PREFACE

This book is my 23rd collection of Poems in English. The 100 poems in this book were written during January and the first half of February, 2021. The poems are mainly mystic and spiritual. It is really a spontaneous outflow of my inner feelings which I copied on the paper. I invite the readers to evaluate these poems.

A POEM

You're a poem of words, sweetened scent
That caresses my heart, mesmerizing is the
Beauty of your heart that beats with that of
Me, the beats of your heart murmur and
I hear a poem of beauty that tells the story
Of your soul, an angel flying down to earth
With gravity of sweetness to thrill with the
Disposition of heart, illuminative strength of
Your soul sweetens my imaginative world of
Recurring vision and perception that I am
Absorbed in thickness of wonders, it fits in
The exotic lyrics that ring in the depth of my
Heart and it swims merrily in the bay of love.

ADVENTURISM

The thrill of life that dipped in my heart
Converts the monotonousness in me to
Adventurism, on that I hang on like the
Kite flying in the wind to land on the top
Of the mountain from there I don't want
To come down, I am in the thrill of the
Cream of life to be poured into the soul
Of me, that keeps me high always in my
Thinking, always I move forward to the
Realm of touch on something new and
Great, it makes me fresh, and to expand,
Not to shrink, enjoying the magic of life.

ARTIFICIAL INTELLIGENCE, A POINT AGAINST

The advancement of science and technology makes man Capable of creating AI and man, he may be thinking of Creating even God; alas, man is crossing the limits of what God has intended for him; the Almighty who has created The universe which man knows only a fraction, yet trying To know further, has put boundary of all what man should Do which man is crossing now, it is sheer disobedience to God, man is trying to show artificial brain to be used for the Benefits of mankind, trying to surpass God, might be thinking, There is no need for God, we will be doing everything for us; What will be the outcome, man is to think with an open mind.

Copyright © Valentine Flowers, Dr. K. K. Mathew

BALANCE

The up and down equals, the balance maintained,
The universe with positive and negative, neutral
Is maintained, the earth with positive and negative
Equals, the north pole and the south pole balanced
And the earth revolves, the goodness and the evil
Balanced but the goodness has the upper hand and
The world survives, balancing the heartbeats and the
Respiration make man living, balancing is the act of
Heaven to maintain, persist and survive, lest the world
Perishes, man spoils it but God is kind to maintain it.

CANCER

Uncontrollable division of cells of human body
That multiply without stopping, occur not only
In body but more severely in human mind that
Is detrimental to the society, nation and world,
Highly poisonous, it decays human mind and it
Becomes rotten, dirty and filthy, it is much more
Hazardous than cancer of human body, it emits
Poison everywhere; the hatred, envy, selfishness,
Egoism, dishonesty, insincerity are highly explosive
And might bombard any moment, destructive to
The world; how to heal this highly potent cancer?
Only irradiation by sunlight can heal all the growths.

Copyright © Valentine Flowers, Dr. K. K. Mathew

CHOCOLATE

Brownish darkened feelings in me condensed
To form the cubes of excessive delicious sweets
That take me to heaven to make life like roasted
Cacao seeds powdered with honey of souls, that
Is dripping down to drag the infantile hearts to
Come together to chew and taste the heavenly
Sweetness to bring souls down on earth and take
The infants and children, even the adults to the
Horizon of love, that is so sweet, love mixed with
The chocolates, make them most enthusiastic to
Eat more and more, come down and united forever.

Copyright © Valentine Flowers, Dr. K. K. Mathew

COMPLICATED

Not smooth the life is, so many up and down
The path is perilous, thorny and most difficult
One to stride forward, so much of energy used,
Time wasted but it is so useful, knowing it only
Much later, even at the fag end of life, but for
It, wouldn't have become the skilled person like
What now, tribulations are the training to mould
New shape interiorly which we don't know now,
Never lose heart then, be firm in mind, not look
At sufferings, hope for the better, develop faith
In you, the best way to jump over hurdles, you
Are the best to counter, conquer and to become
Skilled, most efficient to reach top of mountain.

Copyright © Valentine Flowers, Dr. K. K. Mathew

CONFIDENCE

The theme of firmness in heart and mind to be
Stated in the depth of the value life, that is the
Flow of divine love from above to soul and then
To heart that in turn showers the blessings God,
The feeling that God is with me, in me, He shares
The burden of me, the utmost belief “I can do it,
I will do it and I can face anything adverse, how
Much severe it is, as He is with me”, the dictum of
My strength, that is the confidence I have, I could
Strive forward with his might that makes me win.

CREATIVITY

Minute talent of God bestowed on man
In the pursuit of creating something new,
Divinity and talent mixed together to form
The creation that is right from birth, later
Developed when grown up, it is beauty to
The heart and soul, it enriches usefulness
To the society, the marvelous creation with
Exquisite characters, can't be compromised
By sharing the talent with anyone to create,
The love of God flows in the creativity, the
Credit goes to the product of creation, not to
The artist; well balanced God's love in depth.

CROSSING THE LIMITS

Everything has a limit, it is marked by soul
Up to what extent to be done earmarked, if
The limit not crossed, everything fine, nothing
Hazardous, no disturbance, no unrest and no
Violence, man to obey what inner mind dictates;
He feels a pull when he is about to cross the mark,
Strange to say, man crosses the boundary, not
Heeding to the inner voice, overturning everything
what is intended for him, an array of disobediences
That fires and that spoils, it is the inner picture.

DAILY BREAD

What for me to eat daily, I have a word for me,
Extreme thinking unnecessary, spontaneous
Outflow enough, without food and drink I can
Live, it is the truth, what makes me live without
Eating and drinking is one thing for sure, that is
His blessings, my close contact with Him and
My intense faith in Him, Jesus is everything to
Me, I communicate with Him every moment,
I feel Him, I taste Him and I relish Him, without
Him I get suffocated, strangulated, I'm in full
Darkness; every day I travel ten miles more ahead,
Today I'm not the person what I was yesterday,
He is my mentor, guide and He nurses me daily,
His love for me is immaculate, He is so kind to me,
He is my daily bread and drink, He is what I'm today.

Copyright © Valentine Flowers, Dr. K. K. Mathew

DARK ROSE

The black beauty with a rosy red heart
The petals all deep dark but the soul is
White glittering, the heavenly white and
Red inside make the flower astonishingly
Beautiful, love emitted by the flower is
More intense as the beautiful heart and
Soul make it, the interior makes beauty,
Not the exterior, as interior is reflected
Through the exterior, while the exterior
Is vacant beauty if the interior is empty,
It is judged fully by opened deep senses.

DEATH ELUDES POETIC SOUL

Death can't compromise with poetry in the soul
Dark iron hands of death inactive before sweetness
Of poetry as it carries Godliness, it repels the cruelty
Of death, poetry is so tranquil, the purity of the truth
Inside, purity emits Godly power, the soulful poetry
In you does it, not the poetry of heart or body or the
Poetry of anything else, poetry in soul lifts the poet
Above everything detrimental, it is God acting in his
Soul, the purity, love, and sweetness, in poetry make
Soul heaven where God lives; have the soul truly poetic,
Don't think of what has happened before, but it is today.

