feel
It is indescribable and unfathomable.
Only a little portion of it is far better than the mundane
delight; the sweetness of it is felt by the soul
It is invisible to the human heart and external senses;
The greatest struggle in the world is knowing God
Get honey from Him instead of chasing the world after it
He will always be your carer, guardian, and source of guidance.

ART EXHIBITION

The manifestation or use of human creativity
Usually in the form of art, such a sculpture or painting,
Creating art that is valued largely for its greatness
The ability to elicit strong emotions in others is known as beauty
To observe, assess, and receive gratitude from the loves
To have a glimpse of the grace and simplicity of the
Creation and the innate skills that went into it, all to honor
The flawless images need to be altered to the apparently
The calculating art of being embellished with mental beauty.

BE YOURSELF

God endowed everyone with abilities and traits
They belong to them and are not handed to anyone else,
One's own life is a miracle; it's not for anything, not for
Anybody; avoid trying to replicate and copy other people,
Others won't connect as two have distinct genetic makeup
Attempting this with one's own resources would be a mistake
If one works hard enough on one's own ID, it will triumph in
The race; hone one's own intelligence with the help of God,
As a consequence of unwavering faith in God and the blessing
For the individual, the performance will come out successful.

BEAUTY

Beauty goes beyond appearances
The heart perceives it
Beauty is felt by the soul
Beauty underpins all
Not external, but inward
Inside, very valuable, which may reflect outside
Integrity, love, kindness, and God-fearing
All come together to produce human beauty.

CAKE

The taste of attachment, affection, and unity
And contentment, which comes mostly from the concoction
Composed of sugar, eggs, and flour, occasionally frosted or embellished
Love is a wonder that captures people's hearts with its sweetness
Friendship and camaraderie are brought forth by the soul; see the
People get together when they are amiable and joyful
And the sweetness that will always be enjoyed and tasted,
May happiness and love be ignited in all their splendor.

COHERENCE

Parts fitting together
Naturally, or reasonably, and
No disturbance; in uniformity
One should have the character
To be consistent, think always
Positively, without interruptions
Stay focused on God; never be
Distracted; incessant flow: the stream
Continuously flows over blocks; love
To overcome obstacles, flow effortlessly.

Copyright © Sublime, Dr. K. K. Mathew

CONSISTENCY

The ability to behave or execute consistently
Analogous manner or by consistently occurring in a
Likewise, in cases where failure occurs repeatedly,
Don't give up; remain steadfast; and never yield
That's true manliness—fight to the very end, never give up.
Desperation shouldn't enter one's heart in response to setbacks;
Resist challenges, persist at it indefinitely, maintain consistency
Life is what it should always be, regardless of the result.

COOKING

Love's beginnings in the corner
Passion for ensuring survival of life
All within the kitchen glove
Creating food is the primary and
It's the purest form of loving prayer.
A house takes on divine qualities in
The enchanting notion of love
Satisfied and no longer hungry
Enhancing the pleasure of love
Ideal answer to the pressing problem.

Copyright © Sublime, Dr. K. K. Mathew

COWARDLINESS

A pitiful absence of bravery and escape in the
Threat like a rat fleeing so quickly from fear and
The sense of helplessness, hiding in a hole, and
Better flee; they are incapable of accepting reality,
The mind is running away from the truth; rather it's
Incapable of withstanding, mental instability is the
Only way to resist; and escapism is the real reason.
The challenges: how can this lack of bravery be overcome?
A person who has complete trust in God experiences the
Truth, God will carry the entire weight on His shoulders.

DISAPPOINTMENT

Dissatisfaction or sadness brought on by the failure to achieve

When one's heart loses speed, their dreams and expectations also lose steam

To thump rhythmically, the spirit is downcast, and the flesh is bewildered

There is no attraction, no flavor, and a gloomy expression on the face

Power outage; perpetually alone and quiet; riding shotgun on the coat, perpetually contemplating;

Seeking a way to breathe correctly; confused about life and

How to get over the dissatisfaction that accompanies nightmares?

Finally, figure out how to divide up the work with the superpower, the

Almighty, who is the most compassionate and loving, viewing with compassion;

I feel like I can't help but collapse into His embrace as He opens His arms to welcome,

Within seconds of his embrace, I felt a tremendous weight lifted off my shoulders, it with

The good times soon outweigh the bad, and I am unaffected by disappointment.

DIVINE

Everything made by the creator is divine.

What went wrong? Humans are all divine.

The divine was hidden and repressed by the world and worldly.