DEVOTION

The devotion to you enough for me to live
Merrily, peacefully than having anything in
This world as I could see you with my deep
Senses which are open, it gives me the thrill
To enjoy the paradise in you and so much of
Enthusiasm in me to concentrate on you, no
Disturbance in me as I could see you with my
Deep senses only, that is the result of extreme
Devotion of me to you, my Lord, outer eyes
Of me only for living, not for devotion as I'm
Blessed with deep eyes to worship you, for I
Have full faith in you, everything except you
Gone, only you remain at the bottom of heart.

DIPLOMACY

The art of skilled mechanism in solving complicated issues
By mutual understanding or discussion in non- violent ways,
The success depends on the diplomacy only, one can live in
This turbulent world only by it and the straightforwardness
Leads to complications as the majority in the world are the
Difficult ones to be managed, the violence is disastrous in the
Present world, only the peaceful methods succeed, for that
One needs the diplomacy especially in the international and
National relationships, even in the society one needs it to
Solve problems that arise, skillfully managing everything.

DISCARDED SWEETNESS

Sweetness from discarded one, the neglected
Grows and flourishes, the sweetened way of life,
Once gone but not everything lost, never accuse
Anyone so low, only circumstances might make
The person like that, the situation might change
Any moment, the low becomes high, the sweet
Becomes sour, only time tells it, world is changing
Always just like the earth revolving, nothing is
Constant, fluctuation is the core of human life;
The thrown- away mango nut fell on the barren
Land without manure, without anybody knows,
It grows to mango tree, full with mangoes ripe,
Sweeten so many, heart and soul sweetened.

DREAM

The input of imaginary scenes that is underground,
The scenes fume into subconscious mind to come
In the sound sleep or resting mind to manifest as
The wonderful world of reality that is seemingly with
Every element of mind and body to evoke happiness
Or sorrow or wonder and fixes mind with supernatural
Zone of enthusiasm, that calms and relieves the daylong
Tensions to hallucinatory findings of relaxation, a form
Of freshness that bathes interior of heart to specification
Of the urge of the mind to detach itself from the primal
Paramount of mystery to the reality of mind and body.

DRIZZLE

Heaven smiles, tears of joy fall down,
Cloud in the sky, clouds move away from
Sun, darkened and they rain little till the
Sun comes again, clouds are on the run to
Escape from sun and the rain stopped, once
Sun is away, the clouds assemble and rain
Again; this 'Hide and Seek' continues till the
Sun moves faraway and clouds rain heavily
To wash off dirt in hearts and land, it is the
Blessing of heaven and the heaven smiles.

DYAMISM

The action of mind and body are synchronous and
Excessive in nature, in quality that too like machine
Working, non- stop, or like a stream flowing incessantly,
No rest, activity intense, in fast motion, never slowdown
And all elements in mind and body so active, each cell is
Filled with enthusiasm, spontaneous dynamism evolved,
Man becomes symbol of enhanced activity, explosive in
Character, to do more and more his motto, too much to be
Accomplished every time, the person finds purpose in life,
More and more to be done before falls down, such activity
Is potentiated by the extraneous factor like the oil of engine.

E=mc²

Einstein said, energy equals, material times
The speed of light squared; energy from the
Non-living substance may end in destructive
Power, atomic bomb, hydrogen bomb etc;
But in living man, if the spiritual dissection
Done with absolute faith in God, constructive
Power generated, my theory is as follows-
 $GE = -w^2$, God's energy equals, minus the
World squared in man; if the passions and
Aspirations for world and worldly removed
Spiritually from man, power of God generated,
It is love only, the eternal love, the Godly love.

Copyright © Valentine Flowers, Dr. K. K. Mathew

EGOISTIC LOVE

Writing so much on love, telling high ranked love
But head is much above love, never comes down
To the level of love, skeptical in love, highly partial
In selecting love, as if “I am something great, I have
My ways of life, you should be at my footsteps if
You want”, such demanding apostle of love, never
Heed to anyone, but writing much about love is the
Lover of today, digesting love, not retaining it, and
Excreting it, love decayed, decomposed but coated
It with stains of gold, to be rigid but not flexible and
It glitters outside, not inside, the image of love, never
The actual, to be called egoistic love or love mimicry.

Copyright © Valentine Flowers, Dr. K. K. Mathew

EVERYTHING LOST BUT....

All is gone, nothing with me, heart and mind crushed
But soul is working, I trust, it will never leave me, I am
Sure, my trust in God is fabulous, definitely there will
Be a way out, I must look for it, I strive for it, but I can't
Find anything, I look inside me, nothing seen, everything
Blank. A big vacuum inside, outside is dark, nothing could
Be seen, I looked up, a faint glow, I feel, my soul glitters,
It won't fade, I tell myself, it gives me courage, I search
And search again and again, I won't give up my trial,
So strong my determination that gives me energy to
Strive, to search and I didn't fall down, I feel, the glow
Is calling me, I move forward with all might, nothing seen,
I thought I am lost forever, but my grip is not released,
I held on something tightly, at last I could see the glow
Glittering by my side, I looked at it carefully, very strange,
It is the outlet, a large door to a palace, now I am fully in it.

FAITH TO BE CHANNELIZED

Faith in God is faith in man and faith in science,
God is in every man in this world, in nature and
In science as He only made them and they are
His gifts, man is made in His own image, nature
Is created for man to live and science is His gift
To man, he must find God in everyone, in nature
And in science; faith in God means faith in all
These, any help from anyone must be seen as
Help from God only and the beggar pleading
For help is nobody else but it is God pleading.

Copyright © Valentine Flowers, Dr. K. K. Mathew

FAITHFULNESS

The bond between man and his creator must be transparent and tranquil, it is the law of creation; Faithfulness the basis of creativity, to give and to receive, the phenomenon of equality that is split into two, the father and son, among the products of the creator, then only the uniqueness of trust established, man faithful to God, man to man, the pinnacle of truth instilled in every heart and soul, that is reflected on purity of every creation God does, purity is core of God, faithfulness the main content of purity, if that is spoiled the perfection of creation disturbed and the whole equation is disrupted, the relation between God and man is broken, man becomes spoiled, imperfect forever.

FEAR NOT

Steel to be your mind, have wish to withstand
Whatever be the adversity that comes in your
Way and hinders your passage in long life journey
Not bothered about anything as something must
Have fallen on your mind, too much to say the glory
Of it that will make your mind firm and sturdy and
Never to bend or break, mind to be at the low
Level, too simple and humble, let the super light fill
It with the magnificent blessing of it, the nullified
Element of fear comes, you will be unmoved but
The realization, the fear is fake comes true in you.

Copyright © Valentine Flowers, Dr. K. K. Mathew

FEATHER

The lightest in my heart that floats in and out,
Fills it always, to be drawn to the joy of soul,
That I feel it is flying high and high and I catch
Hold of it, it lifts me high up in the sky to the
Horizon of love where I am painted with love
And my whole body is drained out, my soul
Is left, that is love only, it is feathery floating
And flying high up to heaven, shines when the
Sunrays fall on it, it looked most beautiful but
It will never come back on earth because it has
No gravity, it floats merrily always in the eternity.

FEELINGS IN THOUGHTLESSNESS

Mind fertile, but vacant as no thoughts come out
Mind stretching, nothing sprout as thoughtlessness
Lies flat covering the mind, me distressed, can't think
Of anything, mind becomes completely empty, no good
Or bad thought pervades, a sort of misty vision inside;
Mind start vibrating, slow waves of sweetness exude,
A pleasant feeling of softness caresses mind, it starts
Tuning sweet melody of heart and soul which I could
Perceive, a sort of divine insight in me that tells the
Mood of exuberance coated with divine feelings and
Felt, heavenly insight comes when mind is thoughtless.

FLOWERY AILING HEART

Beating at low pace then rapidly off and on
Dilapidated heart to cope up with maximum
Effort, muscles are weak, it might stop at any
Moment, but it functions as much as it can,
So much happy and contented as it could do
Its function, contracting and dilating so nicely
Since the past many decades without grief or
Any complaint, what a joy it has when heart
Thinks of it, this moment is more than century,
Heart now looked flowery, beautiful red rose,
The red blood it pumped is very grateful to it,
It kissed heart and painted on it, the blissful
Heart a rose with mesmerizing beauty, sends
Fragrance in and out, the nectar comes out of
It, the most beautiful day of its life, before it falls.

FLYING

I'm flying always and my body on earth but my Heart is flying, soul is flying, imaginations always Take wings, all these take me up from the pain And sufferings of the world, my body becomes Insignificant one, significantly all what in me is Above and they pull me up, I never feel body is On earth; heart and soul won't fly together, only One at a time, never at a time my thoughts or Imaginations won't fly, super feelings and great Thoughts come, that is the truth, transparent And tranquil they are, they combat negativity in me and the freshness of mind instilled, never They become stagnant, the stagnation is the Cause of pollution, the polluted thoughts or the Imaginations; the insignificant body is stagnant While what inside me is always flying very high.

FREEDOM

Freedom of soul, the root to be released
From the bondage of the worldly passions
And aspirations, to be mitigated with the
Vast input of absolute faith in God, the only
Way to have freedom at the base and that
Culminates to the awareness of freedom to
Every one irrespective of caste, creed, and
Color, the insight of freedom to be enjoyed,
What may be truth of the crux of freedom
Pours the wisdom of not to exploit others,
Let them live free with honor and dignity,
Equality to every one, that puts the basis of
Harmony among all and the right to live free.

Copyright © Valentine Flowers, Dr. K. K. Mathew

GENIUS

Very little of the universe known, the bulk unknown
The one who touches on the unknown, the one tries
To explore it, the one finds little bit of it, a genius with
Talents extraordinary, that, one gets by blessing of God,
The person gets access to the sphere above the world
And worldly by intense faith, his deep senses opened,
He sees and hears with them, he is approximated to God,
God reveals the truth and he works on it, what he gains
Is mainly by revelation, he detects something beneficial
To world but the one without God may find detrimental.

Copyright © Valentine Flowers, Dr. K. K. Mathew

GLORY

Glory to one person only, the one perfect
Who else to be glorified as glory imperfect?
Glory to the one who created everything
Do we have the wisdom to think even the
Minute fraction of what He has created?
Then why should we be proud of ourselves?
Pride goes to Him, glory should go to Him
We are only to beseech Him, plead to Him
To be with Him, then He will be in us and
We are to be illuminated with His glory only,
We are to share that to others, we shouldn't be
Egoistic as we are nothing and He is everything.

GO BEYOND HEART

Love of heart, many times we hear and see
Heart to heart love, love extreme, we dream,
It is as firm as rock, we believe and so much
Of love showered on both sides, but a simple
Thing irritating can spoil the whole show and
Many a time love ends in failure and even in
Catastrophe as the partners can't tolerate the
Slightest shake, each one expects too much
Of love from the other person, leads to havoc,
Even depression; how to tide over the failure?
Realize, heart pumps blood, the muscular organ
Beats but it is perishable just as the love is, try
To go beyond heart, to the non-perishable one,
The soul, it is immortal, if the love focused on it,
The love too eternal, as the soul is with each one
Always, soul to soul communication, not expecting
Any materialistic benefits, getting so much of love
From soul as the soul is the epitome of love, hence
Could forgive, could sacrifice for the benefit of the
Other, such non-materialistic love exists, the root
Is soul, in silence soul communicates with soul and
Relishing the love so sweetly, no need to see directly.

GRANDMOTHER

The hue of smiling face, deep in intensity,
Has the notion of great fondness that sways
Gently to heart and it paves the way to the
Vast ocean of love, the boy and girl dissolve;
Bright eyes and sunken cheeks of grandma
Offer the water of stream that is pure and
Holy, that washes the heart and soul and it
Electrifies the magnificent kindness that puts
The grandchild in her lap, to be embraced
And kissed one hundred times, the love always
Vaporizes to heaven and it rains as honey in
The young hearts giving nourishment of love.

GRIEF

The negative thoughts make mind negatively charged
The mind becomes flaccid by losing its texture, becomes
Weak, can be pulled to negativity completely, but it can
Be positively charged if positive thoughts neutralizes the
Negative thoughts or when sunrays fall upon the flaccid
Mind, the heat warms the mind, the thoughts all become
Positive and the mind becomes positively charged making
It taught, firm and active; the sun must rise in you always,
Never the sun sets in you, if you genuinely need sunrays to
Bathe you, mind is positively charged and it neutralizes the
Negative thoughts, making the mind active, firm and sturdy.

HAPPINESS AND BLISS

The mind with intensity of feelings and emotions
Converge to form, interlaced each other, caressed
Positively with the soothing effect and sweetened,
Happiness the outcome, it simulates mind with the
Output of positive charge, brings out uphill of mind.
The extraneous divine feelings that falls on the soul
And transmitted to mind with magnificent positivity
To be charged with exotic stimulation and it previews,
The joy of heaven comes to mind, with indescribable
Happiness that is solid, it never fades soon, the bliss.

HARD DAYS AHEAD

Difficult days are now and ahead; when the world
Totally free from Covid19, nobody knows, only God
Knows; the petrol and diesel prices in India is soaring
High, the only option is to limit use of the fuels and
Change the lifestyle accordingly, live with minimum
Amenities, no luxuries; we must think of a person, not
Able to meet the basic needs like, can't defecate, or
Urinate, or ingest food, without anybody's help, what
Is the use of having so much of money with that person?
Think About it for a moment, it can happen to anyone at
At any time, it is the most horrible life on the earth; having
The basic amenities is the best for everyone, more than it
Is luxury, the basic amenities are enough to lead a peaceful
Life which is the treasure of life; live fully satisfied with
The least required, it is what the Covid19 virus teaches us.