How can the divine arise and function in everyone?

Intense faith, to put the world and earthly things aside

To achieve your purpose, trust in God and proceed along the inner, thorny path.

Subsequently, the divinity becomes apparent, revealing that the human is divine.

EMOTIONAL CONNECTION

Our relationship with those we know is unique
Or admire; it's profound, like sharing, and not surface-level
Emotions, exposing oneself, and attempting comprehension
One another or the other; being acquainted with one another
Acknowledging the assumption of a duty to perform
Maintaining one another's well-being and making every effort
For the other, in a prudent, loving, and genuine manner
And make the way free for reciprocal trust, possessing the moral
Enlightenment, getting rid of the idea of selfishness
And with a wide viewpoint on receiving unselfish love.

Copyright © Sublime, Dr. K. K. Mathew

ENHANCEMENT

The procedure for raising the level, or quantity.
Or the potency of something; a developmental process,
Always rise, never descend; trust in God ought to be
Enhanced, reinforced; education ought to, never stop improving
Additionally, there ought to be more positivism in everything,
Refrain from dwelling on the bad, and be always
Optimistic; all virtue will be amplified and always
Suppressing evils is vital; take the initiative and never
Reverse the process; improve your understanding; approximate
And say good-bye to hell and may God strengthen you always.

ETERNAL BLISS

An indescribable bliss beyond description
Beyond the exquisite form, the finest sensation
Every description has a reference to God or heaven
Heavenliness of divine emotion, paradise's bliss
An example of divine love in action; those who
Have been there, they can't speak to it, but their
Heart and spirit brimming with the wonderful delight
Their features blossom with it, and it radiates from within.
When such a heavenly delight is present in close proximity
Why are people so fully caught up in worldly happiness?

Copyright © Sublime, Dr. K. K. Mathew

ETERNAL LOVE

The triumph of feeling is waved by the cooling of emotion
That quickly scans the mind to pique interest in
Just the sweetness of the aroma caressing the soul
The intense emotions that are released caress the psyche
Devotion, validation, obsession, and tender affection
Sensations with the other using the powerful glue of
Unwavering trust in each other, a commitment to never part,
The murmur of melodic notes fills the sweetened heart
Of eternal love, to experience each other's wondrous love with
The victorious, joyful component of intense love with all of its
Honesty and purity, both with a loving spirit as
Souls float, one forever, untouchable by death,
Soulfulness, as one in forever, is the pinnacle of eternity.

Copyright © Sublime, Dr. K. K. Mathew

EUPHORIA

The result of enjoyment or excitement and
Intense joy and feelings of well-being,
More than reasonable at times in a specific
State of mind that is the happiest possible; and
A mental state filled with unbridled joy; an expression
Of tenderness felt in the heart, of loveliness;
Heart, overindulgent feelings of pleasure, primarily
Uncontrollably, cruising the bliss sea
And joy; an extraordinarily positive attitude.

Copyright © Sublime, Dr. K. K. Mathew

EXUBERANCE

The state of having boundless vitality, enthusiasm,
Ebullience and cheerfulness are amazing,
Happy, thrilling, and exhilarating phenomenon
Mental elevation to select the happiness of grandeur,
Seldom ever getting excited to have creative
Ideas that stretch the imagination to the bounds of injustice
Improved mental acuity, enhanced creativity, and
The tenderest emotions, God's expanding love
One feels extremely well; they become joyful and ecstatic.

FAMILY DAY

The couple was endowed with transcendent love
Now let's go on to the kids, a loving haven of affection
And put your faith in the irrational mindset of purity and
Holiness regarding the issue of unity and togetherness
Just to be concerned and revered with an enormous influx of
Holy love's long-cherished desire to transmit the godliness
Here on Earth, the residence of heavenliness and truly
Of love and respect for one another and the inculcation of God's
Blessings eternally with complete reliance on God's power
A day to honor and commemorate the noble human ideals.

FATHER

Too much love circumference grown
The earthly mini-God gains so much as time passes
He felt hearty and compassionate
His vast love singles him
Honestly and strictly, he hasn't been
Compared to others, life is innocent
Carefully and honestly protecting his children,
Funding their upbringing and his
Duty-ids work hard for the family
His perspiration indicates growth
Finally, he retires to visit his family
Eyes shrinking, children up, and contentment
Everything for him to sit in bed with a shining face.