HEART IS EMPTY BUT FULL

Thoughts of any kind absent in heart
Heart is repulsive to worldly thoughts
Heart muscles stronger with faith in God
And heart is full with feelings unseen
They are unknown to the human brain
The unknown from above communicates
That is from soul transmitted to heart
Unknown visions flow into the heart
That is visualized with the deep senses
The unknown falls on soul from above
It is blissful deep feelings unexplained
World is gone, heaven in heart and soul.

HEART PAINTS

It is a reality, not a hypothesis, not any untrue words
But the vision that 'open deep senses' see which the
Outer senses couldn't perceive, that is the ocean of
Beauty which every human being able to visualize if
Deep senses opened; heart paints with blood that is
Transformed to the magnificent pictures of heavenly
Beauty which no words can describe, only the 'open
Internal senses' can pick it, the panorama of beauties
Of hundreds of colors turn the inner mind to heaven
Where the sky is the canvas, heart paints the truth of
Heavenly life with blood that speaks volumes of God's
Love that lifts the inner soul of man from the sufferings
Of the world, from pain, grief, and despair to paradise.

HOLY SPIRIT IN MAN

God in every element of the universe
But it is unseen but felt, the soothing
Experience of heart and soul, that is
Unparalleled, the keenness of heart
Picks the feeling of presence of God;
The incessant search in life ends in
Infinity, there is no beginning and no
End, the materialistic man on search
Continuously with the scalpel of faith
In God, the material is dissected out
One by one, the dirt in him is gone
And what left is the non-materialistic
Soul, that is the spirit of God in man,
That is in the life on earth with the
Body spiritually inert and inactive and
That is one day physically separated
From the soul and perishes on earth;
The soul liberated from the bondage
Of body, glitters in the infinity and it
Floats with joy in the infinity forever.

HONESTY

Tell clearly what you are, what you have,
What you know, no error in what you do,
It is perfection with faultless perception,
The honesty, it is what God made as He is
Spotless and He wishes those made in His
Image must be like Him; He can't tolerate
His children move away from perfection
Which He has given them; it is the honesty
That must keep every one clean and tidy.
Cleanliness of heart and soul possessed by
Man makes him equal to the image of God,
Absence draws man away from Him, leaving
Everything in him untidy, unworthy of man.

INDIVIDUALITY

The supreme to be reckoned in a person that
Flies over everything, marked as the milestone
In everybody, to be accomplished with great
Honor to be loved, to be respected, to be adored,
That is to tell the dignity of a man or a woman
Charmed with the beauty of that individual and
Marked distinct from others that makes the person
To realize it fully and believes in him or her that
Make to stride with ease on the thorny path in life
Journey, to win over the hurdles in front, a different
Personality developed, so much accomplished by
Everyone in professional life or in personal life that
Is the forerunner of the every success one secures.

INPUT AND OUTPUT

The theory of universe, the theme of life is
Input and output, to receive and discharge;
Everywhere you see it, human body does it,
Heart receives and sends, lungs and kidneys
Do it, the universe does it, it receives the love
Of God and discharge, the motor vehicles do.
But the most important one, man fails to do
It correctly, the human life, the journey to the
Goal, to the truth, to find out it, he receives
The great love of God, but fails to discharge
It, many finds it difficult to walk on the right
Path, they can't move away from the grip of
The world and fail to move towards the goal.

INTUITION

The words of God transmitted to the mind of man
Revealed to the interior of mind, that form the
Soothing moment of human life, that trespass all
The adversities that encountered in man, release
All the tensions in mind, revealed for seconds only
But its effects last for decades as Godliness in it,
It surpasses the science and human intelligence.
It is the truth of today and tomorrow, it acts as the
Waves of love that bestowed on man, lifts him from
Imminent danger that might be devastating, man
Is showered with blessings of success, once in a
while, but it is permanent to caress human heart
And soul, way opened to stride to infinite success.
Absolute faith in God, the basis of intuition to be
Delivered too often as the barrier between man
And God crushed, man approximated to God, in
Vicinity of God and man hears the words of God,
Man gets the blessing of communicating with God.

IRONY

Too much contradiction around, everything floating
And moving, one day one, the next day another; telling
Something, doing the opposite; mind isn't transparent,
One can't see the image there, it is translucent, cloudy;
Ideology one but practice entirely different; holiness
Spoiled by dirt; love is replaced by fake love; pretension
Is on the pleasing side, but heart is different; the sincere
Becomes most insincere; honesty becomes dishonesty;
The most obedient becomes disobedient; the savior
Becomes the killer; peace is replaced by violence; the
Steadiness becomes unsteady; promises often become
Valueless, it seems the world is a bag of ironic disparity.

LOVE IN QUESTION

What to do, something complex at the center of heart
That will never deter at any time, never pulls me back,
The complexity of the glow at center, it is what I call it,
Vaporizes as mist and kisses every part of me, not able
To put into words, what is it, I don't know, keeps me in
Imaginative world where the unknown power fascinates
Me with the trill of enchantment that absorbs me with
The vision to enjoy without any reason, heart and soul
Dissolved in the sweetness of undetected reason and
It rains honey in me and I sail on the stream that flows.

LOVE IS DARING

Love fills brain with madness
Love has no eyes and ears
The most sweetened on earth
Love pulls heart and soul down,
Dipped in it so deeply, difficult
To rise up, suffocated with love,
As brain is evaded, heart and
Soul take the course and no
Sensibility since the brain is off;
No fear, no negativity, love is
So daring, so bold, ready to face
Anything adverse, mind is sturdy,
Steel-like, weak becomes strong.

MAKE ADVERSITIES A BLESSING

Wise men realize and strive to execute,
They make everything a success, bad and
Good alike for them, they take everything
In the proper sense, they walk on the valley,
Try hard to scale the heights to reach top of
The mountain, they realize, without anything
Opposing, life is quite boring, monotonous,
Life is to be enjoyed with opposition only and
There is nothing good without anything bad,
But for the tribulations, one can't reach the
Pinnacle in life, repeated trials are to purify
Mind, to develop and strengthen faith in God,
Then faith comes for rescue in difficult times,
The path becomes clear, journey to top easy.

MARRIAGE

The miracle of unity that trespassed both hearts,
The bond to be unbreakable chain that should never
Break, the link to be strengthened every moment
Becoming big rope at last, both the hearts hang on
It forever, on it they unite, the body, the heart and the
Soul together, inseparable, they become one, fidelity,
Holiness the core, the willpower makes them steel-like,
Never to bend but shines, the glow around, magnificent
Love of God lives in them to be flown outside, wets every
Heart; the family becomes the home of love and kindness.

MARTYRDOM OF GANDHIJI

Gandhiji, the name that sparkles in every heart
With the divine vision of non-violence, love and
Kindness that had paved the way for freedom of
Our country, having been blessed by the golden
Feather of his martyrdom that tells upon everyone
Forever to love, to be loved, live with non-violence,
The harmonic togetherness the best drug healing
The wounds in the heart of the country, universal
Brotherhood, sisterhood and motherhood are the
The honey dripping from heaven, painted on the
Surface of the country, the supreme sacrifice he did
Enlightens the country to surpass all the disturbances.

MASK

Free from the imminent danger, so the protection,
What man tries to resist from the tiny virus so as to
Think safe, the world thinks so, but the heart tells
Something different, the core of safety in heart and
Soul that is spoiled by the dirt accumulated there,
Deposited, so hard, not to be removed by worldly
Means, the pandemic virus a reflection of that and
The world is hard to believe it, as they don't see
Anything beyond the world, science is the panacea,
Well, it is good, the partial recovery that is helping
A lot to execute on benefit in illness, the depth of
Malady sinking in the mystery for the cleverness
In handling the sickness, that too the advent of
Vaccine and its introduction with the strong hope,
It will eradicate the virus but the real protection is
From the depth of faith in God that transcends as
Winner, the fort around heart and soul that to be
Known to everybody as the permanent protection.

MATHEMATICS OF THE BASICS

Fascination, attraction, passions and aspirations
For the world and worldly very heavy, nothing in
The world can separate that, but something very
Much lighter than anything, tiny fiber of cotton
Floats in air, that can't be attracted to the earth
By its gravity, it floats and floats; soul the lightest
Of all, within no time flies past the gravity of earth,
Goes above and above and floats in the eternity,
Even in its course to the eternity on earth or in man.
One can't get into the soul unless the adhesiveness
To the world and worldly detached, nothing on earth
Can do it as the worldly aspirations are so solid and
Unbreakable; only strongest faith in God can crush it.

ME TO SHARE

Me to share, the great concept, to follow
It solves everything complicated to make
The world harmonious and peaceful to live,
The hard mind to be liquefied by adding sugar
To it, it is to be mixed well, what is the sugar?
It is the sweetest in the world, the love of God,
Easily available, anyone can get it; now mind
Is liquefied, hardness gone, what is the liquid?
It is love only, the sweet fluid, it can't remain
Stagnant, it should flow, then only love glorified,
Liquefied human mind flows, it flows to others,
Flows everywhere; we are on earth to share only.

MERCY

Skillful meaning of forgiveness that comes from
Kindness to overcome the hatred that arises at
The bottom of heart, having kept the mind in the
Melting stage, having the divine realization that
We are no one to punish anybody, compassionate
Ground of making the element of love in heart and
Making the move to have the adaptability of great
Manifestation of very softness of mind to pick up
Goodness in others, ignoring the bad elements in
Them, to lift oneself to the height of magnanimity
Of accepting the hardness of others with big heart
And have the greatness of forgiving in true spirit of
Accepting others, extending love and compassion.

MOTHER GODDESS

The love with tranquility and immense beauty
The different colors together painted to form
The exquisite creature, each element of it sings
The glory of God, so near to us, with us, the earth,
The nature with the loving heart, beating for me,
For you, with ascendancy of marvelous creation
Of love that showered on us, which we do not see
As the worldly make us blind, only the closed deep
Senses open which recognize the extreme love the
Earth has for us, one is convinced, she is Goddess.

MOTHER TONGUE

The fetus in the womb hears what the parents
Talk outside, it grasps, the moment it comes out
Of the womb, the cry has accent of mother tongue
And the infant starts telling the syllables that were
Learnt in womb, infant has the blood relationship
With mother tongue exactly like what with mother,
The language in every element of body and mind
That transcends the child to learn how to love and
How to respect others, a great medium of heart to
Perceive and deliver and it remains the basis of all
Success that is to come, child is highly indebted to it.

MYSTC HEART

Mysterious idea of hanging from heaven
Too much depth in its tranquility to draw
Humans to the imaginative spiritual heart
That lives in the insight of few, having the
Godliness of controlling human body and
Its emotional, spiritual readings, lift man to
The uphill of divinity where man comes to
The vicinity of God, where he could perceive
and conceive the holiness of transparency
which lifts man up to magnitude of power
of God and his inner growth reaches the top.

MYSTERY OF HEART

The epoch making heart at its best to defend
And attack the intricacies of life that pervades
The smoothness of life to beholding the glory
Of life with the aptitude for the perseverance
And the great expectation to get into smartness
That is to come in the way of flourishing and
Nourishing the elements of body and to exert
The physical and mental strength to overcome
The lapse of energy to induce the desire of life
With the stimulation of acquaintance that is to
Perpetuate the emotions to towering magnitude
Of wealth that is to come with pumping of blood.

MYSTERY OF LOVE

The sticking one, not loose, the semi-solid red gel
Adheres to any surface, it is elastic too, it can be
Elongated to any extent, it is liquified and flows like
A stream, the water of stream is transparent, one
Can see his image in it, when the stream is blocked
Water is polluted, mosquitoes breed there, love
Circulates in the human body, it fills the heart and
Heart pumps it everywhere, it can be vaporized,
Heart and soul are two sites where love is stored,
The more it is stored, the more it becomes intense,
It can be shared to plenty of sites, the more it is
Shared, the more it is glorified, pure love never fails,
Love hurts, the wounds bleed, but the pain is sweet,
No drug can heal the wounds, only love heals, fake
Love is decayed but pure love lasts forever, love is the
Greatest weapon, it soothes, it sweetens the heart
And soul, love on earth is part of God's love, God
Lives in it and pure love can make the earth, heaven.

MYSTERY OF SOUL

The prelude of the unknown that dips in mystery,
Soul the one that is on the top of human being,
Epitome of love, that is the basis of man, that is to
Guide and nourish man, the link between God and
Man, it is infused with Godliness, it is beyond the
Human feelings and thoughts, it may be called the
Minutest fraction of God in man, it is the purest of
All forms, it pulsates rhythmically in tandem with
Heartbeats, if it stops functioning, everything stops,
In man it is immobilized by the worldly aspirations,
Soul gets suffocated and stops functioning, man is
Guided by extraneous circuit connecting outer mind
And body causing the negativity in man, one can
Free the soul from imprisonment by intense faith
Only, the normal circuit is maintained, soul takes
Control of man and the mystery of soul is revealed.

MYSTIC LOVE

Love, most beautiful, unseen, undetected
And unknown, a sort of feeling in heart that
Touches soul, stirred it with the sweetness, it
Oozes honey, dripped every now and then in
Heart, in soul, a sort of pleasure that subdues
Mind to be compressed inside the vast deluge
Of emotions and strengthens the willpower to
Visualize it clearly, if not, kept safely in heart
To be sweetened always with hope, one day
It will be detected, it is frozen, love unknown,
Fumes inside heart, fills soul, the mystic love.