Copyright © Sublime, Dr. K. K. Mathew

FRAGRANT

Possessing an aroma that is pleasing or delicious
Wonderful, amazing feeling
Smell is perceived by the nerves
A comforting and delightful feeling
Ignore nothing at any moment
God put it in Rose, Jasmine, and all the rest.
Delightful aromas and blossoms
The aroma embodies the beauty of love
The combination of divinity and godliness is there in it.

Copyright © Sublime, Dr. K. K. Mathew

GENEROSITY

A readiness to lend assistance or backing goes beyond
The typical or anticipated; the main factor is credibility
Of someone with a huge, and enormously loving heart
Consistently compassionate toward individuals in need
Eager to lend a hand to others, especially the underprivileged
And oppressed; they recognize God in the underprivileged
They assume that the sick and impoverished represent God,
It's a wonderful thing that helping people also helps God
These gentle hearted individuals discover the great love
Serving people and loving God is what makes life meaningful.

Copyright © Sublime, Dr. K. K. Mathew

GOOD NEWS

Informal, encouraging, and positive
Inspiring, alluring, or like; the goodness
is accessible to us, yet few of us manage to grasp it
Being apart from evil is so challenging that the
Majority of the globe is engulfed in negativity, and
Separation is the desired outcome of the good news.
Of goodness freed from evil's grasp; a single thing to be
Speaking of good news should only come after
Goodness filling the heart, for existence ought to
Be the good news; the effect will be unfavorable otherwise.

Copyright © Sublime, Dr. K. K. Mathew

GRACEFUL

Smooth surfaces bestow elegance and beauty upon existence
Adherence to idealistic sentiments, a fondness for those who
Are afraid of God; composed with transcendent grandeur and
Indebtedness to someone's devotion and the effort toward
An attached existence is a life filled with great obligations
To the inner self and openness in all that one is undertaking
It is that the path that human life should take; it's blossoming with
Magnificence of intellect and elegant living—the innate connection
The expression of love always adorns the honor and beauty of life.

Copyright © Sublime, Dr. K. K. Mathew

HOW I DON'T LIKE IT

Casting the line and capturing the fish
Slashing the hen, duck, or cock's neck
Murdering any domestic animal that is innocent
The paradoxes are too much for me to handle
Are these creatures in excruciating pain?
Who is it that hears these defenseless people cry?
I don't think writing all these is a dumb idea
I'm constantly asking myself these things
If this is foolishness, please excuse me.

Copyright © Sublime, Dr. K. K. Mathew

HOW STRANGE

How peculiar love is, how it is fashioned
The most enigmatic phenomenon is love.
It is frequently intricate and self-made, and
She droops and gives off nervous shadows,
It is smooth, doesn't growl, twists and turns,
Bends and straights, the treacherous path
As it is, the glances into the dimension of love
Of radiant warmth, occasionally something to be
Calmed and enhanced the finicky mind and
To satisfy the illusion and fantasy it holds
Never to come, in the area of uplifting thoughts
Being close to it, never touching it, feeling content
At the busiest point in the work schedule, only
To carry its scent, nothing more, and nothing more
And just the hazy recollections of its exhilaration.

Copyright © Sublime, Dr. K. K. Mathew

ICE-COLD MINDSET

Without sentiments, unresponsive, emotionless.
No amiability, completely indifferent to others,
They dwell slowly and softly, always beneath
Own shade, rarely speak out, and always strive to
Put oneself in own shoes; they are in a different planet
Icy-cold, without any sign of affection, and without
The world appears quite superficial when there is love
In the heart; fear is often induced by gloom cones
Fears of being completely cold in every situation

Copyright © Sublime, Dr. K. K. Mathew

IGNORING

Take away the harsh facts of life, whether or not one is poor
Or wealthy, respecting the roles of men and women
Never let the feelings that agree to overwhelm you
Proceed from the fundamental melancholy or joy to the
Determination: establishing the foundations of an agile existence
Strive hard at defining the life's modalities at all times
To be true to the work and true to others and the world
Being compassionate and considerate of others at all times
Never turn around, become enthusiastic, and wish for the best.

IMAGINATION

The ability to generate fresh concepts or images
Or ideas of outside objects that the senses do not perceive.
The mental faculties of creativity, resourcefulness, and
With occurrences in mind, creative vision is generated.
An appealing method to feel and think is to take place,
One desires, the flow of concepts with a visual representation
Beauty: the individuals soar inside their own mind.
To many locations within a fantastic land of interest and
Savor it for a long time; excellent method of thinking
Ideas that come to mind on their own and produce amazing
Thoughts: the imagination is the poet's primary source of energy,
He has a wonderful enthusiasm for writing because he is so creative.