MYSTIC MOON

The giant moon has engulfed the weak sun completely
The moon victorious flew down on the hill celebrated by
Pouring the scintillating glow in the complete darkness
The golden beams of the moon kiss the valley and land,
Moon had become a mystic poetry with lyrics of golden
Beauty that the hearts to sing the melodious sweetness
Of it with the imaginative horizon of extreme love that
Turned to golden mass high up guarding the fully dark
earth and caressing her with golden beams of love, makes
her sleep with the soft and most romantic song of hearts.

PICTURE OF HEART

Not knowing anything, I touched on my chest
To check my heart beating, the depth of life in
Me felt with the input of deep thoughts that
Come from above, put me in the depth of the
Mystery, transcend me to the beauty of heart
And I see the picture of my heart with thoughts
Coming in solitude, a pound of love, a solid mass
Hanging inside my chest, that is my heart, the
Love twinkles inside and outside, it flows in and
Out in different channels, circulates in me, the
Glorification of love takes place that crowns me
With adoration for God, that is the full picture.

PICTURE TALKING

The destitute comes out of the painting
To my heart talks "who are we, do you
Know?", my heart whispers "they are
Very hungry, their sunken eyes and torn
Clothes tell a lot", my heart murmurs again
The truth that is hidden in the depth of
Poverty, flashes with magnitude of true
Vision, the outer covering of the painting
Disappears, girl and boy in painting become
Bigger, in front of me, they disappeared
Instantaneously; instead Jesus there with
Many wounds on His body bleeding, crown
Of thorns over his head, pleading to me for
Help, suddenly the figure disappeared; me
In a state of dizziness, when I opened my
Eyes, I see only the painting of the destitute.

PINNACLE

What is the pinnacle on the earth?
Is it the mountain, the tallest building?
Is it the wealth amassed, the high position?
No, none of these, the pinnacle
It is the endpoint of spiritual journey
After passing through countless obstacles,
Holding tightly on absolute faith in God,
The world and worldly gone forever
By winning over numerous tribulations,
The pinnacle of inner life is zero only,
The realization that man is nothing
And everything in him is God only.

QUESTIONS TO CONCIENCE

Murder of man or woman a big crime
The most unpardonable crime one does
Man hasn't right to touch on life of man;
Is it a crime if man kills an animal?
How much pain inflicted on it when killed?
Is the pain man and animal bear, different?
Is it a crime to kill a bird?
Is it a crime to kill a living creature?
Can you cut a living plant?
Without plants and grains man can't survive;
Let your conscience answer the questions.

REPUBLIC DAY

The day to commemorate the country that governed
By the people, for the people, the great freedom of
Human mind having self- recognition, the day for new
Hopes and aspirations that to be bestowed on every
Human being in the country, to go forward with might
And determination, not to be drawn backwards by the
Negative thoughts; dream of a country with superiority
For the people, a country with all richness and peace,
No disturbance anywhere, harmony everywhere, love
And respect to everyone, pour the sense of sacrifice which
Our great freedom fighters showed; for that what to do?
Individually we look upon ourselves, try to liberate our
Mind from extraneous, negative thoughts and aspirations,
Try to drive them out, we should be governed by us only,
Not by the dirt, then we can do everything for our country.

SELF- CONFIDENCE

The realization that God is in you
When you have intense faith in Him,
The vision you develop, He shares your
Burden fully, He acts for you, you just
Follow Him only, what a joy you have!
You become the king of you as God has
Lifted you up, never you come down as
He is holding you tightly, you are on His
Shoulder, you are confident, you are in
The safest zone, you are above everything,
You develop confidence in you as He is
In you; you become successful always.

SELFLESSNESS

The heart so much dilated, could accommodate
As much as possible, dilates more than contracts,
It accommodates more of the other's than its own,
It always beats for others, love streams from it to
Others incessantly; what is more important, the
Person lives for others, not concerned about him,
Dedication and service hallmarks, such wonderful
Persons live among us, but rare, they glow in the
Darkness, they get contentment by helping others,
The love is agape, they do sacrifice to lighten others
Like the candle that glows, and burned to nothing.

SHADOW

The depth of my heart tells the shadow of
My soul that falls on me as the shade and
Covers me from the extreme heat that can
Destroy me, the soul is love, the love of God
For me, that is the umbrella to keep me safe;
Notwithstanding anything that hits me, the
Shadow acts as a repellent for harm it causes
And it is the shadow of tranquility that gives
Stability of mind, fragrance of heart that pumps
Love everywhere in body, it is really shade of
God that falls on soul, covers me with salvation.

SHARPNESS OF MIND

Never depend on others, depend on you only
'You' , a complex word, you yourself, what is
Inside you, nobody ever think of that in detail,
Solitude a boon, silence is crown for everybody,
The relationship is with the inside of one, not
With the outside, solitude with silence is the
Great gift of God for man to sharpen his mind
With the gain of intense concentration, where
One is able to stride on the passage to God,
By repeated quests one comes close to God,
Man to love solitude, silence, concentration
More than anything as they are best friends,
Through them one approximated to God and
What one gets from God is many times more
Than what is read in books; the real wisdom.

SHEER IGNORANCE

The world in turmoil purely out of sheer ignorance
The world is far away from the perfection it ought
To be, miles away, man doesn't realize it, neither
Interested to know it, the basic of the cream in life
To be known; spiritually looking at center, nobody
Is wrong, then what went wrong, one should ask,
The answer in one line is, man fails to realize the
Sweetness and greatness of God, he is unable to be
Convinced of great truth that nothing on earth gives
The enjoyment, happiness, enchantment, exquisiteness
That God gives, there is nothing on earth comparable
To it, it is the greatest truth man must realize, it is
The root cause for all the unhappiness, grief, despair
Man faces; how to solve this most serious problem?
Man must find out God in his inner life, not in outer
Life, it is possible only by intense faith in God, a perilous
Journey to God where you overcome all the obstacles
By strengthened faith, man must know, the obstacles
are for the purification of mind; you reach God interiorly,
What you have outside is the reflection of it, it is the
Great truth; nobody on earth wishes to err, even the
Biggest criminal doesn't want it, but he can't, as he is
Pulled back by negative forces, he is helpless to escape
From it, the only way for him to get happiness is to
Enjoy in doing more crimes, just indulge in the worldly;
Man must reach God internally to be with God, in God.

SILENCE MY DEEP LOVER

Silence in my heart, so much love for it
That I live in it often, no disturbance
Anywhere, I respect silence too much and
The solitude is my crown, I travel to the
Depth of silence very often, a thrilling,
Adventurous journey it is and I am in the
Depth of it, heart and soul converge to
One point that I am in top concentration,
My mind is fixed at a point and it won't
Move, intense concentration brings lot of
Gladness that silence gives me vision of
Too many mysterious images, revealed,
The unknown becomes known and the
Undetected becomes detected, the great
Magic of silence felt with the melodious,
Sweet, very subtle voices heard, me at
The top of exuberance, relish the beauty
Of silence that I float on the most delicate
Frame of divinity and I am confident that
I communicate with the deep truth of God.

SONG

Heart squeezed into the vocal cord to be with the
Delicate, heavenly transmission of sweet voice that
To come out with the sweetness of the pleasant and
Recurring syllables, originated in soul, transmitted to
The heart, the air dances with the characterized form
Of happiness, with waves of the extreme sweetness of
The honey that rains in the heart and it caresses the
Interior of every heart with so much of attainment in
Soul to perceive the tranquility and sweetness with the
feast of man-made thickness of music that accompanied,
A format of exquisite, melodious singing, drifts heaven in
Every heart and spreads the bliss to every nook and corner.

SOUL-STIRRING

Divinity in man, fraction of it in song, in poem,
The letters sanctified with the holiness in depth
Of it, the Godliness unseen, undetected, heart
Could perceive it, so much of enthusiasm in what
Is said, what is sung and what is written, holiness
Sprout out of the letters of poetry, the music and
The song, the unseen sweetness caresses the soul,
stirs it, the delicacy of the divinity spreads around
the soul and it vibrates and stimulated to form the
Amplitude of Godliness in and around the soul with
The passage of divine enlightenment in whole body.

SPIRITUAL HEALTH

The physical health, mental health, don't make
A man perfect, but addition of spiritual health
Makes man perfect; what is the spiritual health?
It is the healing of soul, free the soul from the
Immobilization by excessive worldly aspirations,
Nothing in earth can do it, only by unbreakable
Faith in God, man's health becomes complete,
Medical science is incomplete as it deals with
Body, not the soul; it becomes complete if the
Spiritual healing incorporated with it, then only
The treatment becomes complete, very effective.

SUBHASH CHANDRA BOSE

Extreme patriotism filled in him till the last,
Strived for free India till he breathed his last,
Great love for nation made his nerves strong,
Heart that of a lion, made him volatile and
Explosive, his ardent love for his country made
Him the truest Indian, took the extreme step
Of liberating India by force with the help of
Other countries, rare phenomenon of making
His blood boiled, filled his thoughts and deeds,
Contrary to non-violence which the apostle of
Peace, Mahatma Gandhi was advocating and
Practiced; the brave son of India is remembered
for agape for country, he sacrificed his life for it.

SUNLIGHT OF HEART

So much of enthusiasm, heart has to perceive
And discharge the insight to the output of the
Energy that transcends to greatness of a man
Having received light from above that poured
On the soul reflected into the heart, sharing the
Divine light, passed on from above to interior of
Man to become the sunlight of heart that emits
The energy for wisdom, to place man to highest
On earth for the divine wisdom and that always
Illuminates heart with the vision of perception
And discharge of light that makes man the great.

TEARS

The sky is cloudy, too grieved it is,
Sun peeped through the dark clouds
The sunrays melt little of them, tears
Of sorrow fall down, hot they are as
The sun beats them, the clouds burst
Into tears, sun moved by it, withdrew.
The tears flow on earth, the earth too
Grieved, the hot soil becomes wet but
Man, birds, animals, plants and trees
Joyful, they drink and bathe, tears of
Joy drip down from their eyes, tears
Of joy and tears of grief mingle and
They form the medicinal water, the
Purest tears that heal all the wounds.

THE BLEEDING SUNSET

Sky has bled from so many wounds, filled with
Blood, the evening sunset has dispatched the
Thrilling sunlight that falls on the clouds, the
Depth of love in it, hurt sky with its deep kiss,
The light has bitten the clouds with the intense
Passion that bled profusely, leaving the beauty
Of heart and beauty of soul in the sky, the blood
Turned to yellow, pink and gray, reflected onto
The river below, the water of colors and the sky
Of colors meet and form the enchanting beauty
Of red carpet with the painting of different colors
On it stretching in the sky, continues on to the top
Of the river covering it fully, with big ice slabs on
The bank, gives image of heaven coming on earth,
The sun is absorbed in the depth of beauty and
The magnificent colorful beauty engulfs the earth.

THE FUSS

Conflict and contradiction, argument and counter- argument
Everything confused and fussy, too much anguish everywhere,
The innocent hearts too much torn and worried to see the
Turmoil, nothing straight, almost all twisted, truth has run
Away, dislocated truth only, justice distorted, fake love mostly
Seen, what to do, bear it and suffer the only way, whom to
Tell, who to console, the big question arises in many, apology
Has no value, it goes to deaf ears, honest people in trouble;
It is the present status of the world, too much of talking but
Nothing comes out, no clear vision, cloudy vision common,
Saddened days today, only God can save us from disaster.

THE INNOCENT LOVE

The theme of love that gets the superiority
When I looked at the sunken eyes but very
Bright, lakhs of them I glanced when I could
Treat the sick, while I served in rural region for
For more than four and half decades; most of
The poor treated free, those willing to pay could
Put anything they like in the box on the table
In front of me; what drew me forward was my
Great vision that the wounded Jesus in the poor,
Sick, pleading me to help them, and the innocent
Love and smile plenty I got from them when they
Were cured, that was worth more than millions to
Me, the greatest reward I got, incomparable, and
Even today I live with the full contentment that
I could do something for those poor, sick people.

THE PATH IN THE WOODS

So delicate it is, as narrow as heart opens
The thread of life, squeezed into world of
Woods, so soft inside, hard outside to pick
With the multitude of trees that form cover
With the sharpness of the transient swinging
In the wind, the path opens up on the chest
Of woods and paves way to the soft music
That heard with password of hefty greenish
Beauty that to come through sweetness of
Silence and keep the path grown with grass
That to shudder with beam of indefinite love
Of singing birds, crave for end of path and
With smart thoughts, leads to pleasurable end.

THE POETRY

The inside is poetry while the outside is prose
The inside is minimal while outside is extensive
The soul is the tiniest while the body is too large
Poetry is the cream, the crux of everything, the
Minutest of the truth that paves the way for the
Greatness of holiness where the Godliness drips
And words become soulful, the soul dictates and
Heart writes, blood the ink, brain is not involved,
The deep feelings bypass the brain, the truth in
The words is the poetry and the truth lasts forever.

THE SIXTH SENSE

The divine vision that comes in heart
Rare phenomenon that hastens intuition,
That bypasses human brain, nothing
To do with five senses of human body
That escapes sufferings of human life
Is the part of the intensity of human
Faith in God, the world and worldly are
Gone in man, God occupies the center
Of heart and mind, God dictates and
Man perceives, new vision of mystery
Revealed, that is Godly, that blesses the
Person as well as society, the sixth sense.

THE TRUE INNER JOURNEY

The greatest achievement of one is that
If he could stimulate his inner mind, mere
Stimulation not enough, but deep senses
Open, this will work only by absolute faith
In God, when faith intensified, aspirations
For worldly that have closed deep senses
Gone, the relationship with God is through
The open deep senses, one can visualize
With them, every movement of the inner
Growth is clearly seen and the upward
Journey to the vicinity of God on thorny
Path is the most difficult one, the travel
Is to the top of a mountain and one strides
Over so many hurdles holding tightly on
The faith, where faith is strengthened with
Each step, the tribulations are to purify the
Mind with dirt, the stride to the vicinity of
God is slow and steady, faith in God is for
Rescue keeping the traveller from fall, each
Step is clearly visualized with deep senses,
The change of mind is at every moment, the
Journey is self-determined with great urge
To reach the top, journey continues, he scales
Miles and miles to reach the vicinity of God.