IMMACULATE

Completely clean, tidy, and proper
God's actions are perfect; the universe,
God's perfect activity is unfathomable.
How planets spin is the greatest wonder
Human body organs function is another marvel,
Immaculate actions require God's blessing;
The mind is clean and tidy with God's aid,
The desires of all humanity.

Copyright © Sublime, Dr. K. K. Mathew

IMPECCABLE

Pure, faultless, incapable of
Being sinful; a perfect life
A firm belief in God, knowing that
Fearing God is the key; the melody is the result
Humans perfume life's deliciousness
Person realizes with many God's blessings;
A perfect life is better than
Anything; depends on God and His guidance.
A believer avoids sin in everything
He finds God's sweetness ultimate with experience.

INDIFFERENCE

Lacking enthusiasm and not giving mediocrity any thought

Lack of sincerity in one's thoughts, a mocking tone,

Injury caused by a person's obvious lack of attention, a type

Hating, disrespectfully excluding, or injuring someone

A mindful objector is not following the rules when they dislike

A person's goodness can be perceived as putting someone else down

The genuine indifference toward someone, demonstrating the misjudgment

Of one's own self-made glory, bringing someone down

It never wavers in its commitment to humanity or genuine affection

Distinctive, lacking enthusiasm and not giving mediocrity any thought.

Copyright © Sublime, Dr. K. K. Mathew

INDIVIDUALITY

The character of something
That sets them apart.
Kind, especially when strongly marked; distinct
Existence; individuality is everyone's key,
Personal trait bestowed
He's got the personality quality
Person throughout; fantastic human phenomenon
Life sparkles—people are lovely
It distinguishes the individual; the trademark of
Individuality; never jeopardize it
Whatever his circumstances.

Copyright © Sublime, Dr. K. K. Mathew

INNOCENT

It's difficult to find the pure, sincere, and honest persons
Cos of diplomacy, it's challenging to live in the modern world
To compromise, you must be willing to bend and twist
Toughness of mind, in the current configuration, is the
Essence of existence, many people carry lies, and simplicity
Becoming convoluted and confusion reigns; the entire episode
We are made to head in the wrong direction and nearly everyone
Follow the same path; those who attempt to go in the correct
Track finds it impossible to continue running Cos they suffocate
And fall; the guy can run smoothly if he is twisting and turning.

Copyright © Sublime, Dr. K. K. Mathew

INSTIL

Slowly but surely solidify a viewpoint or philosophy
Within an individual's thoughts or embodied in some material
The beauty of love is conveyed through drips of liquid
How delightful and lovely it is to the heart; remarkable
Divine concepts infused into the intellect and heart; a miraculous
Divine revelation leading to enlightenment; an intuition
The unique nature of knowledge's absorption by human spirit,
The thought of admiration is planted in someone's mind by the beauty.

Copyright © Sublime, Dr. K. K. Mathew

INTEGRITY

Honesty and strength
Non-changing morals; giving
Top priority for personal commitment,
Potentialities, never yielding; it's more of
Stable self-respect;
It never changes;
Heart's unmovable solidarity
Individuality never changes.
Despite hardships.

INTRIGUING

The quest for God is so exquisite and enigmatic
Just like sparkling, striving stars in the sky
To capture them in the most fascinating way
It's unique and enigmatic, which makes it quite interesting
And act like a fisherman looking for the biggest
Treasure buried far beneath the waves; very daring
A distinct analysis of the trilling of the search for God
Intriguing to see the mentality with complete faith in God
And thrilling internal travel, akin to mountain climbing
To ascend the mountain; supreme and unique
Adventures and the significant voyage towards destiny.

INTROSPECTION

Considering one's own conscious ideas and
Emotions rely on an individual's psychological state
The soul's evaluation in a spiritual environment,
Finishing a task is fantastic; the idea of having
Self-evaluation as a knowing process of study

It allows only one to move forward in human life to
Correct all of the mistakes that have occurred in the past,
Rewrite history to make life almost flawless going forward.

JUSTICE

What's the present, only in terms of treatment or behavior
Love and justice are what the world requires; someone who
Believes, God is the highest good, God is usually highly just
Of justice, one cannot do justice with words alone; justice can
Only be provided by God; corruption goes hand in hand with
Those who wish for the entire globe to fall victim to injustice
Alternatively put, justice is one of the elements that makes God
The lack of justice is among the reasons behind all the world's
Problems: uphold justice regardless of the results are what truly
Elevate a person to the great status of a wonderful human being.