THE WHISPER

What I hear very softly with my heart is that
The crux of my soul telling, that the universe
Telling, the creator singing, the universe as a
Whole revolving around Him which my soul
Is delivering, my heart is always perceiving it
And me at the top of exuberance quite often
Even in pain and suffering, it inspires and it
Rejuvenates me with holy melodious voices
That caress every element in me with honey
Dripping from above, the rarest feeling of His
Presence in me; what else I need in this World?

TITANIC

The heart of a soul mingled with the aptitude
Of another soul to be drawn to the vicinity of
Divine love that transcends century to be drawn
To the magnitude of heavenly bliss that has
Transformed the human minds to the solitude
Of the transparent purity that has attached the
Love together with the visual memory to the
Transient explosion of holiness where the two
Characters Jack and Rose live in eternity with
The fortitude of immaculate length of fondness
That traverses death to the monument of the
Everlasting love to live and shine in every heart.

TOGETHERNESS

Not two but one, we and God together
It is the basis of togetherness, we are
Part of God, but man departed from God,
For man, God is waiting eagerly to accept
With both hands which man doesn't realize.
Thinking that all human beings are miniatures
Of God, togetherness is Godly, sons of God
And daughters together is divine and holy
And the binding love is also holy as God
Is love, in every genuine togetherness there
Is God, it is epitome of love and friendship,
You see God in your partner and you realize
God is here, your home is where God lives,
Such divine realization makes earth heaven.

TOMB

How many tombs are there on the earth?
Innumerable, countless, as vast as the earth,
Live on earth and die, the process continues
Like the stream flows incessantly, like the
Eternity continues, the beginning but no end.
Tomb is perishable as well as the dead body
Inside, but it marks the real life to be seen
As remembrance, the beginning of the eternal
Life, the soul is going to the eternity, the final
Part of run on earth to eternal life above earth;
But the death is only for those whose souls are
Immobilized, compressed and strangulated by
The worldly, to be perished in the soil forever.

TRUE LIFE INCIDENT

That day on the 17th January, twenty one years ago
While I was attending church service, Colonel Jose
Delivered the sermon, after the talk for 30 minutes,
He was walking back to his seat, he collapsed by the
Side of the seat where I was sitting, he had Cardiac
Arrest most likely due to Myocardial infarction and
I tried my level best on the floor, later on the bench
For about thirty minutes to resuscitate him back to
life, his heart started beating reflected in presence
Of feeble pulse but it stopped several times and his
Soul flew to heaven leaving everyone there in tears.

TRUENESS OF LOVE

Falsehood of any kind that mustn't stay in or around
Love at any cost, purity and sanctity must be the core
Of it, it must be crystal clear, transparent, tranquil,
It must flow always, never become stagnant and never
Polluted; the semi- solid gel elongates to any extent,
It becomes fluid, it is unseen but felt with heart and soul,
It is sweet, the sweetest, it is fragrant, it soothes and it
Sweetens heart and soul, it heals, much better than any
Medicine, it leaves much to think, much to be adored,
It will never fade from memory, it nourishes heart and
Soul, never it swells, never it gets angry, never jealous,
It forgives, it is potentiated in stillness, it is the life itself.

TWENTY 20 KIZHAKKAMBALAM

All is not lost, the ray of hope still there,
The evils of society, politics tackled, and
Governed the local bodies of small area
At Kizhakambalam, Aluva in India with
The selfless mind, love, sincerity, honesty
And corruption-free welfare schemes, by
The non profitable charitable organization
Twenty 20; the land becomes a heaven,
Proving man's selfishness and greed the
Root causes for all evils and unrest in the
Society, country and world; telling, a clean
Mind with selflessness, love and honesty
Enough to make shake-up in the present
System of governance, bringing in prosperity.

VALENTINE FLOWERS

Heart and soul store love that is so intense
and forms flowers so beautiful, the red roses,
So fragrant, that fetch the memories of hearts
Together, souls together, association of mutual
Trusts that bind the flowers together, the nectar
Drips in every heart, in every soul, each flower is
Fixed with each message to be sent, the flowers
Represent magnitude of love in each heart and
Soul, to be lifted to horizon of purity and divinity,
And the flowers disintegrate, the petals fly in the
Horizon of love, dissolve to make love immortal.

VALENTINE SOUL

A bout of memory passed by, loving heart
Beats for desire to be with the lady loving me
Most but haven't seen directly any time in life,
Wish from my soul, prayer in silence, may her
Life filled with blossoms of fortunes, sending
Message, love of soul that is always pure and
Holy, never iota of dirt spilled over it, my soul
pulsates with devotion and depth of mystery
that keep us with bond of the thickened love,
Divinity lives in soul of the two hearts, keeping
The purity intact, it glitters like snow, me drawn
To her in spirit crossing the seas, she is with me,
Not seen with naked eyes, but the souls together.

WHAT AM I TO DO?

I am on earth, the first question I ask
What am I to do, what am I not to do?
A new concept, I put forward scientifically
Very easy and simple, to follow and adopt,
The one heavy falls down on earth, gravity
Of earth pulls it down, the Newton's law,
It is with the earth, perishes and dissolves.
But the one, the lightest doesn't fall down
It floats and fly up in the sky, go beyond
The gravity of the earth and to the space,
The unknown and the undetected except
The detrimental microorganisms but they
Can be detected, are the lightest and they
Float and fly beyond the gravity of earth,
They can't be pulled down by the gravity of
Earth, they are not perishable, but eternal;
God, Godly, soul, love, morals, spirituality are
Immortal; I must go for the truth that I choose
The finest, lightest and never I go for the heavy.

WHAT I LOVE

What I love is not person before me
Not anything that I face directly but
They leave sweet images in me, that I
Could see with my heart more vividly,
It is the most beautiful encounter I
Have at any time in my life, even after
Many decades, that is stored at the
Bottom of my heart that spontaneously
Rises up as and when required, it is the
Beauty of my inner heart that keeps
Me updated every day, the treasure of
Me is it; all my friends are the beautiful
Images, all the beautiful incidents are
The images, all the bitter events are the
Images that I could discard immediately
As and when it came up; the world and
Worldly nothing for me but these images
Are everything, I am sure, they will be with
Me till my end, my friends and the true life
Incidents; inner heart leads me every day.

WHO IS A SAINT?

The world and worldly gone in him
By strongest and unbreakable faith in
God, his internal senses are opened,
His body is spiritually dissected out
By faith, he sees and hears with deep
Senses, his soul is set free from the
Bondage of the world, he is totally
Guided by the soul, his duty is just to
Follow soul which is Godly, he has Godly
Visions, he realizes, God is the wealth,
God is the mightiest, God is the supreme
And God is everything to him, he is a saint.