KUWAIT FIRE

Some 49 persons, mostly Indians, were
Killed in a major Kuwaiti six-story fire;
Yare workers toiling in the desert bringing up
Their destitute families—so heartbreaking
Because these families lost all hope.
They are drowning in sadness
They're suffocating; despair so large,
Miseries must win over affectionate people
Hearts of millions—humanity should arrive
All together, with a terrific attitude
These poor, vulnerable folks are not left out
And keep them close to several chests.

Miseries and pain in sufferings that outlive human life,
Love is in air, evermore polished and sturdy each day

Confusing and frightful, the emotions arrive
A sense of impending disappointment
Genuine affection remains a necktie causes

Shines in the spirit, revitalized, entrusted to trustworthy care.

There won't be any wars or other conflicts, thus peace

THE FALLEN LEAVES

They dance in the strong wind and it's a beauty,
The tree breathes thanks to its leaves' uptake of
Carbon dioxide exhalation and oxygen intake are prompt
One can never have exhilarating moments when
Grow old; as soon as the energy is gone
Fall foliage is becoming less useful as they age
Become pallid and feeble; weakness causes them to bow

Happy to receive them in the air and in nature
Despite the cruel tree discarding them, the caring

THE TINY BLOSSOMS

They await my arrival with bated breath every morning
At that very second, they joyfully shake their heads
Caress them, nourish them, and keep them hydrated
I was with them for a considerable amount of time and
Being in their company fills me with joy and excitement
The jasmines are the flowers that represent immense affection
Fragrances are dispersed all over in the morning by them
The scent permeates the entire yard, even to the stones
When I was gone for days, I really missed them
Without a doubt, they are now my closest pals
They occupy the majority of my morning hours
We became really close and loved each other
I take great pride in tending to them as a gardener
In the stillness of night, I feel their sweet presence

Like a precious gem slowly making its way into the dirt
Deep understanding and vision are constants

Feeling stuck and unable to communicate
Despite my best efforts, I was always too weak to succeed.
Every day, we witness the one who embodies love
We discuss governmental things every day
What I see in her eyes is love for me
But telling her my intentions is too much for me right now
No amount of professed affection could ever reach her ears
I was transferred, so now I'm not with her.

Lots of difficulties here, a series of misfortunes on the journey
For numerous years or decades, only complete trust in God was necessary
As it saves the person from falling, his faith grows stronger
Mile by mile, the worldly and its separation from him grow farther apart
His internal senses open up from closure, allowing him to see and hear
Along with him, he approaches God's presence and arrives at His vicinity
Upon realizing that everything within him is God and that he is nothing
From now on, God takes care of everything; all God needs to do is do His part

WHAT A STRANGE WORLD

As I looked around, I saw only a few attractive but tough
With so many hearts, and love becomes shallow,
It has little worth, may be phony, and cannot rely on many,
Sincerity is trampled underfoot for the words offered;
Thinking and relaxing on global peaks; a sort of betrayal
The delicate nature of love has no place in the common affair of faith
The majority of people are unaware of the inner height, the ultimate
The most genuine; a materialistic matter devoid of all spiritual understanding
The world is unreliable and mocks people without any integrity;
When a sensitive heart is present, innocent people endure great suffering
The ups and downs of life's journey are too much for them to survive.

The mind is improving maximum concentration
It is totally-focused, not swaying or shifting
Complete silence; the centre of the mind
It's the site where one can speak with God

The decay caused the perishable body to split, although the truth

It is a request for the ecology to be preserved and restored,
Grow forests, revive water sources and bring back soils.

WORLD OCEANS DAY

The planet's lungs, the ocean, are covered in
70% of the earth; it provides us with life and sustains
The basis of humanity; the ocean yields at least
50% of the oxygen on earth; it's the most abundant
The primary source of protein on Earth and its biodiversity.
The key to the economy is the ocean, 40 million people are employed.
90% of large fish populations are depleted; highly depressing
50% of coral reefs are destroyed and depleted; we are taking action to
More from the sea than is refilled; and we should cooperate to
Establish a fresh equilibrium with the ocean that is self-sufficient
Instead, it gives it fresh vitality and vibrancy again
The topic on this day in 2024 is "Awaken the depths."

SUBLIME

DR. K. K. MATHEW

Sublime is the poet's 45th collection of English poems. The vast majority of these one hundred poems have a profoundly spiritual or mystical tone. Poems that reveal something about the poet's inner thoughts and feelings. The enigmas of God and the cosmos are touched upon in them. They severed the way to introspection and the route to enlightenment.
